The Institutions of American Democracy -

Geneva Overholser 2005-05-26

Examines the role of the press in a democracy, investigating alternative models used throughout world history to understand how the American press has evolved. This work also examines the history, identity, roles, and future of the American press, with an emphasis on topics of concern to both practitioners and consumers of American media.

We the People - Benjamin Ginsberg 1999

Emphasizing the relevance of politics and government in everyday life, *We the People* provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections. Complemented by a rich package of multimedia tools for instructors and students, including a new video-clip DVD, *We the People* is now more pedagogically effective than ever.

Keeping the Republic - Christine Barbour

2020-12-03

Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. *Keeping the Republic* draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. The thoroughly updated Tenth Edition considers the influences of today's technology and social media on politics and civic engagement. With the communication of ideas and information easier than ever, it's increasingly challenging to filter through all the voices and biases to assess the facts and find balance. Throughout the text and its features, authors Christine Barbour and Gerald C. Wright show students how to effectively apply the critical thinking skills they develop to the

political information they encounter every day. Students are challenged to deconstruct prevailing political narratives and effectively harness the political power of the information age for themselves. New content analyzes not only the 2020 election results and Supreme Court rulings, but also examines the activism of the Black Lives Matter movement, political outsiders in campaigns and party nominations, the federal government's response to the COVID-19 pandemic, and the presidency of Donald Trump. With students living through one of the most challenging periods in American life, *Keeping the Republic*, Tenth Edition, is there to be a much-needed resource to help them make sense of politics in America today and become savvy consumers of political information. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content

American Government - Glen Krutz

2017-12-30

American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

The images in this textbook are grayscale.

[The New American Democracy](#) - Morris P.

Fiorina 2010-12

Updated in a new 7th edition, The New American Democracy offers a stimulating, analytical approach to American government and a unique perspective on contemporary

politics with an emphasis on elections and their importance in the American political system. The authors -- among the most well-known and well-respected scholars working in political science today -- propose in their text that politicians today are perpetually engaged in the election process—a “permanent campaign”—which has profoundly affected how our government functions today.

American Politics and Society - David McKay

2009-02-04

Completely revised and updated to take full account of the most recent and dramatic changes in the nature of American government, the sixth edition provides a clear and concise introduction to US politics for all students of political science and American studies. Explains, analyses and interprets the processes of US government and, crucially, appraises them from a non-US perspective. Includes commentary on the 2004 presidential election. Fills in the social background to American political and economic

life, preparing the ground for the central discussion of the book: the institutions of the federal government, Congress, the Supreme Court and the Constitution, the federal system, the Presidency, the party bandwagons and the electoral system. Reduced emphasis on limited government and greater emphasis on foreign and domestic policy linked into the War on Terror. Reworked throughout to reflect recent developments, with two completely new chapters on The Media and American Politics, and The Security State. Supported by a website, www.blackwellpublishing.com/mckay, including information on the book; its detailed contents; the author; controversies; sample chapters; selected tables; related titles; and links to other web resources. It will be regularly updated to ensure teachers and students have access to the most recent data.

Can We All Get Along? - Paula McClain

2018-05-04

In a nation built by immigrants and bedeviled by

the history and legacy of slavery and discrimination, how do we, as Americans, reconcile a commitment to equality and freedom with persistent inequality and discrimination? And what can we do about it? This widely acclaimed text by Paula D. McClain, with new coauthor Jessica D. Johnson Carew, provides a comprehensive and accessible overview of the historical and contemporary political experience of the major groups—African Americans, Latinos, Asian Americans, and American Indians—in the United States. It explores the similarities and differences in these groups' representation and participation in law, politics, and policymaking, discusses the enduring issues and concerns that they face, and examines intra- and inter-group competition and coalition-building in the face of enduring conflict and inequality. The seventh edition has been thoroughly revised and updated to include coverage of President Barack Obama's second term, the 2016 election, police brutality and Black Lives Matter, and the Dakota Access

Pipeline protest movement. With a brand-new chapter on the intersections of race and gender, *Can We All Get Along?* remains unparalleled in its comparative coverage of the current landscape of minority politics in the United States.

American Government and Politics Today, Brief - Steffen W. Schmidt 2018-01-01

For many, American politics and government have never been more interesting--or more important. A new four-color design, up-to-date political news and analysis and an affordable price make AMERICAN GOVERNMENT AND POLITICS TODAY, Brief Edition, 2018-2019, an ideal resource to engage today's learners. Authors Schmidt, Shelley and Bardes help students understand America's complex and fascinating political system--and show them how they can participate in the political process. Praised for its balanced coverage, clarity and readability, the text examines all the key concepts of American Government while

providing interesting features that focus on active citizenship. The tenth edition gives ample space to the rise of Donald Trump, his populist campaign and use of the media as well as to other current topics such as security leaks, government surveillance and voting restrictions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Politics of Power - Ira Katznelson
2013-07-25

A critical, focused, point-of-view approach to American government, highlighting the ongoing tension between capitalism and democracy.

American Government 3e - Glen Krutz
2021-07-28

The New Politics of the Old South - Charles S. Bullock 2010

The latest presidential election demonstrated the national importance of the shifting demographics and partisan leanings of the

Southern states. When it first appeared in 1998, *The New Politics of the Old South* broke new ground by examining Southern political trends at the end of the twentieth century. Now in its fourth edition, with all chapters extensively revised and updated to cover events up through the 2008 elections, the authors continue their unique state-by-state analysis of political behavior. Written by the country's leading scholars of Southern politics and designed to be adopted for courses on Southern politics (but accessible to any interested reader), this book traces the shifting trends of the Southern electorate and explains its growing influence on the course of national politics. Book jacket.

Public Policy - Carter A. Wilson 2018-11-01

Public policy issues directly and indirectly affect many everyday aspects of the lives of all Americans. Yet, most of us don't fully understand how policy evolves. Why do public policies exist? What different types of policies are there and how controversial have they

become over time? How can we better understand the continuity and change in public policies? Expanding upon the first and second editions, the author uses theoretical and historical approaches to answer these questions and highlight changes that have occurred with public policies over the past decade. He explains the complex relationship of political and social theories that explain the modifications and restructuring of public policies that exist today. Through his engaging writing style, Wilson examines a variety of controversial issues and legal cases to deconstruct each aspect of public policy. His explanations provide detailed information in clear, comfortable language that encourages the reader to better understand and appreciate policies and theories. A list of referenced websites after each chapter allows for exploration outside of the text for up-to-date information on the ever-changing world of public policy.

Learn about the United States - U.S.

Citizenship and Immigration Services 2009
"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

Andrew Jackson - Sean Wilentz 2005-12-27
Examines the life and presidency of Andrew Jackson, including his early days in South Carolina, his military exploits, and his contributions to the cause of democracy and Manifest Destiny.

Gateways to Democracy: An Introduction to

American Government - John G. Geer 2015-01-01
GATEWAYS TO DEMOCRACY introduces the American political system to students, pointing out in each chapter the gateways that facilitate, or at times block, participation. In emphasizing how the political system works-and how individuals and groups have opened gates to influence public policy-the text helps students see the relevance of government in their lives. The third edition provides coverage of the 2014 midterm elections as well as enhanced discussion of the politics, policies, and issues affecting Latinos in the United States. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Government and Politics: Deliberation, Democracy and Citizenship - Joseph M. Bessette 2013-01-01
Bessette/Pitney's AMERICAN GOVERNMENT AND POLITICS: DELIBERATION, DEMOCRACY, AND CITIZENSHIP is based on the idea of

deliberative democracy: political systems work best when informed citizens and public officials deliberate to identify and promote the common good. Emphasizing citizenship, the text examines the way that civic culture and immigration impact students and shape the country. It offers solid historical coverage and a close look at civic responsibility. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Enduring Debate - David T. Canon
2013-06-21

A combination of classic and contemporary readings, featuring a debate-format section in each chapter.

"Can We All Get Along?" - Paula D. McClain
2017-07-25

In a nation built by immigrants and bedeviled by the history and legacy of slavery and discrimination, how do we, as Americans, reconcile a commitment to equality and freedom

with persistent inequality and discrimination? And what can we do about it? This widely acclaimed text by Paula D. McClain provides a comprehensive and accessible overview of the historical and contemporary political experience of the major groups—African Americans, Latinos, Asian Americans, and American Indians—in the United States. It explores the similarities and differences in these groups' representation and participation in law, politics, and policymaking, discusses the enduring issues and concerns that they face, and examines intra- and inter-group competition and coalition-building in the face of enduring conflict and inequality. The seventh edition has been thoroughly revised and updated to include coverage of President Barack Obama's final term, the 2016 election, police brutality and the Black Lives Matter movement, environmental racism and the Flint water crisis, and the increasing racialization of Muslim Americans in the US post-9/11. With a brand-new chapter on

the intersections of race and gender, “Can We All Get Along” remains unparalleled in its comparative coverage of the current landscape of minority politics in the United States.

Democracy From Above? - Stephanie L. McNulty
2019-05-14

People are increasingly unhappy with their governments in democracies around the world. In countries as diverse as India, Ecuador, and Uganda, governments are responding to frustrations by mandating greater citizen participation at the local and state level. Officials embrace participatory reforms, believing that citizen councils and committees lead to improved accountability and more informed communities. Yet there's been little research on the efficacy of these efforts to improve democracy, despite an explosion in their popularity since the mid-1980s. *Democracy from Above?* tests the hypothesis that top-down reforms strengthen democracies and evaluates the conditions that affect their success.

Stephanie L. McNulty addresses the global context of participatory reforms in developing nations. She observes and interprets what happens after greater citizen involvement is mandated in seventeen countries, with close case studies of Guatemala, Bolivia, and Peru. The first cross-national comparison on this issue, *Democracy from Above?* explores whether the reforms effectively redress the persistent problems of discrimination, elite capture, clientelism, and corruption in the countries that adopt them. As officials and reformers around the world and at every level of government look to strengthen citizen involvement and confidence in the political process, McNulty provides a clear understanding of the possibilities and limitations of nationally mandated participatory reforms.

American Democracy Now - Brigid C. Harrison
2021

The American Legal System - Albert P. Melone

2008

Firmly anchored in social science concepts, the second edition of *The American Legal System* demonstrates the relationships among private law, the business legal environment, and public law issues, as well as related subjects of interest. This fifteen-chapter book is divided into three parts. Part I places the legal system in a political perspective centering on the origins of the law, schools of jurisprudence, branches and functions of law, legitimacy of law, how the judiciary functions in the federal system of government, and judicial interpretation and decision making. Part II contrasts legal processes: civil suits for money damages, criminal processes, equity justice, administrative processes, and alternative dispute resolution. Part III centers on the legal norms or rules governing both civil and criminal conduct, property law, family law, contract law, and government regulation of business. Throughout, the text features edited court opinions--many new to this edition--illustrating

lively and thought-provoking controversies that are certain to spark student interest. Among the many compelling issues addressed are the legal and constitutional controversies surrounding the Bush Administration's War on Terror, and the socially explosive developments concerning same-sex marriage. In addition, each chapter includes at least three comparative notes showing how other legal cultures in different nation-states treat legal matters. A wealth of pedagogical features--chapter-opening objectives; key terms, names, and concepts; a glossary, discussion questions, and appendices--are included to aid student comprehension. The authors have prepared an Instructor's Manual and Test Bank to facilitate the book's use in the classroom.

American Democracy Now - Brigid C. Harrison
2024

"American Democracy Now engages students in American politics through relevant content and supportive digital tools that enrich and reinforce

learning. Accessible to students at all levels, the narrative is brought to life through compelling features, such as rich visuals and graphics and the Then, Now, Next framework, helping students gain a comprehensive understanding of American government yesterday, today, and through development of critical thinking skills, tomorrow"--

American Democracy in Context - John Anthony Maltese 2019-11-08

Discover what makes American democracy unique and how its government impacts your life. *American Democracy in Context* provides a combined comparative and historical approach to inspire students to better understand, care, and become active citizens. Bestselling authors Maltese, Pika, and Shively explain the distinctive features of how Americans practice democracy—how they vote, translate election results into representation of interests, make policy decisions, enforce laws and maintain justice—and how those practices differ from

other democracies in the world. The emphasis is always on the American political system, but the search for understanding requires students to examine how the American system has developed over time (historical context) and how it compares with similar practices in other democracies (comparative context). This combined approach motivates students to understand why politics is relevant to their everyday lives and how they can affect changes to make their lives better. Also available as a digital option (courseware). Contact your rep to learn more about *American Democracy in Context* - Vantage Digital Option.

Principles and Practice of American Politics: Classic and Contemporary Readings, 5th Edition - Samuel Kernell 2012-07-17

This collection examines the strategic behavior of key players in American politics from the Founding Fathers to the Super PACs, by showing that political actors, though motivated by their own interests, are governed by the

Constitution, the law, and institutional rules, as well as influenced by the strategies of others.

The Logic of American Politics - Samuel Kernell
2015-05-22

Consistently praised for its engaging narrative, *Logic* hooks students with great storytelling while arming them with a "toolkit" of institutional design concepts--command, veto, agenda control, voting rules, and delegation. Students are exposed to real political science in the introductory course and learn to recognize a rationale for how the American political system was designed and why it works the way it does. More than 100 tables, figures, and maps offer visual context to an array of political data and analysis, while over 200 carefully chosen photographs enhance the book's examples and insights. Bolded key terms, a glossary, annotated reading lists, review questions, and a companion website help students read, think, and study.

A Mere Machine - Anna Harvey 2013-11-26

In this work, Anna Harvey reports evidence

showing that the Supreme Court is in fact extraordinarily deferential to congressional preferences in its constitutional rulings.

How American Media Presents Crisis of Sino-US Relations - Liu Wen 2020-10-25

Sino-US relation that has great influence on international relations is considered as the most important bilateral relation in the world today by politicians and scholars from both of the two countries. The development of Sino-US relation has undergone twists and turns since the two countries established diplomatic relation. Although China and America has developed cooperative relationship in various areas, critical events resulted from conflicts happen from time to time. Media that plays various roles including message transmitter, public opinion shaper and problem solver during the two countries' crisis is not only an important information channel for both the government and the people to learn about the crisis quickly, but also undertakes certain diplomatic duties like indicating attitude,

explaining policy and setting agenda. This book is an analysis of the features and laws of media coverage on critical events between China and America, discussing their influence on public opinion of American people as well as the decision-making progress of American government by study the related reports of New York Times since 1990. This book takes some China-US crisis as study cases and the related reports in New York Times as researching sample, analyzing the quantity, length, type, information source, inclination towards China and news frame of the reports, discussing the features and laws of media coverage on crises between China and America. The ultimate purpose is to figure out the role and function of media during the decision-making process of America's China policy and to conclude the inspiration for both countries' diplomacy and international communication.

Keeping the Republic: Power and Citizenship in American Politics, 6th Edition

The Essentials - Christine Barbour 2013-01-15
Every section and every feature in the book has one goal in mind: to get students to think critically and be skeptical of received wisdom. Serving as a true aid to teachers, each chapter is designed to build students' analytical abilities. By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship, this proven text builds confidence in students who want to take an active part in their communities and government to play their part in keeping the republic, and to consider the consequences of that engagement.

The Challenge of Politics - Neal Riemer 2015-12-17

The Challenge of Politics introduces students to the fundamental questions of political science. With a distinctive normative approach that portrays politics as a potentially humanizing enterprise, authors Neal Riemer, Douglas W. Simon and Joseph Romance equip readers to

recognize major forms of government, evaluate research findings, and understand how policy issues directly affect people's lives. This comprehensive text balances classic and contemporary political theory with current events and empirical study. The Fifth Edition is fully revised to reflect recent national and international developments, including a new chapter on American Politics and Government. *American Politics Today* - William T. Bianco
2017-04-26

The Fifth Edition of *American Politics Today* is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that

students learn the nuts and bolts of American government.

American Democracy in Peril: Eight Challenges to America's Future, 7th Edition

- William E. Hudson 2012-07-13

American Democracy in Peril encapsulates the tumultuous state of American politics. By introducing the history of democratic theory in terms of four "models" of democracy, Hudson provides readers with a set of criteria against which to evaluate the challenges discussed later. This provocative book offers a structured yet critical examination of the American political system, designed to stimulate students to consider how the facts they learn about American politics relate to democratic ideals. This new edition incorporates the Trump Presidency and the polarization that has accompanied his leadership. -- Provided by Publisher --

Digital Arts and Entertainment: Concepts, Methodologies, Tools, and Applications -

Management Association, Information Resources
2014-06-30

In today's interconnected society, media, including news, entertainment, and social networking, has increasingly shifted to an online, ubiquitous format. Artists and audiences will achieve the greatest successes by utilizing these new digital tools. *Digital Arts and Entertainment: Concepts, Methodologies, Tools, and Applications* examines the latest research and findings in electronic media, evaluating the staying power of this increasingly popular paradigm along with best practices for those engaged in the field. With chapters on topics ranging from an introduction to online entertainment to the latest advances in digital media, this impressive three-volume reference source will be important to researchers, practitioners, developers, and students of the digital arts.

[The Crisis of American Democracy: Essays on a Failing Institution](#) - Leland Harper 2022-03-15

The essays in "The Crisis of American Democracy: Essays on a Failing Institution" seek to answer central questions about American democracy, such as: if American democracy is failing, what are the causes of this failure? What are the consequences? And what can be done to fix it? These standalone essays present diverse perspectives on some of the impediments to achieving a true democracy in the present-day United States of America, as well as prescriptions for overcoming these obstacles. Leading academics from across North America, contribute their perspectives on this timely debate.

The Challenge of Democracy: American Government in Global Politics - Kenneth Janda 2017-01-27

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
[American Politics and the African American Quest for Universal Freedom](#) - Hanes Walton, Jr

2017-03-30

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans. New to the Eighth Edition A new co-author, Sherri L. Wallace, is renowned for her teaching, scholarship, and participation in APSA's American government textbook assessment for coverage of race, ethnicity, and gender. She is the perfect addition following an election year that included female presidential

candidates as well as candidates of color and issues focusing on racial tension and inequality. Offers a new Media Integration Guide for the first time. Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular. Updated through the 2016 elections, connecting the Obama years with the new administration. Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book. Adds a new section on State Politics and Elections. Includes new sections on intersectionality dealing with issues of race, gender and sexuality; LGBT issues as another manifestation of the struggle for universal freedom; a discussion of the "Black Lives Matter" movement; and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean. Discusses the way in which race contributed to the polarization of American politics; the connections to the Tea

Party; and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling. Previews the impact of the Trump Administration on matters of race and ethnicity.

Approaching Democracy - Larry Berman
2021-03-31

From unsubstantiated 2020 election fraud claims and the storming of the US Capitol to the rampage of COVID-19 and racial injustice, this book covers the foundations, institutions, and processes of "the great American experiment" with a clear and resonant theme: Democracy cannot be taken for granted, whether at home or internationally, and eternal vigilance (along with civic intelligence) is required to protect it.

Approaching Democracy provides students with a framework to analyze the structure, process, and action of US government, institutions, and social movements. It also invites comparison with other countries. This globalizing perspective gives students an understanding of

issues of governance and challenges to democracy here and elsewhere. At a moment of growing domestic terrorism, political hyper-partisanship, populism, identity politics, and governmental dysfunction, there is no better time to bring Approaching Democracy--a textbook based on Vaclav Havel's powerful metaphor of democracy as an ideal and the American experiment as the closest approach to it--to a new generation of political science undergraduate students. NEW TO THE NINTH EDITION Two new authors, Nadia E. Brown and Sarah Allen Gershon, who bring refreshing intellectual and diverse perspectives to the text. Includes the tumultuous political context surrounding the Trump presidency, the 2020 elections, the 116th Congress, the Supreme Court, the COVID-19 crisis, and the fight for social and racial justice. Figures and tables reflect the latest available data and surveys. Two new features--Diversity and Democracy, highlighting the experiences of America's

diverse social groups and the role of identity politics—and Discussion Questions at the end of each chapter, assessing critical thinking skills. Critical contemporary events are explored throughout the book, including the attempted coup following the 2020 elections, the Trump administration’s handling of the COVID-19 pandemic, Black Lives Matter, protests in American cities that come to the epicenter of America’s approach to democracy, the changes in the Supreme Court and the federal court system, the growth of LGBTQ+ legal rights, and the alteration in American Federalism. New and updated data on public attitudes toward police brutality, DACA, voter suppression, healthcare, and the global climate movement are also covered.

The New American Democracy - Morris P. Fiorina 1999

American Government - Cal Jillson 2020
American Government: Constitutional

Democracy Under Pressure highlights the necessary tension between our constitutional principles and institutions and the populist heat that sometimes roils our national politics, especially at the current political moment. Our constitutional democracy has been under pressure for some time, but few would deny that fears for its fate have deepened in just the past few years. We assume that our political institutions will limit and contain contemporary populism, just as the Founders intended and as they have in the past, but will they? An increasingly polarized electorate, urging their representatives to fight and never to compromise, may be stressing Constitutional limits. This new edition offers to help American government teachers lead their students to a nuanced theoretical and practical understanding of what is happening in the politics of their Constitutional democracy today. New to the Second Edition Further develops and highlights the distinguishing theme of the book,

"Constitutional Democracy Under Pressure," in light of Trump Administration events over the last two years. Expands coverage of all media aspects including fake news, social media, responsible journalism, and related topics including foreign manipulation of the news. Includes 2018 Midterm election results, looking ahead to 2020. Addresses issues specific to the Trump Administration including unique coverage of the 25th Amendment, cabinet instability, election interferences, executive power and unitary action, and impact on the courts. Updates in all tables, figures, suggested readings plus photo updates throughout.

Minorities and Representation in American Politics - Rebekah Herrick 2016-01-29

Minorities and Representation in American Politics is the first book of its kind to examine

underrepresented minorities with a framework based on four types of representation—descriptive, formalistic, symbolic, and substantive. Through this lens, author Rebekah Herrick looks at race, ethnic, gender, and sexual minorities not in isolation but synthesized within every chapter. This enables readers to better recognize both the similarities and differences of groups' underrepresentation. Herrick also applies her unique and constructive approach to intergroup cooperation and intersectionality, highlighting the impact that groups can have on one another.

Keeping the Republic; Power and Citizenship in American Politics - Brief Edition Seventh Edition - Christine Barbour 2016-12-15
