Memoirs of a Nun - Denis Diderot 2015-03-18

Memoirs of a Nun, which began as a joke and grew into a masterpiece, was one of the loudest salvos fired in the continuing battles between the clergy and the intelligentsia which defined so much of eighteenth-century French history. Diderot's story of a novice held in a convent against her will and forced to undergo curious spiritual and sexual trials displays all the brilliance, icy wit, and worldliness of the Enlightenment at its best.

The Great Swindle - Pierre Lemaitre 2015-09-24

Winner of the prestigious Prix Goncourt, a timeless story of how war transforms lives in unexpected and often tragic ways as seen through the eyes of three World War I vets. The year is 1918, the war on the Western Front all but over. An ambitious officer, Lieutenant Henry D'Aulnay-Pradelle, sends two soldiers over the top and then surreptitiously shoots them in the back to incite his men to attack the German lines. When another of D'Aulnay-Pradelle's soldiers, Albert Maillard, reaches the bodies and discovers how they died, the lieutenant shoves him into a shell hole to silence him. Albert is rescued by fellow soldier, the artist Edouard Péricourt, who takes a bullet in the face. The war ends and both men recover, but Edouard is permanently disfigured, and fakes his death to prevent his family from seeing him as a cripple. In gratitude for Edouard's rescue, Albert becomes the injured man's companion and caregiver. Finding that the postwar gratitude for the soldiers' service is nothing more than lip-service to an empty idea, the two men scramble to survive, ultimately devising a scam to take money for never-to-be-built war memorials from small towns. Meanwhile, Lieutenant Pradelle has married Edouard's sister Madeline and is running a scam of his own that involves the exhumation of war victims. In this sorrowful, heart-searching novel, the interwoven lives of these three men create a tapestry of the human condition as seen through the lens of war,

revealing brutality and compassion, heroism and cowardice, in equal measure.

Jazz and Palm Wine - Emmanuel Dongala 2017-04-03

"Jazz, aliens, and witchcraft collide in this collection of short stories by renowned author Emmanuel Dongala. The influence of Kongo culture is tangible throughout, as customary beliefs clash with party conceptions of scientific and rational thought. In the first half of *Jazz and Palm Wine*, the characters emerge victorious from decades of colonial exploitation in the Congo only to confront the burdensome bureaucracy, oppressive legal systems, and corrupt governments of the post-colonial era. The ruling political party attempts to impose order and scientific thinking while the people struggles to deal with drought, infertility, and impossible regulations and policies; both sides mix witchcraft, diplomacy, and violence in their efforts to survive. The second half of the book is set in the United States during the turbulent civil rights struggles of the 1960s. In the title story, African and American leaders come together to save the world from extraterrestrials by serving vast quantities of palm wine and playing American jazz. The stories in *Jazz and Palm Wine* prompt conversations about identity, race, and co-existence, providing contextualization and a historical dimension that is often sorely lacking. Through these collisions and clashes, Dongala suggests a pathway to racial harmony, peaceful co-existence, and individual liberty through artistic creation"--Back cover

The Company Of Critics - Michael Walzer 2002-07-04

The Company of Critics provides a fascinating survey of the terrain of social criticism in the last century. Organizing the book as a series of eleven intellectual biographies, Michael Walzer tells not just the dramatic story of the cultural and political radical but also the more personal story of the meaning of criticism to the critic. By looking at the life and work of Julien Benda, Randolph Bourne, Martin Buber, Antonio Gramsci, Ignazio Silone, George Orwell, Albert Camus, Simone de Beauvoir, Herbert Marcuse, Michel Foucault, and Breyten Breytenbach, Walzer explains the role of the public intellectual in the context of what he identifies as "the triumphs and catastrophes of our time: the two world wars, the struggles of the working class, national liberation, feminism, totalitarian politics." The new edition, featuring a new preface, contains Walzer's thoughts on his own role as a public intellectual and, most important, the challenges that lie ahead for the engaged social critic. With its unique emphasis on life as a proving ground for thought, The Company of Critics is a necessary addition to the literature of social and political engagement both within and outside of the academy.

The Light Years - Elizabeth Jane Howard 2016-04-26

This "dazzling" novel follows a family of English aristocrats as their country teeters on the brink of World War II (Penelope Fitzgerald). As war clouds gather on the distant horizon, Hugh, Edward, and Rupert Cazalet, along with their wives, children, and loyal servants, prepare to leave London for their annual pilgrimage to the family's Sussex estate. There, they will join their parents, William and Kitty, and sister, Rachel, at Home Place, the sprawling retreat where the three brothers hope to spend an idyllic summer of years gone by. But the First World War has left indelible scars. Hugh, the eldest of his siblings, was wounded in France and is haunted both by recurring nightmares of battle and the prospect of another war. Edward adores his wife, Villy, a former dancer searching for meaning in life, yet he's incapable of remaining faithful to her. Rupert desires only to fulfill his potential as a painter, but finds that love and art cannot coexist. And devoted daughter Rachel discovers the joys—and limitations—of intimacy with another woman. A candid portrait of British life in the late 1930s and a sweeping depiction of a world on the brink of war, The Light Years is a must-read for fans of Downton Abbey. Three generations of the Cazalet family come to unforgettable dramatic life in this saga about England during the last century—and the long-held values and cherished traditions that would soon disappear forever.
