Tae Wb Gr10 Grammar and Language -
GLENCOE 1999-09

Oxford Latin Course - M. G. Balme 1997

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical

sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each

chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

Spectrum Language Arts, Grade 6 - Spectrum

Avanti!: Beginning Italian - Janice Aski
2009-01-21

Welcome to the second edition of Avanti! In the new edition out priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We

have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach

mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the forward-thinking approach of this exciting new program.
