Lack of self-confidence causes great difficulty in relationships of all kinds, and in marriage instances can even lead to divorce. In THE CONFIDENT WOMAN, Joyce explores the seven characteristics of a woman with confidence, which include a woman who knows she is loved, who refuses to live in fear, and who does not live by comparisons. Passion and Reason - Richard S. Lazarus 1994-11-03

When Oxford published *Emotion and Adaptation*, the landmark 1991

book on the psychology of emotion by internationally acclaimed stress and coping expert Richard Lazarus, *Contemporary Psychology* welcomed it as "a brightly shining star in the galaxy of such volumes." Psychiatrists, psychologists and researchers hailed it as a masterpiece, a major breakthrough in our understanding of the emotional process and its central role in our adaptation as individuals and as a species. What was still needed, however, was a book for general readers and health care practitioners that would dispel the myths still surrounding cultural beliefs about emotion and systematically explain the relevance of the new research to the emotional dramas of our everyday lives. Now, in *Passion and Reason*, Lazarus draws on his four decades of pioneering research to bring readers the first book to move beyond both clinical jargon and "feel-good" popular psychology to really explain, in plain, accessible language, how emotions are aroused, how they are managed, and how they critically shape our views of ourselves and the world around us. With his co-author writer Bernice Lazarus, Dr. Lazarus explores the latest findings on the short and long-term causes and effects of various emotions, including the often conflicting research on stress management and links between negative emotions and heart disease, cancer, and other aspects of physical and psychological health. Lazarus makes a strong case that contrary to common assumption, emotions are not irrational--our emotions and our analytical thought processes are inextricably linked. While not a "how-to" book, *Passion and Reason* does describe how readers can interpret what lies behind their own emotions and those of their families, friends, and co-workers, and how to manage them more effectively. Exploring fifteen emotions in depth, from love to jealousy, the authors show how the personal meaning we give to the events and conditions of our lives trigger such emotions as anger, anxiety, guilt, and pride. They provide fascinating vignettes to frame a "biography" of each emotion. Some are composite case histories drawn from Dr. Lazarus's long career, but most are stories of people the Lazaruses have known over the years--people whose emotional fears, conflicts, and desires mirror readers' own. The Lazaruses also offer a special chapter on the diverse strategies of coping people use in managing their emotions, and another, "When Coping Fails," on psychotherapy and its approaches to emotional stress and dysfunction, from traditional Freudian psychoanalysis to continuing research into relaxation techniques, meditation, hypnosis, and biofeedback. Packed with insight and compellingly readable, *Passion and Reason* will enrich all readers fascinated by our emotional lives.

In fact, we can suffer serious physical illnesses as a result of unforgiveness. Is it difficult to forgive? Absolutely, but the rewards are well worth it. In *THE POWER OF FORGIVENESS*, Joyce Meyer reveals that when we choose to forgive others, we release ourselves from sin's power. Making Good Habits, Breaking Bad Habits - Joyce Meyer 2013-04-02

Nearly everything we do in life is the result of our habits. The good ones bring peace, joy and power into our lives, and the bad ones steal our peace and joy and prevent our success. In this book, Joyce Meyer explains how to develop good habits -- the things you really want to do -- and break the bad ones, putting an end to frustration, discouragement and stress that drains your energy. The most important habit comes first: the God habit. Next comes a willingness to work for the results you want. Joyce reminds us that, "if we don't pay the price for freedom, we will end up paying the price for bondage". Next comes the power of our words. Our words and the thoughts that propel them have tremendous power over our actions, and repeated actions are the basis of our habits. There are eleven more habits that Joyce discusses in depth, including the habits of happiness, faith, excellence, responsibility, generosity, discipline, decisiveness and confidence. "Choose one area and begin," she urges. "Don't feel overwhelmed by all the changes that are needed. One thing at a time, one day at a time is the best plan. Celebrate every day of success, and when you make mistakes, shake off the disappointment and keep going forward." You can transform your life, one habit at a time.

Do Yourself a Favor...Forgive - Joyce Meyer 2012-04-03

Building on her signature message of using the mind to master difficult emotions, Joyce Meyer focuses on the most destructive, insidious one of all: anger. It is responsible for broken relationships, sleepless nights,

high blood pressure and ulcers. It destroys friendships, marriages and families, not to mention peace of mind. Anger is especially hard to handle for many Christians who have learned from childhood that "good Christians don't get angry." Meyer argues that properly handled, anger is an alert system that something is wrong and needs to be resolved. In her latest book, she delves into the important process of forgiving, explaining its positive impact on the roots, the forms and the results of anger. Why forgive? Joyce explains that forgiving is the only thing that can free one from the terrible turmoil that anger causes to spill over into every part of life. Meyer understands that life will never be fair, but that is not a reason to let anger destroy our well-being and health. This is her guide to navigating that thorny territory and finding true peace.

Also, Stanley gives his perspective on the things that hinder peace—including the "Four Great Hallmarks of God's Peace" and "Five Essential Beliefs for a Peaceful Heart"—to put the important message of this book into concrete terms. God Is for Real - Todd Burpo 2017-09-26

GOD IS FOR REAL, a new book from author of the best-seller *HEAVEN IS FOR REAL*, addresses soul-searching questions about God, like What is God like? Why are things the way they are in spite of who God is? If Todd's first book, *Heaven Is for Real*, was about the then and there of heaven, *GOD IS FOR REAL* is about the here and now on earth: Why are there are so many hypocritical church people? Why do Christians make such a big deal about the cross? Why doesn't God seem to answer our biggest prayers? People are tired of pat answers offered up in churchy language explaining away their questions; we want the down-and-dirty truth. What bothers us about life and faith is real and gritty. We need a plain-spoken voice to offer God's answers to difficult struggles and painful doubts. Todd charges into these subjects with a fireman's courage, a small-town friend's vulnerability, and a local pastor's compassion. He helps articulate the questions people have, then gives them relevant biblical wisdom for taking their next steps in faith. God is ready to meet you! Are you ready to meet Him?
