English for Success - Ingrid Barnsley 2012

Jensen's Format Writing - Frode Jensen 2016-10-04

Jensen's Format Writing is concerned with developing expository writing skills for high school students. This type of writing exposes, puts forth, explains, reveals, or exhibits in detail about something. It has a purpose to inform, clarify, and perhaps even to persuade. Such writing may simply describe, or it may give a series of reasons. In any case, there is a fundamental point that is made. How that point is made may often determine whether the piece is accepted or rejected. Students completing this course will learn valuable skills. the secret of cutting your work in half when it comes to writing a paper.how to order your presentation for its most powerful effect on the reader.a technique for getting the essence of what you read down on paper for future reference.how to stack up your ideas so that they flow together in a natural fashion.how to move ideas from sentence to sentence by following a simple rule.all about what and how to document your sources when doing research and writing.

R for Data Science - Hadley Wickham 2016-12-12

Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results

Amazing Grace - Jonathan Kozol 2012-06-26

Amazing Grace is Jonathan Kozol's classic book on life and death in the South Bronx—the poorest urban neighborhood of the United States. He brings us into overcrowded schools, dysfunctional hospitals, and rat-infested homes where families have been ravaged by depression and anxiety, drug-related violence, and the spread of AIDS. But he also introduces us to devoted and unselfish teachers, dedicated ministers, and—at the heart and center of the book—courageous and delightful children. The children we come to meet through the friendships they have formed with Jonathan defy the stereotypes of urban youth too frequently presented by the media. Tender, generous, and often religiously devout, they speak with eloquence and honesty about the poverty and racial isolation that have wounded but not hardened them. Amidst all of the despair, it is the very young whose luminous capacity for love and transcendent sense of faith in human decency give reason for hope.

TEACHING ENGLISH, LANGUAGE AND LITERACY - Dominic Wyse 2004-11-23

This fully updated second edition of Teaching English, Language and Literacy is an essential introduction for anyone learning to teach English at primary school level. The Caucasian Chalk Circle - Bertolt Brecht 2015-03-16

This Student Edition of Brecht's classic dramatisation of the conflict over possession of a child features an extensive introduction and commentary that includes a plot summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child; thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written in exile in the United States during the Second World War, The Caucasian Chalk Circle is a politically-charged, much-revived and complex example of Brecht's epic theatre. This volume contains expert notes on the author's life and work, historical and political background to the play, photographs from stage productions and a glossary of difficult words and phrases. It features the acclaimed translation by James and Tania Stern with W. H. Auden.

Academic Writing for Graduate Students - John M. Swales 2004

New material featured in this edition includes updates and replacements of older data sets, a broader range of disciplines represented in models and examples, a discussion of discourse analysis, and tips for Internet communication.
