Alfa Romeo 916 GTV and Spider - Robert Foskett 2013-03-01

Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as

the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade. Topics covered include: Full history of the 916 series GTV and Spider models; Design, development and evolution of the models from 1994 - 2005; Participation of the GTV in motorsport; Model variations in depth through all three facelifts; Previously unpublished production figures, and chassis numbers for the desirable, limited-edition GTV Cup model. Comprehensively researched guide to the entire lifespan of the 916 series. Will appeal to Alfa Romeo and automotive enthusiasts. The history and design process are examined along with an in-depth guide to each of the model variants produced. The cars' current position in the classic car market is considered. Superbly illustrated with 240 colour photographs. Robert Foskett is a life-long Italian car enthusiast with a special interest in Alfa Romeo.

Insider Guide to Easy Car Buying: Spend a Tenner Save a Grand - Tony Willard

Tony Willard has been--amongst many other things in motor publishing motoring correspondent of the Birmingham Evening Mail and Editor of Automotive Management (now called AM)--the best read trade paper for the motor retail trade. There are now stacks of ways to buy cars in the UK. So many that it is really hard for consumers to know where to get best choice, best value, best service, best after-care, best credit or whatever it is that they prioritise. In addition to franchised dealers there are: manufacturers selling direct to the public; rental car companies doing the same; car-buying agents; car supermarkets; used car dealers; internet traders; importers; auctions; and personal shoppers. Most car buying guides concentrate on WHAT to buy whether it be new or used. This book covers that, but assumes the buyer knows roughly what he

wants. What has been missing until now is a guide through the jungle of places and prices which tells you WHERE to buy and HOW to pay not a

penny more than necessary.
Alleggerita - Tony Adriaensens 2012
