

Descargar Maquiavelo Para Mujeres Gratis

Eventually, you will completely discover a new experience and completion by spending more cash. still when? reach you understand that you require to get those every needs subsequent to having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more vis--vis the globe, experience, some places, later history, amusement, and a lot more?

It is your unquestionably own grow old to work reviewing habit. among guides you could enjoy now is **Descargar Maquiavelo Para Mujeres Gratis** below.

Rules for Radicals - Saul Alinsky 2010-06-30
First published in 1971, Rules for Radicals is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

The Dialogue in Hell Between Machiavelli and Montesquieu - Maurice Joly 2003
Joly's (1831-78) Dialogue aux enfers entre Machiavel et Montesquieu is the major source of one of the world's most infamous and damaging forgeries, The Protocols of the Elders of Zion. That, however, was concocted some two decades after he died, and American political scientist Waggoner points to Joly's own text for evidence that he was not anti-semitic and was an intransigent enemy of the kind of tyranny the forgery served during the 1930s. He translates the text and discusses Joly's intentions in writing it and his contribution to the understanding of modern politics. Annotation copyrighted by Book News, Inc., Portland, OR.

The Social Contract - Jean-Jacques Rousseau 2017-07-31
In The Social Contract, Rousseau wrote one of the most influential studies ever made. It is as relevant today as when it was first published more than 250 years ago. Political society,

Rousseau argued, required each individual to submit their personal desires to the 'general will'. At the same time, there was no 'divine right' of the monarchy to allow them to act as they pleased. Therefore, there must be a social contract between governor and governed - the only truly legitimate form of government. Rousseau's ideas influenced both the French and American Revolutions and created the foundations of the liberal democratic societies we live in today.

The Princess Who Believed in Fairy Tales - Marcia Grad 1995

The Princess Who Believed in Fairy Tales is an enchanting and inspiring modern-day story set in olden times that symbolizes the journey we all take through life as we sort out illusion from reality, come to terms with our childhood dreams and pain, and discover who we really are and how life works.

Shibumi - Trevanian 2005-05-10
A classic spy novel from the bestselling author, Trevanian, about a westerner raised in Japan who becomes one of the world's most accomplished assassins. Nicholai Hel is the world's most wanted man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in

an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.

From Dictatorship to Democracy - Gene Sharp 2008

A serious introduction to the use of nonviolent action to topple dictatorships. Based on the author's study, over a period of forty years, on non-violent methods of demonstration, it was originally published in 1993 in Thailand for distribution among Burmese dissidents.

A Very Old Man with Enormous Wings - Gabriel García Márquez 2014

Strange, wondrous things happen in these two short stories, which are both the perfect introduction to Gabriel García Márquez, and a wonderful read for anyone who loves the magic and marvels of his novels. After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel? Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses.

How to Improve Your Self-Esteem - Walter Riso 2013-06-01

"Activating your self-love is the first step towards any type of psychological growth and personal improvement. Of course I am not talking about the dark side of self-esteem, which leads to narcissism and fascination with the ego, but rather about having a genuine ability to, fearless and unashamedly, recognize your strengths and virtues, integrate them into the development of your own life..." In this guide, Dr. Walter Riso teaches us about the tools we need to help bolster our self-esteem; he teaches us to feed our self-love, freeing us from dependencies and stripping away all those things that weigh heavily on us. This, in turn, enables us to build our own happiness.

The Antichrist - Friedrich Wilhelm Nietzsche 1920

The Selfish Gene - Richard Dawkins 1989

An ethologist shows man to be a gene machine whose world is one of savage competition and deceit

Feminist Interpretations of Niccolò Machiavelli - Maria J. Falco 2010-11-01

The 48 Laws Of Power - Robert Greene 2010-09-03

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

_____ (From the Playboy interview with Jay-Z, April 2003)
PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

The Thirteen Hallows - Michael Scott 2012-11-27

The last time the 13 Hallows were gathered together was in the time of Arthur when they were used to drive the Demonkind from this world and seal the entrance between this and the Otherworld, but now the sacred objects of Britain are once again being brought together. Reprint. 50,000 first printing.

Fortune Is a Woman - Hanna Fenichel Pitkin 1999-10-15

"Hanna Pitkin's study of Machiavelli was the first to place gender systematically at the center of its exploration of his political thought. Rife with contradictions, Machiavelli's writings have led commentators to characterize him as everything from a civic republican to a proto-fascist. Acknowledging these contradictions, Pitkin shows that they reflect three distinct ways of thinking about politics, each of which is tied to a different understanding of "manhood." In a new Afterword, Pitkin discusses the book's critical reception and situates its arguments in the context of recent interpretations of Machiavelli's thought."--Jacket.

Social Intelligence - Daniel Goleman 2006-09-26

Emotional Intelligence was an international phenomenon, appearing on the New York Times bestseller list for over a year and selling more than five million copies worldwide. Now, once again, Daniel Goleman has written a groundbreaking synthesis of the latest findings in biology and brain science, revealing that we are "wired to connect" and the surprisingly deep impact of our relationships on every aspect of our lives. Far more than we are consciously aware, our daily encounters with parents, spouses, bosses, and even strangers shape our brains and affect cells throughout our bodies—down to the level of our genes—for good or ill. In *Social Intelligence*, Daniel Goleman explores an emerging new science with startling implications for our interpersonal world. Its most fundamental discovery: we are designed for sociability, constantly engaged in a "neural ballet" that connects us brain to brain with those around us. Our reactions to others, and theirs to us, have a far-reaching biological impact, sending out cascades of hormones that regulate everything from our hearts to our immune systems, making good relationships act like vitamins—and bad relationships like poisons. We can "catch" other people's emotions the way we catch a cold, and the consequences of isolation or relentless social stress can be life-shortening. Goleman explains the surprising accuracy of first impressions, the basis of charisma and emotional power, the complexity of sexual attraction, and how we detect lies. He describes the "dark side" of social intelligence, from narcissism to Machiavellianism and psychopathy. He also reveals our astonishing capacity for "mindsight,"

as well as the tragedy of those, like autistic children, whose mindsight is impaired. Is there a way to raise our children to be happy? What is the basis of a nourishing marriage? How can business leaders and teachers inspire the best in those they lead and teach? How can groups divided by prejudice and hatred come to live together in peace? The answers to these questions may not be as elusive as we once thought. And Goleman delivers his most heartening news with powerful conviction: we humans have a built-in bias toward empathy, cooperation, and altruism—provided we develop the social intelligence to nurture these capacities in ourselves and others.

How to Read a Book - Mortimer J. Adler
2011-05-10

With half a million copies in print, *How to Read a Book* is the best and most successful guide to reading comprehension for the general reader, completely rewritten and updated with new material. A CNN Book of the Week: "Explains not just why we should read books, but how we should read them. It's masterfully done."
—Farheed Zakaria Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and how to achieve them—from elementary reading, through systematic skimming and inspectional reading, to speed reading. Readers will learn when and how to "judge a book by its cover," and also how to X-ray it, read critically, and extract the author's message from the text. Also included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works. Finally, the authors offer a recommended reading list and supply reading tests you can use measure your own progress in reading skills, comprehension, and speed.

Hannibal - Thomas Harris 2009-06-23

#1 NEW YORK TIMES BESTSELLER • "Is it as good as *Red Dragon* and *Silence of the Lambs*? No . . . this one is better."—Stephen King, *The New York Times Book Review* You remember Hannibal Lecter: gentleman, genius, cannibal. Seven years have passed since Dr. Lecter escaped from custody. And for seven years he's

been at large, free to savor the scents, the essences, of an unguarded world. But intruders have entered Dr. Lecter's world, piercing his new identity, sensing the evil that surrounds him. For the multimillionaire Hannibal left maimed, for a corrupt Italian policeman, and for FBI agent Clarice Starling, who once stood before Lecter and who has never been the same, the final hunt for Hannibal Lecter has begun. All of them, in their separate ways, want to find Dr. Lecter. And all three will get their wish. But only one will live long enough to savor the reward. . . . Praise for Hannibal "Interested in getting the hell scared out of you? Buy this book on a Friday . . . lock all doors and windows. And by Monday , you might just be able to sleep without a night-light."—Newsday "Strap yourself in for one heck of a ride. . . . It'll scare your socks off."—Denver Post "A stunner . . . writing in language as bright and precise as a surgeon's scalpel, Harris has created a world as mysterious as Hannibal's memory palace and as disturbing as a Goya painting. This is one book you don't want to read alone at night."—The Atlanta Journal-Constitution "Relentless . . . endlessly terrifying . . . 486 fast-paced pages, in which every respite is but a prelude to further furious action . . . Hannibal begins with a murderous paroxysm that leaves the reader breathless. . . . Hannibal speaks to the imagination, to the feelings, to the passions, to exalted senses and to debased ones. Harris's voice will be heard for a while."—Los Angeles Times "A pleasurable sense of dread."—The Wall Street Journal "Enormously satisfying . . . a smashing good time, turning the pages for thrills, chills, horror and finally, a bracing, deliciously wicked slap in the face . . . perhaps the very best the thriller/horror genre is capable of producing."—San Diego Union-Tribune

The Art of War -

Oblivion - Héctor Abad 2012-04-24

Oblivion is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an unforgettable picture of a man who followed his conscience and paid for it with his life during one of the darkest periods in Latin America's

recent history.

La Decadencia De La Mentira / the Decay of Lie - Oscar Wilde 2015-02-02

La decadencia de la mentira es un diálogo que se torna en debate sobre el valor del arte. Dos opiniones enfrentadas, que el arte renuncie a la belleza a favor de la verdad, sacrificando algo tan humano y maravilloso como el arte. Wilde presents the essay in a Socratic dialogue, with the characters of Vivian and Cyril having a conversation throughout. The conversation, although playful and whimsical, promotes Wilde's view of Romanticism over Realism. Vivian tells Cyril of an article he has been writing called "The Decay Of Lying: A Protest". In the article Vivian defends Aestheticism and "Art for Art's sake". As summarized by Vivian, it contains four doctrines: Art never expresses anything but itself. All bad art comes from returning to Life and Nature, and elevating them into ideals. Life imitates Art far more than Art imitates Life. Lying, the telling of beautiful untrue things, is the proper aim of Art. The essay ends with the two characters going outside, as Cyril asked Vivian to do at the beginning of the essay. Vivian finally complies, saying that twilight nature's "chief use" may be to "illustrate quotations from the poets."

A World for Julius - Alfredo Bryce Echenique 2004

Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the carriage house, his great-grandfather's ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens new territory in Latin American literature with its focus on the social elite of Peru. In this postmodern novel Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family faced with the invasion of foreign capital in the 1950s. Winner of the Outstanding Translation

Award of the American Literary Translators Association and the Columbia University Translation Center Award.

The Count of Monte Cristo - Alexander Dumas
2019-06-27

The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with *The Three Musketeers*. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815-1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

Machiavelli: The Prince - Niccolo Machiavelli
2019-01-03

Fully updated for the first time after thirty years, this new edition includes a thoroughly revised introduction by Quentin Skinner.

The Double - José Saramago 2005-10-03

A "wonderfully twisted meditation on identity and individuality" from a Nobel Prize-winning author who pushes fiction to its very limits (*The Boston Globe*). As this novel by the author of *Blindness* and *All the Names* begins, Tertuliano Máximo Afonso is a divorced, depressed history teacher. To lift his spirits, a colleague suggests he rent a certain video. Tertuliano watches the

film, unimpressed. But during the night, when he is awakened by noise, he finds the VCR replaying the video and watches in astonishment as a man who looks exactly like him—or, more specifically, exactly like he did five years earlier, mustachioed and fuller in the face—appears on the screen. Against his own better judgment, Tertuliano decides to pursue his double. As he roots out the man's identity, what begins as a whimsical chase becomes a probing investigation into what makes us human. Can we be reduced to our outward appearance, rather than the sum of our experiences? The inspiration for the film *Enemy* starring Jake Gyllenhaal and directed by Denis Villeneuve, *The Double* is a timeless novel from a writer John Updike described in *The New Yorker* as "like Faulkner, so confident of his resources and ultimate destination that he can bring any impossibility to life by hurling words at it." "It's tempting to think of [*The Double*] as his masterpiece." —*The New York Times* Translated from the Portuguese by Margaret Jull Costa

The Prince - Niccolo Machiavelli 2020-06-03
Written in the 16th century, *The Prince* remains one of the most influential books on political theory. Its author, Niccolo Machiavelli was an Italian diplomat and political theorist, and is considered the father of modern political thought.

The Art of War - Sun Tzu 2021-03-18

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, *The Art of War* is a must-read for anybody who works in a competitive environment.

Developing the Leader Within You - John C. Maxwell 2005-08-20

Developing the Leader Within You is Dr. Maxwell's first and most enduring leadership book, having sold more than one million copies. In this Christian Leaders Series edition of this Maxwell classic, you will discover the biblical

foundation for leadership that John Maxwell has used as a pastor and business leader for more than forty years. These same principles and practices are available for everyday leaders in every walk of life. It is a lofty calling to lead a group—a family, a church, a nonprofit, a business—and the timeless principles in this book will bring positive change in your life and in the lives of those around you. You will learn: The True Definition of Leader. “Leadership is influence. That’s it. Nothing more; nothing less.” The Traits of Leadership. “Leadership is not an exclusive club for those who were ‘born with it.’ The traits that are the raw materials of leadership can be acquired. Link them up with desire, and nothing can keep you from becoming a leader.” The Difference Between Management and Leadership. “Making sure the work is done by others is the accomplishment of a manager. Inspiring others to do better work is the accomplishment of a leader.” God has called every believer to influence others, to be salt and light. *Developing the Leader Within You* will equip you to improve your leadership and inspire others.

How to Make Good Things Happen: Know Your Brain, Enhance Your Life - Marian Rojas Estapé 2021-05-18

An empowering journey through the mechanisms of the mind from one of the world’s leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress, threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating emotional intelligence, developing assertiveness, avoiding excessive self-criticism and self-demand, and mastering the proven art of

optimism.

The Strange Case of Dr. Jekyll and Mr. Hyde - Robert Louis Stevenson 1922

Leadership, New and Revised - Peter Koestenbaum 2002-09-09

Describes the qualities of good leadership, including a focus on long-term goals, attention to the market, ethical commitment, and the courage to take risks.

Conversation in the Cathedral - Mario Vargas Llosa 2005-02-01

A Haunting tale of power, corruption, and the complex search for identity *Conversation in The Cathedral* takes place in 1950s Peru during the dictatorship of Manuel A. Odría. Over beers and a sea of freely spoken words, the conversation flows between two individuals, Santiago and Ambrosia, who talk of their tormented lives and of the overall degradation and frustration that has slowly taken over their town. Through a complicated web of secrets and historical references, Mario Vargas Llosa analyzes the mental and moral mechanisms that govern power and the people behind it. More than a historic analysis, *Conversation in The Cathedral* is a groundbreaking novel that tackles identity as well as the role of a citizen and how a lack of personal freedom can forever scar a people and a nation.

The Art Of Seduction - Robert Greene 2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to

'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

Life in the Argentine Republic in the Days of the Tyrants; Or, Civilization and Barbarism - Domingo Faustino Sarmiento 1868

Breve historia de la corrupción - Carlo Alberto Brioschi 2019-06-06

«Una lectura deliciosa, purificante e imprescindible para todo aquel que quiera levantar la cabeza y contemplar -desde una perspectiva más erudita- la poza de mierda en la que chapotean muchos de nuestros egregios conciudadanos.» Quim Monzó, *La Vanguardia*
Políticos, gobernantes, empresarios de cualquier ralea: todos han encontrado en su camino el sutil y penetrante hedor de la corrupción, desde la antigua civilización mesopotámica, donde la reciprocidad regalo-favor era una costumbre consolidada, hasta las irresueltas cuestiones morales de nuestros días. Al final del recorrido, es lamentable comprobar, como destaca Garzón en su contundente prólogo, que «tampoco han cambiado tanto las cosas; en España y fuera de España se mercadea con los cargos públicos, se aceptan regalos e incluso se defiende vehementemente que éstos son una costumbre social». Esta erudita, divertida y breve historia traza las «proezas corruptivas» de los grandes y menos grandes personajes de la historia, con especial hincapié en los gobernantes, los políticos, los funcionarios públicos y los numerosos estafadores financieros a lo largo de cuatro mil años. Reseña: «La narración breve y concisa es un arte, un don que Brioschi posee y utiliza en este brillante libro.» Roberto Coalda, *Il Sole* 24 Ore

Niccolo's Smile - Maurizio Viroli 2002-01-09
A compelling portrait of the Italian philosopher who coined the phrase "the ends justify the

means" looks at the man's surprising career and relationships, delving deeply into the personal history that enlivened his masterpiece, *The Prince*. Reprint.

El Túnel - Ernesto R. Sábato 1989

[The New Science of Giambattista Vico](#) - Giambattista Vico 2016-04-15

A pioneering treatise that aroused great controversy when it was first published in 1725, Vico's *New Science* is acknowledged today to be one of the few works of authentic genius in the history of social theory. It represents the most ambitious attempt before Comte at comprehensive science of human society and the most profound analysis of the class struggle prior to Marx.

Enchiridion - Epictetus 2012-03-01

A first-century Stoic, Epictetus argued that we will always be happy if we learn to desire that things should be exactly as they are. His *Enchiridion* distills his teachings to illuminate a way to a tranquil life.

The Art of Loving - Erich Fromm 2013-02-26

The landmark bestseller that changed the way we think about love: "Every line is packed with common sense, compassion, and realism" (*Fortune*). *The Art of Loving* is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, *The Art of Loving* is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of *To Have or To Be?* and *Escape from Freedom*. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

1491 (Second Edition) - Charles C. Mann 2006-10-10

NATIONAL BESTSELLER • A groundbreaking work of science, history, and archaeology that

radically alters our understanding of the Americas before the arrival of Columbus in 1492—from “a remarkably engaging writer” (The New York Times Book Review). Contrary to what so many Americans learn in school, the pre-Columbian Indians were not sparsely settled in a pristine wilderness; rather, there were huge numbers of Indians who actively molded and influenced the land around them. The astonishing Aztec capital of Tenochtitlan had running water and immaculately clean streets,

and was larger than any contemporary European city. Mexican cultures created corn in a specialized breeding process that it has been called man’s first feat of genetic engineering. Indeed, Indians were not living lightly on the land but were landscaping and manipulating their world in ways that we are only now beginning to understand. Challenging and surprising, this a transformative new look at a rich and fascinating world we only thought we knew.
