The Basic Oxford Picture Dictionary - Margot Gramer 2003

This package provides full-colour overhead transparencies of each dictionary page (monolingual edition), packaged in a ring binder for easy access.

A Dictionary of Media and Communication - Daniel Chandler

2020-02-21

This authoritative and up-to-date A-Z covers all aspects of interpersonal, mass, and networked communication, including digital and mobile media, advertising, journalism, and nonverbal communication. This new edition is particularly focused on expanding coverage of social media terms, to reflect its increasing prominence to media and communication studies as a whole. More than 2,000 entries have been revised, and over 500 new terms have been added to reflect current theoretical terminology, including concepts such as artificial intelligence, cisgender, fake news, hive mind, use theory, and wikiality. The dictionary also bridges the gap between theory and practice, and contains many technical terms that are relevant to the communication industry, including dialogue editing, news aggregator, and primary colour correction. The text is complemented by

biographical notes and extensively cross-referenced, while web links supplement the entries. It is an indispensable guide for undergraduate students of media and communication studies, and also for those taking related subjects such as television studies, video production, communication design, visual communication, marketing communications, semiotics, and cultural studies.

Oxford Latin Course - M. G. Balme 1997

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to

know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

Oxford Picture Dictionary - Jayme Adelson-Goldstein 2009-06

The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional

advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

Oxford Picture Dictionary Content Areas for Kids - Joan Ross Keyes 2011-12

Accelerates Academic Language Development The Oxford Picture Dictionary Content Areas for Kids is a complete research-based language development program that uses vibrant, engaging illustrations to facilitate vocabulary acquisition and academic language success.

Korean Picture Dictionary - Tina Cho 2018-07-10

This Korean picture dictionary covers the 1,200 most useful Korean words and phrases. It gives each word and sentence in Korean Hangeul characters with a Romanized version to help you pronounce it correctly and the English meaning. The words are grouped into 40 different themes or topics. Each theme has around 30 words and several example sentences showing how the words are used. Each page is richly illustrated with dozens of color photographs. Companion online Audio

recordings by native Korean speakers of all the vocabulary and sentences in the book, to allow you to practice pronouncing them. An introduction to Korean pronunciation and grammar is included and indexes at the back allow you to look up the words in this easy-to-use Korean dictionary quickly.

Understanding Morphology - Martin Haspelmath 2013-10-28

This new edition of Understanding Morphology has been fully revised in line with the latest research. It now includes 'big picture' questions to highlight central themes in morphology, as well as research exercises for each chapter. Understanding Morphology presents an introduction to the study of word structure that starts at the very beginning. Assuming no knowledge of the field of morphology on the part of the reader, the book presents a broad range of morphological phenomena from a wide variety of languages. Starting with the core areas of inflection and derivation, the book presents the interfaces between morphology and syntax and between morphology and phonology. The synchronic study of word structure is covered, as are the phenomena of diachronic change, such as analogy and grammaticalization. Theories are presented clearly in accessible language with the main purpose of shedding light on the data, rather than as a goal in themselves. The authors consistently draw on the best research available, thus utilizing and discussing both functionalist and generative theoretical approaches. Each chapter includes a summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics, or anyone in a related discipline looking for a first introduction to morphology.

Oxford Picture Dictionary for the Content Areas - Dorothy Kauffman 2010-04

Photocopiable worksheets and word-and-picture cards give learners additional practice with Oxford Picture Dictionary for the Content Areas vocabulary and academic skills. · Vocabulary and language practice exercises correspond page for page with the Dictionary, allowing for easy classroom management · Expanded topic practice gives learners more exposure to content-area vocabulary · Scaffolded practice makes content accessible to learners of various levels

Korean English Dictionary - Leon Kuperman 2021-01-19

Korean for Beginners - Henry J. Amen IV 2010-08-10

Have you ever considered learning Korean, but been put off by the unusual look of the characters? Don't let yourself be scared away! Korean has been called "the most logical language there is," and with this friendly and thorough introduction you will soon see why. The best way to learn Korean—this book uses a lighthearted, humorous approach. Korean for Beginners starts by showing you just how reasoned and logical the Korean alphabet, hangeul, actually is, and helps you master it faster than you learned the English alphabet. Realistic situations you might encounter in Korea in Korean-speaking environments are

described, and new words are explained in terms of how you'll find them useful to communicate. Numerous illustrations enliven the text, downloadable audio lets you listen and repeat phrases in the book. Soon you'll be able to say with pride, "I know Korean!" Features of Korean for Beginners are: Learn to read Korean writing with ease. Practical phrases help you converse with confidence. A lighthearted "guide" walks you through, bringing the language to life. Downloadable audio with native Korean speakers help you to speak Korean like a pro. As the more than 1 million Americans who speak Korean can attest, the Korean language is here to stay, and generations of young (and older) adults are determined to learn it. This book is for people who want a grasp of how to speak, write and understand Korean—and who want to enjoy things while they're at it!

Oxford Picture Dictionary - Jane Spigarelli 2016-11-17

The Low Beginning, High Beginning, and Low Intermediate Workbooks offer vocabulary reinforcement activities that correspond page for page with the OPD.

Oxford Picture Dictionary English-Farsi Edition: Bilingual Dictionary for Farsi-speaking teenage and adult students of English - Jayme Adelson-Goldstein 2015-08-03

Content is fully supported by a range of components (in English only) - including Workbooks, Classroom Activities, Audio and website.

Dian and the Gorillas - Norma Shapiro 2010

Over the years hunters, poachers, and war have killed many of the gorillas of central Africa. But there are still a few hundred living high in the mists of the Virunga Mountains. When Dian Fossey first saw a family

of wild mountain gorillas in the Virungas she knew that she must help these wonderful animals. This true story tells of the twenty years she lived with them, watched them, wrote about them, and protected them. In the end, she gave her life for them.

Data Structures and Algorithms in Java - Michael T. Goodrich 2014-01-28

The design and analysis of efficient data structures has long been recognized as a key component of the Computer Science curriculum. Goodrich, Tomassia and Goldwasser's approach to this classic topic is based on the object-oriented paradigm as the framework of choice for the design of data structures. For each ADT presented in the text, the authors provide an associated Java interface. Concrete data structures realizing the ADTs are provided as Java classes implementing the interfaces. The Java code implementing fundamental data structures in this book is organized in a single Java package, net.datastructures. This package forms a coherent library of data structures and algorithms in Java specifically designed for educational purposes in a way that is complimentary with the Java Collections Framework.

Oxford Picture Dictionary English-Vietnamese Edition: Bilingual Dictionary for Vietnamese-speaking teenage and adult students of English - Jayme Adelson-Goldstein 2015-08-03
