Hispano-Arabic Literature and the Early Provençal Lyrics - J. A. Abu-Haidar 2013-12-16
As the distinctive contribution of Islamic Spain

to Arabic literature, the strophic muwashshahand zajal are still viewed by some as a development from putative Romance prototypes. No less than seven theories of origin of the Provençal lyrics have been proffered, foremost among them being the Arabic origins theory. This book lets the strophic muwashshah tell its own tale of a natural development in the context of classical Arabic literature.

George Herbert's Lyrics - Arnold Stein
2019-12-01

Stein discusses Herbert's diction, imagery, syntax, and rhythm in light of his organization of the imaginative materials of time and self-consciousness and in light of his development of a rhetoric through which he could master the intimacies of personal failure and (what is far more difficult) express in language convincingly sincere states of positive religious achievement.

The Art of Grafted Song - Yolanda Plumley
2013-10-28

Just as our society delights in citations,

quotations, and allusions in myriad contexts, not least in popular song, late medieval poets and composers knew well that such references could greatly enrich their own works. In *The Art of the Grafted Song: Citation and Allusion in the Age of Machaut*, author Yolanda Plumley explores the penchant for borrowing in chansons and lyrics from fourteenth-century France, uncovering a practice integral to the experiments in form, genre, and style that ushered in a new school of lyric. Working across disciplinary boundaries, Plumley traces creative appropriations in the burgeoning "fixed forms" of this new tradition to build a more intimate understanding of the shared experience of poetry and music in the generations leading up to, and including, Guillaume de Machaut. Exploring familiar and less studied collections of songs as well as lyrics without music, this book sheds valuable light on the poetic and musical knowledge of authors and their audiences, and on how poets and composers devised their works and engaged

their readers or listeners. It presents fresh insights into when and in which milieus the classic Ars nova polyphonic chanson took root and flourished, and into the artistic networks of which Machaut formed a part. As Plumley reveals, old songs lingered alongside the new in the collective imagination well beyond what the written sources imply, reminding us of the continued importance of memory and orality in this age of increasing literacy. The first detailed study of citational practice in the French fourteenth-century song-writing tradition, *The Art of Grafted Song* will appeal to students and scholars of medieval French music and literature, cultural historians, and others interested in the historical and social context of music and poetry in the late Middle Ages.

Christopher Smart's English Lyrics - Rosalind
Powell 2016-05-23

In the first full-length study of Christopher Smart's translations and the place and function of translation in Smart's poetry, Rosalind Powell proposes a new approach to understanding the relationship between Smart's poetics and his practice. Drawing on translation theory from the

early modern period to the present day, this book addresses Smart's translations of Horace, Phaedrus and the Psalms alongside the better-known religious works such as Jubilate Agno and A Song to David. Five recurrent threads run throughout Powell's study: the effect of translation on the identity of a narrative voice in a rewritten text; the techniques that are used to present translated texts to a new literary, cultural and linguistic readership; performance and reading contexts; the translation of great works as an attempt to achieve literary permanence; and, finally, the authorial influence of Smart himself in terms of the overt religiosity and nationalism that he champions in his writing. In exploring Smart's major translation projects and revisiting his original poems, Powell offers insights into classical reception and translation theory; attitudes towards censorship; expressions of nationalism in the period; developments in liturgy and hymnody; and the composition of children's books and school texts

in the early modern era. Her detailed analysis of Smart's translating poetics places them within a new, contemporary context and locality to uncover the poet's works as a coherent project of Englishing.

Palgrave's Golden Treasury of Songs and Lyrics - Francis Turner Palgrave 1921

Lyrics of Life - Fatemeh Keshavarz 2014-12-09

This imaginative and accessible study of the lyrical, humorous, social and educational aspects of classical Persian poetry focuses on the works of the master medieval poet Sa'di of Shiraz (d. 1291), one of the funniest, most influential and lyrical figures in classical Persian poetry. Sa'di, a prominent ethicist and a devout teacher of virtues, stands out for his worldliness, his practical teachings, and his love for living a wholesome life, as well as for his signature elegance and artistry that has compelled critics to call his lyrics perfectly polished diamonds. In a language deliberately free of technical jargon,

Keshavarz argues for the versatility of Sa'di's poetic voice and portrays his notion of love as open to multiple perspectives including homoerotic aesthetics. She brings to life the worldly wisdom that kept the lyrical, adventurous, and ethical legacy of Sa'di fresh and effective through the passage of time.

The Poetics of American Song Lyrics -

Charlotte Pence 2012-01-01

The Poetics of American Song Lyrics is the first collection of academic essays that regards songs as literature and that identifies intersections between the literary histories of poems and songs. The essays by well-known poets and scholars including Pulitzer Prize winner Claudia Emerson, Peter Guralnick, Adam Bradley, David Kirby, Kevin Young, and many others, locate points of synthesis and separation so as to better understand both genres and their crafts. The essayists share a desire to write on lyrics in a way that moves beyond sociological, historical, and autobiographical approaches and explicates songs in relation to poetics. Unique to this volume, the essays focus not on a single genre but on folk, rap, hip hop, country, rock, indie, soul, and blues. The first section of the book provides a variety of perspectives on the poetic

history and techniques within songs and poems, and the second section focuses on a few prominent American songwriters such as Bob Dylan, Bruce Springsteen, and Michael Stipe. Through conversational yet in-depth analyses of songs, the essays discuss sonnet forms, dramatic monologues, Modernism, ballads, blues poems, confessionalism, Language poetry, Keatsian odes, unreliable narrators, personas, poetic sequences, rhythm, rhyme, transcription methods, the writing process, and more. While the strategies of explication differ from essay to essay, the nexus of each piece is an unveiling of the poetic history and poetic techniques within songs.

The Meat Puppets and the Lyrics of Curt Kirkwood from Meat Puppets II to No Joke! - Matthew Smith-Lahrman 2014-10-30

In The Meat Puppets and the Lyrics of Curt Kirkwood from Meat Puppets II to No Joke!, Matthew Smith-Lahrman interprets the words of Curt Kirkwood, founding member and songwriter of the Meat Puppets, a pioneering rock 'n' roll band of the last thirty years. Smith-Lahrman's analysis covers Kirkwood's lyrics on nine albums, from 1983 to 1995, when he wrote virtually every lyric for the band. A lyricist whom Rolling Stone writer Kurt Loder once rated alongside Bob Dylan, Kirkwood remains an important, yet overlooked songwriter. His often oblique "cut-up" style not only recalls Dylan but also other great lyricists, such as Brian Eno, Jimi Hendrix, and Robert Hunter, as well as poets

and authors like John Milton, Arthur Rimbaud, Lewis Carroll, and William Burroughs.

The Art of Love - Roy Gibson 2007-01-04

Downloaded from mccordia.com on by guest

The Art of Love celebrates the bi-millennium of Ovid's cycle of sophisticated and subversive didactic poems on love, traditionally assumed to have been brought to completion around AD 2. *Ars Amatoria* (The Art of Love) and *Remedia Amoris* (Cures for Love), which purport to teach young Roman men and women how to be good lovers, were partly responsible for the poet's exile from Rome under the emperor Augustus. None the less they exerted great influence over ancient and later love poetry. This is the first collection in English devoted to the poems, and brings together many of the leading figures in the field of Latin literature and Ovidian studies from the British Isles, Germany, Italy, and the United States. It offers a range of perspectives on the poetics, politics, and erotics of the poems, beginning with a critical survey of recent research, and concluding with papers on the ancient, medieval, and modern reception of the poems.

Hardy's Lyrics - B. Green 2016-04-29

Thomas Hardy frequently insisted that his poems were not self-expressive, but dramatic or 'impersonative'. Yet biographical expositions have dulled their impersonality. Brian Green's approach is more exacting and rewarding; taking Hardy at his word, he traces Hardy's 'master theme' throughout the corpus of poems - a governing concern which merges Victorian and perennial ideas throughout the whole of Hardy's writings.
