The Way Beyond - Joseph Benner 2017-10-16

This eBook edition of "The Way Beyond" has been formatted to the highest digital standards and adjusted for readability on all devices. "First try to realize that the life animating and growing you is not your life, that you have no control over it, that it does things to you, causes you to do things, puts you through all the experiences you are undergoing without your consent, and that seemingly it knows just what it is doing and must have a very wise and loving purpose in doing it. Likewise the consciousness that you call yours seemingly receives all its ideas, thoughts and impressions wholly independently of your will or

desire, They come into your mind when they will, influence your feelings and actions continually, and you have little power to prevent it." Joseph Benner (1872-1938) was an American author, Spiritual writer, and Representative of the Brotherhood of Christ who used the pen name "Anonymous." He was the first to introduce the Knowledge and Teachings of the Impersonal Life (also known as the "I AM" Teaching) to the world in his first book, "The Impersonal Life". Benner taught that Christ's proclaiming "I AM" indicated "the true spirit that resides in every human being."

Daodejing - Laozi 2008-09-11

'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Life and Teaching of Śrī Ānandamayī Mā - Alexander Lipski 1996-08

Seeing the radiant face of Ma Anandamayi and hearing her laughter you guess that she is an incarnation of Joy. Touched by the caress of Her glance you know that her heart is overflowing with love for all beings. Listening to Her teaching so simple and clear you understand that She is in possession of all Wisdom. But one cannot say whether it is Joy, Love or Wisdom that is the source of all this for with Her all there are inextricably and indissolubly mingled one could not exist without the others. The joy which Ma anandmayi lives is not that which we know in worldly life, where pleasure and pain, hope, regret and disillusionment, attraction and repulsion follow on each other's heels, born one of another. Nor is it an egocentric calm of stoic rigidity that erects around itself a rampart of indifference. Hers is an overflowing, irrepressible joy that expresses itself in gaiety, that knows no obstacles, because it is deeply rooted in the Absolute, beyond the dualities of good and evil, of 'I' and 'not-I', of pleasant and unpleasant, because its unshakable base is Love and Wisdom.

Life and Teaching of the Masters of the Far East, Vol. 3 - Baird T. Spalding 1935-06-01

ELEVEN MEN embarked upon a journey in 1894 with one objective: ...to find the great spiritual teachers of the Far East and witness their uncommon abilities. Since these Masters were scattered over a wide territory that covered a large portion of India, Tibet, China, and Persia, they knew it could take years of searching many secluded villages and hidden mountain communes. Planning each step of the journey became a challenge knowing that countless miles of rugged terrain separated the remote and isolate locations that were imperative to the exploration. Even though they could plot their route on a map and see where they were headed, the destination deep within the souls of eleven scientifically trained men remained uncertain. Baird T. Spalding and the others were practical in nature and the thought of spiritual masters performing miracles seemed impossible. Despite these suspect thoughts, something compelled them to move onward. So they did. Volume 1: Introduction of the Master Emil. Visit to the "Temple of Silence". Astral Projection. Walking on Water. Visit to the Healing Temple. Emil Talks about America. Journey to the East - Baird Thomas Spalding 2009-09-17

Baird Spalding's description on travel to the Far East offered the Western world innovative resolutions that conceptually yet conventionally transcend spiritual and intellectual knowledge paradigm.

Life and Teaching of the Masters of the Far East - Baird Thomas

Spalding 1964

2010 Reprint of 1924 Edition. In 1924 Spalding published this first and most important volume of *Life and Teaching of the Masters of the Far East*. It describes the travels to India and Tibet of a research party of eleven scientists in 1894. During their trip they claim to have made contact with "the Great Masters of the Himalayas," immortal beings with whom they lived and studied, gaining a fascinating insight into their lives and spiritual message. This close contact enabled them to witness many of the spiritual principles evinced by these Great Masters translated into their everyday lives, which could be described as 'miracles'. Such examples are walking on water, or manifesting bread to feed the hungry party. These books have remained consistently popular with spiritual seekers, those interested in the philosophy of the East and those who enjoy a good story because of their accessible nature and easy-to-follow format. However, despite most of the action taking place in India, the Great Masters make it clear that the greatest embodiment of the Enlightened state is that of the Christ (as personified by Jesus): "The Masters accept that Buddha represents the Way to Enlightenment, but they clearly set forth that Christ IS Enlightenment, or a state of consciousness for which we are all seeking - the Christ light of every individual; therefore, the light of every child born into the world."

Sons of the Buddha - Kamala Tiyavanich 2007-08-28

A preacher must have common sense, knowing how to turn everyday life experience into Dharma lessons, and assess an audience to maximize communications with them. *Sons of the Buddha* shows how three boys evolved into remarkable exponents of this ideal. Filled with lively anecdotes and illustrations, and brimming with local color, the book shows how each worked successfully to change moral attitudes and Dharma practices, restore Buddhism's social dimension, bridge the divide between laypeople and monastics, and champion tolerance toward other religions.

Masters of Meditation and Miracles - Tulku Thondup 1996

In retelling their stories in his own words, the author has sought to bring out their inner feelings as well as their external activities: how they faced and healed their physical pain, how they dealt with their emotional turmoil, how they overcame their spiritual or meditative illusions, and most important, what experiences they had when they awakened their own inner Buddha Mind and Buddha qualities.

New World Wisdom, Book One - Lori Adaile Toye 2015-12-02

Can we transform our tumultuous society? Is it even possible to save our ailing planet? Yes, say the teachings in this book - channeled wisdom from a team of Ascended Masters, one of whom made his presence known to the young mother and mystic Lori Toye when she least expected it and could do little about it. It took decades to channel, transcribe, and publish the prophecies and counsel in this book, and even more time - and a second revised printing - for Toye to understand the meaning of the material: Prophecies are not predictions! Such messages are both metaphorical and literal. They are warnings with solutions to avoid what is prophesied. The chapters in this book contain information that explains how human consciousness has the ability to change and transform, and how this microcosmic effect literally extends - guiding social and cultural values, physically reshaping the planet's weather, sensitive ecosystems, and geography. Yes, we can change - by accepting our spiritual virtue and innate goodness; by learning to consciously cultivate the Twelve Jurisdictions, shared by the spiritual teachers; by engaging in our own personal Ascension process. The Spiritual Teachers

who contributed their Wisdom call this process the "BE-coming." Be. Come. Add you effort to engender the growth of a new global, cultural consciousness - the Golden Age. Lori Toye is known for the best-selling I AM America Earth Changes Maps, which introduced spiritual teachings of prophecy and the Time of Change. Her initial work was published more than twenty years ago before public awareness of the serious environmental issues of Global Warming and Climate Change. Lori's work has been featured on NBC, FOX, UPN, London's Carlton Television, in the Washington Post and the New York Times.

Teachings of Presidents of the Church: Brigham Young - The Church of Jesus Christ of Latter-day Saints 2000

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—"Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to

most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

365 Daily Buddhist Thoughts - Laurence Flood 2018-03-06

Buddhism has been in the minds, hearts and lives of men and women since the first historically recorded Buddha reincarnated in ancient India. The person we know today as the Buddha, who is also known as Shakyamuni and Gautama, has been revered and honoured for over 2500 years. His profound teachings have given hope and meaning to the lives of countless millions of people right up till the present day. But, just like us, he was just another fragile human being, filled with hopes, dreams, fears and concerns for the people around him and for the environment. We are not told who his spiritual teachers were, but like us today, he must have searched for the wisdom that he needed to attempt to explain his purpose in life and his place in the vast universe. Many of the quotes you will find on these pages are from the mouth of

Shakyamuni. Teachings in those ancient times were almost always oral and passed on from student to student and hence generation to generation. You will also find the comforting words of sages such as Nichiren as well as modern wisdom from today's Buddhist teachers. The book is fully illustrated and contains a new teaching technique using word art. This is used to help free the mind to receive and understand these profound Buddhist teachings.

The Impersonal Life - Joseph Benner 2017

To you, who, through long years and much running to and fro, have been eagerly seeking, in books and teachings, in philosophy and religion, for you know not what—Truth, Happiness, Freedom, God; To you whose Soul is weary and discouraged and almost destitute of hope; To you, who many times have obtained a glimpse of that “Truth” only to find, when you followed and tried to reach it, that it disappeared in the beyond, and was but the mirage of the desert; To you, who thought you had found it in some great teacher, who was perhaps the acknowledged head of some Society, Fraternity or Religion, and who appeared to you to be a “Master,” so marvelous was the wisdom he taught and the works he performed;—only to awaken later to the realization that that “Master” was but a human personality, with faults and weaknesses, and secret sins, the same as you, even though that personality may have been a channel through which were voiced many beautiful teachings, which seemed to you the highest “Truth;” And here you are, Soul awestruck and hungered, and not knowing where to turn— To you, I AM come. Likewise to you, who have begun to feel the presence of that “Truth” within your Soul, and seek the confirmation of that which of late has been vaguely struggling for living expression within; Yes, to all you who hunger for the true “Bread of Life,” I AM come. Are you ready to partake?

The Journey - Baird T. Spalding 2021

"Baird Spalding played a ground-breaking role when he introduced the Western world to the wonders of a Far East expedition in 1894. The knowledge of "Masters" assisting and guiding humanity in the classic book LIFE AND TEACHING OF THE MASTERS OF THE FAR EAST

became legend in metaphysical circles during the first half of the 20th century and continues today as a source of spiritual enlightenment. Originally published as 3 separate volumes, DeVorss Publications is proud to release these historic books in one edition titled THE JOURNEY. It is within these 3 volumes that Spalding details an expedition that lasted 3 years and covered the mountainous landscape of Nepal and India near the close of the 19th century. "There is no question, but these people have brought the Light through the long ages and they prove by their daily life and works that this Light does exist just as it did thousands of years ago." -- Baird T. Spalding"--
