**Foundation Analysis and Design** - Joseph E. Bowles 1997

The revision of this best-selling text for a junior/senior course in Foundation Analysis and Design now includes an IBM computer disk containing 16 compiled programs together with the data sets used to produce the output sheets, as well as new material on sloping ground, pile and pile group analysis, and

procedures for an improved analysis of lateral piles. Bearing capacity analysis has been substantially revised for footings with horizontal as well as vertical loads. Footing design for overturning now incorporates the use of the same uniform linear pressure concept used in ascertaining the bearing capacity. Increased emphasis is placed on geotextiles for retaining walls and soil nailing.

*Advanced Soil Mechanics, Second Edition* - Braja M. Das 1997-07-01

This revised edition is restructured with additional text and extensive illustrations, along with developments in geotechnical literature. Among the topics included are: soil aggregates, stresses in soil mass, pore water pressure due to undrained loading, permeability and seepage, consolidation, shear strength of soils, and evaluation of soil settlement. The text presents mathematical derivations as well as numerous worked-out examples.

**Lost for Words** - Deric Longden 2010-06

Deric Longden's mum was a wonderfully endearing, eccentric lady whose passions ranged from pot plants and her beloved pussycats to Buttercup Syrup which she consumed in vast quantities. She also provided comfort, advice and her own particular brand of wisdom in the years when Deric was struggling after the death of his first wife, Diana. Deric's many happy memories include the vision of his mother's unmistakable backside as she charged through Marks andamp; Spencers; the way in which she charmed everyone she met, including the surliest of youths, and her unusual technique of selling a house which involved plying potential buyers with iced buns whilst pointing out the damp patches and dodgy electrics. Strangely, it worked. Lost For Words is a funny, poignant and ultimately heartwarming book that may well make you cry, but will certainly make you laugh.
