Grave Murder - Jana van der Merwe 2015-09-01

She is a petite, innocent-looking young woman with fantasies of skinning and flaying human skin. He is a diagnosed schizophrenic who fantasises about committing cold-blooded murder. When they meet, they will plan and execute one of the most horrific crimes ever documented in this country. In April 2011, the sleepy gold-mining town of Welkom was deeply shocked when the dismembered, decapitated body of Michael van Eck was discovered buried in a shallow grave on the outskirts of the local cemetery. Was this a muti murder, the work of a deranged madman or part of a satanic ritual? For the investigators and psychologists involved, the mystery only deepened when a seemingly unlikely arrest was made: a soft-spoken girl next door and her intelligent, devoted fiancé. Joining forces with some of the country's most specialised experts in the occult and psychopathy, Lieutenant Ogies Nel of the Welkom Detective Unit and her colleagues in the South African Police Service unravelled one of the most brutal psychologically motivated murders ever committed in South Africa's crime history. As they uncovered the evidence, they exposed a most heinous deed, alarmingly similar to the crimes committed by serial killer Ed Gein, who had a preference for flaying his victims' skin. Grave Murder is the chilling account of how appearances can be very deceptive - how those who might seem innocent and harmless on

the outside may hide some dark, disturbing secrets that are just waiting to be revealed.

My Fair Gentleman - Nancy Campbell Allen 2018-08-08

Jack would rather stay at sea than fix the mistakes of his grandfather, the late Earl of Stansworth. But inheriting his grandfather's wealth and title and securing the welfare of his sister and mother require living with the aristocracy. Ivy Carlisle, the granddaughter of a dear old family friend, is willing to teach him etiquette and properly introduce him into society. Yet Jack soon learns that his new lifestyle isn't the only challenge. He must survive the conspiracies against him -- and try not to fall madly in love with his tutor.

Jeep TJ 1997-2006 - Michael Hanseen 2018-08-15

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} The Jeep CJ, the icon that started it all, is the most popular off-road vehicle of all time. The look, style, and functionality of the CJ made it instantly popular and recognizable the world over, in no doubt partly due to its military presence in World War II. The Jeep Wrangler platform had the difficult task of replacing the extremely popular CJ platform. Outwardly similar in appearance, the YJ, TJ, and JK that followed all had significant design improvements, as can be expected when a platform has a life span of more than five decades. The YJ was the first Chrysler release after it purchased AMC in the mid-1980s, and it was aimed at taming the original CJ for more comfort and, arguably, a larger audience. The TJ that followed next was an evolutionary update, significant in that it featured a coil spring suspension and the celebrated return of round headlights, for a more traditional look compared to the square lights of the YJ. In *Jeep TJ 1997-2006: How to Build & Modify*, everything you need to know about how to modify your TJ for off-road use is covered. Beginning with why you should choose a TJ for modification, Jeep expert Michael Hanssen takes you through all the different systems needing modification, including engine modifications and swaps, transmission swaps, transfer case and driveshafts modifications, axles and traction systems, suspensions and lifts, wheels, tires, brakes, chassis protection, electrical, and winches. Included in every chapter are step-by-step modification instructions to help walk you through the process. If you want to build a TJ for serious off-road trail use, or you just want a capable and great-looking Jeep for around town, this book has you covered.

A Code of Contract Law Relating to Sales of Goods of the Value of £10 and Upwards - Henry John Parrington 1883

Unstoppable Woman - David Laney 2012-09-06

It took 3000 miles and six million steps for a South African grandmother to become the first woman ever to run across America. She made history and fulfilled a dream. That crowning moment, however, did not come easy. By her own admission, she had no personality, no guts and no backbone. Her rise from 'whispering hope with no hope at all' to that triumphant finish proves once more that success is available to all who are willing to pay the price and will accept that 'there are no limits other than those we impose on ourselves.' When she started her athletics career at the late age of 37, it set her free to become 'the greatest woman long distance runner there has ever been.' She set new records over distances supposedly impossible for her gender. Other women soon followed her example, inspired by her pluck and passion. And at 87 she is still running competitively. To her, age is but a state of mind: 'You're only old when you stop growing.' Her one overriding goal: to stay fit till her dying day, a day she wants to approach running.

Leonardo - Rena F. LaCaria 2004-10-01

Was the Shroud of Turin used to bury Jesus? Doubtful. In this compelling, thought-provoking, well-researched non-fiction expose', the author unravels her very own exploration of the Shroud with incontrovertible proof that the Shroud was created by none other than Leonardo Da Vinci. Full of pictures, many color, and a very detailed explanation of how Da

Vinci did it! But was he deliberately perpetrating a fraud? No. He was an artist, engineer, and scientist. It is the author's belief that Da Vinci was perhaps creating something entirely different. When the Shroud was found, it was the finder who believed it to be the burial cloth of Jesus.

This book is worth the price.

Will He Go? - Lawrence Douglas 2020-05-19

In advance of the 2020 election, legal scholar Lawrence Douglas prepares readers for a less-than-peaceful transition of power. It doesn't require a strong imagination to get a sense of the mayhem Trump will unleash if he loses a closely contested election. It is no less disturbing to imagine Trump still insisting that he is the rightful leader of the nation. With millions of diehard supporters firmly believing that their revered president has been toppled by malignant forces of the Deep State, Trump could remain a force of constitutional chaos for years to come. WILL TRUMP GO? addresses such questions as: How might Trump engineer his refusal to acknowledge electoral defeat? What legal and extra-legal paths could he pursue in mobilizing a challenge to the electoral outcome? What legal, political, institutional, and popular mechanisms can be used to stop him? What would be the fallout of a failure to remove him from office? What would be the fallout of a successful effort to unseat him? Can our democracy snap back from Trump? Trump himself has essentially told the nation he will never accept electoral defeat. A book that prepares us for Trump's refusal to concede, then, is hardly speculative; it is a necessary precaution against a coming crisis.

Avoiding Alpha - Aileen Erin 2014-05-13

From USA Today Bestselling Author Aileen Erin Seventeen-year-old Tessa McCaide has come a long way since her abrupt entrance into the world of werewolves, but she still has just as far to go before she's comfortable with turning full wolf. In the meantime, she's avoiding the topic of shifting to four legs any way she can. Thankfully her mate,

Dastien Laurent, is quite the distraction. When she finds her best friend, Meredith, getting sick in the bathroom, Tessa knows something's majorly wrong. Meredith was cursed years ago, and the dark magic kept her wolf dormant—only now the wolf is awake, and that same spell is killing her. Tessa has no intention of sitting around while Meredith wastes away. Even if it means playing with magic she doesn't understand, she'll do anything to save Meredith's life. Including bargaining with the local coven of witches and its crazed leader, whose only goal is getting Tessa to join the witchy ranks. Can Tessa save her friend without losing herself? ***A 52K Word Novella*** "There is no word to describe how much I love everything about this book." — Feli, *The Four Eyed Cat* "Wow! The Man Without a Country - Edward Everett Hale 2003-07-01
Bring the Classics To Life. These novels have been adapted into 10 short chapters that will excite the reluctant reader as well as the enthusiastic one. Key words are defined and used in context. Multiple-choice questions require the student to recall specific details, sequence the events, draw inferences from story context, develop another name for the chapter, and choose the main idea. Let the Classics introduce Kipling, Stevenson, and H.G. Wells. Your students will embrace the notion of Crusoe's lonely reflections, the psychological reactions of a Civil War soldier at Chancellorsville, and the tragedy of the Jacobite Cause in 18th Century Scotland. In our society, knowledge of these Classics is a cultural necessity. Improves fluency, vocabulary and comprehension.

Jeep Wrangler JK 2007 - Present - Don Alexander 2018-03-15
Since its release in 2007, the JK has become wildly popular and nearly 1 million units have been sold in North America. With a wider track and longer wheelbase, the Wrangler JK is roomier, more comfortable, and delivers better on-road performance than its predecessor. However, it needs serious chassis, suspension, and drivetrain upgrades to tackle demanding off-road terrain and rock crawling. A full complement of heavy-duty suspension, chassis, steering, drivetrain, and high-performance engine parts has been developed for this platform. Co-authors Don Alexander and Quinn Thomas offer comprehensive guidance for making key modifications and selecting the best parts to transform your JK into a superior off-road performer. Lift kits from 1.75 to 5 inches are available, so you can fit off-road wheels and tires for exceptional traction. Suspension springs, specially calibrated coil-over shocks, and sway bars must work in concert to provide the correct suspension articulation and ride quality to scale obstacles and negotiate terrain. To increase durability and essential reliability, pitman arms, drop links, driveline parts, steering boxes, and skid plates are examined. Because the drivetrain must be ready for off-road service, the authors cover the most rugged and reliable axle assemblies available. Exhaust, intake, and electronic engine mapping upgrades make the Jeep 3.6- and 3.8-liter V-6 engines much more potent. If you believe that paved roads are simply access-ways to the open range, you and your JK need this book. It contains the vital information to convert any mild-mannered street vehicle into an all-conquering off-road rig. Whether it's lift kits, wheels, tires, drivetrain, or suspension and engine parts, this volume provides detailed information, insightful guidance, and installation instructions, so you build an off-road JK to handle the toughest terrain.

Starspeak - Dawn Henderson 2012-12-01

Messages of ascension, love, contact and more in the words of our star brothers and sisters. We are moving through a time of massive change, unprecedented in recorded memory, a time in which life as we know it is being turned upside down. But we do not have to travel through this often confusing and disorientating process alone, for from across the galaxies our star brothers and sisters have gathered to help us through this transformation. Many people on Earth are now being contacted by these loving beings, receiving their words of guidance, encouragement and reassurance to share with those who as yet do not hear them. This book contains some of these messages, received by the author from the star beings of light, messages that are filled with the love and wisdom of the universe. Dawn Henderson is an author, channel and spiritual teacher who lives in the ancient mystical landscape of Wiltshire, England.

Achtung-Panzer! - Heinz Guderian 1995

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

[Divorce Sucks](#) - Mary Jo Eustace 2009-09-18

Hock the platinum. Take down the vacation photos. Cancel the joint checking account. There's no question . . . Divorce Sucks. And perhaps no one knows that better than author Mary Jo Eustace, whose ex-husband Dean McDermott married Tori Spelling a mere thirty days after their divorce was finalized. One part tell-all and one part guide to get readers on their feet after a bitter breakup, this hilarious addition to the bestselling Sucks series tells everything readers don't want to know about divorce - from what a phone call with a lawyer will cost; to how to handle your newer, younger replacement; to what Hollywood divorcees are actually thinking when they watch their ex walk the red carpet with a millionairess. Sometimes horrifying, sometimes gratifying, and never merciful, this book will give readers an inside look at one of today's most public divorces while reminding them - hey, it could always be worse.
