Team 19 in Vietnam - David Millie 2013-11-05
Historical accounts and memoirs of the Vietnam War often ignore the participation of nations other than Vietnam and the United States. As a result, few Americans realize that several members of the Southeast Asian Treaty Organization (SEATO), including Australia, allied with South Vietnam during the conflict. By the late 1960s, more than eight thousand Australians were deployed in the region or providing support to the forces there. In *Team 19 in Vietnam*, David Millie offers an insightful account of his twelve-month tour with the renowned Australian Army Training Team Vietnam in Quang Tri Province -- a crucial tactical site along the demilitarized zone that was North Vietnam's gateway to the south. Drawing from published and unpublished military documents, his personal diary, and the letters he wrote while deployed, Millie introduces readers to the daily routines, actions, and disappointments of a field staff officer. He discusses his interactions with province senior advisor Colonel Harley F. Mooney and Major John Shalikashvili, who would later become chairman of the U.S. Joint Chiefs of Staff. This firsthand narrative vividly demonstrates the importance of the region and the substantial number of forces engaged there. Few Australian accounts of the Vietnam War exist, and Millie offers a rare glimpse into the year after the Tet

offensive, when Presidents Johnson and Nixon both made it clear that the U.S. would withdraw its troops. This important memoir reveals that responsibility for the catastrophe inflicted on Vietnamese civilians is shared by an international community that failed to act effectively in the face of a crisis., reviewing a previous edition or volume

Crossing the Schism - John D. Smatlak
2019-03-13

The Christian religion suffered three schisms during its two-thousand-year history. Orthodox, Protestant, and Anglican schisms occurred in succession. The Protestant schism resulted in the most significant change to how Christians worship. Catholics and Protestants have the same core Christian beliefs. However, their worship practices are very different. Currently, Catholics and Protestants have difficulty even talking about those differences. It seems like they speak in two different languages, and neither side can understand the other. In *Crossing the Schism*, author John D. Smatlak explains how Catholics and Protestants can reconcile their differences with a new way of approaching the Word. Although Smatlak was raised in a Protestant Fundamentalist church and joined congregations from a variety of Protestant denominations, he also attended

many Catholic church services. Because of that broad experience, he successfully crossed the schism between Catholics and Protestants. Though he remains Protestant, he learned to speak both languages. By first unlearning some false beliefs, both Catholics and Protestants can accept that there are different ways to worship the same Christ. Crossing the Schism exposes the false beliefs and uncovers forgotten truths, building bridges of Christian love and understanding. Because it's only when you learn about the perspectives of other Christians, that you more fully understand your own Christian beliefs and grow stronger in your faith.

Scattered and Gathered - Michael L. Budde
2017-09-15

This volume takes its title from the first-century Christian catechism called the Didache: "Even as this broken bread was scattered over the hills . . . gathered together and became one, so let Your Church be gathered together from the ends of the earth." For Christians today, these words remain relevant in an era of massive human movements (voluntary and coerced), hybrid identities, and wide-ranging cultural interactions. How do modern Christians live as both a "scattered" and "gathered" people? How do they live out the tension between ecclesial universality (catholicity) and particularity (distinctive ways of being church in a given culture and context)? Do Christians today constitute a "diaspora," a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission? *Scattered and Gathered: Catholics in Diaspora* explores these questions through the work of fourteen scholars in different fields and from different corners of the world. Whether through reflections on Zimbabweans in Britain, Levantines in North America, or the remote island people of Chiloe now living in other parts of Chile, they guide readers along the winding road of insights and challenges facing many of today's Christians.

Beyond Piety - Gilberto Cavazos-González OFM
2010-08-01

Who doesn't want a liberated life? Jesus offers us liberation as we grow in a Christian spiritual life. But first we need to liberate our concept of Christian Spirituality from ideas that relegate it to Church on Sunday, new age self help,

devotional or ascetical practices, or fundamentalist aggression. Traditionally, Christian spirituality liberates Jesus' disciples from personal sin and helps them to challenge sin's social consequences so that once liberated, they will work to liberate others. Christian spirituality (living the Gospel) brings good news for the poor, liberty for the captives, recovery of sight for the blind, and freedom for the oppressed. This is what Jesus came to do, and this is what we as his disciples are called to do as we live our Christian callings in the world. Whether we are at home, work, or play we are called to be Christian. *Beyond Piety* invites readers to grow in their understanding of what it means to be a disciple of Christ. More than a book on Franciscan or Hispanic Spirituality, this book is about the Christian Spirituality all Christians are called to live. It is about our human and Christian identity and the God we believe in. It is about getting to know the Word of God and letting that Word get to know us. It is about worship and religious devotion and moving beyond piety to Christian action. It is about the call to justice and liberation.

Mary and Mariology -

Race, Gender, and Religion in the Vietnamese Diaspora - Thien-Huong T. Ninh
2017-08-15

This book examines how the racialization of religion facilitates the diasporic formation of ethnic Vietnamese in the U.S. and Cambodia, two communities that have been separated from one another for nearly 30 years. It compares devotion to female religious figures in two minority religions, the Virgin Mary among the Catholics and the Mother Goddess among the Caodaists. Visual culture and institutional structures are examined within both communities. Thien-Huong Ninh invites a critical re-thinking of how race, gender, and religion are proxies for understanding, theorizing, and addressing social inequalities within global contexts.

The Road of Hope - Phanxicô Xaviê Văn Thuận Nguyễn 2018-02

The Road of Hope is a collection of messages written by Vietnamese Cardinal Francis Xavier Van Thuan, who Matthew Kelly calls a modern-day legend. Van Thuan wrote the manuscript for The Road of Hope during his thirteen years of imprisonment (nine of which were spent in isolation cells). He wanted to send a message of encouragement from an imprisoned father to his children. The book contains 1,001 short paragraphs of encouragement and spiritual counsel. The pages of the manuscript were smuggled out of Vietnam while Cardinal Van Thuan was imprisoned and secretly printed as The Road of Hope. It was instantly popular with the Vietnam people (both Christians and non-Christians) despite the government's attempts to halt its distribution. Many of the "Boat People" brought this book with them on their perilous journey. The book was translated into English and French, where it also met with instant popularity. Cardinal Van Thuan spent the last fourteen years of his life in Rome, and during that time he was able to revise and edit the book into its present form.

Growing Up American - Min Zhou 1998-01-22 Vietnamese Americans form a unique segment of the new U.S. immigrant population. Uprooted from their homeland and often thrust into poor urban neighborhoods, these newcomers have nevertheless managed to establish strong communities in a short space of time. Most remarkably, their children often perform at high academic levels despite difficult circumstances. *Growing Up American* tells the story of Vietnamese children and sheds light on how they are negotiating the difficult passage into American society. Min Zhou and Carl Bankston draw on research and insights from many sources, including the U.S. census, survey data, and their own observations and in-depth interviews. Focusing on the Versailles Village enclave in New Orleans, one of many newly established Vietnamese communities in the United States, the authors examine the complex skein of family, community, and school influences that shape these children's lives. With no ties to existing ethnic communities, Vietnamese refugees had little control over where they were settled and no economic or social networks to plug into. *Growing Up American* describes the process of building communities that were not simply transplants but distinctive outgrowths of the environment in which the Vietnamese found themselves. Family and social organizations re-formed in new ways, blending economic necessity with cultural tradition. These reconstructed communities create a particular form of social capital that helps disadvantaged families overcome the problems associated with poverty and ghettoization. Outside these enclaves, Vietnamese children faced a daunting school experience due to language difficulties, racial

inequality, deteriorating educational services, and exposure to an often adversarial youth subculture. How have the children of Vietnamese refugees managed to overcome these challenges? *Growing Up American* offers important evidence that community solidarity, cultural values, and a refugee sensibility have provided them with the resources needed to get ahead in American society. Zhou and Bankston also document the price exacted by the process of adaptation, as the struggle to define a personal identity and to decide what it means to be American sometimes leads children into conflict with their tight-knit communities. *Growing Up American* is the first comprehensive study of the unique experiences of Vietnamese immigrant children. It sets the agenda for future research on second generation immigrants and their entry into American society.

A World Church in Our Backyard - Simon C. Kim 2016-05-15

How did a culturally diverse world church emerge in our local neighborhoods and backyards? Rather than an accidental coincidence, diversity in our country, neighborhoods and pews was intentionally brought about through the Spirit's prompting of historical events. The jubilee of the Second Vatican Council (1962-1965) reminded us how the Catholic Church opened her doors to the world, while the Immigration and Naturalization Act of 1965 revealed how the U.S. opened her shores to migrants around the world. Through both ecclesial and legislative reforms, the U.S. became home to many ethnically diverse people and allowed for the creation of a worship space incorporating their cultural backgrounds.

[A History of the Diocese of Charleston](#) - Pamela Smith - SSCM PhD 2020-06-01

In 1820, the Catholic Diocese of Charleston was established, and Bishop John England arrived from Ireland. His new diocese encompassed North and South Carolina, Georgia and, for a time, Haiti. From 1859 to 1885, when Patrick Lynch and Henry Northrop were bishops of Charleston, the diocese included the Bahama Islands. However, the history of Catholics in the diocese—which now covers all of South Carolina—began much earlier. The arrival of Spanish settlers and missionary priests dated back more than 150 years before there was a diocese on American soil. Sister Pam Smith charts the history of the diocese from the first words of prayer uttered on Santa Elena in the sixteenth century through the interfaith singing of a reformed slaveholder's hymn at a painful funeral in the twenty-first century.

Asian Socialism & Legal Change - John Gillespie 2005-08-01

The immense process of economic and social transformation currently underway in China and Vietnam is well known and extensively documented. However, less attention has been devoted to the process of Chinese and

Vietnamese legal change which is nonetheless critical for the future politics, society and economy of these two countries. In a unique comparative approach that brings together indigenous and international experts, *Asian Socialism and Legal Change* analyzes recent developments in the legal sphere in China and Vietnam. This book presents the diversity and dynamism of this process in China and Vietnam—the impact of socialism, constitutionalism and Confucianism on legal development; responses to change among enterprises and educational and legal institutions; conflicts between change led centrally and locally; and international influences on domestic legal institutions. Core socialist ideas continue to shape society, but have been adapted to local contexts and needs, in some areas more radically than in others. This book is the first systematic analysis of legal change in transitional economies.

Refugees and Religion - Birgit Meyer 2022-10-20

Understanding religion from a material and corporeal angle, this open access book addresses the ways in which refugees practice their religions and convert or develop new faiths. It also evaluates how secular institutions in Europe frame and determine what is classified as religion according to the law, and delineate the limits of religious authority, religious practice, and religious speech. The question of nationalism and migration has been shaping the political landscape in Europe for more than a decade, resulting in a nationalist upsurge. This volume places the current trajectories of people from Asia and Africa who flee from conditions such as oppression and conflict, and who are seeking refuge in Europe in a broader historical and comparative perspective. In so doing, it addresses past experiences in Europe with the role of religion in both producing and accommodating refugees, in the aftermath of the Peace of Westphalia, World War II, and in the context of the Cold War.

Finding the Dragon Lady - Monique Brinson Demery 2013-09-24

In November 1963, the president of South Vietnam and his brother were brutally executed in a coup that was sanctioned and supported by the American government. President Kennedy later explained to his close friend Paul "Red" Fay that the reason the United States made the fateful decision to get rid of the Ngos was in no small part because of South Vietnam's first lady, Madame Nhu. "That goddamn bitch," Fay remembers President Kennedy saying, "She's

responsible ... that bitch stuck her nose in and boiled up the whole situation down there." The coup marked the collapse of the Diem government and became the US entry point for a decade-long conflict in Vietnam. Kennedy's death and the atrocities of the ensuing war eclipsed the memory of Madame Nhu—with her daunting mixture of fierceness and beauty. But at the time, to David Halberstam, she was "the beautiful but diabolic sex dictatress," and Malcolm Browne called her "the most dangerous enemy a man can have." By 1987, the once-glamorous celebrity had retreated into exile and seclusion, and remained there until young American Monique Demery tracked her down in Paris thirty years later. Finding the Dragon Lady is Demery's story of her improbable relationship with Madame Nhu, and—having ultimately been entrusted with Madame Nhu's unpublished memoirs and her diary from the years leading up to the coup—the first full history of the Dragon Lady herself, a woman who was feared and fantasized over in her time, and who singlehandedly frustrated the government of one of the world's superpowers.

All Men Become Brothers - Koenraad De Wolf 2016-06-22

December 8, 2011. The dissident Vietnamese priest Nguyen Van Ly (age sixty-four) is deported from a rest home in the Archdiocese Hue to the concentration camp Nam Ha in the north of the country. Van Ly, who is half paralyzed after having suffered four strokes, still faces five years in prison for his peaceable struggle against the totalitarian communist regime--a peaceable struggle he has waged for nearly forty years. We follow Father Ly, a nurse, and his guards through the twenty-four hour ordeal of getting from Hue to Nam Ha via ambulance. Arranged according to the liturgy of the hours, each chapter offers a glimpse into the life of Father Ly. This hagiographic journey, here placed in its context of Advent, offers hope for captive and oppressor. And it is hope especially that makes Father Ly realize his life's struggle for religious freedom is not in vain. Indeed, as a goodwill gesture before President Obama's visit to Vietnam, Father Ly will later be released on May 20, 2016.

The Lady of Angels and Her City - Wendy M. Wright 2013-02-01

The Lady of the Angels and Her City recounts Wendy Wright's visitations to her hometown's many Marian churches and shrines. But it is much more than a personal pilgrimage narrative. It offers important glimpses into the history of Los Angeles Catholicism, American Catholic culture, and Mary's place in Catholic theology and tradition. It peeks into the heroic labors of the religious orders that went on mission there and the waves of immigrants who have arrived on American shores. With Wright, readers will consider: Readers who know the geography of Los Angeles Catholicism will surely enjoy Wright's reflection on familiar places. But there is much here that will fascinate anyone interested in either the history of Christianity in America or devotion to Mary by those who love her today.

Asian Catholic Women - Thao Nguyen

2019-11-20

Studying the various movements among women in the Catholic Church in Asia, the author argues that the preexisting male-dominated church rooted in the colonial era is now being challenged to recentralize itself and exercises an inclusive and participatory ecclesiology in which women should become fuller members of the church and participate in the decision-making processes of the church. For only when the church in Asia discovers and recognizes the richness of women's potential, leadership, charisma, and vision, will it be able to witness to the Gospel values and fulfill its vision of mission in Asia. The author shows that Asian Catholic women have played and continue to play a crucial role in designing and carrying out multiple areas of the church's ministries that men failed to do. Furthermore, the author shows that through the interactions and dialogue with Asian bishops in recent decades, Asian Catholic women have gradually influenced the Asian bishops' consciousness of women's issues and concerns.

Breaking Ground - Heidi Kühn 2020-04-28

A memoir of a quest to eradicate landmines from the face of the Earth—and replace dangerous ground with productive farmland: “Kuhn is an inspiration.” —Gillian Sorensen, former United Nations Assistant Secretary-General After surviving a bout with cancer, Heidi Kühn decided to devote herself to ridding the world of another kind of life-threatening scourge: landmines in regions as far-flung as Croatia, Vietnam, and Afghanistan. Inspired by the work of the late Princess Diana, Heidi began the humanitarian organization Roots of Peace from the basement of her Northern California home. She gained the support of famed Napa Valley vintners Robert Mondavi and Mike Grgich, and soon her “mines-to-vines” mission began to take

hold. In this powerful memoir, Heidi tells the Roots of Peace story, from the early days in which she built her vision to her current presence on the global stage, where she has worked with presidents, prime ministers, landmine survivors, and religious leaders from around the world to spread a message of peace and recovery. In the years since the founding of Roots of Peace, its agricultural projects have made tremendous progress to fight against landmines, revitalizing devastated land and uplifting the lives of countless people in the process. This is a story of healing, faith, and how an ordinary person can inspire remarkable change—and plant the seeds of a brighter future.

Destination Saigon - Walter Mason 2010

From the crazy heat and colour of Saigon to the quieter splendour of Hanoi, Walter Mason gives us a rare, joyous and at times hilarious insight into twenty first century Vietnam. Seduced by the beauty and charm of its people, and the sensuousness of its culture, we can almost taste the little coconut cakes cooked over a fire in a smoky Can Tho kitchen, or smell the endless supplies of fresh baguettes and croissants just out of city ovens. As colourful city cafes and bars make way for visits to out of the way shrines and temples, we take an impromptu visit to forbidden fortune tellers, and glimpse a little of the Cao Dai religion, made famous in Graham Greene's *The Quiet American*. Escaping on impulse to a far flung province, a brief imprisonment culminates in an invitation to local wedding celebrations. Travelling off the beaten track to far flung villages and lesser known towns, we cruise along the Mekong, board hopelessly overcrowded local buses or perch perilously on the back of motorbikes. Behind the scenes visits to Buddhist monasteries reveal a quieter and more transcendent world beyond the busy day trips of tourists. And in the process we begin to see the country through the eyes of its people.
