Fabulae Ancillantes: Units 1 and 2 - North American Cambridge Classics Project 2007-03-26

This collection of ancillary Latin narrative passages is intended to supplement the Cambridge Latin Course, and can be used to provide extra practice in translation and/or comprehension, or to provide material for evaluation purposes on tests and examinations. The stories have served both purposes in the classes for which they have been composed over the last 20 years. The Cambridge Latin Course is successful in its avowed aim to prepare students to read and understand Latin, mainly because its stories are so interesting that students want to be able to read them. That success, however, poses a challenge to the teacher/evaluator. To measure a student's success in achieving the Course's primary aim, the student has to be asked to translate or answer comprehension questions "at sight" on a connected passage of Latin. The Fabulae Ancillantes answer this need, providing passages that are in line with the Cambridge Latin Course, yet are new to the student.

*Oxford Latin Course* - M. G. Balme 1999-06

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions

corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics-- from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.
