Paradigm City - Janet Ng
2009-01-01

Materially grounded analysis of contemporary film, literature, and music in Hong Kong that resists the superficial stereotypes of the □global city.□ Hong Kong is often cast

in the role of the paradigmatic [global city], epitomizing postmodernism and globalization, and representing a vision of a cosmopolitan global and capitalist future. In *Paradigm City*, Janet Ng takes us past the obsession with 1997 [the year of Hong Kong's return to China] to focus on the complex uses and meanings of urban space in Hong Kong in the period following that transfer. She demonstrates how the design and ordering of the city's space and the practices it supports inculcates a particular civic aesthetic among Hong Kong's population that corresponds to capitalist as well as nationalist ideologies. Ng's insightful connections between contemporary film, literature, music and other media and the actual spaces of the city [such as parks, shopping malls, and domestic spaces] provide a rich and nuanced picture of Hong Kong today. [*Paradigm City* is pleasant reading and conveys quite comprehensively the complex socio-political dynamics of a city that has yet

to find a clear identity in the midst of a seemingly never-ending transition.]] *China Journal*] covers much in a quite interesting way.]] CHOICE

Text in Context - Society for Old Testament Study
2000-09-07

The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns. In the last two decades, an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community, while the reconstruction of the history of

the people from whom it derived has been transformed by new methods. This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments, and has a particular concentration on literary and historical study. Thus, it not only clearly recognizes the diversity now inherent in 'Old Testament study', but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship. Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former. So, essays on the text and its reception discuss primary issues which arise in Old Testament study, while those on background and authorship reflect the

continued vitality of, and the fresh perspective possible in, more traditional scholarly concerns.

Guns, Germs, and Steel: The Fates of Human Societies (20th Anniversary Edition) - Jared Diamond 2017-03-07
"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, New York Review of Books) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed

religion --as well as nasty germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, *Guns, Germs, and Steel* chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth Club of California's Gold Medal.

[Trinity College London Piano Exam Pieces Plus Exercises 2021-2023](#) - Trinity College London 2020-08-03

Maritime Logistics - Dong-Wook Song 2015-04-03
Globalisation and the rapid increase in world trade in the past decade have contributed to greater demand for international transport and logistics and, consequently, the expansion of the maritime industry. The dramatic changes in the mode of world trade and

cargo transportation make it more important than ever to have a clear understanding of the way in which freight is transported by sea and the role of ports in this exchange. At the cutting edge in its assessment of the industry, *Maritime Logistics* covers the whole scope of maritime logistics and examines latest logistical developments within the port and shipping industry. With a range of new international contributors, this new edition has been thoroughly revised and updated. There are new chapters on port centric logistics, hinterland logistics and global supply chains, maritime transport and logistics as a trade facilitator, and future trends and developments. Written by a team of international experts with over fifty years' experience in the field, *Maritime Logistics* provides a truly global perspective. The book covers everything that students of logistics, as well as those working within the industry, need to know about

maritime logistics, including shipping lines, containers, tankers, dry bulk, port-centric logistics, and much more.

Sure Elementary Students Book and Workbook - Martyn Hobbs 2014-06
Presents involving, contemporary themes integrated within a grammar syllabus aligned with the CEFR and Cambridge English (Key, Preliminary and First) plus Trinity (ISE 0, I and II) exams.

The Trinity and the Kingdom - Jürgen Moltmann 1981-01-01
"An excellent introduction to the prophets and the prophetic literature . . . The goal of the book is to understand the thought of the prophets in their historical contexts, and to communicate that understanding for our time. Its approach, while innovative, builds upon the best of contemporary analysis of the prophetic literature." --Gene M. Tucker Candler School of Theology Emory University
"Koch's first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a

bibliographical gap. He displays the individuality of each prophet with perceptive insight, but he also compares and interrelates them in his various summaries. Furthermore, Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades." --Bernhard W. Anderson Princeton Theological Seminary

College London examinations in spoken English provide a structured framework to encourage students to improve their oral skills using language that is appropriate to their needs. This book covers the Initial Stage (Grades 1, 2 and 3) of the exams. There are eight lessons. Each lesson focuses on one of the conversational subjects in the Trinity syllabus. The lessons provide: listening and speaking practice; grammar and vocabulary support; and examination advice. The Teacher's Book provides comprehensive and detailed guidance that enables teachers to use the Student's Book effectively. It also contains tapescripts of all the listening exercises. Key Features Comprehensive listening and speaking exam practice with full grammar and vocabulary support Eight lessons for each grade, available in separate books or a combined edition Each lesson focuses on one of the conversational subjects in the revised Trinity syllabus Colourful pictures and

illustrations to help young students to talk about subjects that motivate and interest them Expert examination advice for achieving success Now revised to cover the Trinity 2010-2013 GESE syllabus Teacher's Book with NEW extra resources and activities Separate Grade 1, Grade 2 and Grade 3 Student's Books and a combined Student's Book are also available.

English for Everyone Junior 5 Words a Day - DK

2021-03-04

PLEASE NOTE - this is a replica of the print book and you will need a pen and paper to complete the exercises. The perfect introduction to English vocabulary for children aged 6-9 as they take the first steps towards learning English as a foreign language. This beautifully illustrated vocabulary ebook for children introduces your child to the essentials of English vocabulary. English for Everyone Junior: 5 Words a Day presents your child with 5 new words to learn and practise each day for four days,

then tests these words through a variety of engaging exercises on day five. Over the course of one year, your child will build up a vocabulary of more than 1,000 commonly used English words. All the vocabulary is sorted into themes that reflect children's everyday lives (such as toys, clothes, and food), and each set of words is accompanied by a beautiful illustration that helps your child to fix those words in their memory. The daily "test yourself" practice utilizes cleverly designed flaps which hide the words your child has just learned. English for Everyone Junior: 5 Words a Day provides the necessary foundation for children who are about to start studying English at school, as well as solid support for those who are already learning the language. English for Everyone Junior: 5 Words a Day covers the vocabulary used in the Cambridge Young Learners Exams and more, and corresponds to bands pre-A1 through to A2 on the Common European Framework of

Reference for Languages (CEFR).

QSE Quick Smart English - Maurice Forget 2007

Quick Smart English is a radical, rapid, revision course in English language communication for students at Advanced level (Common European Framework B2-C1). QSE has a strong functional, grammatical and lexical framework. QSE provides extensive practice of all four language learning skills, particularly speaking, aided by Language banks on the fold-out cover flaps. QSE is officially recognised as valuable preparation for the GESE and ISE examinations of Trinity College, London and includes extensive Trinity examination practice activities. QSE is based on stimulating and controversial topics to promote real discussion in class about subjects that really matter to students. It includes a unit-by-unit Glossary. QSE uses task-based learning activities including Conversations and Topic Presentations plus a wide range of pair and group exercises using Role play cards. QSE includes cross-

curricular, Content and Language Integrated Learning (CLIL) themes, such as science, economics and law in English. QSE texts are drawn from a wide range of English-speaking world sources, from reportage to fiction, and include authentic Extended reading sections. QSE Workbook comes included in the Student's Book. QSE 'watch and listen' DVD consists of 20 units of audio and visual material - 6 videos and 14 audios, plus PDF files for transcripts. QSE Teacher's Guide includes photocopiable exam practice materials.

Vocabulary 2020 Edition -

Cep Publishing 2020-05-02

English C2 Proficiency

Vocabulary 2020 Edition: The Most Important Words You Need to Know to Pass all C2 Proficiency English Level Exams and Tests. This book contains all the most important words you need to know to pass all C2 Proficiency English level exams and tests. This material is perfect for any serious candidate who does not wish to waste time researching

and learning new vocabulary the traditional way. This book will make your learning more efficient with less of your own effort, which means more spare time to review other concepts. This is not just a regular dictionary with a bunch of words. In this little vocabulary you can find only the most necessary C2 English level definitions. Knowing these words will help you pass all the relevant tests and exams, and will definitely surprise your examiner, in a good way.

Situational Dialogues -

Michael Ockenden 1972-01-01

Teaching and Researching Speaking - Rebecca Hughes
2016-12-19

Teaching and Researching Speaking provides an overview of the main approaches to researching spoken language and their practical application to teaching, classroom materials, and assessment. The history and current practices of teaching and researching speaking are presented through the lens of bigger theoretical issues about the

object of study in linguistics, social attitudes to the spoken form, and the relationships between spoken and written language. A unique feature of the book is the way it clearly explains the nature of speaking and how it is researched and puts it into the context of a readable and holistic overview of language theory. This new edition is fully updated and revised to reflect the latest developments on classroom materials and oral assessment, as well as innovations in conversation analysis. The resources section is brought up-to-date with new media and currently available networks, online corpora, and mobile applications. This is a key resource for applied linguistics students, English language teachers, teacher trainers, and novice researchers.

2016-03

Assessing L2 Listening -

Gary J. Ockey 2018-08-08

This book is relevant for language testers, listening researchers, and oral proficiency teachers, in that it explores four broad themes related to the assessment of L2 listening ability: the use of authentic, real-world spoken texts; the effects of different speech varieties of listening inputs; the use of audio-visual texts; and assessing listening as part of an interactive speaking/listening construct. Each theme is introduced with a review of the relevant literature, and then is examined through either two or three empirical studies. The notion of authenticity underlies each of these four themes. By creating more authentic test tasks that are similar to real world language tasks, test developers can create listening assessments that not only more effectively assess test takers' communicative competence, but can also have a positive washback effect on educational systems.

Revolution - Jennifer Donnelly

2015-11-05

Andi lives in New York and is dealing with the emotional turmoil of her younger brother's accidental death. Alex lives in Paris and is a companion to the dauphin, the young son of Marie-Antoinette and Louis XVI, during the violent days of the French Revolution. When Andi is sent to Paris to get her out of the trouble she's so easily enveloped by in New York, their two stories collide, and Andi finds a way to reconcile herself not only to her past but also to her future. This is a heart-wrenchingly beautiful, evocative portrait of lives torn apart by grief and mended by love.

**Sustainable English
Language Teacher
Development at Scale** - Ian
Eyres 2018-09-06

This book offers a thorough and comprehensive review of the lessons learnt from the

award-winning 'English in Action' English language teacher development programme, which ran in government primary and secondary schools across Bangladesh from 2008 to 2017. Over the course of nine years the programme involved 51,000 teachers and 20 million school students, demonstrably raising standards of teachers' classroom practice and students' English language attainment, and won the British Council ELTON Award for Local innovation (2013) and Times Higher Education Award for International Impact (2107). The sixteen chapters explore the programme in detail, looking at both the successes and the challenges encountered throughout its course, including the strategies used to address the challenges. The key innovative factors of the programme include: · a positive choice to build on the existing context, such as the lives and experiences of local teachers and the demands of a nationally determined curriculum; · teacher learning

taking place in the teachers' own classrooms; · a focus on learning the 'how' of communicative language teaching through reflective practice and peer support; · the use - within a carefully constructed pedagogy - of affordable, readily-available mobile phone technology; · the use of mediated authentic video · a model of teacher development at very large scale that provided a successful alternative to the 'cascade' model; · a partnership with government institutions to ensure that improved practices are maintained beyond the life of the Programme.

Trinity Rock & Pop 2018 Vocals - Hal Leonard Publishing Corporation 2017-09-15 (Vocal Instruction). keyboard and vocals, from Initial (beginner) to Grade 8 (advanced), these exams cover a wide variety of music and artists giving a great choice in all rock and pop styles.

How Children Learn - John Holt 2009-04-20

From the preface by Deborah Meier: "We have a long way to go to make John Holt's dream available to all children. But his books make it possible and easier for many of us to join him in the journey." In this enduring classic, rich with deep, original insight into the nature of early learning, John Holt was the first to make clear that, for small children, "learning is as natural as breathing." In his delightful book he observes how children actually learn to talk, to read, to count, and to reason, and how, as adults, we can best encourage these natural abilities in our children.

Conversation Analysis - Numa Markee 2000-02-01
Conversation analysis is a methodology that originated over three decades ago as a sociolinguistic approach but

has since been adopted by scholars in a variety of other areas, including applied linguistics and communication. It is of great utility in second language acquisition research for its demonstrations of how micro-moments of socially distributed cognition instantiated in conversational behavior contribute to observable changes in the participants' states of knowing and using a new language. This volume describes the methodology in detail, discusses its relevance for current theories of SLA, and uses two extended examples of conversational analysis to show how learners succeed or fail at the job of learning the meaning of a word or phrase in conversational context. This book is one of several in LEA's Second Language Acquisition Research Series dealing with specific data collection methods or instruments. Each of these monographs addresses the kinds of research questions for which the method/instrument is best suited, its underlying

assumptions, a characterization of the method/instrument and extended description of its use and problems associated with its use. For more information about these volumes, please visit LEA's Web site at www.erlbaum.com

Testing Second Language Speaking - Glenn Fulcher
2014-10-13

The testing and assessment of second language learners is an essential part of the language learning process. Glenn Fulcher's *Testing Second Language Speaking* is a state-of-the-art volume that considers the assessment of speaking from historical, theoretical and practical perspectives. The book offers the first systematic, comprehensive and up-to-date treatment of the testing of second language speaking.
