Stay True - Hua Hsu 2022-09-27

From the New Yorker staff writer Hua Hsu, a gripping memoir on friendship, grief, the search for self, and the solace that can be found through art. "This book is exquisite and excruciating and I will be thinking about it for years and years to come." —Rachel Kushner, two-time National Book Award finalist and New York Times bestselling author of *The Flamethrowers* and *The Mars Room* In the eyes of eighteen-year-old Hua Hsu, the problem with Ken—with his passion for Dave Matthews,

Abercrombie & Fitch, and his fraternity—is that he is exactly like everyone else. Ken, whose Japanese American family has been in the United States for generations, is mainstream; for Hua, the son of Taiwanese immigrants, who makes 'zines and haunts Bay Area record shops, Ken represents all that he defines himself in opposition to. The only thing Hua and Ken have in common is that, however they engage with it, American culture doesn't seem to have a place for either of them. But despite his first impressions, Hua and Ken become friends, a friendship built on late-night conversations over cigarettes, long drives along the California coast, and the successes and humiliations of everyday college life. And then violently, senselessly, Ken is gone, killed in a carjacking, not even three years after the day they first meet. Determined to hold on to all that was left of one of his closest friends—his memories—Hua turned to writing. *Stay True* is the book he's been working on ever since. A coming-of-age story that details both the ordinary and extraordinary, *Stay True* is a bracing memoir about growing up, and about moving through the world in search of meaning and belonging.

Starmites - Barry Keating 1990

Music and Lyrics by Barry Keating. Book by Barry Keating and Stuart Ross. Characters: 6 male, 6 female, plus 2 droids. Now released...a newly updated version! Dreaming her way into a comic book adventure in *Innerspace*, Eleanor saves the galaxy in this zingy rock musical. It is

Eleanor, Spacepunk, the Starmites and the lizard man against the evil Banshees (weird women with dangerous hair-dos) led by Diva and Shak Graa. Diva's entrance song, "Hard to Be Diva," is a guaranteed show stopper. Every space age possibility for light hearted thrills is thoroughly exploited to delight fun loving comic book fans. "A space age Peter Pan!...Assets include Mr. Keating's eclectic pop rock score, which occasionally pauses for a sweet ballad or gospel number between the hard driving 60's style melodies...A light hearted space flight."-The New York Times "Wonderful entertainment for the young and the young at heart."-WNBC-TV "The score is irresistible."-ABC Radio "A campy adventure aimed at the latent teenager in all of us."-Christian Science Monitor

Canyon of Dreams - Harvey Kubernik 2009
Traces the musical legacy of the California neighborhood of Laurel Canyon, and the artists who lived there.

Delphine Jones Takes a Chance - Beth Morrey
2022-04-05

A heartening and life-affirming novel about a single mother learning to make a bigger life, and the power of human connection to grow our worlds. Delphine Jones's world is about to get much bigger...if only she'd let it. Devoted single mother Delphine Jones is an expert at putting her head down and moving through life one day at a time. Since getting pregnant at sixteen, her circle has only ever included her now eleven-year-old daughter and best friend, Em, and her complicated father whom they live with. But when an opportunity for her to finish school presents itself, Delphine finally does something she hasn't done in years: she takes a chance on herself. Sometimes all it takes is one chance. As Delphine rediscovers her passions and her belief in herself, her circle expands to include an Oscar-winning actress turned teacher, an Eritrean couple running a local café-cum-jazz club, an elderly French widow looking to converse, and a handsome musician who awakens something in Delphine that she thought had been long buried. But as Delphine's eyes and heart start to open, she must also face questions she's stonewalled for more than a decade, questions about Em's father. Is she brave enough?

For the Strength of Youth - The Church of

Jesus Christ of Latter-day Saints 1966
OUR DEAR YOUNG MEN AND YOUNG WOMEN, we have great confidence in you. You are beloved sons and daughters of God and He is mindful of you. You have come to earth at a time of great opportunities and also of great challenges. The standards in this booklet will help you with the important choices you are making now and will yet make in the future. We promise that as you keep the covenants you have made and these standards, you will be blessed with the companionship of the Holy Ghost, your faith and testimony will grow stronger, and you will enjoy increasing happiness.

Flotsam - David Wiesner 2014-11-28

A bright, science-minded boy goes to the beach equipped to collect and examine flotsam-anything floating that has been washed ashore. Bottles, lost toys, small objects of every description are among his usual finds. But there's no way he could have prepared for one particular discovery: a barnacle-encrusted underwater camera, with its own secrets to share . . . and to keep.

Popular Science - 2007-05

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Caste (Oprah's Book Club) - Isabel Wilkerson
2020-08-04

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, The New York Times The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post •

The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of

ordinary lives and of American life today.

History of Western Philosophy - Bertrand Russell 2013-04-15

Now in a special gift edition, and featuring a brand new foreword by Anthony Gottlieb, this is a dazzlingly unique exploration of the works of significant philosophers throughout the ages and a definitive must-have title that deserves a revered place on every bookshelf.

Big Data, Analytics, and the Future of Marketing & Sales - McKinsey Chief McKinsey Chief Marketing & Sales Officer Forum 2014-08-16

Big Data is the biggest game-changing opportunity for marketing and sales since the Internet went mainstream almost 20 years ago. The data big bang has unleashed torrents of terabytes about everything from customer behaviors to weather patterns to demographic consumer shifts in emerging markets. This collection of articles, videos, interviews, and slideshares highlights the most important lessons for companies looking to turn data into above-market growth: Using analytics to identify valuable business opportunities from the data to drive decisions and improve marketing return on investment (MROI) Turning those insights into well-designed products and offers that delight customers Delivering those products and offers effectively to the marketplace. The goldmine of data represents a pivot-point moment for marketing and sales leaders. Companies that inject big data and analytics into their operations show productivity rates and profitability that are 5 percent to 6 percent higher than those of their peers. That's an advantage no company can afford to ignore. *Nighttown* - Timothy Hallinan 2018-11-06 Reluctant P.I. to the perfidious, Junior Bender, may be L.A.'s smoothest operator but when he breaks one of the cardinal rules of burglary (don't take scores that you're being paid way too much for) he finds himself once again on the wrong side of, well, the wrong side. Los Angeles burglar Junior Bender has a rule about never taking a job that pays too well: in the criminal underworld, if you're offered more money than a job is worth, someone is going to end up dead. But he's bending his rule this one time because he and his girlfriend, Ronnie, are in desperate need of cash to hire a kidnapper to snatch

Ronnie's two-year-old son back from her ex. The whole thing is pretty complicated and has Junior on edge. The parameters of the job do nothing to calm his nerves. A nameless woman in an orange wig has offered Junior fifty grand--twenty-five up front--to break into the abandoned house of a recently deceased 97-year-old recluse, Daisy Horton, and steal a doll from her collection. Junior knows no doll is worth 50K, so he figures there must be something hidden inside the doll that can get him in a heap of trouble. It doesn't take long for Junior to realize he's not the only one looking for the doll. When an old friend ends up murdered, Junior decides he will stop at nothing to figure out who the woman in the orange wig is, and why she wants the doll badly enough to leave a trail of bodies in her wake.

Alfred's Self-teaching Adult Piano Course - Willard A. Palmer 2008

Continuing the incredible popularity of Alfred's Basic Adult Piano Course, this new book adapts the same friendly and informative style for adults who wish to teach themselves. With the study guide pages that have been added to introduce the music, it's almost like having a piano teacher beside you as you learn the skills needed to perform popular and familiar music. There are also five bonus pieces: At Last * Have Yourself a Merry Little Christmas * Laura * Over the Rainbow * Singin' in the Rain. Included is a recording containing the piano part and an engaging arrangement for each of the 65 musical examples. 192 pages.

Blueprint to cyanotypes - Exploring a historical alternative photographic process - Malin Fabbri 2016-01-01

An excellent beginners' guide to cyanotypes - all you need to get started, and some goodies for more advanced cyanotypers too. About the book The cyanotype is often the first alternative process that people try. It is relatively easy and safe enough to nurture a child's interest in photography. It can also be seen as a gateway to further exploration of historic photographic methods. In addition, it gives experienced photographers and artists a great excuse to take their eyes off the computer screen and get their hands dirty. Blueprint to cyanotypes is all you will need to get started with cyanotypes. It offers the beginner a step-by-step guide, from choosing material to making the final print. It is full of

information and tips. Even the experienced cyanotypist may learn a thing or two. Blueprint to cyanotypes is published by AlternativePhotography.com - a website and information center dedicated to alternative photographic processes. From Malin Fabbri, the author: Why a book on cyanotypes? Of all the alternative processes the cyanotype is the one closest to my heart. I made my first cyanotype in 1999. I was intrigued by the blue images and wanted to test the cyanotype process to see what it had to offer. I bought chemicals and spent an evening coating paper and cloth. The results of the next day's printing surprised me. Although the alchemy of the darkroom had always captivated me, developing a print in the sun was like a liberation. One of the things I found most refreshing about the process was the unpredictability of the results. Some of my best prints were the product of 'happy accidents'. The developing process is straightforward. The chemicals are cheap, and most of the other items used can be found around the house. Pre-coated paper is available, but one of the benefits of working with cyanotypes is the great flexibility of material and paper available to you. Cyanotypes print on anything made of natural fibre. Cotton, linen, silk, handmade paper, watercolor paper and rags are just number of alternatives. Some artists even print on wood. So, if you want to explore a fun alternative photographic process or seriously want to experiment with producing unique fine art, make a cyanotype.

Switch - Chip Heath 2010-02-16

Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller Made to Stick. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In Switch, the Heaths show how everyday people

- employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. Switch shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

Lean On Sheet Music - DJ Snake 2015-08-01 (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Product-Led Growth - Wes Bush 2019-05
Can your software sell itself? Convention and the trillion-dollar sales industry claim that it's impossible for your product to sell itself. Yet successful software businesses like Slack, Dropbox, Atlassian, and HubSpot make millions selling to customers who never once reached out to a sales rep. In *Product-Led Growth: How to Build a Product That Sells Itself*, growth consultant Wes Bush challenges the traditional SaaS marketing and sales playbook and introduces a completely new way to sell products. Bush reveals how your product--not expensive sales teams--can be the main vehicle to acquire, convert, and retain customers. In this step-by-step guide to *Product-Led Growth*, Bush explains: Why you should flip the traditional sales process on its head and turn your product into a sales machine; How to decide whether your business should use a free trial, freemium, or hybrid model; How to turn free users into happy, paying customers. History tells us that "how" you sell is just as important as "what" you sell. Blockbuster couldn't compete with Netflix by selling the same digital content, and you need

to decide "when" not "if" you'll innovate on the way you sell. Are you going to be product-led? Or will you be disrupted, too?

EBay Hacks - David Aaron Karp 2003

Presents a collection of tips and techniques for getting the most out of eBay.

Popular Science - 2004-12

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Information Systems for Business and Beyond - David T. Bourgeois 2014

"Information Systems for Business and Beyond introduces the concept of information systems, their use in business, and the larger impact they are having on our world."--BC Campus website.

Self-Working Mental Magic - Karl Fulves 2012-04-30

Sixty-seven sure-fire mental feats to delight and mystify: mind reading with cards, instant ESP, identifying the owners of objects given to you in random order, number prediction, much more. 73 illustrations.

Chordbuddy Guitar Method - Travis Perry 2014-03-01

(Chord Buddy). Take the fear and frustration out of learning the guitar with the ChordBuddy Guitar Method ! This method book which correlates to the revolutionary ChordBuddy teaching tool featured on ABC's Shark Tank covers: how to tune; how to use a metronome, the five most common strum patterns, proper posture, how to hold a pick, proper strum technique, and more.

(Reference). This easy-to-understand book is for everyone involved with church sound: sound people, worship teams, clergy and others. Whether you want to design a new system or get the most out of the one you have, this handy guide will help you let your message be heard! It covers everything you need to know about: design and layout of your sound system; choosing the right microphones; speaker setup and positioning; feedback trouble-shooting and control; mixers; and much more.

Invasion of the Space Invaders - Martin Amis

2018-11-08

Led Zeppelin - Bob Spitz 2021-11-09

From the author of the definitive New York Times bestselling history of the Beatles comes the authoritative account of the group many call the greatest rock band of all time, arguably the most successful, and certainly one of the most notorious Rock star. Whatever that term means to you, chances are it owes a debt to Led Zeppelin. No one before or since has lived the dream quite like Jimmy Page, Robert Plant, John Paul Jones, and John Bonham. In Led Zeppelin, Bob Spitz takes their full measure, separating the myth from the reality with his trademark connoisseurship and storytelling flair. From the opening notes of their first album, the band announced itself as something different, a collision of grand artistic ambition and brute primal force, of English folk music and African American blues. That record sold over 10 million copies, and it was just the beginning; Led Zeppelin's albums have sold over 300 million certified copies worldwide, and the dust has never settled. The band is notoriously guarded, and previous books provided more heat than light. But Spitz's authority is undeniable and irresistible. His feel for the atmosphere, the context--the music, the business, the recording studios, the touring life, the whole ecosystem of popular music--is unparalleled. His account of the melding of Page and Jones, the virtuosic London sophisticates, with Plant and Bonham, the wild men from the Midlands, in a scene dominated by the Beatles and the Stones but changing fast, is in itself a revelation. Spitz takes the music seriously and brings the band's artistic journey to full and vivid life. The music, however, is only part of the legend: Led Zeppelin is also the story of how the sixties became the seventies, of how playing clubs became playing stadiums, of how innocence became decadence. Led Zeppelin wasn't the first rock band to let loose on the road, but as with everything else, they took it to an entirely new level. Not all the legends are true, but in Spitz's careful accounting, what is true is astonishing and sometimes disturbing. Led Zeppelin gave no quarter, and neither has Bob Spitz. Led Zeppelin is the full and honest reckoning the band has long awaited, and richly deserves.

The Advocate - 2001-08-14

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Advocate - 2001-08-14

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Global Innovation Index 2020 - Cornell University 2020-08-13

The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to progress and remaining challenges - including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis.

Comic Book CPR - Gregory Defoor 2019-06-24

The free online guide written by KaptainMyke has been released for the first time in print! Learn the hidden underground secrets of cleaning and pressing comic books. This book contains all of the vast information covered online at www.kaptainmyke.com and includes all new, never before seen material. Properly photograph and handle comic books to prevent damage. Obtain the highest grades possible when submitting to grading companies. Learn how to prescreen and inspect comic books with precision. Know the difference between pressable and unpressable defects. Fix your mistakes and prevent future potential mistakes as you practice. Utilize and follow guidance from formula pages based off year and type of paperstock. Inspection

forms, a flow chart and pressing matrix diagram are included as brand new content to guide you along every step of the learning process. All pages are color coded and easy to understand for anyone who has never attempted cleaning or pressing comic books. Suppose you could tell if a graded comic book has been cleaned and pressed - without ever having to open it? What if there were grading notes that could immediately give you clues for pressing potential? This book covers all of that and more! Everything included inside this book guarantees a clean blue universal graded label using no restoration techniques or tricks. You are guaranteed to improve the condition and grade of any comic book using the procedures outlined in this guide. If you collect comic books, this book is for you.

Theatricals - Henry James 1894

Basics Interactive Design: User Experience Design - Gavin Allanwood 2015-01-29

By putting people at the centre of interactive design, user experience (UX) techniques are now right at the heart of digital media design and development. As a designer, you need to create work that will impact positively on everyone who is exposed to it. Whether it's passive and immutable or interactive and dynamic, the success of your design will depend largely on how well the user experience is constructed. User Experience Design shows how researching and understanding users' expectations and motivations can help you develop effective, targeted designs. The authors explore the use of scenarios, personas and prototyping in idea development, and will help you get the most out of the latest tools and techniques to produce interactive designs that users will love. With practical projects to get you started, and stunning examples from some of today's most innovative studios, this is an essential introduction to modern UXD.

The Innovator's DNA - Jeff Dyer 2011-07-12

A new classic, cited by leaders and media around the globe as a highly recommended read for anyone interested in innovation. In *The Innovator's DNA*, authors Jeffrey Dyer, Hal Gregersen, and bestselling author Clayton Christensen (*The Innovator's Dilemma*, *The Innovator's Solution*, *How Will You Measure Your Life?*) build on what we know about

disruptive innovation to show how individuals can develop the skills necessary to move progressively from idea to impact. By identifying behaviors of the world's best innovators—from leaders at Amazon and Apple to those at Google, Skype, and Virgin Group—the authors outline five discovery skills that distinguish innovative entrepreneurs and executives from ordinary managers: Associating, Questioning, Observing, Networking, and Experimenting. Once you master these competencies (the authors provide a self-assessment for rating your own innovator's DNA), the authors explain how to generate ideas, collaborate to implement them, and build innovation skills throughout the organization to result in a competitive edge. This innovation advantage will translate into a premium in your company's stock price—an innovation premium—which is possible only by building the code for innovation right into your organization's people, processes, and guiding philosophies. Practical and provocative, *The Innovator's DNA* is an essential resource for individuals and teams who want to strengthen their innovative prowess.

Searching for Robert Johnson - Peter Guralnick 2020-08-25

This highly acclaimed biography from the author of *Last Train to Memphis* illuminates the extraordinary life of one of the most influential blues singers of all time, the legendary guitarist and songwriter whose music inspired generations of musicians, from Muddy Waters to the Rolling Stones and beyond. The myth of Robert Johnson's short life has often overshadowed his music. When he died in 1938 at the age of just twenty-seven, poisoned by the jealous husband of a woman he'd been flirting with at a dance, Johnson had recorded only twenty-nine songs. But those songs would endure as musical touchstones for generations of blues performers. With fresh insights and new information gleaned since its original publication, this brief biographical exploration brilliantly examines both the myth and the music. Much in the manner of his masterful biographies of Elvis Presley, Sam Phillips, and Sam Cooke, Peter Guralnick here gives readers an insightful, thought-provoking, and deeply felt picture, removing much of the obscurity that once surrounded Johnson without forfeiting any

of the mystery. "I finished the book," declared the New York Times Book Review, "feeling that, if only for a brief moment, Robert Johnson had stepped out of the mists."

The Complete Guide to Bulova Accutron Watches - Darold Hanson 2018-07

In the 1960s, Bulova introduced tuning fork technology into their Accutron watches. Instead of a balance wheel, a tuning fork controls the watch timing mechanism. This improves timekeeping accuracy without daily watch winding. Millions of Bulova Accutron watch styles were sold from 1960 to 1977 through retail channels. A watch style defines the watch including the movement, case, dial and band. This Guide is the first comprehensive book on the over 1,100 styles of Bulova Accutron watches. Each watch style in this book is pictured and may include the original sell price and Bulova description. This authoritative work also documents Accutron competitor watches such as: Citizen Hisonic, Cosmotron, Universal Geneve, Russian Slava, Esa F300, Swiss Beta 21, Omega Megasonic and Longines Ultra-quartz.
Nuts & Volts Magazine - 2003

The Many Daughters of Afong Moy - Jamie Ford 2022-08-02

INSTANT NEW YORK TIMES BESTSELLER A Read With Jenna Today Show Book Club Pick! "One of the most beautiful books of motherhood and what we pass on to those that come after us." —Jenna Bush Hager, Today The New York Times bestselling author of the "mesmerizing and evocative" (Sara Gruen, author of *Water for Elephants*) *Hotel on the Corner of Bitter and Sweet* returns with a powerful exploration of the love that binds one family across the generations. Dorothy Moy breaks her own heart for a living. As Washington's former poet laureate, that's how she describes channeling her dissociative episodes and mental health struggles into her art. But when her five-year-old daughter exhibits similar behavior and begins remembering things from the lives of their ancestors, Dorothy believes the past has truly come to haunt her. Fearing that her child is

predestined to endure the same debilitating depression that has marked her own life, Dorothy seeks radical help. Through an experimental treatment designed to mitigate inherited trauma, Dorothy intimately connects with past generations of women in her family: Faye Moy, a nurse in China serving with the Flying Tigers; Zoe Moy, a student in England at a famous school with no rules; Lai King Moy, a girl quarantined in San Francisco during a plague epidemic; Greta Moy, a tech executive with a unique dating app; and Afong Moy, the first Chinese woman to set foot in America. As painful recollections affect her present life, Dorothy discovers that trauma isn't the only thing she's inherited. A stranger is searching for her in each time period. A stranger who's loved her through all of her genetic memories. Dorothy endeavors to break the cycle of pain and abandonment, to finally find peace for her daughter, and gain the love that has long been waiting, knowing she may pay the ultimate price.
