Self Service Reporting in Dynamics Ax 2012 Using Excel and Power Bi - Murray Fife 2015-11-05

Having users perform their own reporting has been a dream on both sides of the organization. The IT group don't particularly like creating reports for the users when they could be spending their time on cooler projects, and users don't particularly like waiting for IT to create the reports that they need to track the data because it's never quite what they wanted, and also takes so long to get (because of the first reason) that it's usually out-of-date. If only there was a solution... Well there is, because there are so many tools built into Dynamics AX and also the productivity tools like Excel and Word that the users can easily create their own reports themselves without having to get the IT group involved. Everybody wins! In this guide we will show you how the users can do just that, it's so easy that they may not even realize that they are creating reports.

Exercises are there to train the processes and functionality, also making this book a good choice for self-study.

*Customer Success with Microsoft Dynamics Sure Step* - Chandru Shankar 2014-01-24

Customer Success with Microsoft Dynamics Sure Step is a focused tutorial of Microsoft Dynamics solution envisioning and delivery, rather than a step-by-step guide into project management. It will equip you with the tactics required to plan, align, and orchestrate your solution selling activities, as well as help you to be efficient, proactive, goal driven, and flexible in your Microsoft Dynamics engagements. If you are involved in one or more of the roles stated below, then this book is for you: If you are a Project Manager, Engagement Manager, Solution Architect, or Consultant involved in delivering Microsoft Dynamics solutions, this book will teach you how you can improve the quality of your implementation with a consistent, repeatable process. If you are a Customer Project Manager, Subject Matter Expert, Key User, or End User involved in selecting the right business solution for your organization and delivering the Microsoft Dynamics solution, this book will help you determine how the method facilitates the delivery of a solution that is aligned to your vision. If you are a Sales Executive, Services Sales Executive, Technical Sales Specialist, Pre-Sales Consultant, or Engagement Manager involved in the sales of Microsoft Dynamics solutions, this book will help you to understand how you can accelerate your sales cycle and bring it to a

close. If you are the Customer Decision Maker, CxO, Buyer, or Project Manager who participates in the selection process for your business solution needs, this book will show you how to determine how this process can help your due diligence exercise and set the stage for a quality implementation of the solution. If you are a Change Management expert, this book will enable you to learn how you can help the customer manage organizational change during the business solution delivery process, and/or help solution providers adopt a process for selling and delivering solutions.
