The Dark Secret - Lorna J 2019-06-06

Magic is the activation of codes of consciousness capable of collapsing time. These codes exist in all humans, in a field of energy and power called the super conscious, or the gold mind. This book is the New Spirituality, carrying the New Myth of Awakening and the Awakened. Because the Truth is this: You are wired for magic. Thriving is your natural state. And genius is in your bones. You've just been running your great godly power through a tiny, cramped, low-voltage energy management system that was never built to handle the demands of a genius giant like you. It's like trying to light up all of Los Angeles on a single generator. Hello lights off most of the time. Blindness. Stumbling around in the deep shadows thinking something is terribly wrong with your generator. There's nothing "wrong" with it. It just needs to be replaced with a Universal Power Management System, which you already have all wired up, and connected, and in place, you just gotta be told where the switch is. And then? Magic is inevitable. And I do mean magic: What any typical human would consider "impossible," "miraculous" and totally inexplicable. You know, like the way a Neanderthal would feel about an iPhone. Because magic is not a mystery. It's a spiritual science. And I'm here to teach it to you. And why does the world need ANOTHER book on manifestation exactly? Yes, I've heard of a little, no-name piece of work called "The Secret." The one that's right up there with the BIBLE

in terms of global sales and impact, and that's ALL ABOUT manifestation and features people WAY MORE POPULAR AND WELL-KNOWN than I, who are considered the world's EXPERTS on this very subject. So HOW EXACTLY do I expect to hold a candle to THAT? I'm so glad you asked. So just to kinda summarize your position (which is completely understandable by the way)...You're saying there are these spiritual giants roaming the land of manifestation.....and who am I to go up against them. Do I have that right? Cool. So lemme tell you this story, maybe you've heard it. About David and Goliath? Where Goliath was the giant? Who was terrorizing the Israelites? And every day he'd lumber his huge, terrifying self out onto the battlefield and dare someone to face him in single combat. But hello. He was a fucking giant. And they were all "just humans." So even Saul, the KING of Israel, was like, hmmm. No thanks. So this went on for forty days. Then one day a little shepherd boy named David, who was bringing food to his brothers, heard about all this hullabaloo, and was like, Jesus Christ (well, not yet. This is still Old Testament times, but you get the point). I'll do it. Saul offered David his armor, and David was like, Hey, thanks, Saul, King of Israel who's supposed to be doing this but isn't because you're too scared. I'm cool. I have my SLINGSHOT. And he went out into the field, swung that fucker around, hit Goliath right in the center of his forehead (so, ummm, in this THIRD EYE), and down that great and terrifying giant went. And then a

little later, that no-name shepherd boy became King. The subtitle of this book isn't called "Magic and the Takeover of Consciousness" for nothin'. I know what I'm up against. And I know exactly where to aim my shot. And I know that when you see that beautiful philosopher's stone of the truth of consciousness travel its most arresting arc through the air of spiritual intelligence and hit the giants of manifestation right in their third eye, (which is totally blind), your third eye will FLY OPEN and that will be the end of that. Because the truth there's a dirty secret no one's talking about in the world of spiritual transformation, self help and the way manifestation is being taught: None of it really works all that well and even the inner circle of spiritual gurus can't manifest on demand. I'm here to change that for you.

Heart of Darkness and the Secret Sharer - Joseph Conrad 2008-08-05

In this pair of literary voyages into the inner self, Joseph Conrad has written two of the most chilling, disturbing, and noteworthy pieces of fiction of the twentieth century. *Heart of Darkness* is a devastating commentary on the corruptibility of humanity. Based on Conrad's own 1890 trip up the Congo River, the story is told by Marlow, the novelist's alter ego. It is a journey into darkness and horror—both literally, as the narrator descends into a sinister jungle landscape, and metaphorically, as he encounters the morally depraved Mr. Kurtz. *The Secret Sharer* is the tale of a young sea captain's first command as he sails into the Gulf of Siam—and into an encounter with his mysterious "double," the shadow self of the unconscious mind. Joseph Conrad boldly experimented with the novella and novel forms, filled his writing with the exotic places he

himself had traveled, and concerned himself with honor, guilt, moral alienation, and sin. *Heart of Darkness* and *The Secret Sharer* encapsulate his literary achievements—and his haunting portrayal of the dark side of man. With an Introduction by Joyce Carol Oates and an Afterword by Vince Passaro

Light On A Dark Secret - Glynnis Hayward 2013-01-19

With a Foreword by Ken Andrew, former South African Opposition M.P. and human rights advocate. In 1982, Fran Walker was born in California and given up for adoption. Twenty years later, she is on a quest to find her biological parents and solve questions that have plagued her since childhood. Four women are the storytellers and each narrates her perspective of events that began in 1980, when two students fell in love in South Africa. In addition to Fran, the women are her birth mother, biological grandmother, and adoptive mother. 1980 was a difficult time in apartheid-era South Africa for those who opposed government policies; it was extremely dangerous to act outside the law. As a bi-racial couple in a country governed by strict laws of racial segregation, Valerie and Johan's love affair was clandestine. The consequence of their forbidden love, if discovered, would be immediate incarceration. A child from such a union was unthinkable. Discovering she is pregnant, Valerie is faced with imminent exposure. Unable to communicate with Johan, who is being closely monitored by the police, she makes decisions that will have far-reaching consequences. Her actions, as well as those of her mother, Sharon Spencer, and Grace Walker - Fran's adoptive mother, raise the question: More than biology, what does it take to be a mother? Fran despairs when, amidst prejudice and recrimination, her search discovers a family alienated and broken. But the journey to South Africa is a coming of age for her when she falls in love with a fellow student. She gains insights which help her understand and forgive the circumstances that surrounded her birth. "Light on a Dark Secret is a vivid reminder of apartheid's injustice and its far-reaching effects." Ken Andrew
