[Nurture the Nature](#) - Michael Gurian 2009-01-26

From Michael Gurian, the best-selling author of *The Minds of Boys* and *The Wonder of Girls*, comes the next-step book that shows how any parent can tune into a child's unique core personality, hard wiring, temperament, and genetic predisposition in order to help that child flourish and thrive. Based on the most recent brain research, *Nurture the Nature* features the Ten Tips for Nurturing the Nature of Your Baby, self-tests, checklists, and many other tools for you to help your kids get exactly the kind of support they need, from infants to adolescents. While offering positive ideas for nurturing your child, Gurian also shows how to avoid the stress, pressures, and excessive competition of what he identifies as social trends parenting. Most parents know instinctively that their child is unique and has special potential, weaknesses, and strengths. No child is a blank slate. Gurian calls on parents to turn away from one-size-fits-all approaches and instead support the individual core nature of a child with effective and customized loving care.

[The Personal Credibility Factor](#) - Sandy Allgeier 2009-02-09

You'd trust your life with some people. Others, you wouldn't trust for an instant, even when the stakes are low. Why? What builds the personal credibility that some people simply exude? What do they do differently? This book shows you and helps you build your own personal credibility, the #1 attribute in earning trust and achieving success. Renowned personal coach Sandra K. Allgeier begins with a set of powerful stories that demonstrate what personal credibility really consists of, how it's earned, and how easily it can be destroyed. You'll discover how small daily actions, together with specific communication techniques and decisions, shape others' view of whether you can be trusted. Next, Allgeier illuminates three oft-neglected, crucial secrets of personal credibility. You'll find a hands-on assessment tool designed to help you bring more personal authenticity and transparency to your interactions; as well as practical guidance on suspending judgment and really listening, thereby earning others' trust even if you ultimately choose to disagree. Allgeier concludes with seven specific steps you can take every day to increase your personal credibility, and rebuild credibility you may have already lost. Following her easy-to-understand, easy-to-use guidance, you can live a life that's not just more successful, but happier and more fulfilled, too.

The Molding of a Champion - Dr. Gregory Jantz 2006-08-01

Today's culture puts a tremendous emphasis on being competitive-- being a winner in life, in a career, and in a perfect relationship. The pressure to succeed can be one of the toughest aspects of growing up for young people in this success-driven society. From his base in the Pacific Northwest, Dr. Gregg Jantz, over the last two decades, has cemented his reputation as one of the country's finest psychologists. His particular passion is seeing young people become everything God intends them to be. In this remarkable new book, Dr. Jantz shares a wealth of wisdom for parents to help shape their child's future in a successful, and faith-strengthening way. Going beyond the standard strategies into a unique perspective drawn from his years of experience in professional practice, along with his own parenting journey, Dr. Jantz offers workable solutions for relationships, drug and alcohol addictions, body image struggles, and living life with purpose.

[The Smart Classroom Management Way](#) - Michael Linsin 2019-05-03

The Smart Classroom Management Way is a collection of the very best writing from ten years of Smart Classroom Management (SCM). It isn't, however, simply a random mix of popular articles. It's a comprehensive work that encompasses every principle, theme, and methodology of the SCM approach. The book is laid out across six major areas of classroom management and includes the most pressing issues, problems, and concerns shared by all teachers. The underlying SCM themes of accountability, maturity, independence, personal responsibility, and intrinsic motivation are all there and weave their way throughout the entirety of the book. Together, they form a simple, unique, and sometimes contrarian approach to classroom management that anyone can do. Whether you're an elementary, middle, or high school teacher, The Smart Classroom Management Way will give you the strategies, skills, and know-how to turn any group of students into the motivated, well-behaved class you love teaching.

[The Oxford Handbook of Autism and Co-Occurring Psychiatric Conditions](#) - Susan W. White 2020-02-03

Co-occurring psychiatric conditions are extremely common among people who have autism spectrum disorder (ASD). The Oxford Handbook of Autism and Co-Occurring Psychiatric Conditions presents a compilation of the latest research in this area, summarized by internationally renowned experts. Each chapter presents an overview of the problem or disorder including information on prevalence in ASD and

in the general public and a synthesis of the research on etiology, diagnostic best practices, and evidence-based intervention approaches. Case studies bring these concepts to life, and each chapter concludes with suggestions for future research directions in order to further develop our scientific and clinical understanding of the particular comorbidity. Given the fact that comorbidity is often a chronic and pervasive concern, this Handbook takes a lifespan approach, with each chapter touching on developmental aspects of the targeted problem, from early childhood through adulthood. The concluding section of the Handbook is comprised of content on clinical considerations and research approaches, including chapters on medications commonly used to treat co-occurring conditions, strategies for managing crisis situations in this clinical population, and community partnerships within an implementation science framework.

Don't Give Me That Attitude! - Michele Borba 2004-03-29

Does your kid never take no for an answer and demand things go his way? Do her theatrics leave you drained at the end of the day? Are you resorting to bribes and threats to get your kid to do chores? Does he cheat, complain, or blame others for his problems? Do you feel you're running a hotel instead of a home? Are you starting to feel like your child's personal ATM machine? What happened? You thought you were doing the best for your child and didn't set out to raise a selfish, insensitive, spoiled kid. In her newest book, *Don't Give Me That Attitude!* parenting expert Michele Borba offers you an effective, practical, and hands-on approach to help you work with your child to fix that very annoying but widespread youthful characteristic, attitude. If you have a child who is arrogant, bad-mannered, bad-tempered, a cheat, cruel, demanding, domineering, fresh, greedy, impatient, insensitive, irresponsible, jealous, judgmental, lazy, manipulative, narrow-minded, noncompliant, pessimistic, a poor loser, selfish, uncooperative, ungrateful, or unhelpful, this is the book for you!

The Sopranos - Alan Warner 2011-01-18

NOW A SELL-OUT PLAY: OUR LADIES OF PERPETUAL SUCCOUR The choir from Our Lady of Perpetual Succour School for Girls is being bussed to the national finals in the big, big city. And it's an important day for The Sopranos - Orla, Kylah, (Ra)Chell, Amanda Konky and Fionnula (the Cooler) - pub-crawling, shoplifting and body-piercing being the top priorities. Then it's time to lose that competition - lose, because a nuclear sub has just anchored in the bay and, tonight, the Man Trap disco will be full of submariners on shore-leave. There is no time for delays. . . But after the fifth bottle of alco-pop up the back of the bus it's clear that all is not going to plan, for anyone. The Sopranos are never going to be the same. 'Compassionate and riotously funny. It is a long time since I read a novel which had me rocking with laughter' -The Times

The Silence of the Lambs - Thomas Harris 2009-12-28

A serial murderer known only by a grotesquely apt nickname--Buffalo Bill--is stalking women. He has a purpose, but no one can fathom it, for the bodies are discovered in different states. Clarice Starling, a young trainee at the FBI Academy, is surprised to be summoned by Jack Crawford, chief of the Bureau's Behavioral Science section. Her assignment: to interview Dr. Hannibal Lecter--Hannibal the Cannibal--who is kept under close watch in the Baltimore State Hospital for the Criminally Insane. Dr. Lecter is a former psychiatrist with a grisly history, unusual tastes, and an intense curiosity about the darker corners of the mind. His intimate understanding of the killer and of Clarice herself form the core of Thomas Harris' *The Silence of the Lambs*--and ingenious, masterfully written book and an unforgettable classic of suspense fiction.

The Over-Scheduled Child - Dr. Alvin Rosenfeld, M.D. 2010-04-01

Do you find yourself asking "Whose life is it anyway?" Parenting today has come to resemble a relentless to-do list. Even parents with the best intentions strive to micro-manage every detail of their kids' lives and live in constant fear that their child will under-perform in any area--academic, social, athletic. Lists and schedules, meetings and appointments invade our every moment and the need to be the best dominates--and undermines--our own sense of self as well as our children's. In their groundbreaking new book *The Over-Scheduled Child*, renowned child psychiatrist Alvin Rosenfeld, M.D., and longtime family-issues journalist Nicole Wise combine personal and professional experience to take action against what they see as our overeager pursuit of perfection. The clear, comforting steps they prescribe to attack this rampant phenomenon will promote healthier and happier children and revitalize the parenting experience.

Honey, I Wrecked The Kids - Alyson Schafer 2013-07-02

More life-saving parenting advice from the bestselling author of *Breaking the Good Mom Myth*. Bringing the same perceptive and actionable advice that made *Breaking the Good Mom Myth* an international bestseller, TV host and psychotherapist Alyson Schafer again comes to the rescue of desperate parents everywhere. For those who've tried just about everything to discipline their kids, *Honey, I Wrecked the Kids* explains why children today really are resistant to traditional parenting methods and how only a new model for winning cooperation really works. Full of real-life examples, the book gives parents a deeper understanding of misbehavior and their role in it, shies away from traditional behavioral models of parenting, and offers humane, good-humored advice that will make parenting a manageable and, finally, rewarding task. Alyson Schafer (Toronto, ON) is the host of *The Parenting Show* and a media expert on parenting. She has appeared on *The Montel Williams Show* and been featured in *Cosmopolitan*, *Parenting*, *Reader's Digest*, and more.

Female Victims of Crime - Venessa Garcia 2010

Taking a sociological approach, this reader addresses the diverse array of crimes against women and offers a compilation of research on this often minimized topic. Rich in conceptualization and theory, these readings tackle topics from the victim's perspective and include media images, legal analysis, and official statistics. Material is presented within historical, legal, and social contexts so readers get a comprehensive understanding of female victimization. Throughout the collection, the causes of female victimization are examined, the responses from the criminal justice system are considered and the consequences for society are revealed.

Challenging Dominant Views on Student Behaviour at School - Anna Sullivan 2016-05-20

This is a deliberately provocative book. It critiques current student behaviour management practices, seeks to explain the flawed assumptions that justify those practices, and proposes how things could be better for children in our schools if different practices were adopted. It is one of the few books to offer alternative ways of addressing the issues associated with student behaviour at school, and exposes the field to serious and sustained critique from both a research perspective and a children's rights ideological stance. The authors address the following questions: What ideas dominate current thinking on student behaviour at school? What are the policy drivers for current practices? What is wrong with common behaviour approaches? What key ideologies justify these approaches? How can we present ethical alternatives to current approaches? How can a human rights perspective contribute to the development of alternative approaches? In exploring these questions and some ethical alternatives to the status quo, the authors suggest practical ways to 'answer back' to calls for more authoritarian responses to student behaviour within our schools. In doing so, the authors advocate for reforms on behalf of children, and in their interests.

SOS Help for Parents - Lynn Clark 2005

A set of teaching/counseling aids for professionals who offer parent education classes, parent counseling, or guidance to parents on child rearing and discipline.

From Principles of Learning to Strategies for Instruction - Robert J. Seidel 2006-05-28

The primary goal of instructional design is improving the quality of learning and instruction. Instructional designers have focused on a number of areas of critical concern and developed a variety of techniques to achieve this goal (Reigeluth, 1983, 1999). Critical areas of concern for those who plan, implement and manage instruction include (a) needs assessment (identifying gaps or deficiencies in knowledge and performance to be addressed in instruction); (b) task analysis (identifying the types of knowledge, skills and attitudes to be developed during instruction); (c) learner analysis (determining who the learners are, what they know, relevant differences, etc.); (d) instructional strategies (developing strategies appropriate for the task and learners involved); and (e) assessment and evaluation (determining how to assess individual progress and evaluate programs). There are many books already in print that treat the general domain of instructional design, as well as texts that target each of these areas of concerns. Why then another book on these issues? There are several answers to this question. Many of the available books treat instruction as a formal process that proceeds according to specific and detailed instructional systems development models (see, for example, Dick, Carey & Carey, 2005). Indeed, the US military has created a series of handbooks specifying details of the various instructional development processes (see Department of Defense, 1999).

Positive Discipline Parenting Tools - Jane Nelsen, Ed.D. 2016-11-15

Do you wish there was a way to raise well-behaved children without punishment? Are you afraid the only alternative is being overly indulgent? With Positive Discipline, an encouragement model based on both kindness and firmness, you don't have to choose between these two extremes. Using these 49 Positive Discipline tools, honed and perfected after years of real-world research and feedback, you'll be able to work with your children instead of against them. The goal isn't perfection but providing you with the techniques you need to help your children develop the life and social skills you hope for them, such as respect for self and others, problem-solving ability, and self-regulation. The tenets of Positive Discipline consistently foster mutual respect so that any child—from a three-year-old toddler to a rebellious teenager—can learn creative cooperation and self-discipline without losing his or her dignity. In this new parenting guidebook, you'll find day-to-day exercises for parents to improve their parenting skills, along with success stories from parents worldwide who have benefited from the Positive Discipline philosophy. With training tools and personal examples from the authors, you will learn:

- The "hidden belief" behind a child's misbehavior, and how to respond accordingly
- The best way to focus on solutions instead of dwelling on the negative
- How to encourage your child without pampering or praising
- How to teach your child to make mistakes and follow through on agreements
- How to foster creative thinking

Yikes! It's Due Tomorrow?! - Carmella Van Vleet 2004-11-01

Overview From a child fretting over having a male teacher for the first time to suffering from test anxiety, this practical and humorous guide offers parents a commonsense approach to handling a variety of school-related problems. Some of the issues addressed include serious subjects such as how to tell if a child has a learning disability, as well as more light-hearted situations such as what to do if a child is afraid of the automatic flushing toilets at school. Written by an experienced teacher and mother of three, *How to Handle School Snafus* offers kid-tested solutions for the most challenging and hilarious problems that the school year can bring.

Today's Best Classroom Management Strategies - C. M. Charles 2008

Today's Best Classroom Management Strategies: Paths to Positive Discipline, 1/e By C. M. Charles This text presents ten proven strategies that enable teachers to develop and implement high-quality systems of classroom discipline that increase student responsibility and ethical behavior. The contents of the text are organized to address two major tasks that lead to highly effective discipline. The first task, which is addressed before the year or term begins and put in place during the first week, involves initial implementation of an effective system of discipline to begin the year or term. The second task, accomplished over time after school begins, involves working with students and their parents and guardians to progressively enhance the discipline program. This text includes practical suggestions from the most respected authorities in discipline and related areas, including: Linda Albert, Michele Borba, Paula Cook, Barbara Coloroso, Richard Curwin, Tom Daly, Ed Ford, P. M. Forni, Haim Ginott, William Glasser, Thomas Gordon, Diane Gossen, David Johnson, Roger Johnson, Fred Jones, Spencer Kagan, Alfie Kohn, Lynn Lott, Marvin Marshall, Allen Mendler, Ronald Morrish, Jane Nelsen, Ruby Payne, and Harry Wong. Here's what your colleagues are saying about this book... "I'd call this book a 'One-Stop-Shop.' It is almost like you have sat in on my classes and noticed the gaps that I was filling with additional lecture material." -Julie K. Jackson, University of Texas at Austin "The book successfully covers classroom management and discipline through strategies and practical applications as opposed to theory and model-centered approaches of many other texts." -Julie L. Reagan, SUNY Potsdam

Building Moral Intelligence - Michele Borba 2001-05-29

Contains new ways to comprehend, evaluate, and motivate children by utilizing the seven essential virtues--conscience, empathy, self-control, respect, tolerance, kindness, and fairness--that define moral intelligence. *The British National Bibliography* - Arthur James Wells 2005

Thrivers - Michele Borba, Ed. D. 2022-03-08

The bestselling author of *UnSelfie* offers 7 teachable traits that will safeguard our kids for the future. We think we have to push our kids to do more, achieve more, BE more. But we're modeling the wrong traits—like rule-following and caution—and research shows it's NOT working. This kind of "Striver" mindset isn't just making kids unhappier, says Dr. Michele Borba...it's actually the opposite of what it takes to thrive in the uncertain world ahead. Thrivers are different: they flourish in our fast-paced, digital-driven, often uncertain world. Why? Through her in-depth research, Dr. Borba discovered that the difference comes down not to grades or test scores, but to seven character traits that set Thrivers apart—confidence, empathy, self-control, integrity, curiosity, perseverance, and optimism. The even better news: these traits can be taught to children at any age...in fact, parents and educators must do

so. In *Thrivers*, Dr. Borba offers practical, actionable ways to develop these traits in children from preschool through high school, showing how to teach kids how to cope today so they can thrive tomorrow.

Baggage - Alan Cumming 2021-10-26

"An intimate look at the making of a man, an actor, an advocate—and most importantly—a happy human being. A wonderful book that is funny, honest, fearless, and generous in its vulnerability." —Douglas Stuart, Booker Prize-winning author of *Shuggie Bain* There is absolutely no logical reason why I am here. The life trajectory my nationality and class and circumstances portended for me was not even remotely close to the one I now navigate. But logic is a science and living is an art. The release I felt in writing my first memoir, *Not My Father's Son*, was matched only by how my speaking out empowered so many to engage with their own trauma. I was reminded of the power of my words and the absolute duty of authenticity. But... No one ever fully recovers from their past. There is no cure for it. You just learn to manage and prioritize it. I believe the second you feel you have triumphed or overcome something – an abuse, an injury to the body or the mind, an addiction, a character flaw, a habit, a person – you have merely decided to stop being vigilant and embraced denial as your modus operandi. And that is what this book is about, and for: to remind you not to buy in to the Hollywood ending. Ironically

maybe, much of *Baggage* chronicles my life in Hollywood and how, since I recovered from a nervous breakdown at 28, work has repeatedly whisked me away from personal calamities to sets and stages around the world. It is also about marriage(s): starting with the break-up of my first (to a woman) and ending with the ascension to my second (to a man) with many kissed toads in between! But in everything, each failed relationship or encounter with a legend (Liza! X Men! Gore Vidal! Kubrick! Spice Girls!), in every bad decision or moment of sensual joy I have endeavored to show what I have learned and how I've become who I am today: a happy, flawed, vulnerable, fearless middle-aged man, with a lot of baggage.

[No More Misbehavin'](#) - Michele Borba 2003-10-27

From Principles of Learning to Strategies for Instruction-with Workbook Companion - Robert J. Seidel 2007-09-23

In this workbook companion, we expand on the strategies presented in the book by supplying need-based practical and specific strategies for implementation of a variety of other subject matters. The book provides contributions from a mix of teacher educators and practitioners. We focus on a specific targeted group, high school age adolescents. Our targeted readers are new and experienced teachers developing curricula for this group.
