Big Book of Small House Designs - Don Metz 2012-09-19

75 unique designs for attractive, efficient, environmentally friendly homes. Now available in paperback, this collection of 75 plans for small homes offers more than 500 usable blueprints and other illustrations for a variety of living spaces suitable for every environment and style, from a New England farmhouse to a sophisticated townhouse in the city to a Santa Fe ranch. The designs include site drawings, floor plans, elevation drawings, section drawings, perspective drawings, and exploded views. A brief introduction to each home describes its setting, the philosophy behind the design and its intended use, materials used, recommended landscaping, and more. Many of the homes come with money-saving and environmentally sound features such as solar panels and water heaters, wood stoves, ceiling fans, airlock entries, wind power alternatives, and natural gas heaters.

Easy-to-follow construction blueprints and materials lists are available for each project to ensure success. Big Book of Small Home Plans is also packed with advice for rightsizing your house while maximizing your living space, with useful tips on small home organizing, decorating, and smart storage.

Indian Architectural Theory - Vibhuti Chakrabarti 1998

In this ground-breaking study the traditional Indian science of architecture and house-building, Vastu Vidya, is explored in terms of its secular uses, at the levels of both theory and contemporary practice. Vastu Vidya is treated as constituting a coherent and complete architectural programme, still of great relevance today. Chakrabarti draws on an impressive amount of textual material, much of it only available in Sanskrit, and presents several extremely valuable illustrations in support of the theories expounded. Each chapter deals with one architectural aspect, and chapters are divided into three sections. For each aspect, the first section explains the prescriptions of the traditional texts; the second section deals with the rather arbitrary use of that aspect by contemporary Indian architects trained in the western manner but striving to relate to Indian roots; while the last section in each chapter explores the selected use of that particular aspect by contemporary Vastu pundits, with their disregard for architectural idiom

Vastu Shastra Explained - V. Subhash 2020-08-06

Most of those who build a house will do so only once in their lifetime. For this reason, it needs to be done right the first time. Even if you do not believe in traditional sciences like Vastu, you might still want to follow its recommendations just for the peace of mind. For the author, Vastu seems to be a collection of time-tested architectural best practices that would be too good ignore. This book explains the main precepts of Vastu Shastra. The book provides information that would enable you to develop your initial house plan as per Vastu Shastra. The book also provides some sample house plans to explain basic Vastu implementations. Table of Contents Chapters Sources of Vastu Shastra History of Vastu Devata Vastu Shastra recommendations Vastu Mandala chart Main entrance Rooms Trees Other Vastu Shastra considerations Room dimensions Five elements Directions Central area Modern Vastu interpretations Kubera position Water sources Workplace South-West corner Staircases Slope of floors and pipes Bathroom and toilets Septic tank Ambiguous/conflicting interpretations Non-Vastu considerations Annexures Traditional Kerala-style house plans 4-BHK Vastu house plan for East-facing plot 3-BHK Vastu house plan for North-facing plot 3-BHK Vastu house plan for West-facing plot 3-BHK House plan for South-facing plot Naalukettu (four-sided) house plan Two-storey tiled house with thattil Note: This book is a grayscale paperback.

Vastu Science For 21st Century - Dr. B. B. Puri 2008-01-01

Vastu Shastra is not merely an art but a definite science in itself. This book has made an excellent effort to establish this fact. The book attempts to highlight the principles of Vastu science and its application in designing of the built environment to enhance the quality of life. This science is still relevant and effective in the modern life-changing styles of Architecture with the universal application of its principles. The author has tried to justify that Vastu principles are much in need in the 21st century in view of rapid advancements man is making in other fields without compensating on ecology front, which forms the basis of Vastu. In the end, an attempt has been made to give a compound solution to the problem of Vastu-based planning.

Vastu Homes and Cities - Maharishi Vastu 2014-07-12

This book contains the most important information that exists in the field of architecture and urban planning. Vastu Secrets in Modern Times for a Successful Life - Michael Dinuri

2016-05-20

Improve Your Health, Wealth And Relationships With Indian Feng Shui - Vastu Shastra Vastu Shastra is the art of arranging your home or work place to work in harmony with the flow of energy that surrounds us on a daily basis and to mimic nature in such a way as to honor it. Much like the Chinese art of Feng Shui, Vastu Shastra is becoming an integral part of everyday life for millions of people around the world. When we invest time in our homes and our personal well-being, there are bound to be positive effects with long reaching benefits that bring happiness and peace to our lives. Vastu Shastra may have originated many years ago in India, however, the lessons it teaches are timeless and especially important in the current high-stress society that we live in today. Vastu wisdom teaches us to reunite with the forces of the universe to achieve personal wealth, health, and happiness on a variety of levels that can only happen once we have acknowledged and honored the endless energies that flow through our lives at any given time. With the use of colors, positioning of household items and lawn ornamentation, personal health practices, and positive mental attitudes, Vastu Shastra guides us in making choices that not only encourage positive flows of energy throughout our homes, but it also reminds us of the beauty of the world in which we live. By bringing nature into the homes in which we live, we encourage positive forces to work in our lives. When we seek positive enrichment, our lives change on many levels and we become well-rounded individuals which opens the door to personal gains that we may have only previously dreamed about. While the history may seem complex, the techniques are simple to follow. Vastu Shastra is like a road map to a positive future.

House Plans As Per Vastu Shastra (200 House Plans Inside) - AS SETHU PATHI

Luxury Home Plans - Garlinghouse Company 1999

250 distinguished designs from the most successful architects and designers in the industry fill the pages of this book. From opulent to large and cozy, these homes take in all considerations when it comes to luxurious.

Vastu - Sherri Silverman 2007

Vastu is a beautifully detailed guide to using ancient Indian philosophies in every room. Following India's Vedic tradition, Vastu helps guide people to prosperity and tranquility in life by aligning architectural spaces with the natural world. Included is an informative discussion on the definition, origin, and sacred foundations of Vastu, along with Vastu's use of concentric squares and the elements earth, water, fire, and air in design. Author Sheri Silverman also discusses the power of meditation, organizing, and clearing clutter, aromatherapy, and sacred space. Vastu offers solutions for those building, renovating, or just looking to improve the energy and atmosphere in an existing living space

South Facing House Plans As Per Vastu Shastra(110 Different Size of Plans Available Inside) - AS SETHU PATHI

The book covers the basic principles of vastu the vastu purusha. Gives out the do's and dont's of principles of vastu to be kept in mind while setting out the layout of home or office. Including the interiors the shape of plot, land positioning of doors etc with their solutions.

101 Things I Learned in Architecture School - Matthew Frederick 2007-08-31

Concise lessons in design, drawing, the creative process, and presentation, from the basics of "How to Draw a Line" to the complexities of color theory. This is a book that students of architecture will want to keep in the studio and in their backpacks. It is also a book they may want to keep out of view of their professors, for it expresses in clear and simple language things that tend to be murky and abstruse in the classroom. These 101 concise lessons in design, drawing, the creative process, and presentation—from the basics of "How to Draw a Line" to the complexities of color theory—provide a much-needed primer in architectural literacy, making concrete what too often is left nebulous or open-ended in the architecture curriculum. Each lesson utilizes a two-page format, with a brief explanation and an illustration that can range from diagrammatic to whimsical. The lesson on "How to Draw a Line" is illustrated by examples of good and bad lines; a lesson on the dangers of awkward floor level changes shows the television actor Dick Van Dyke in the midst of a pratfall; a discussion of the proportional differences between traditional and modern buildings features a drawing of a building split neatly in half between the two. Written by an architect and instructor who remembers well the fog of his own student days, 101

Things I Learned in Architecture School provides valuable guideposts for navigating the design studio and other classes in the architecture curriculum. Architecture graduates—from young designers to experienced practitioners—will turn to the book as well, for inspiration and a guide back to basics when solving a complex design problem.

200 Different Types of House Plans - AS SETHUPATHI 2019-06-12

This book contains 200 varieties of house plans as per Vastu Shastra. As per Vastu Shastra, the main door of the house facing towards East, West and North direction is very good. East and North directions considering very good in Vastu Shastra. The main door facing towards south direction is very bad so we must want to avoid that direction. So in this book, I included house plans as per Vastu Shastra, the main door facing towards East, West and North directions. In this book, you can get many more ideas to build your dream house. Plenty of land area dimensions available in this book. Every house plan made through AutoCAD Software and those plans converted into image format and upload in this book. So you can look at house plans very clearly. This book helps people who plan to construct their dream house. Also, this book helps for civil engineering students and civil engineers to make house plans as per Vastu Shastra.

The Allegory of the Cave - Plato 2021-01-08

The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work Republic (514a-520a) to compare "the effect of education (παιδεία) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b-509c) and the analogy of the divided line (509d-511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d-534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

2 BHK West Facing House Plans As Per Vastu Shastra - A. S. Sethu PATHI 2019-11-25

The Indian Concrete Journal - 1964

Ultimate Book of Home Plans - Editors of Creative Homeowner 2015-04-01

Whether you've always dreamed of building your own home, or can't find the right house from among the dozens you've toured, this collection of ultimate plans can help you achieve the home of your dreams. You could have an architect create a one-of-a-kind home for you, but the design services alone could end up costing up to 15 percent of the cost of construction—a hefty premium for any building project. Ultimate Book of Home Plans allows you to select from 730 of the most popular designs from the country's top architects and designers, for a fraction of the cost. More than 550 gorgeous, full-color photographs and 1,600 illustrations allow you to experience homes actually built from the designs, plus some interiors. Virtually every home style is offered, including farmhouses, country cottages, contemporaries, luxury estates, vacation retreats, and regional specialties. Get practical tips and advice on everything from selecting a site and hiring a contractor to adding finishing touches like trimwork and landscaping. Once you've selected your dream home, you can obtain easily customizable construction blueprints, cost estimates, materials lists, and CAD files.

The Third Industrial Revolution - Jeremy Rifkin 2011-10-04

The Industrial Revolution, powered by oil and other fossil fuels, is spiraling into a dangerous endgame. The price of gas and food are climbing, unemployment remains high, the housing market has tanked, consumer and government debt is soaring, and the recovery is slowing. Facing the prospect of a second collapse of the global economy, humanity is desperate for a sustainable economic game plan to take us into the future. Here, Jeremy Rifkin explores how Internet technology and renewable energy are merging to create a powerful "Third Industrial Revolution." He asks us to imagine hundreds of millions of people

producing their own green energy in their homes, offices, and factories, and sharing it with each other in an "energy internet," just like we now create and share information online. Rifkin describes how the five-pillars of the Third Industrial Revolution will create thousands of businesses, millions of jobs, and usher in a fundamental reordering of human relationships, from hierarchical to lateral power, that will impact the way we conduct commerce, govern society, educate our children, and engage in civic life. Rifkin's vision is already gaining traction in the international community. The European Union Parliament has issued a formal declaration calling for its implementation, and other nations in Asia, Africa, and the Americas, are quickly preparing their own initiatives for transitioning into the new economic paradigm. The Third Industrial Revolution is an insider's account of the next great economic era, including a look into the personalities and players — heads of state, global CEOs, social entrepreneurs, and NGOs — who are pioneering its implementation around the world.

THE PLAN BOOK - Sasikumar Sadaiyappan 2022-11-08

About The Author I am S Sasikumar is from Karamadai, Coimbatore district, Tamilnadu, India. I have done B.E. Civil Engineering (2014) and M. E Structural Engineering (2021). It offers Happiness, Success, and Fulfilment in life with more Options to incorporate modern architecture and interior-designs.

Vastu Architecture - Michael Borden 2011-09-01

This book about the science of Vastu was written as a simple and clear, yet detailed exposition on the knowledge and basic technical applications for the design of secular Vastu buildings - such as homes and offices.

'Vastu Architecture' provides the reader with a nuts and bolts explanation of how to create a solid structure that is in resonance with Earth, Cosmic and Divine energies. Being a fully illustrated book, with around 100 simple, clear and easy to interpret drawings; the book is very accessible to a general audience and does not require any background knowledge in architectural design. Also included are two complete floor plans that can be tailored for specific individuals in accordance with their birth stars. Many other books about Vastu do not include an explanation of the technical knowledge of Vastu science, and if they do, they often present only a partial, or an altogether incorrect account thereof. This is not the case with 'Vastu Architecture', as its technically rich, yet layman-accessible knowledge base provides the reader with all of the basic requirements to create a Vastu structure, including a very clear chapter on how to use the Ayadi Calculations to get the Sacred Dimensions of a building. This is not however a coffee table book, it is rather a manual for the construction of special havens for the soul.

2BHK House Plans As Per Vastu Shastra - A. S. Sethu PATHI 2019-11-23

This book is all about House Plans as per Vastu Shastra. In this book, you get 280+ various sizes of 2BHK house plans as per Vastu Shastra principles.
