Cecilia Valdés or El Angel Hill - Cirilo Villaverde 2005-09-29

Cecilia Valdés is arguably the most important novel of 19th century Cuba. Originally published in New York City in 1882, Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and suitor of hers kills Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish colonialism in Cuba.

Gabriel García Márquez - Gerald Martin 2009-05-05

In this exhaustive and enlightening biography—nearly two decades in the making—Gerald Martin dexterously traces the life and times of one of the twentieth century's greatest literary titans, Nobel Prize-winner Gabriel García Márquez. Martin chronicles the particulars of an extraordinary life, from his upbringing in backwater Colombia and early journalism career, to the publication of *One Hundred Years of Solitude* at age forty, and the wealth and fame that followed. Based on interviews with more than three hundred of Garcia Marquez's closest friends, family members, fellow authors, and detractors—as well as the many hours Martin spent with 'Gabo' himself—the result is a revelation of both the writer and the man. It is as gripping as any of Gabriel García Márquez's powerful journalism, as enthralling as any of his acclaimed and beloved fiction.

[Madwomen](#) - Gabriela Mistral 2009-09-01

A schoolteacher whose poetry catapulted her to early fame in her native Chile and an international diplomat whose boundary-defying sexuality still challenges scholars, Gabriela Mistral (1889-1957) is one of the most important and enigmatic figures in Latin American literature of the last century. The *Locas mujeres* poems collected here are among Mistral's most complex and compelling, exploring facets of the self in extremis—poems marked by the wound of blazing catastrophe and its aftermath of mourning. From disquieting humor to balladlike lyricism to folkloric wisdom, these pieces enact a tragic sense of life, depicting "madwomen" who are anything but mad. Strong and intensely human, Mistral's poetic women confront impossible situations to which no sane response exists. This groundbreaking collection presents poems from Mistral's final published volume as well as new editions of posthumous work, featuring the first English-language appearance of many essential poems. *Madwomen* promises to reveal a profound poet to a new generation of Anglophone readers while reacquainting Spanish readers with a stranger, more complicated "madwoman" than most have ever known.

[Rules for Radicals](#) - Saul Alinsky 2010-06-30

First published in 1971, *Rules for Radicals* is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

A Massacre in Mexico - Anabel Hernandez 2020-07-14

The definitive account of the disappearance of forty-three Mexican students On September 26, 2014, a party of students from the Ayotzinapa Rural Teachers' College were en route to a protest when intercepted by local police. A confrontation ensued. Come the morning, the students were nowhere to be found. The crime that had transpired and the resultant cover-up brought the profound depths of corruption in the Mexican government and police force—as well as the vulnerability of ordinary Mexicans—into stark relief. Investigative reporter Anabel Hernández reconstructs the terrible events of that night and its aftermath, giving us the most complete picture available. Her sources are unparalleled. In researching this book, she secured access to internal

government documents that have not been made public and to surveillance footage the government has tried to hide and destroy. Hernández demolishes the Mexican state's official version of events, which the Peña Nieto government cynically dubbed the "historic truth." As her research shows, state officials at all levels, from police and prosecutors to the upper echelons of government, conspired to put together a fake case, concealing and manipulating evidence, and arresting and torturing dozens of "suspects," procuring forced confessions to back up the official lie. By following the role of the various Mexican state agencies through the events in such remarkable detail, *A Massacre in Mexico* shows with exacting precision precisely who is responsible for this monumental crime and who needs to be held accountable.
