The Hidden Adult - Perry Nodelman 2008-09-30

Analyzes six popular children's books to define the genre and explains ways that adult experience and expectations can change the meaning of the text.

[Creating Critical Classrooms](#) - Mitzi Lewison 2014-08-07

This popular text articulates a powerful theory of critical literacy—in all its complexity. Critical literacy practices encourage students to use language to question the everyday world, interrogate the relationship between language and power, analyze popular culture and media, understand how power relationships are socially constructed, and consider actions that can be taken to promote social justice. By providing both a model for critical literacy instruction and many examples of how critical practices can be enacted in daily school life in elementary and middle school classrooms, *Creating Critical Classrooms* meets a huge need for a practical, theoretically based text on this topic. Pedagogical features in each chapter • Teacher-researcher Vignette • Theories that Inform Practice • Critical Literacy Chart • Thought Piece • Invitations for Disruption • Lingering Questions New in the Second Edition • End-of-chapter "Voices from the Field" • More upper elementary-grade examples • New text sets drawn from "Classroom Resources" • Streamlined, restructured, revised, and updated throughout • Expanded Companion Website now includes annotated Classroom Resources; Text Sets; Resources by Chapter; Invitations for Students; Literacy Strategies; Additional Resources

Children's Literature Studies - Linda C. Salem 2006

This supplement to standard children's literature textbooks will be a help to instructors as they engage their students in discussions about selection of materials, censorship, dealing with curricular issues, the need to understand administrative policies, community beliefs, and their responses to these issues. It is designed to help instructors discuss books in ways that inspire collegiality, collaboration, and scholarship in book evaluation and selection. Using actual case studies, resource reviews and/or scenarios of censorship, religion, violence, ethnicity and other issues, the instructor will be able to encourage discussion and reflective thought about real issues faced by teachers and librarians as they select materials for classroom or school library use. Guides for possible resources for help in researching situations will be included. This will prove a very valuable resource in teaching children's literature courses

in schools of education and library schools, and useful to practicing teachers and librarians as well. Though the book is slanted toward the use of books as classroom materials, it will be a valuable asset to a school library's professional collection and certainly valuable to the training of pre-service teachers and school librarians. Each chapter begins with a bibliographic essay that introduces the topic to the reader. The essay is designed as a starting point for further discussion and research. A list of references for each chapter is provided at the end of the chapter. These references represent sources teachers can use to conduct further research to find multiple perspectives about books.

Reading the Adolescent Romance - Amy Pattee 2011-01-25

Reading the Adolescent Romance provides an exhaustive study of the developments in young adult literature since the 1980s with a focus on Francine Pascal's "Sweet Valley High" series, which has become a cultural and literary touchstone for both fans and critics of the novels. Pattee carefully examines the series' content, structure, and readers, allowing her to investigate an influential marketing and literary phenomenon and to interrogate the intersecting influences of history, audience positioning, and readability that allowed "Sweet Valley" and other teen series to flourish. This book demonstrates that, as a series of generic romance novels, "Sweet Valley High" exhibits tropes associated with both adolescent and adult romance and, as a product of the early 1980s, has and continues to espouse the conservative romantic ideologies associated with the time period. While erstwhile readers of the series recall the novels with pleasure, re-readers of Pascal's novels — who remember reading the series as young people and have revisited the books as adults — are more critical. Interestingly, both populations continue to value "Sweet Valley High" as an identity touchstone. Amy Pattee is an associate professor of library and information science at the Graduate School of Library and Information Science at Simmons College in Boston, Massachusetts. There, she teaches children's and young adult literature in both the library school and in a dual degree program affiliated with Simmons College's Center for the Study of Children's Literature.

Connecting Theory and Practice in Middle School Literacy - Jason DeHart 2021-12-28

Bringing together the voices of researchers and teachers, this volume addresses how teachers connect theory to practice in the middle school English Language Arts education setting and explores how to teach and engage with young adults in a way that treats them as ethical and thoughtful citizens. The book bridges the gap between educational theory and real-world implementation and covers a range of timely topics in middle level education through a focus on text choice, identity, and practice. Contributors acknowledge and balance the challenges associated with the reality of teaching, including time constraints, sudden shifts, and fast-paced work, with real-world guidance on key topics, such as supporting multilingual students, queering middle grade pedagogies, teaching diverse texts, examining racial bias in the classroom, and critical digital literacy. Ideal for courses on middle level education and literacy education, this book encourages and equips pre-service teachers to engage in meaningful conversations with their students that foster reflection and transformative learning.

Talk about Books! - Elizabeth Knowles 2003

This new guide provides everything you need to run a dynamic, no-fuss book discussion group with elementary and middle school students.

Negotiating Critical Literacies with Teachers - Vivian Maria Vasquez 2013-03-05

How can teacher educators engage pre-service and in-service teachers in learning about and framing their teaching from a critical literacy perspective? What does this mean? Why is it important? To address these questions, this book offers a theoretical framework and detailed examples, pedagogical resources, and insights into ways to build critical literacies with teachers in and out of school. Its unique contribution is to bridge critical literacy theory and teacher education. Participants in teacher education programs and professional development settings are often reminded of the need to build curriculum using children's inquiry questions, passions and interests but generally this message is delivered only through telling (lectures) or showing (examples from other people's classrooms). This book advances critical literacy by explaining and illustrating how teacher educators can do much more—by creating opportunities for pre-service and in-service teachers to "live critical literacies" through experiencing firsthand what it is like to be a learner where the curriculum is built around teachers' own inquiry questions, passions, and interests.

Reclaiming Reading - Richard J. Meyer 2012-03-22

Inviting teachers back to the role of reflective advocates for thoughtful reading instruction, this book

presents theory and pedagogical possibilities to reclaim and build upon the knowledge base that was growing when government mandates, scripted commercial programs, and high stakes tests took over as the dominant agenda for reading instruction in U.S. public schools. Focusing on literacy learners' and their teachers' lives as literate souls, it examines how the teaching of reading can be reclaimed via an intensive reconsideration of five pillars as central to the teaching and learning of reading: learning, teaching, curriculum, language, and sociocultural contexts. Reclaiming Reading articulates the knowledge base that was marginalized or disrupted by legislated and policy intrusions into classrooms and provides practical examples for taking good reading instruction out of the cracks and moving it back to the center of the classroom. Explaining what happens in readers' minds as they read and how teachers can design practices to support that process, this book encourages teachers to initiate pedagogy that will help them begin or return to the stance of reflective, knowledgeable, professional decision-makers.

Reading the Visual - Frank Serafini 2014

Reading the Visual is an essential introduction that focuses on what teachers should know about multimodal literacy and how to teach it. This engaging book provides theoretical, curricular, and pedagogical frameworks for teaching a wide-range of visual and multimodal texts, including historical fiction, picture books, advertisements, websites, comics, graphic novels, news reports, and film. Each unit of study presented contains suggestions for selecting cornerstone texts and visual images and launching the unit, as well as lesson plans, text sets, and analysis guides. These units are designed to be readily adapted to fit the needs of a variety of settings and grade levels.

Researching Literate Lives - Jerome C. Harste 2020-10-02

In the World Library of Educationalists series, international experts themselves compile career-long collections of what they judge to be their finest pieces - extracts from books, key articles, salient research findings, major theoretical and practical contributions - so the world can read them in a single manageable volume. Readers will be able to follow the themes and strands and see how their work contributes to the development of the field. This volume brings together articles, essays, poetry, and artwork from Jerome C. Harste's extensive career across the field of literacy studies. This book addresses his contributions to early literacy, reading comprehension, ways of knowing, inquiry-based education, and creating critical classrooms—among other topics—in his characteristically whimsical tone. Following the chronology of his career, each section of the book reflects an important theme of Harste's work and documents the impact of his contributions on the field. Combining his key articles with historical notes, fun facts, and professional tips, Harste tells stories about encounters with colleagues, and covers everything from seminars he developed and taught, the importance of collaboration, how his thinking and teaching have grown and evolved, ways his scholarship was enhanced through participation in professional organizations, as well as pithy words of advice for fellow scholars. The articles in this collection trace the development of a thought collective which Harste helped create and which continues to shape research and practice in the field of literacy education.

Give a Boy a Gun - Todd Strasser 2020-06-09

"[H]aunting and harrowing." —Booklist (starred review) "Vivid, distressing, and all too real." —Kirkus Reviews In this 20th anniversary edition of Todd Strasser's gut-wrenching and critically acclaimed Give a Boy a Gun, two boys bring guns to school in search of revenge against their classmates. For as long as they can remember, Brendan and Gary have been mercilessly teased and harassed by the jocks who rule Middletown High. But not anymore. Stealing a small arsenal of guns from a neighbor, they take their classmates hostage at a school dance. In the panic of this desperate situation, it soon becomes clear that only one thing matters to Brendan and Gary: revenge. This special 20th anniversary edition includes

updated backmatter and statistics on school shootings—a topic that is now more relevant than ever.

Engaging Writers with Multigenre Research Projects - Nancy Mack 2015

Multigenre research projects affirm students' home cultures while developing important academic skills consistent with the Common Core State Standards in reading and writing. This book will guide teachers in assigning, scaffolding, and assessing multigenre research assignments, including how to choose a topic, pace the work, and keep writers on track to achieve specific goals. Chapters are arranged by topic with each containing a description of the educational rationale for the topic, an introductory activity that serves as an inspiration for students in selecting a topic, and field-tested minilessons with step-by-step instructions. All the traditional elements of a research paper—quotations from experts, works cited, explanation, synthesis, and analysis—are brought to life as students animate information with emotion and imagination. An additional chapter describes how teachers have adapted this project for other subjects, such as social studies, science, and literature. Book Features: Prompts focused on home culture, inclusive model texts, and support for diverse language proficiencies. Correlations between writing skills and the Common Core State Standards, including academic citation and reading historical documents and other nonfiction texts. Practical management strategies for teaching large writing projects, including prewriting, drafting, revising, proofreading, and publishing. Publication options that include everything from paper-crafting to multimodal composition. A companion website with downloadable handouts and additional teaching strategies. "Engaging Writers with Multigenre Research Projects is pedagogically groundbreaking, signaling a critical and principled shift in our understanding of what it means to teach research in the writing classroom. Mack's approach heralds the beginning of a new era, one that insists on relevancy as the cornerstone to effective teaching and a deep acknowledgment that students bring with them to the classroom valuable resources, experiences, and well-developed literacies—the necessary context for engaging in meaningful research and substantive writing." #8212; Jacqueline Preston, assistant professor, Utah Valley University "In Engaging Writers with Multigenre Research Projects Nancy Mack is both a scholar and an experienced teacher just down the hall who generously shares strategies, rationale, and teaching tips. You'll find insightful discussions about the form and function of genres, minilessons to launch students' writing, and advice about research, feedback, and assessment of projects that meld fact and imagination. She accomplishes this through clear, uncluttered writing that is at once practical and provocative. Engaging Writers with Multigenre Research Projects will help you support and stretch your students. It did for me." —Tom Romano, John Heckert Professor of Literacy, Miami University

Young Adult Literature - Michael Cart 2010-09-01

This insightful and often humorous work presents the evolution of YA lit in an appealing way, making it equally useful for students of literary studies.

Boys in Children's Literature and Popular Culture - Annette Wannamaker 2012-09-10

Boys in Children's Literature and Popular Culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States. The popular texts boys like are often ignored by educators and scholars, or are simply dismissed as garbage that boys should be discouraged from enjoying. However, examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children's culture and form dominant versions of masculinity. Such popular texts as Harry Potter, Captain Underpants, and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys. They often use depictions of the abject - threats to bodily borders - to blur the distinctions between what is outside the body and what is inside, between what is "I"

and what is "not I." Because of their reliance on depictions of the abject, those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct.

The Ivory Tower and Harry Potter - Lana A. Whited 2004

Now available in paper, *The Ivory Tower and Harry Potter* is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

Crossing Textual Boundaries in International Children's Literature - Lance Weldy 2011-01-18

"As the first part of the title indicates, my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well. If we believe that 'no text is an island,' then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry. I included the word 'boundaries' into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries, such as genre or medium. Not only am I interested in discussing what these changes across boundaries mean socially, historically, and culturally, but also what they mean geographically, which accounts for the second part of my title. "I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did, in the sense that I have added more scholars on an international level. I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways, by either studying abroad or finding permanent residency in foreign countries. Nevertheless, the writers have lived extensively in or identify as being from Australia, Canada, England, Finland, Germany, Greece, Iceland, Ireland, Israel, Norway, Spain, Sweden, Turkey, the United States of America, and Wales." —Introduction
