In recognition of his labors and his filial piety, an unlikely source has sent him a dangerous gift: 250 Sardinian horses. You give a man one of the famed Sardinian horses to reward him greatly. You give him four or five to exalt him above his fellows, propel him towards rank, and earn him jealousy, possibly mortal jealousy. The Forty Rules of Love - Elif Shafak 2010-02-18

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love.

She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

Daughters of the Flower Fragrant Garden: Two Sisters Separated by China's Civil War - Zhuqing Li 2022-06-21

Sisters separated by war forge new identities as they are forced to choose between family, nation, and their own independence. Jun and Hong were scions of a once great southern Chinese family. Each other's best friend, they grew up in the 1930s during the final days of Old China before the tumult of the twentieth century brought political revolution, violence, and a fractured national identity. By a quirk of timing, at the end of the Chinese Civil War, Jun ended up on an island under Nationalist control, and then settled in Taiwan, married a Nationalist general, and lived among fellow exiles at odds with everything the new Communist regime stood for on the mainland. Hong found herself an ocean away on the mainland, forced to publicly disavow both her own family background and her sister's decision to abandon the party. A doctor by training, to overcome the

suspicion created by her family circumstances, Hong endured two waves of “re-education” and internal exile, forced to work in some of the most desperately poor, remote areas of the country. Ambitious, determined, and resourceful, both women faced morally fraught decisions as they forged careers and families in the midst of political and social upheaval. Jun established one of U.S.-allied Taiwan’s most important trading companies. Hong became one of the most celebrated doctors in China, appearing on national media and honored for her dedication to medicine. Niece to both sisters, linguist and East Asian scholar Zhuqing Li tells her aunts’ story for the first time, honoring her family’s history with sympathy and grace. *Daughters of the Flower Fragrant Garden* is a window into the lives of women in twentieth-century China, a time of traumatic change and unparalleled resilience. In this riveting and deeply personal account, Li confronts the bitter political rivals of mainland China and Taiwan with elegance and

unique insight, while celebrating her aunts’ remarkable legacies.

It will attract readers who enjoyed Andy Weir’s lunar crime caper *Artemis*.” -- Library Journal, starred review
A realistic and chilling vision of life on the Moon, where dust kills as easily as the vacuum of space...but murder is

even quicker—a fast-paced, cinematic science fiction thriller, this debut novel combines the inventiveness of *The Martian*, the intrigue of *The Expanse*, and the thrills of *Red Rising*. The Moon smells like gunpowder. Every lunar walker since Apollo 11 has noticed it: a burnt-metal scent that reminds them of war. Caden Dechert, the chief of the U.S. mining operation on the edge of the Sea of Serenity, thinks the smell is just a trick of the mind—a reminder of his harrowing days as a Marine in the war-torn Middle East back on Earth. It's 2072, and lunar helium-3 mining is powering the fusion reactors that are bringing Earth back from environmental disaster. But competing for the richest prize in the history of the world has destroyed the oldest rule in space: Safety for All. When a bomb kills one of Dechert's diggers on Mare Serenitatis, the haunted veteran goes on the hunt to expose the culprit before more blood is spilled. But as Dechert races to solve the first murder in the history of the Moon, he gets caught in the

crosshairs of two global powers spoiling for a fight. Reluctant to be the match that lights this powder-keg, Dechert knows his life and those of his crew are meaningless to the politicians. Even worse, he knows the killer is still out there, hunting. In his desperate attempts to save his crew and prevent the catastrophe he sees coming, the former Marine uncovers a dangerous conspiracy that, with one spark, can ignite a full lunar war, wipe out his team . . . and perhaps plunge the Earth back into darkness.

[Gateway to the Moon](#) - Mary Morris 2019-03-12 In 1492, two history-altering events occurred: the Jews and Muslims of Spain were expelled, and Columbus set sail for the New World. Many Spanish Jews chose not to flee and instead became Christian in name only, maintaining their religious traditions in secret. Among them was Luis de Torres, who accompanied Columbus as an interpreter. Over the centuries, de Torres' descendants traveled across North America, finally settling in the hills of New Mexico. Now,

some five hundred years later, it is in these same hills that Miguel Torres, a young amateur astronomer, finds himself trying to understand the mystery that surrounds him and the town he grew up in: Entrada de la Luna, or Gateway to the Moon. Poor health and poverty are the norm in Entrada, and luck is rare. So when Miguel sees an ad for a babysitting job in Santa Fe, he jumps at the opportunity. The family for whom he works, the Rothsteins, are Jewish, and Miguel is surprised to find many of their customs similar to those his own family kept but never understood. Braided throughout the present-day narrative are the powerful stories of the ancestors of Entrada's residents, portraying both the horrors of the Inquisition and the resilience of families. Moving and unforgettable, Gateway to the Moon beautifully weaves the journeys of the converso Jews into the larger American story.
