The King in Yellow - Robert William Chambers 2020-09-28

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been

increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads

built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity.

When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

Martin Delany, Frederick Douglass, and the Politics of Representative Identity - Robert S. Levine 2000-11-09

The differences between Frederick Douglass and Martin Delany have historically been reduced to a simple binary pronouncement: assimilationist versus separatist. Now Robert S. Levine restores the relationship of these two important nineteenth-century African American writers to its original complexity. He explores their debates over issues like abolitionism,

emigration, and nationalism, illuminating each man's influence on the other's political vision. He also examines Delany and Douglass's debates in relation to their own writings and to the work of Harriet Beecher Stowe. Though each saw himself as the single best representative of his race, Douglass has been accorded that role by history--while Delany, according to Levine, has suffered a fate typical of the black separatist: marginalization. In restoring Delany to his place in literary and cultural history, Levine makes possible a fuller understanding of the politics of antebellum African American leadership.

The Failed Promise - Robert S. Levine 2022-08-02

Robert S. Levine foregrounds the viewpoints of Black Americans on Reconstruction in his absorbing account of the struggle between the great orator Frederick Douglass and President Andrew Johnson. When Andrew Johnson assumed the presidency after Abraham Lincoln's assassination, the country was on the precipice

of radical change. Johnson, seemingly more progressive than Lincoln, looked like the ideal person to lead the country. He had already cast himself as a "Moses" for the Black community, and African Americans were optimistic that he would pursue aggressive federal policies for Black equality. Despite this early promise, Frederick Douglass, the country's most influential Black leader, soon grew disillusioned with Johnson's policies and increasingly doubted the president was sincere in supporting Black citizenship. In a dramatic and pivotal meeting between Johnson and a Black delegation at the White House, the president and Douglass came to verbal blows over the course of Reconstruction. As he lectured across the country, Douglass continued to attack Johnson's policies, while raising questions about the Radical Republicans' hesitancy to grant African Americans the vote. Johnson meanwhile kept his eye on Douglass, eventually making a surprising effort to appoint him to a key position in his

administration. Levine grippingly portrays the conflicts that brought Douglass and the wider Black community to reject Johnson and call for a guilty verdict in his impeachment trial. He brings fresh insight by turning to letters between Douglass and his sons, speeches by Douglass and other major Black figures like Frances E. W. Harper, and articles and letters in the *Christian Recorder*, the most important African American newspaper of the time. In counterpointing the lives and careers of Douglass and Johnson, Levine offers a distinctive vision of the lost promise and dire failure of Reconstruction, the effects of which still reverberate today.

State and Revolution - Vladimir Ilich Lenin
2021-10-11

2021 Hardcover Reprint of 1932 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. "State and Revolution" (1917) describes the role of the State in society, the necessity of proletarian

revolution, and the theoretic inadequacies of social democracy in achieving revolution. It describes the inherent nature of the State as a tool for class oppression, a creation born of one social class's desire to control all other social classes. Whether a dictatorship or a democracy, the State remains in the control of the ruling class. Even in a democratic capitalist republic, the ruling class will never willingly relinquish political power, maintaining it via various strategies. Hence, according to this view, communist revolution is the sole remedy for the abolition of the state.

Dislocating Race and Nation - Robert S. Levine
2009-06-01

American literary nationalism is traditionally understood as a cohesive literary tradition developed in the newly independent United States that emphasized the unique features of America and consciously differentiated American literature from British literature. Robert S. Levine challenges this assessment by exploring the conflicted, multiracial, and contingent

dimensions present in the works of late eighteenth- and nineteenth-century American and African American writers. Conflict and uncertainty, not consensus, Levine argues, helped define American literary nationalism during this period. Levine emphasizes the centrality of both inter- and intra-American conflict in his analysis of four illuminating "episodes" of literary responses to questions of U.S. racial nationalism and imperialism. He examines Charles Brockden Brown and the Louisiana Purchase; David Walker and the debates on the Missouri Compromise; Nathaniel Hawthorne, Herman Melville, and Hannah Crafts and the blood-based literary nationalism and expansionism of the mid-nineteenth century; and Frederick Douglass and his approximately forty-year interest in Haiti. Levine offers critiques of recent developments in whiteness and imperialism studies, arguing that a renewed attention to the place of contingency in American literary history helps us to better

understand and learn from writers trying to make sense of their own historical moments.

Kindred - Octavia E. Butler 2004-02-01

From the New York Times bestselling author of *Parable of the Sower* and MacArthur “Genius” Grant, Nebula, and Hugo award winner *The* visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. “I lost an arm on my last trip home. My left arm.” Dana’s torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner’s plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing

the trail for neo-slavery narratives like Colson Whitehead’s *The Underground Railroad* and Ta-Nehisi Coates’s *The Water Dancer*, Butler takes one of speculative fiction’s oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. “Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise” (New York Times). “Reading Octavia Butler taught me to dream big, and I think it’s absolutely necessary that everybody have that freedom and that willingness to dream.” —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and

an executive producer of the pilot. Kindred stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.
