*Ethical Decision Making for Business* - John Fraedrich 2010-06-15

Providing a vibrant new four-color design, market-leading ETHICAL DECISION MAKING FOR BUSINESS, 8e, International Edition, thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, this accessible, applied text addresses the overall concepts, processes, and best practices associated with successful business ethics programs—helping readers see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the new eighth edition incorporates comprehensive and rigorous updates that reflect the recent economic crisis and the ever-increasing academic and governmental attention being given to this area. It also includes nine all-new case studies, while other cases have been completely updated.

**Ethical Decision Making: Introduction to Cases and Concepts in Ethics** - Lisa Newton 2014-07-08

This short introduction to the discipline of Ethics in its practical and professional applications teaches, in simplest form, the discipline's vocabulary and forms of reasoning. It includes illustrative cases, clear explanations of philosophical terminology, and presents decision procedures appropriate to a hierarchy of cases. It is meant to be a foundation for elementary work in Ethics.

The new edition also includes an in-depth examination of current and recent ethical affairs, such as the dangerous work environments of off-shore factories for Western retailers, the negligence resulting in the 2010 BP oil spill, the gender wage gap, the minimum wage debate and increasing income disparity, and the unparalleled level of debt in the U.S. and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers. Key Features Include: Seven volumes, available in both electronic and print formats, contain more than 1,200 signed entries by significant figures in the field Cross-references and suggestions for further readings to guide students to in-depth resources Thematic Reader's Guide groups related entries by general topics Index allows for

thorough browse-and-search capabilities in the electronic edition

**MMM343 Business Ethics** - O. C Ferrell 2013

*Managing Business Ethics* - Alfred A. Marcus 2019-12-19

Managing Business Ethics: Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using the weight-of-reasons approach applied throughout the book. This decision-making framework's goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels. Each chapter provides a case to walk through application of the framework and mini-cases allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

**Ethical Decision Making and Information Technology** - James Linderman 2006-03

**Ethics on the Job: Cases and Strategies** - Raymond S. Pfeiffer 2012-12-13

ETHICS ON THE JOB guides the reader through a step-by-step analysis to help them make good decisions in the face of ethical conflict. With the RESOLVEDD strategy, the authors have devised a powerful system for ethical decision-making in the workplace, which they teach students to implement through timely case studies and detailed analyses. Students develop a working grasp of important philosophical principles and their application in ethical conflicts, and learn to apply the RESOLVEDD strategy to ethical issues in their own lives. A classic text in ethical decision-making, ETHICS ON THE JOB is widely used in business ethics classes and corporate training programs across the country. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics - Ferrell 2021-07

Learn to make successful ethical decisions in the midst of the new business realities of 2020 and 2021 with Ferrell/Fraedrich/Ferrell's market-leading BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, 13E. Packed with current examples and exercises, this edition demonstrates how to integrate ethics into strategic business decisions as reorganized chapters clearly present the ethical decision-making process in today's complex legal, social and political environments. New scenarios highlight 2020 economic and pandemic realities and preview ethical challenges you are most likely to encounter as a new manager. Updates address the processes and best practices behind successful business ethics with the latest legislation and new coverage of global sustainability and corporate social responsibility. New and original cases provide insights into ethics in familiar organizations, such as Tesla and TOMS, while exercises and MindTap online resources reinforce concepts with hands-on applications.

**Understanding Business Ethics** - Peter A. Stanwick 2015-09-16

Filled with real-world case studies and examples of ethical dilemmas, Understanding Business Ethics, Third Edition prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

**Business Ethics** - Patrick O'Sullivan 2012

A series of high-profile events in recent years have highlighted the growing need to cover ethical issues in international business and raise awareness of the responsibilities that need to be integrated into all levels and all subjects. Utilising the knowledge from a wide selection of expert contributors and illuminated by a case study for each chapter, this comprehensive volume makes a compelling case for business ethics to become an integrated consideration across the business disciplines, rather than an afterthought in the curriculum.

**Leadership and Business Ethics** - Gabriel Flynn 2022-01-24

This book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline. This work provides imaginative and innovate proposals for the indispensable coupling of virtue, integrity, and character with global business, finance, and banking. The volume seeks to overcome the marginal status of business ethics in universities, business, and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue. This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business. It proposes practical advice and viable suggestions to business people on what is right and wrong in business. The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders. In the important domain of women in leadership, the volume provides new solutions that break boundaries on the global stage. The work challenges unethical marketing of human images with important implications for citizenship and society. The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society. The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking.

Business Ethics - Mark S. Schwartz 2017-02-21

Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

**Business Ethics + Mindtap Management, 1-term, 6 Month Printed Access Card** -

**Business Ethics** - Lou E. Pelton 2004-07

This collection of timely, provocative articles provides students with a framework for understanding the importance of business ethics and corporate responsibility. Each reading addresses aspects of leadership, compliance, and/or decision making in organizational settings. Students will be challenged to consider the potential conflicts between, and impacts on, the stakeholder value systems present within organizations. Originally created to accompany Business Ethics, by Ferrell/Fraedrich/Ferrell, this supplemental text supports any course in which instructors are looking to enhance coverage of business ethics/corporate responsibility.

Business Ethics - Faith That Works, 2nd Edition - Larry Ruddell 2014-11-06

Business Ethics--Faith That Works, 2nd Edition shows how faith forms the foundation for the theory and practice of business ethics and how ethical leadership results in long-term success in business. It

challenges readers to understand their own beliefs and actively base the ethics they practice in business on those beliefs for building an ethical culture that can lead to a sustainable competitive advantage. The book begins by covering business ethics basics, highlighting how ethics are good for business. Ruddell then analyses the Scriptural teaching about business ethics as a model for how faith can (and indeed must) integrate with business ethics and then contrasts with other, secular, views of business ethics. He continues by reviewing steps for solving ethical problems in business and how to set up and carry out an effective ethics program inside the business and how companies can extend those ethics to those around them through effective social outreach programs, and to the environment by being good stewards of our resources.

*Business Ethics* - O. C. Ferrell 2005

Due to a series of highly publicized scandals involving prominent organizations and figures (including Enron, WorldCom, and Martha Stewart), more business instructors are intent on teaching their students sound ethical principals. Business Ethics fulfills the need for a practical, applied text at the core of the ethics course or used as a supplement in other undergraduate and graduate courses. This accessible, up-to-date text covers the complex environment in which managers confront ethical decision making. Through this managerial framework, the authors cover the overall concepts, processes, and best practices associated with successful business ethics programs—helping students to see how ethics can be integrated into key strategic business decisions. Pedagogical tools help students to prepare for real-world ethical dilemmas instead of focusing on intellectual reasoning or a philosophical discussion of ideas. At the beginning of each chapter, Chapter Objectives give students concrete expectations for what they will learn, and An Ethical Dilemma describes a hypothetical incident and then asks students to consider how it may be resolved. A Real-Life Situation, or fictional mini-case, at the end of each chapter helps students to practice what they have learned and experience the process of ethical decision making. Check Your EQ quizzes allow students to assess their overall understanding of the key points in each chapter (answers appear upside-down at the end of this feature). In addition, instructors can use Behavior Simulation Role-Playing Cases from the Instructor's Resource Manual that encourage students to practice making complex, realistic, and timely ethical decisions while working in teams. New! Nine new cases reinforce the text's applied approach to ethics and cover a range of organizations and topics, such as "Martha Stewart's Insider Trading Scandal," "Enron: The Case of the Tilted 'E,'" "Tyco International, Ltd.," and "WorldCom." The Sixth Edition features a total of 18 cases—three more than in the last edition. New! Chapter 10, Business Ethics in a Global Economy, includes information on best practices, ethics audits, and disaster recovery planning to increase students' awareness of cross-national ethical issues and develop their strategic skills for planning and working through disasters. New! New and updated topics appear throughout the text, including a discussion of organizational and stakeholder issues and how to manage the necessary conflicts between stakeholder priorities; clarification of the notion of a universal code of ethics; increased coverage of highly ethical organizations such as Nordstrom and L.L. Bean; and more examples of ethical issues at lower management and entry-level positions. New! The Sixth Edition features a new two-color design, increasing the text's visual appeal and accessibility by more effectively highlighting major topics.

**Business Ethics** - Christian U Becker 2019-05-02

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic management. Business Ethics: Methods and Application provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the

economy for the individual person, society, the environment, and people around the world. As a result, Business Ethics: Methods and Application develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

**Business Ethics** - Laura Pincus Hartman 2016-04-16

**International Business Ethics and Growth Opportunities** - Wolf, Ruth 2014-12-31

In the modern business environment, companies strive to create a sense of moral obligation within their employees in an effort to foster a concern for social welfare and justice among global organizations. Despite the efforts of managers and directors, many companies continue to find it difficult to overcome the moral dilemmas of the corporate sector. International Business Ethics and Growth Opportunities presents the necessary methods and resources for managers and directors to be successful in leading their corporations in a responsible and morally conscious manner. Examining the dangers of unethical behavior, this book provides the strategies and tools for proper management to encourage company strength and success. This publication is an essential resource for academicians, researchers, officials, post-graduate students, and professionals in the fields of business and business education interested in ethical decision making on the individual and company level.

**Managing Business Ethics** - Linda K. Trevino 2016-09-13

Revised edition of the authors' Managing business ethics, [2014]

**Ethical Obligations and Decision Making in Accounting** - Steven M. Mintz 2008

Ethical Obligations and Decision-Making in Accounting gives students a robust ethical framework that is crucial for accountants in the post-Enron era. Incorporating the principles of the AICPA code and other systems of ethics, Mintz and Morris show accounting students how a commitment to ethics can enable accounting professionals to meet their ethical obligations both to investors and creditors. No other book so comprehensively examines the elements of the financial reporting system - including the ethics of the internal control environment and the effectiveness of board of director and audit committee oversight - that determine the ethical standard of the accounting process.

*Business Ethics 2009 Update: Ethical Decision Making and Cases* - O. C. Ferrell 2009-04-27

Delve into the core of ethics today in your course with the latest practical, applied coverage found in Ferrell/Fraedrich/Ferrell's BUSINESS ETHICS 2009 UPDATE. Whether you use this book as a supplement or primary text in your undergraduate or graduate course, the accessible, up-to-date approach provides unmatched insights into the complex environment in which contemporary managers make ethical decisions. The book's solid managerial framework and new updates highlight the latest developments in ethics and how they relate to overall ethics concepts, processes, and best practices used throughout successful business ethics programs. Your students see how ethics can play a critical role in key strategic business decisions. Captivating new cases and engaging examples reflect today's most recent business developments and crises. Rather than focusing on intellectual reasoning alone or a philosophical discussion of ideas, the book's proven learning features help students prepare and practice confronting the types of actual ethical dilemmas they will face in today's business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Responsible Conduct of Research** - Adil E. Shamoo 2009-02-12

Recent scandals and controversies, such as data fabrication in federally funded science, data manipulation and distortion in private industry, and human embryonic stem cell research, illustrate the importance of ethics in science. Responsible Conduct of Research, now in a completely updated second edition, provides an introduction to the social, ethical, and legal issues facing scientists today.

*Ethical Decision-Making in School Mental Health* - James C. Raines 2021-03-01

Ethical predicaments are endemic for mental health professionals working in schools. New interventions, evolving technologies, and a patchwork of ethical and legal guidelines create a constant stream of potential dilemmas. The seven-step model presented in this book allows readers to apply a practical process to complex questions while both minimizing liability and protecting students. Beginning with an introduction of the moral, legal, and clinical foundations that undergird ethical practice, James C. Raines and Nic T. Dibble present an ethical decision making model with seven steps: know yourself and your responsibilities, analyze the dilemma, seek consultation, identify courses of action, manage clinical concerns, enact the decision, and reflect on the process. *Ethical Decision-Making in School Mental Health* provides ethical guidelines from four different professions and addresses mental health issues in schools. This new edition includes meticulously updated chapters based on recent changes to all of the codes of ethics over the past ten years.

*Ethical Decision-Making* - Patricia A. Mitchell 2019-07-29

This text provides a unique collection of case studies across a wide range of organizations (higher education, K-12 education, military, state and local government administration, non-profit institutions, and agency management, etc.). These cases examine ethical decision-making and organizational and leadership behavioral concepts that are practiced in these organizations. The cases cover topics facing our workforce today and ask the reader to solve the dilemma. Through a discussion of these cases, students apply decision making and organizational and leadership strategies to analyze each case and therefore gain a better understanding of how to effectively lead and manage within their organizations. This text challenges students to think critically and analytically. Students are encouraged to reflect on options a practitioner could use to solve the problem. All of the cases end with an open scenario and a set of questions, allowing students to offer a wide range of opinions and participate in reflective and robust discussions. Perfect for courses such as: Introduction to Ethics | Introduction to Ethical Decision-Making | Principles of Ethical Leadership Ethical Organizations: Principles and Application | Introduction to Organizational Change

*Culturally Relevant Ethical Decision-Making in Counseling* - Rick Houser 2006-04-12

*Culturally Relevant Ethical Decision-Making in Counseling* presents a hermeneutic orientation and framework to address contextual issues in ethical decision-making in counseling and psychotherapy. Authors Rick Houser, Felicia L. Wilczenski, and Mary Anna Ham incorporate broad perspectives of ethical theories which are grounded in various worldviews and sensitive to cultural issues.

*Business Ethics* - Mark S. Schwartz 2017-05-01

*Business Ethics: An Ethical Decision-Making Approach* presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes

place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

***Business Ethics: Ethical Decision Making & Cases*** - O. C. Ferrell 2014-01-01

Packed with cases, exercises, simulations, and practice tests, the market-leading *BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES*, Tenth Edition, thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, this accessible, applied text addresses the overall concepts, processes, and best practices associated with successful business ethics programs--helping readers see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the new tenth edition incorporates coverage of new legislation affecting business ethics, the most up-to-date examples, and the best practices of high-profile organizations. It also includes 20 all-new or updated original case studies. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*The Seven Signs of Ethical Collapse* - Marianne M. Jennings 2006-08-22

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings has spent a lifetime studying business ethics--and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in *The Seven Signs of Ethical Collapse* the reasons that companies and nonprofits undergo ethical collapse, including: · Pressure to maintain numbers · Fear and silence · Young 'uns and a larger-than-life CEO · A weak board · Conflicts · Innovation like no other · Belief that goodness in some areas atones for wrongdoing in others Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings of business today, *The Seven Signs of Ethical Collapse* is both a must-have tool and a fascinating window into today's business world.
