The King of Prussia's Plan for Reforming the Administration of Justice, Drawn Up by His Majesty Himself by Which the Method of Proceeding in the Courts of Justice Is Regulated in Such Manner

- Multiple Contributors 2018-04-25

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their constituents. Original texts make the American, French, and Industrial revolutions vividly contemporary.

Das Motiv ist ideal geeignet für Männer, Frauen und Kinder, perfekt als Geschenk für Weihnachten, Ostern, zu einem Geburtstag, oder jeglichen anderer Feierlichkeiten.

The Poems of Marianne Moore - Marianne Moore 2003

More than thirty years after her death, Marianne Moore continues to be one of America's best-loved poets, and is now regarded as one of the most significant and influential voices of the twentieth century. However, her inaccurately titled Complete Poems (Faber and Faber, 1968), from which the poet decided to omit nearly half of her published poetry - 'omissions are not accidents' - gave readers only a partial view of her work. The Poems of Marianne Moore, scrupulously edited by the poet Grace Schulman, for the first time includes all of Moore's poems, among them more than one hundred previously uncollected and unpublished versions. Organized chronologically, to allow readers to follow Moore's development as a poet, the volume includes an introduction and all of Moore's original notes to the poems, together with Schulman's editorial notes, attributions and the most significant variants. This long-awaited volume will reveal the true scope of Marianne Moore's poetry, particularly her increasingly admired early verse, and introduces her work to a new generation of readers in what will become the definitive edition. 'I am tempted simply to call her our greatest modern poet.' John Ashbery 'Moore's poems form part of the small body of durable poetry written in our time.' T. S. Eliot 'For sureness of execution, for originality of technical accomplishment, her poetry is unsurpassed in our time.' Randall Jarrell

The Life, Diary, and Correspondence of Sir William Dugdale ... - William Dugdale 2018-10-13

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Pamela - Volume 2 - Samuel Richardson 2019-08-05

Volume 2 of Richardson's classic Pamela. One of the most spectacular successes of the burgeoning literary marketplace of eighteenth-century London, Pamela also marked a defining moment in the emergence of the modern novel. In the words of one contemporary, it divided the world 'into two different Parties, Pamelists and Antipamelists', even eclipsing the sensational factional politics of the day. Preached up for its morality, and denounced as pornography in disguise, it vividly describes a young servant's long resistance to the attempts of her predatory master to seduce her. Written in the voice of its low-born heroine, but by a printer who fifteen years earlier had narrowly escaped imprisonment for the seditious output of his press, Pamela is not only a work of pioneering psychological complexity, but also a compelling and provocative study of power and its abuse.

Père Pascal, a Monk of Montserrat, vindicated: in a charge brought against him by a noble Earl of Great-Britain [i.e. George William Coventry, 6th Earl of Coventry?]. - Philip THICKNESSE 1783

Pandemic - EdD Rose Bruce 2020-06-08

Dr. Rose Bruce is a professional Social Science researcher with thirty years experience writing research reports and books on research and spiritual awareness. Through this lens, she describes her personal and professional reaction to the unfolding of the Covid-19 Pandemic from March 21, 2020 to May 14, 2020. During these eight weeks of "shelter in place" living, Dr. Bruce recounts daily news updates, inspirational readings, thoughts and feelings as the Covid-19 virus spread across the United States and the world. Included are charts of the cases and deaths in the U.S. and the world. We experience the challenges and endurance familiar to everyone who lived through these times. By sharing her story, Dr. Bruce calls upon us all to reach deep inside for strength and courage to face the facts of this deadly disease. Citing the necessity of living "one day at a time", she exemplifies the spiritual walk through very difficult days. She also inspires us to rise to our "highest selves" choosing love over fear. Dr. Rose Bruce lives in beautiful Sonoma County one hour north of San Francisco, California with her husband Eric Burtis.

Public Finance - Harvey S. Rosen 2008

A comprehensive presentation of the field of public finance, this text adopts a modern, theoretical and empirical approach to the subject.

The Epochal Event - Zoltán Boldizsár Simon 2020-07-23

This book is a unique attempt to capture the growing societal experience of living in an age unlike anything the world has ever seen. Fueled by the perception of acquiring unprecedented powers through technologies that entangle the human and the natural worlds, human beings have become agents of a new kind of transformative event. The ongoing sixth mass extinction of species, the prospect of a technological singularity, and the potential crossing of planetary boundaries are expected to trigger transformations on a planetary scale that we deem catastrophic and try to avoid. In making sense of these prospects, Simon's book sketches the rise of a new epochal thinking, introduces the epochal event as an emerging category of a renewed historical thought, and makes the case for the necessity of bringing together the work of the human and the natural sciences in developing knowledge of a more-than-human world.
