The Attachment Parenting Book - William Sears 2001-09-01

America's foremost baby and childcare experts, William Sears M.D. and Martha Sears, R.N., explain the benefits -- for both you and your child -- of connecting with your baby early. Would you and your baby both sleep better if you shared a bed? How old is too old for breastfeeding? What is a father's role in nurturing a newborn? How does early attachment foster a child's eventual independence? Dr. Bill and Martha Sears -- the doctor-and-nurse, husband-and-wife team who coined the term "attachment parenting" -- answer these and many more questions in this practical, inspiring guide. Attachment parenting is a style of parenting that encourages a strong early attachment, and advocates parental responsiveness to babies' dependency needs. The Attachment Parenting Book clearly explains the six "Baby B's" that form the basis of this popular parenting style: Bonding, Breastfeeding, Babywearing, Bedding close to baby, Belief in the language value of baby's cry, and Beware of baby trainers. Here's all the information you need to achieve your most important goals as a new parent: to know your child, to help your child feel right, and to enjoy parenting.

Hard times aren't to be feared and good times aren't to be coveted. Hard times are exercises for faith and good times peaceful repose. But, if we had nothing but ease, it would atrophy our spirits like too much sugar rots our teeth. Trials make us able to stand in the storm trusting God to bring us through. Hannah Jones and her family had hard times as a close neighbor in their home in

the hollows of post-Depression West Virginia, but they refused to give in or give up. They refused to let coal dust and poverty wipe away their joy. They took each day as it came and looked for the hidden gems. In this story, her story, you will find that "" life is God's gift no matter what!

Pacific Air - David Sears 2011-05-31

In a grand sweeping narrative, Pacific Air tells the inspiring story of how, despite initial disastrous defeats, a generation of young naval aviators challenged and ultimately vanquished a superior Japanese air force and fleet in the Pacific. The instruments of the United States aviators' triumphs were the elegantly designed F4F Wildcat, F6F Hellcat, as well as the lethal TBF Avenger torpedo bomber. With superbly trained U.S. Navy and Marine Corps aviators at their controls, these planes became the most successful aerial weapons in naval history. A majestic portrait of a proud era from dual perspectives--the inventive minds of young aeronautical engineers and the deadly artistry of even younger combat pilots -- Pacific Air brings this important yet underappreciated chapter of World War II vividly to life.

We Ride Upon Sticks - Quan Barry 2021-02-16

In the town of Danvers, Massachusetts, home of the original 1692 witch trials, the 1989 Danvers Falcons will do anything to make it to the state finals—even if it means tapping into some devilishly dark powers. Against a background of irresistible 1980s iconography, Quan Barry expertly weaves together the individual and collective progress of this enchanted team as they storm their way through an unforgettable season. Helmed by good-girl captain Abby Putnam (a descendant of the infamous Salem accuser Ann Putnam) and her co-captain Jen Fiorenza (whose bleached blond “Claw” sees and knows all), the Falcons prove to be wily, original, and bold, flaunting society’s stale notions of femininity. Through the crucible of team sport and, more importantly, friendship, this comic tour de female force chronicles Barry’s glorious cast of characters as they charge past every obstacle on the path to finding their glorious true selves.
