Salvation Is from the Jews - Roy Schoeman
2019-04-15

The book traces the role of Judaism and the Jewish people in God's plan for the salvation of mankind, from Abraham through the Second Coming, as revealed by the Catholic faith and by a thoughtful examination of history. It will give Christians a deeper understanding of Judaism, both as a religion in itself and as a central component of Christian salvation. To Jews it reveals the incomprehensible importance, nobility and glory that Judaism most truly has. It examines the unique and central role Judaism plays in the destiny of the world. It documents that throughout history attacks on Jews and Judaism have been rooted not in Christianity, but in the most anti-Christian of forces. Areas addressed include: the Messianic prophecies in Jewish scripture; the anti-Christian roots of Nazi anti-Semitism; the links between Nazism and

Arab anti-Semitism; the theological insights of major Jewish converts; and the role of the Jews in the Second Coming. "Perplexed by controversies new and old about the destiny of the Jewish people? Read this book by a Jew who became a Catholic for a well-written, provocative, ground-breaking account. Some of the answers most have never heard before."
Ronda Chervin, Ph.D., Hebrew-Catholic
The Use and Abuse of History - Marc Ferro
2004-06-01

Use and Abuse of History has become a key text of current historiography; this is a book that poses fundamental and disturbing questions about the use and abuse of history. Engaging and challenging, this book confronts the reader with the many 'histories' that exist and have existed around the world, from the Zulu kingdoms to Communist China. This title has now been extensively revised by Marc Ferro, a well respected historian, and presents the different narratives that constitute the histories

of countries as diverse as India, Iran, Trinidad and the United States makes for fascinating reading in their own right. What makes this book so valuable, though, is what these narratives tell us about the societies which create them - how much is history distorted in order to condition the minds of those who are taught it? Use and Abuse of History appeals to anyone with a general interest in history.
