Beyond Transparency - Brett Goldstein  
2013-09-30

The rise of open data in the public sector has sparked innovation, driven efficiency, and fueled

economic development. While still emerging, we are seeing evidence of the transformative potential of open data in shaping the future of our civic life, and the opportunity to use open data to reimagine the relationship between residents and government, especially at the local level. As we look ahead, what have we learned so far from open data in practice and how we can apply those lessons to realize a more promising future for America's cities and communities? Edited by Brett Goldstein, former Chief Data Officer for the City of Chicago, with Code for America, this book features essays from over twenty of the world's leading experts in a first-of-its-kind instructive anthology about how open data is changing the face of our public institutions. Contributors include: Michael Flowers, Chief Analytics Officer, New York City Beth Blauer, former director of Maryland StateStat Jonathan Feldman, CIO, City of Asheville Tim O'Reilly, founder & CEO, O'Reilly Media Eric Gordon, Director of Engagement

Game Lab, Emerson College Beth Niblock, CIO, Louisville Metro Government Ryan & Mike Alfred, Co-Founders, Brightscope Emer Coleman, former director of the London Datastore Mark Headd, Chief Data Officer, City of Philadelphia "As an essential volume for anyone interested in the future of governance, urban policy, design, data-driven policymaking, journalism, or civic engagement, "Beyond Transparency" combines the inspirational glow and political grit of Profiles in Courage with the clarity of an engineer's calm explanation of how something technical actually works. Here are the detailed how-to stories of many members of the first generation of open government pioneers, written in a generous, accessible style; this compilation presents us with a great deal to admire, ample provocation, and wise guidance from a group of remarkable individuals." -Susan Crawford, author of Captive Audience "Just as he did during his time in my administration, Goldstein has brought together industry leaders

to discuss issues of relevance in the open data movement and the practical implications of implementing these policies... This book will help continue the work to make open government a reality across the country." - Mayor Rahm Emanuel, City of Chicago "A must-read for anyone who is passionate about what open data can do to transform city living." - Boris Johnson, Mayor of London

Fundamentals of Business Law - Roger LeRoy Miller 2007

This cost-effective alternative to traditional Business Law texts offers in-depth coverage of all core topics (including contracts and sales) in a brief, paperback format. It's the first book of its kind to combine a less expensive, less detailed approach with excerpted (rather than summarized) cases to illustrate key points of law. This text is perfect for single-semester courses that focus primarily on contracts and sales.

*Security and Loss Prevention* - Philip Purpura  
2013-01-18

The sixth edition of *Security and Loss Prevention* continues the tradition of providing introductory and advanced coverage of the body of

knowledge of the security profession. To bridge theory to practice is the book's backbone, and Philip Purpura continues this strong effort with new sidebars and text boxes presenting actual security challenges from real-life situations.

Globally recognized and on the ASIS International Certified Protection Professional reading list, the sixth edition of *Security and Loss Prevention* enhances its position in the market as a comprehensive, interdisciplinary, and up-to-date treatment of the area, connecting the public and private sector and the worlds of

physical security and technological security. Purpura once again demonstrates why students and professionals alike rely on this best-selling text as a timely, reliable resource encompassing the breadth and depth of considerations involved when implementing general loss prevention concepts and security programs within an organization. New focus on recent technologies like social networks, digital evidence warrants, and advances in CCTV, and how those apply to security and loss prevention. Incorporates changes in laws, presents various strategies of asset protection, and covers the ever-evolving technology of security and loss prevention. Utilizes end-of-chapter case problems that take the chapters' content and relate it to real security situations and issues, offering various perspectives on contemporary security challenges. Includes student study questions and an accompanying Instructor's manual with lecture slides, lesson plans, and an instructor test bank for each chapter.

*What Parish Are You From?* - Eileen M. McMahon 2021-12-14

For Irish Americans as well as for Chicago's other ethnic groups, the local parish once formed the nucleus of daily life. Focusing on the parish of St. Sabina's in the southwest Chicago neighborhood of Auburn-Gresham, Eileen McMahon takes a penetrating look at the response of Catholic ethnics to life in twentieth-century America. She reveals the role the parish church played in achieving a cohesive and vital ethnic neighborhood and shows how ethno-religious distinctions gave way to racial differences as a central point of identity and conflict. For most of this century the parish served as an important mechanism for helping Irish Catholics cope with a dominant Protestant-American culture. Anti-Catholicism in the society at large contributed to dependency on parishes and to a desire for separateness from the American mainstream. As much as Catholics may have wanted to insulate themselves in their

parish communities, however, Chicago demographics and the fluid nature of the larger society made this ultimately impossible. Despite efforts at integration attempted by St. Sabina's liberal clergy, white parishioners viewed black migration into their neighborhood as a threat to their way of life and resisted it even as they relocated to the suburbs. The transition from white to black neighborhoods and parishes is a major theme of twentieth-century urban history. The experience of St. Sabina's, which changed from a predominantly Irish parish to a vibrant African-American Catholic community, provides insights into this social trend and suggests how the interplay between faith and ethnicity contributes to a resistance to change.

**The Wages of Whiteness** - David R. Roediger 1999

In an afterword to this new edition, Roediger discusses recent studies of whiteness and the changing face of labor itself. He surveys criticism of his work, accepting many objections

whilst challenging others, especially the view that the study of working class racism implies a rejection of Marxism and radical politics.

**Psychology for Sustainability** - Britain A. Scott 2015-07-24

Psychology for Sustainability, 4th Edition -- known as Psychology of Environmental Problems: Psychology for Sustainability in its previous edition -- applies psychological theory and research to so-called "environmental" problems, which actually result from human behavior that degrades natural systems. This upbeat, user-friendly edition represents a dramatic reorganization and includes a substantial amount of new content that will be useful to students and faculty in a variety of disciplines—and to people outside of academia, as well. The literature reviewed throughout the text is up-to-date, and reflects the burgeoning efforts of many in the behavioral sciences who are working to create a more sustainable society. The 4th Edition is organized in four sections. The first section provides a foundation

by familiarizing readers with the current ecological crisis and its historical origins, and by offering a vision for a sustainable future. The next five chapters present psychological research methods, theory, and findings pertinent to understanding, and changing, unsustainable behavior. The third section addresses the reciprocal relationship between planetary and human wellbeing and the final chapter encourages readers to take what they have learned and apply it to move behavior in a sustainable direction. The book concludes with a variety of theoretically and empirically grounded ideas for how to face this challenging task with positivity, wisdom, and enthusiasm. This textbook may be used as a primary or secondary textbook in a wide range of courses on Ecological Psychology, Environmental Science, Sustainability Sciences, Environmental Education, and Social Marketing. It also provides a valuable resource for professional audiences of policymakers, legislators, and those

working on sustainable communities.

**Anatomy of Greed** - Brian Cruver 2003-09-02  
Young, brash, sporting a shiny new MBA, and obscenely overpaid, Brian Cruver epitomized the Enron employee when he first entered the company's Houston office; and from day one he found himself a cog in the wheel of a venal greed machine. For the next nine months, he would witness firsthand the now-infamous corporate tragedy that he relates in these ruthlessly honest, often hilarious, and frequently disturbing pages. Here are the accounting tricks, insider stock trades, grossly lucrative fraudulent partnerships, and death dance to bankruptcy. Equally revealing, though, are Cruver's descriptions of everyday life at Enron: the cocky wheeling and dealing, intraoffice relationships, casual conversations at the shredder, and the insidious group-think that committed Enronians to the propaganda of flawed executives like Ken Lay, Jeffrey Skilling, and Andy Fastow. Out of their wreckage, Cruver has fashioned an

arresting and cautionary morality tale for our time. Anatomy of Greed was the basis for the CBS-TV movie The Crooked E: a behind-the-scenes chronicle of the last days in the strange life of one of the world's richest, riskiest, and most corrupt corporations. Eight pages of telling photographs are included.

Business Law and the Legal Environment, Standard Edition - Jeffrey F. Beatty 2012-01-02

*Freedom Dreams* - Robin D.G. Kelley 2003-06-15  
Kelley unearths freedom dreams in this exciting history of renegade intellectuals and artists of the African diaspora in the twentieth century. Focusing on the visions of activists from C. L. R. James to Aime Cesaire and Malcolm X, Kelley writes of the hope that Communism offered, the mindscapes of Surrealism, the transformative potential of radical feminism, and of the four-hundred-year-old dream of reparations for slavery and Jim Crow. From 'the preeminent historian of black popular culture' (Cornel West), an inspiring work on the power of imagination to transform society.

**Cengage Advantage Books: Law for Business** - John D. Ashcroft 2016-01-01  
LAW FOR BUSINESS, 19E from Cengage Advantage Books provides a practical approach to law that emphasizes the current, relevant

topics current and future professionals need to succeed in business today. Compelling cases throughout this edition highlight recent business challenges, such as trademark infringement, capacity to contract, agency, and employment-at-will. In addition, timely coverage of business ethics and the law provides new insights into recent corporate scandals and indictments. **Entrepreneurship Education** - Mathew J. Manimala 2017-06-13

The book provides an overview of developments in the field of entrepreneurship education, with special reference to global perspectives on innovations and best practices, as well as research in the emerging economy context. It

focuses on various experiments in curriculum design, review and reform in addition to the innovative processes adopted for developing new content for entrepreneurship courses, in many cases with an assessment of their impact on students' entrepreneurial performance. Further, it discusses the pedagogical methods introduced by teachers and trainers to enhance the effectiveness of students' learning and their development as future entrepreneurs. It explains the various initiatives generally undertaken to broaden the scope of entrepreneurship education by extending it beyond regular students and offering it to other groups such as professionals, technicians, artisans, war veterans, and the unemployed. The book is a valuable resource for researchers and academics working in the field of entrepreneurship education as well as for trainers, consultants, mentors and policy makers.

**CHINESE LAW RESEARCH GUIDE -**  
ZUZANNA KOPANIA 2020-09-01

A journey of a thousand miles begins with a single step. This Research Guide will be the first step in your journey with Chinese law. China grows more important every day from a global perspective. However, studying and conducting research on Chinese law can be extremely challenging, especially if you do not know Mandarin well. This book is intended as a compact but comprehensive research guide that would provide students (especially those who are preparing coursework or dissertations about Chinese law), researchers and legal practitioners with the necessary knowledge about how to conduct effective Chinese legal research.

*Introduction to Reconfigurable Computing -*  
Christophe Bobda 2007-09-30

This work is a comprehensive study of the field. It provides an entry point to the novice willing to move in the research field reconfigurable computing, FPGA and system on programmable chip design. The book can also be used as

teaching reference for a graduate course in computer engineering, or as reference to advance electrical and computer engineers. It provides a very strong theoretical and practical background to the field, from the early Estrin's machine to the very modern architecture such as embedded logic devices.

Dynamic Business Law: The Essentials - Lucien Dhooge 2012-01-05

Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are

constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on critical thinking. His framework is included in Dynamic Business Law: The Essentials as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.
