[Birding at the Bridge](#) - Heather Wolf 2016-06-14

One woman shares her quest to document a stunning variety of birds found in Brooklyn Bridge Park in this wonderful guide for birders everywhere. The Brooklyn Bridge once overshadowed a decaying industrial waterfront, but today it points the way to a new green oasis: Brooklyn Bridge Park. When avid birder Heather Wolf moved from tropical Florida to a nearby apartment, she wondered how many species she might see there, and soon came to a surprising realization: Not only is the park filled with an astonishing variety of birds, but the challenges that come with urban birding make them even more fun—and rewarding—to find. Camera in hand, Heather has captured scores of memorable scenes—a European starling pokes its head out of a hole in a snack shop, a marsh wren straddles two branches, common grackle nestlings clamor for food above the basketball courts—in more than 150 stunning photographs that will entrance birders and bird lovers, wherever their local patch may be. From the familiar-but-striking bufflehead duck to the elusive mourning warbler, every species comes to life on the page, foraging, nesting, and soaring in the slice of the city where they've made themselves at home. Discover the thrilling adventure of birding in the great outdoors—in

the heart of Brooklyn. Praise for *Birding at the Bridge* “Where you may see only pigeons, sparrows and the occasional sea gull, [Heather Wolf] has recorded 130 species, many of which she has beautifully photographed.” —The New York Times “Part of the pleasure of her book, besides excellent photography . . . is the way [Heather Wolf] shares the circumstances and excitement of particular sightings.” —The Wall Street Journal

**What the Robin Knows** - Jon Young 2012  
Shares strategies for expanding one's awareness of bird communication and maintaining a non-threatening presence in natural environments, explaining the sounds and behaviors that reflect various bird warnings, feelings and messages. 35,000 first printing.

**Pale Male** - Janet Schulman 2008  
A red tail hawk and his mate build their nest near the top of a Fifth Avenue apartment building and bird watchers gather hoping to see the chicks in the nest.

[Digital Habitats](#) - Etienne Wenger 2009  
Technology has changed what it means for communities to "be together." Digital tools are now part of most communities' habitats. This book develops a new literacy and language to describe the practice of stewarding technology for communities. Whether you want to ground your technology stewardship in theory and deepen your practice, whether you are a community leader or sponsor who wants to understand how communities and technology intersect, or whether you just want practical

advice, this is the book for you.

Red-Tails in Love - Marie Winn 1999-03-30

Updated Edition—Ten Years Later The scene of this enchanting (and true) story is the Ramble, an unknown wilderness deep in the heart of New York's fabled Central Park. There an odd and amiable band of nature lovers devote themselves to observing and protecting the park's rich wildlife. When a pair of red-tailed hawks builds a nest atop a Fifth Avenue apartment house across the street from the model-boat pond, Marie Winn and her fellow "Regulars" are soon transformed into obsessed hawkwatchers. The hilarious and occasionally heartbreaking saga of Pale Male and his mate as they struggle to raise a family in their unprecedented nest site, and the affectionate portrait of the humans who fall under their spell will delight and inspire readers for years to come.

**The Plug-In Drug** - Marie Winn 2002-03-26

An expanded and updated edition of groundbreaking study details the ways in which television, computers, video games, and other modern electronic media can affect a child's behavior, intelligence, and ability to communicate. Original.

**Red-Tails in Love** - Marie Winn 2011-03-30

Marie Winn is our guide into a secret world, a true wilderness in the heart of a city. The scene is New York's Central Park, but the rich natural history that emerges here--the loons, raccoons, woodpeckers, owls, and hundreds of visiting songbirds--will appeal to wildlife lovers everywhere. At its heart is the saga of the Fifth Avenue hawks, which begins as a love story and develops into a full-fledged mystery. At the outset of our journey we meet the Regulars, a small band of nature lovers who devote themselves to the park and its wildlife. As they watch Pale Male, a remarkable young red-tailed hawk, woo and win his first mate, they are soon transformed into addicted hawk-watchers. From a bench at the park's model-boat pond they observe the hawks building a nest in an astonishing spot--a high ledge of a Fifth Avenue building three floors above Mary Tyler Moore's apartment and across the street from Woody Allen's. The drama of the Fifth Avenue hawks-- hunting, courting, mating, and striving against great odds to raise a family in their unprecedented nest site--is alternately hilarious and heartbreaking. Red-Tails in Love will delight and inspire readers for years to come.

**Red-tails in Love** - Marie Winn 1999

*City Hawk* - Meghan McCarthy 2020-07-28

There's a hawk in the city! New York City is known for its sky-scrapers, subways, and hustle and bustle -- not for its wildlife. So everyone is surprised when a red-tailed hawk is spotted flying over Fifth Avenue, and even more surprised when he decides to settle down on the ledge of one of the Big Apple's swankiest apartment buildings. The hawk soon draws many admirers. They name him Pale Male and watch as he builds his nest, finds a mate, and teaches his little hawk babies to fly. Based on the true story of Pale Male, *City Hawk* brings New York City's favorite hawk to life in a story of family, perseverance, and big-city living.

Where the Crawdads Sing (Movie Tie-In) - Delia Owens 2022-06-28

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, "a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature" (The New York Times Book Review). For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Bird Brother - Rodney Stotts 2022-02-03

In *Bird Brother*, Rodney Stotts shares his unlikely journey to becoming a conservationist and one of America's few Black master falconers. Rodney grew up in Washington, D.C. during the crack epidemic, with guns, drugs, and the threat of incarceration affecting the lives of everyone he knew. He was no exception, but he was also employed by the newly founded Earth Conservation Corps, helping to restore and conserve the polluted Anacostia River. This work eventually sent his life in a different direction, as he began to train to become a master falconer and to develop his own raptor education program and sanctuary. Eye-opening, witty, and moving, *Bird Brother* is a testament to the healing power of nature, and a reminder that no matter how much heartbreak we've endured, we still have the capacity to give back to our communities and follow our dreams.
