Great War Modernism -

Nanette Norris 2015-12-16
New Modernist Studies, while reviving and revitalizing modernist studies through lively, scholarly debate about historicity, aesthetics, politics, and genres, is struggling with important questions concerning the delineation that makes discussion fruitful and possible. This volume aims to explore and clarify the position of the so-called 'core' of literary modernism in its seminal engagement with the Great War. In studying the years of the Great War, we find

ourselves once more studying 'the giants,' about whom there is so much more to say, as well as adding hitherto marginalized writers - and a few visual artists - to the canon. The contention here is that these war years were seminal to the development of a distinguishable literary practice which is called 'modernism,' but perhaps could be further delineated as 'Great War modernism,' a practice whose aesthetic merits can be addressed through formal analysis. This collection of essays offers new insight into canonical British/American/European modernism of the Great War period using the critical tools of contemporary, expansionist modernist studies. By focusing on war, and on the experience of the soldier and of those dealing with issues of war and survival, these studies link the unique forms of expression found in modernism with the fragmented, violent, and traumatic experience of the time.

[Rails Under the Mighty Hudson](#)

- Brian J. Cudahy 2002
Rails Under the Mighty Hudson tells a story that begins in the final years of the nineteenth century and reaches fulfillment in the first decade of the twentieth: namely, the building of rail tunnels under the Hudson River linking New Jersey and New York. These tunnels remain in service today-although one is temporarily out of service since its Manhattan terminal was under the World Trade Center-and are the only rail crossings of the Hudson in the metropolitan area. Two of the tunnels were built by the Hudson and Manhattan Railroad, a company headed by William Gibbs McAdoo, a man who later served as U.S. Secretary of the Treasury and even mounted a campaign for the Democratic presidential nomination at one point. McAdoo's H&M remains in service today as the PATH System of the Port Authority of New York and New Jersey. The other tunnel was opened in 1910 by the Pennsylvania Railroad, led to the magnificent

Penn Station on Eighth Avenue and 33rd Street, and remains in daily service today for both Amtrak and New Jersey Transit. The author has updated this new edition with additional photographs, a concluding chapter on recent developments, and a Preface that recounts the last trains of September to the World Trade Center Terminal.

Cinematographic Elements and The Mass in 'The Crowd' and 'Manhattan Transfer' -

Nadine Wolf 2005-04-25
Seminar paper from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 2,3, University of Bayreuth, 16 entries in the bibliography, language: English, abstract:
The film The Crowd and the novel Manhattan Transfer are both products of the American 1920s, the Jazz Age. It was a time of great economic upswing, and money and success became very important. The society was in a state of flux as well, especially the women of the younger generation wanted to gain

more independence. The Great War had not only changed the old conventions of young women, however. People moved into the big cities, harbouring great expectations and hope for a better life. New York was of course one of the cities to go to, not at last because it was considered the 'capital' of the Jazz spirit. This economic boom ended with the great Wall Street Crash in 1929.¹ King Vidor, producer of *The Crowd*, was born on February 8th 1894 in Galveston, Texas. His family was of Hungarian origin, which mirrors itself in his not necessarily ordinary name. *The Crowd* came into the cinemas in 1928 and is one of Vidor's "Late Silents", as Durgnat and Simmon call them. Vidor has earned himself the label 'epic poet', "given to large, almost abstract expressions of a man's role in nature and society". One of these 'abstract expressions' we can find in *The Crowd* in the role of John Sims, of whom will be taken a closer look at later in this work. About three years earlier, John Dos

Passos published his novel *Manhattan Transfer*. He was born in Chicago on January the 14th in 1896. After he graduated from Harvard College, he decided to serve in the United States Medical Corps during the end of World War I. In his novels *One Man's Initiation* and *Three Soldiers* he processes the experiences and impressions from those years. He continues with an acute awareness of his senses in *Manhattan Transfer*, a novel full of detailed descriptions, of smells, sounds, and impressions, making the story so real one could forget it is fiction. This work will first show some of the aspects of mass and cinematography that can be found in *The Crowd*, and will then continue on to those found in *Manhattan Transfer*. Finally, the differences and the points the two works have in common will be summed up.

Manhattan Transfer (Warbler Classics) - John Dos Passos 2021-08-13

John Dos Passos's *Manhattan Transfer* follows the overlapping lives of four principal characters in a sweeping multi-faceted tale set to the soundtrack of the booming, rhythmic pulse of New York City in the 1920s. Peopled with wealthy professionals, struggling immigrants, actors, cab drivers, chefs, and shopkeepers, a portrait of New York City bursts into view with all the force of the city itself. Through a narrative collage of descriptions, snatches of conversations, music, flashbacks, streams of consciousness, and shifting perspectives, Dos Passos vividly portrays the profits and perils of the American dream. Considered by many to be his

greatest novel, *Manhattan Transfer* is a landmark work of modernist fiction and a masterpiece of American literature.

Maggie's Tree - Julie Walters
2009-12-23

Oscar-nominated star of *Educating Rita* and *Billy Elliot*'s darkly funny debut novel.

Cissie is a stand-up comedienne and national darling. Helena is the toast of Broadway. Maggie is an extremely beautiful but troubled actress - and she's cracking up fast, in fact she's 'out of her tree'. When Cissie takes Maggie to see Helena in New York, it leads to trouble straight away: Maggie disappears into the freezing February night, no one knows where. As the search for their friend continues, alarming divisions occur in the lifelong friendships of Cissie, Helena and her stoic husband Luke. And then Cissie disappears too. So, two of the closest of friends are lost separately somewhere in snowbound Manhattan.

Manhattan Transfer - John Dos Passos 2019-07-04

La gran novela urbana de Nueva York. En Nueva York, Jimmy Herf, huérfano de padre y madre, es adoptado por su tío, y desde muy joven empieza a trabajar como periodista. Después combate en la guerra, se enamora y se casa con Hellen Thatcher, una actriz divorciada que le abandona por un rico abogado cuando Jimmy pierde el trabajo y se ve obligado a vivir pobremente, hasta que un día en una reunión de amigos anuncia que va a dejar la ciudad. Esta espléndida novela cuenta cómo el protagonista, rodeado de cientos de personas que viven en su ciudad, que actúan junto a él y a veces se cruzan con él, intenta vivir en Nueva York durante los años que anteceden y siguen a la Primera Guerra Mundial. Reseña: «El más grande novelista de nuestro tiempo.» Jean-Paul Sartre Los lectores han dicho... «Si eres amante de la literatura no te puedes perder este gran clásico de la literatura americana.» «Una

obra original, única, que instruye y entretiene a la vez.»

This book offers an insightful and refreshing perspective on his fictional world, exploring the historical vision and utopian aspirations of his early novels in light of their dialectical politics in narrating modern American society. *History and Utopian Disillusion* convincingly shows that Dos Passos' epic-scale project is a

radical hymn of faith
dialectically inspiring the
utopian resolution of American
history by presenting entropic
despair and disillusionment.

[American Literary Naturalism,](#)
[a Divided Stream](#) - Charles

Child Walcutt 1956

American Literary Naturalism,
a Divided Stream was first
published in 1956. Minnesota
Archive Editions uses digital
technology to make long-
unavailable books once again

accessible, and are published unaltered from the original University of Minnesota Press editions. The literary concept of naturalism perpetually contradicts itself, oscillating between the transcendental affirmation of human freedom and the demonstration of its nonexistence. In this tension it gropes for forms that will satisfy both demands. These contradictions, and this divided stream, Mr. Walcutt shows, represent the central intellectual and social problem of the modern world, where the confusions between materialism and religion are ubiquitous. In tracing the development of naturalism in the novel, the author provides a background with chapters on naturalistic theory and the theory and practice of Emile Zola. He then traces the shifts in form through the worlds of Harold Frederic, Hamlin Garland, Stephen Crane, Jack London, Frank Norris, Winston Churchill, Theodore Dreiser, Sherwood Anderson, James T. Farrell, John Steinbeck, Ernest Hemingway, and John Dos

Passes. College English commented: "This is a book that will clarify some of the confusion that teachers and students face when they discover that naturalistic novels do not always follow naturalistic theory." Writing in *Prairie Schooner*, Ihab Hassan pointed out: "In speculating on the origins of naturalism, in perceiving the inner contradictions of its spirit and the tensions of its form, and in following its full and vital sweep as it allies itself now with impressionism, now with expressionism, Professor Walcutt manages to throw new light on a major movement in American letters."

Manhattan Transfer - John Dos Passos 2021-04-20

Manhattan Transfer, considered to be one of Dos Passos' most important works, describes the development of urban life in New York City from the Gilded Age to the Jazz Age as told through a series of overlapping individual stories, primarily, of four people living in Manhattan from the 1890s to the late 1920s. The book

attacks the consumerism and social indifference of contemporary urban life, portraying a Manhattan that is merciless yet teeming with energy and restlessness. The book shows some of Dos Passos' experimental writing techniques and narrative collages.

American Audacity -

Christopher Benfey 2010-02-22

One of the foremost critics in contemporary American letters, Christopher Benfey has long been known for his brilliant and incisive essays. Appearing in such publications as the New York Review of Books, the New Republic, and the Times Literary Supplement, Benfey's writings have helped us reimagine the American literary canon. In *American Audacity*, Benfey gathers his finest writings on eminent American authors (including Emerson, Dickinson, Whitman, Millay, Faulkner, Frost, and Welty), bringing to his subjects---as the New York Times Book Review has said of his earlier work---"a scholar's thoroughness, a critic's

astuteness and a storyteller's sense of drama." Although Benfey's interests range from art to literature to social history, this collection focuses on particular American writers and the various ways in which an American identity and culture inform their work. Broken into three sections, "Northerners," "Southerners," and "The Union Reconsidered," *American Audacity* explores a variety of canonical works, old (Emerson, Dickinson, Millay, Whitman), modern (Faulkner, Dos Passos), and more contemporary (Gary Snyder, E. L. Doctorow). Christopher Benfey is the author of numerous highly regarded books, including *Emily Dickinson: Lives of a Poet*; *The Double Life of Stephen Crane*; *Degas in New Orleans: Encounters in the Creole World of Kate Chopin and George Washington Cable*; and, most recently, *The Great Wave: Gilded Age Misfits, Japanese Eccentrics, and the Opening of Old Japan*. Benfey's poems have appeared in the *Paris Review*, *Pequod*, and

Ploughshares. He has held fellowships from the Guggenheim Foundation, the National Endowment for the Humanities, and the American Council of Learned Societies. Currently he is Mellon Professor of English at Mount Holyoke College. "In its vigorous and original criticism of American writers,

Christopher Benfey's *American Audacity* displays its own audacities on every page." ---

Cinematic Fictions - David Seed 2012-01-01

The phrase 'cinematic fiction' has now been generally accepted into critical discourse, but is usually applied to post-war novels. This book asks a simple question: given their fascination with the new medium of film, did American novelists attempt to apply cinematic methods in their own writings? From its

very beginnings the cinema has played a special role in defining American culture. Covering the period from the 1910s up to the Second World War, *Cinematic Fictions* offers new insights into classics like *The Great Gatsby* and *The Grapes of Wrath* discussing major writers' critical writings on film and active participation in film-making. *Cinematic Fictions* is also careful not to portray 'cinema' as a single or stable entity. Some novelists drew on silent film; others looked to the Russian theorists for inspiration; and yet others turned to continental film-makers rather than to Hollywood. Film itself was constantly evolving during the first decades of the twentieth century and the writers discussed here engaged in a kind of dialogue with the new medium, selectively pursuing strategies of montage, limited point of view and scenic composition towards their different ends. Contrasting a diverse range of cinematic and literary movements, this will be compulsory reading for

scholars of American literature and film.

The Double-edged Sword - Zoltán Simon 2003

This examination of American novels from 1900 to 1940 traces the literary treatment of the technological sublime, a simultaneous awe and fear of technology. The American technological sublime is a construct that can be useful in understanding the often conflicted and ambivalent reactions of enthusiasm and anxiety, exaltation and depression, associated with the patterns of development experienced in the US in this transitory period. The first four decades of the 20th century saw the culmination of the technological sublime in America: the loss of the innocently one-sided enthusiasm and technological republicanism of the 19th century to a fragmented, often paranoiac, and largely pessimistic vision of technology that became dominant of the literature after World War II. After an evaluation of earlier scholarship on the American

technological sublime, the study examines four important decades in the development of the American technological sublime and some of the literary responses to it
Handbook of the American Novel of the Twentieth and Twenty-First Centuries - Timo Müller 2017-01-11

Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts. These developments have benefitted the discipline in more ways than one, but they have also resulted in a certain neglect of close reading. As a result, students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s, much of which relies on dated

methodological and ideological presuppositions. The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate – from James’s *The Ambassadors* to McCarthy’s *The Road*. These readings do not revert naively to a time “before theory.” Instead, they distil the insights of literary and cultural theory into concise introductions to the historical background, the themes, the formal strategies, and the reception of influential literary texts, and they do so in a jargon-free language accessible to readers on all levels of qualification.
