The Letters of the Younger Pliny - The Younger Pliny 2003-12-04

A prominent lawyer and administrator, Pliny (c. AD 61-113) was also a prolific letter-writer, who numbered among his correspondents such eminent figures as Tacitus, Suetonius and the Emperor Trajan, as well as a wide circle of friends and family. His lively and very personal letters address an astonishing range of topics, from a deeply moving account of his uncle's death in the eruption that engulfed Pompeii, to observations on the early Christians - 'a desperate sort of cult carried to extravagant lengths' - from descriptions of everyday life in Rome, with its scandals and court cases, to Pliny's life in the country.

HR Strategy - Paul Kearns 2010

With a huge proportion of organizations' expenditure related to their human resources and recent economic pressures making companies more lean than ever, it has never been more important for HR professionals to think and act strategically, and turn their people planning into profit. Focused on HR as a key tool for competitive advantage and sustainable success, "HR Strategy" demonstrates how to develop a winning human resource strategy working backwards from the results you want to see towards a workable, measurable plan for managing human capital. Tap into the needs of individual employees to unleash their maximum value with this concise, easy-to-read book that takes a practical, how-to approach, covering the wide-angle theory and the day-to-day practice. This new edition includes: updated case studies to demonstrate strategies work in different organizational contexts; thorough revision throughout to incorporate the latest theories, developments, tools and measures; increased focus on the questions you need to ask yourself about your organization's drivers and values in order to make real changes from the ground level up. Paul Kearns is a respected HR strategy consultant and recognised authority in measuring the financial impact of human capital strategies. He has taught HR-business strategy at MBA level for over 10 years and has a growing reputation in the UK and worldwide, as seen by his appearance in "HR

It is written by recognised leading consultant featured in "HR Magazine's" Most Influential list of 2008

Improving Patient Satisfaction Now - Anne-Marie Nelson 1997

In today's health care environment, having satisfied patients just isn't enough. You're now being judged by payers and compared to other providers and patient satisfaction is a big part of that evaluation. Improving Patient Satisfaction Now: How to Earn Patient and Payer Loyalty explains why understanding and meeting patient expectations is not only nice to know, it's necessary to know! It gives you action steps in all areas of the practice. Through anecdotes and real-life examples from practicing physicians, you'll learn how to develop higher patient satisfaction, more compliant patients, a more productive and committed staff, and practical techniques to increase patient satisfaction in this updated edition.

Catering Industry Employee - 1916

Sales Management For Dummies - Butch Bellah 2015-09-16

Guide your sales force to its fullest potential With a proven sales management and execution process, Sales Management For Dummies aids organizations and individuals in reaching the highest levels of success. Although selling products or services is a central part of any sales job, there's much more to it. With this fun and accessible guide, you'll go beyond the basics of sales to learn how to anticipate clients' needs, develop psychologist-like insight, and so much more. Because few people go to school to earn degrees in selling, sales talent is developed in the field. Unfortunately, most training efforts fail to reach their objectives, in large part because of the absence of any kind of reinforcement or coaching. This book is your one-stop guide to managing an existing or start-up sales force to succeed in every area of sales—from prospecting to closing. Shows you how to reach your fullest potential in sales Helps you effectively inspire great performance from any sales force Demonstrates how to prospect, recruit, and increase your organization's income and success Teaches you how to manage sales teams to greatness If you're one of the millions of salespeople or sales managers worldwide looking for a fast, easy, and effective way to get the most out of your sales force, the tried-and-true guidance presented inside sets you up for success.

Oxford Handbook of Internet Psychology - Adam Joinson 2007-04-12

Over one billion people use the Internet globally. Psychologists are beginning to understand what people do online, and the impact being online has on behaviour. It's making us re-think many of our existing assumptions about what it means to be a social being. For instance, if we can talk, flirt, meet people and fall in love online, this challenges many of psychology's theories that intimacy or understanding requires physical co-presence. "The Oxford Handbook of Internet Psychology" brings together many of the leading researchers in what can be termed 'Internet Psychology'. Though a very new area of research, it is growing at a phenomenal pace. In addition to well-studied areas of investigation, such as social identity theory, computer-mediated communication and virtual communities, the volume also includes chapters on topics as diverse as deception and misrepresentation, attitude change and persuasion online, Internet addiction, online relationships, privacy and trust, health and leisure use of the Internet, and the nature of interactivity. With over 30 chapters written by experts in the field, the range and depth of coverage is unequalled, and serves to define this emerging area of research. Uniquely, this content is supported by an entire section covering the use of the Internet as a research tool, including qualitative and quantitative methods, online survey design, personality testing, ethics, and technological and design issues. While it is likely to be a popular research resource to be 'dipped into', as a whole volume it is coherent and compelling enough to act as a single text book. "The Oxford Handbook of Internet Psychology" is the definitive text on this burgeoning field. It will be an essential resource for anyone interested in the psychological aspects of Internet use, or planning to conduct research using the 'net'.

Wireless and Empire - Aitor Anduaga Egaña 2009-02-19

Although the product of consensus politics, the British Empire was based on communications supremacy and the knowledge of the atmosphere. Focusing on science, industry, government, the military, and education, this book studies the relationship between wireless and Empire throughout the interwar period.

Reinforcement Learning, second edition - Richard S. Sutton 2018-11-13

The significantly expanded and updated new edition of a widely used text on reinforcement learning, one of the most active research areas in artificial intelligence. Reinforcement learning, one of the most active research areas in artificial intelligence, is a computational approach to learning whereby an agent tries to maximize the total amount of reward it receives while interacting with a complex, uncertain environment. In Reinforcement Learning, Richard Sutton and Andrew Barto provide a clear and simple account of the field's key ideas and algorithms. This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics. Like the first edition, this second edition focuses on core online learning algorithms, with the more mathematical material set off in shaded boxes. Part I covers as much of reinforcement learning as possible without going beyond the tabular case for which exact solutions can be found. Many algorithms presented in this part are new to the second edition, including UCB, Expected Sarsa, and Double Learning. Part II extends these ideas to function approximation, with new sections on such topics as artificial neural networks and the Fourier basis, and offers expanded treatment of off-policy learning and policy-gradient methods. Part III has new chapters on reinforcement learning's relationships to psychology and neuroscience, as well as an updated case-studies chapter including AlphaGo and AlphaGo Zero, Atari game playing, and IBM Watson's wagering strategy. The final chapter discusses the future societal impacts of reinforcement learning.

Practical Process Automation - Bernd Ruecker 2021-03-16

In today's IT architectures, microservices and serverless functions play increasingly important roles in process automation. But how do you create meaningful, comprehensive, and connected business solutions

when the individual components are decoupled and independent by design? Targeted at developers and architects, this book presents a framework through examples, practical advice, and use cases to help you design and automate complex processes. As systems are more distributed, asynchronous, and reactive, process automation requires state handling to deal with long-running interactions. Author Bernd Ruecker demonstrates how to leverage process automation technology like workflow engines to orchestrate software, humans, decisions, or bots. Learn how modern process automation compares to business process management, service-oriented architecture, batch processing, event streaming, and data pipeline solutions. Understand how to use workflow engines and executable process models with BPMN. Understand the difference between orchestration and choreography and how to balance both.

Terrorist Defectors - United States. Congress. Senate. Committee on Governmental Affairs 1992

Digilogue - Anders Sorman-Nilsson 2013-06-19

How to leverage the enduring human need for analogue experiences to attract and retain more customers in a digital world. Anything that can be digitised will be digitised. But can the digital-connect ever really replace the personal touch? Is word-of-mouth always more effective than word-of-mouse? And what of customers' enduring need for analogue experiences (think analogue watches, paperback books and multiplex movie theatres, for example). In your rush to embrace your customers' digital mind are you ignoring an equally valuable asset: their analogue heart? Better yet, how can you leverage the analogue heart to provide your company or brand with an unbeatable competitive edge? The answer, according to internationally acclaimed futurist, Anders Sorman-Nilsson is Digilogue — the "translational sweet-spot, the convergence of the digital and the analogue." A book that will revolutionise how you do business in a digital world, Digilogue provides powerful insights, strategies and tools to help you provide value to digital minds, while connecting with analogue hearts.

A Sender's Guide to Letters and Emails - Chandana Kohli 2014-01-05

Wondering how to word a key official letter? Searching for the right way to write an email to an important client? Thinking about how to convey what you want on an important occasion? Your business and personal communication letter and email guide is here. In today's world, where a lot depends on the quality of your communication, how you approach it is more important than it has ever been. Daily communication happens, more often than not, without a personal interface, and this makes the letter or email an extremely important tool to convey your personality, skills and ideas effectively and succinctly. Despite changes in the medium and the form, the letter continues to be the driving force of all kinds of communication, official or personal. This book will help you communicate more cogently and confidently, and guide you through situations where you might find it difficult to communicate in writing. Learn how to write suitable emails and letters for official needs and challenging social situations. Choose from over a hundred templates and tips. Find ready-made letters for all your business and personal needs. This book will make letter writing faster, easier and above all, perfectly suited to the situation and occasion.

Managing Brand Equity - David A. Aaker 1991-09-09

Looks at the intangible value of company name, brand, symbol, and slogan, and discusses cases in which this brand equity has been used successfully or poorly.

How to Write Successful Fundraising Appeals - Mal Warwick 2013-05-24

How to Write Successful Fundraising Appeals Now in a completely revised third edition, this classic book shows how to create winning appeals that will realize the full potential of direct mail and online fundraising. Written by fundraising guru Mal Warwick, with assistance from Eric Overman, this comprehensive resource gives nonprofit fundraising staff the information needed to write compelling fundraising appeals for any medium. If you follow Warwick's guidelines, your direct mail and online fundraising campaigns will produce better results, year after year. Written in an easy-to-read style, the book is filled with practical techniques, proven approaches, and illustrative examples of both successful and unsuccessful appeals based on the authors' wealth of experience fundraising for hundreds of nonprofits. Step-by-step and appeal by appeal, the book shows how to navigate the fundraising appeal process with ease. To meet the demands of today's socially connected donors, this new edition explains how to mesh today's online technologies with direct mail to produce optimal fundraising results. You'll learn how to use

e-mail, websites, Facebook, Twitter, and mobile technology to recruit more donors and raise more money. The book includes current research on timely topics such as online vs. offline behavior, online giving statistics, demographics, and best practices in integrated fundraising. If you're a nonprofit professional eager to master the latest methods in fundraising, or simply need to write direct mail appeals for your organization, *How to Write Successful Fundraising Appeals* will help you hone your skills and create appeals that will hit the mark every time.

Friendly Letters to a Universalist on Divine Rewards and Punishments - Bernard Whitman 1833

School Management by Wandering Around - Larry Frase 2003-01-21

Management by wandering around (MBWA) is the catalyst that brings teachers, aides, parents, and administrators together in the pursuit of excellent schools. MBWA is an active person-to-person process that relies on deeds, involvement, and participation to create better schools. The leader who embraces

MBWA does not just talk about his philosophy, he lives it. The MBWA leader possesses an honest awareness of self and how he affects others. He creates and clarifies new visions. He encourages and empowers others to join in the quest to capture visions and transform them into reality. The MBWA leader is aware of the power, worth, and value of people. He actively pursues the school's mission with people.

The Big Book of HR, 10th Anniversary Edition - Barbara Mitchell 2022

The complete guide to human resources processes, issues, and best practices by two of the most seasoned and respected HR professionals. Managing people is the biggest challenge any organization faces. It's a challenge that has grown even more difficult over the past decade. This 10th anniversary edition incorporates discussions and reflections on these changes and examines new and emerging trends useful for any business owner, manager, or HR professional, with the most current information to get the most from their talent—from strategic HR-related issues to the smallest tactical details of managing people. The Big Book of HR, 10th Anniversary Edition includes up-to-date information about: The challenges of remote and distributed workforces Diversity, equity and inclusion Workplace harassment and its prevention Changing technology and its impact on every facet of people management Pay equity and its effect on transparency in compensation Benefits that meet the needs of a multigenerational workforce State and local laws that are addressing societal changes Gamification and other training strategies

Loyalty Schemes in Retailing - Nicolas Hoffmann 2013

To expand existing literature on loyalty schemes, the impact of stand-alone vs. multi-partner programs on customer loyalty was evaluated. In addition, the effects of store satisfaction, membership in competing

programs, as well as various shopper characteristics were tested. Therefore, interviews were conducted with loyalty executives and a survey was carried out with 1,150 German customers of two fuel station chains. Stand-alone programs were found to outperform multi-partner schemes in their ability to trigger behavioral loyalty (e.g. share-of-wallet), attitudinal loyalty, and positive word-of-mouth. While program members showed significantly higher levels of loyalty than non-members, those of the stand-alone solution did so to an even greater extent than those of the coalition scheme.
 -Best Dissertation of 2011- by the WU - Vienna University of Economics and Business and Winner of the -Outstanding Award 2011- by the ECR Austria."

Money Honey - Noël Powell 2013-07-17

Money Honey is an inspirational, entrepreneurial guide to finding the wealth inside of you! Money Honey is written based on the principles that a gift is the transfer of something without the expectation of receiving something in return. Each edition of Money Honey will include ten chapters of self-motivating stories and innovative ideas that can be manifested through the gifts that are already inside of you. Although gift-giving might involve an expectation of reciprocity, a gift is meant to be free. Money Honey defines the purpose of the term "gift" that refers to anything that makes the other happier or more optimistic, especially as a favor. Our purpose is to contribute to social bonding between members of a community through the act of mutually exchanging money for goods by creating entrepreneurs. Life on Earth is considered one of God's gifts, and it is a good thing to receive wealth from God and the good health to enjoy it. To enjoy your work and accept your lot in life—this is indeed a gift from God (Ecclesiastes 5:19 NLT).

Hospitality Upgrade - 2006
