Dynamic Business Law: The Essentials - Lucien Dhooge
2012-01-05

Dynamic Business Law: The Essentials is appropriate for the one-semester Business Law course. It contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper-level

law class. The text provides an examination of the basic questions, concepts, and legal rules of business law. Emphasis on the BUSINESS in business law. Dynamic Business Law: The Essentials emphasizes the tie of legal issues back to the core business curriculum. This will help both students and faculty. Faculty need to know how this is integrated as they are constantly 'defending' the inclusion of this course in the business curriculum. And students need to understand how the concepts tie to their future business careers. Emphasis on TEACHING. Many professors teaching this course are attorneys first and academics second. They do not have a lot of time to prepare or think about how to apply this information effectively for their business students. Dynamic Business Law: The Essentials contains a helpful instructor's manual, particularly for the many adjuncts teaching this course. Emphasis on CRITICAL THINKING. Neil Browne, one of the co-authors of this text, has written a successful text on

critical thinking. His framework is included in *Dynamic Business Law: The Essentials* as well - to help students learn how to frame and reframe a question/issue. Critical thinking questions are also included at the end of each case, to tie in this component even further.

North Carolina* regarding First Amendment

rights as they relate to the internet; Masterpiece Cakeshop Ltd. v. Colorado Civil Rights Commission, addressing the balancing act between giving states the right to legislate for the general public good and the individual right to express religious beliefs; American Legion v. American Humanist Association with examples of how the Supreme Court applies the Lemon test; and an enhanced discussion of the internet and the U.S. Constitution. Chapter 7 (Torts): Contemporary torts related to the #MeToo movement, cyberbullying, and cybertorts. Chapter 9 (Property and Estate Law): Matal v. Tam and expanded discussion of cases related to the Lanham Act. Chapter 10 (Laws Affecting Business): New coverage of public benefit corporations and the Family Medical Leave Act. Chapter 11 (Family Law): expanded discussion of Obergefell v. Hodges; Terrell v. Torres; and new discussion of DNA testing and its impacts on family law. Chapter 12 (Criminal Law): Commonwealth

Thorough introduction to substantive law, with chapters on torts, contracts, property and estate law, business law, family law, and criminal law and procedure, and professional responsibility and ethics.

Business Law - Jamie Darin Prenkert 2021-03

"This is the 18th Edition (and the 24th overall edition) of a business law text that first appeared in 1935. Throughout its more than 80 years of existence, this book has been a leader and an innovator in the fields of business law and the legal environment of business. One reason for the book's success is its clear and comprehensive treatment of the standard topics that form the traditional business law curriculum. Another reason is its responsiveness to changes in these traditional subjects and to new views about that curriculum. In 1976, this textbook was the first to inject regulatory materials into a business law textbook, defining the "legal environment" approach to business law. Over the years, this textbook has

also pioneered by introducing materials on business ethics, corporate social responsibility, global legal issues, and the law of an increasingly digital world. The 18th Edition continues to emphasize change by integrating these four areas into its pedagogy"--
