Focus on Grammar - Irene E. Schoenberg 2001-04

Discover English - Rod Bolitho 1983

Learner-Centered Teaching - Maryellen Weimer 2008-05-02

In this much needed resource, Maryellen Weimer-one of the nation's most highly regarded authorities on effective college teaching-offers a comprehensive work on the topic of learner-centered teaching in the college and university classroom. As the author explains, learner-centered teaching focuses attention on what the student is learning, how the student is learning, the conditions under which the student is learning, whether the student is retaining and applying the learning, and how current learning positions the student for future learning. To help educators accomplish the goals of learner-centered teaching, this important book presents the meaning, practice, and ramifications of the learner-centered approach, and how this approach transforms the college classroom environment. Learner-Centered Teaching shows how to tie teaching and curriculum to the process and objectives of learning rather than to the content delivery alone.

Study Tasks in English Student's Book - Mary Waters 1995

BARCODES 448887 and 448888 are in language packs.

Success in English Teaching - Oxford Handbooks for Language Teachers - Paul Davies 2013-05-20

Clear, easy to follow, and free of jargon - does not assume the reader is a native speaker of English. Covers all the major topics relevant for trainee teachers with the right level of detail. Strong focus on classroom teaching, applying theoretical principles to hands-on teaching practice. Can be used if you have little or no formal training as an English teacher. Especially useful if you are working in the students' own country (rather than an English-speaking country). Can be used either as a complete course in English teaching or, if you already have some experience, as a reference book. A comprehensive and readable introduction to teaching

English. Clear and jargon-free, it is easy to follow and suitable for initial teacher training, but also provides guidance and fresh ideas for more experienced teachers. It offers realistic ways of achieving success even with large classes and few resources.

Developing Materials for Language Teaching - Brian Tomlinson
2014-08-01

About Language - Scott Thornbury 1997-03-13

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system.

What English Language Teachers Need to Know Volume I - Denise E. Murray 2019-02-01

Designed for pre-service teachers and teachers new to the field of ELT, What English Teachers Need to Know Volumes I, II, and III are companion textbooks organized around the key question: What do teachers need to know and be able to do in order for their students to learn English? In the Second Edition of Volume I, Murray and Christison return to this essential question and call attention to emerging trends and challenges affecting the contemporary classroom. Addressing new skills and strategies that EFL teachers require to meet the needs of their shifting student populations who are impacted by changing demographics, digital environments, and globalization, this book, which is grounded in current research, offers a strong emphasis on practical applications for classroom teaching. This updated and expanded Second Edition features: a new chapter on technology in TESOL new and updated classroom examples throughout discussions of how teachers can prepare for contemporary challenges, such as population mobility and globalization The comprehensive texts work for teachers across different contexts—where English is the dominant language, an official language, or a foreign language; for different levels—elementary/primary, secondary, university, or adult education; and for different learning purposes—general English, workplace English, English for academic purposes, or English for specific purposes.

Oxford Discover, Level 2 - Oxford Dictionaries Staff 2014-05-08

Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in

the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.

[The Routledge Handbook of English Language Teaching](#) - Graham Hall 2016-05-12

The Routledge Handbook of English Language Teaching is the definitive reference volume for postgraduate and advanced undergraduate students of Applied Linguistics, ELT/TESOL, and Language Teacher Education, and for ELT professionals engaged in in-service teacher development and/or undertaking academic study. Progressing from 'broader' contextual issues to a 'narrower' focus on classrooms and classroom discourse, the volume's inter-related themes focus on: ELT in the world: contexts and goals planning and organising ELT: curriculum, resources and settings methods and methodology: perspectives and practices second language learning and learners teaching language: knowledge, skills and pedagogy understanding the language classroom. The Handbook's 39 chapters are written by leading figures in ELT from around the world. Mindful of the diverse pedagogical, institutional and social contexts for ELT, they convincingly present the key issues, areas of debate and dispute, and likely future developments in ELT from an applied linguistics perspective. Throughout the volume, readers are encouraged to develop their own thinking and practice in contextually appropriate ways, assisted by discussion questions and suggestions for further reading that accompany every chapter. Advisory board: Guy

Cook, Diane Larsen-Freeman, Amy Tsui, and Steve Walsh
International Handbook of English Language Teaching - Jim Cummins
2007-12-31

This two volume handbook provides a comprehensive examination of policy, practice, research and theory related to English Language Teaching in international contexts. More than 70 chapters highlight the research foundation for best practices, frameworks for policy decisions, and areas of consensus and controversy in second language acquisition and pedagogy. The Handbook provides a unique resource for policy makers, educational administrators, and researchers concerned with meeting the increasing demand for effective English language teaching. It offers a strongly socio-cultural view of language learning and teaching. It is comprehensive and global in perspective with a range of fresh new voices in English language teaching research.

Discover English 3 - Kate Wakeman 2010

The New Teacher Book - Terry Burant 2010

Teaching is a lifelong challenge, but the first few years in the classroom are typically a teacher's hardest. This expanded collection of writings and reflections offers practical guidance on how to navigate the school system, form rewarding relationships with colleagues, and connect in meaningful ways with students and families from all cultures and backgrounds.

The World Book Encyclopedia - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.
