The highly anticipated new novel from Natalie Lloyd, the critically acclaimed, bestselling author of *A Snicker of Magic!* Twelve-year-old Mallie knows better than to dream. In Coal Top, you live the story you're given: boys toil in the mines and girls work as servants. Mallie can't bear the idea of that kind of life, but her family is counting on her wages to survive. It wasn't always this way. Before the Dust came, the people of Coal Top could weave starlight into cloth. They'd wear these dreaming clothes to sleep and wake up with the courage to seek adventure . . . or the peace to heal a broken heart. But now nothing can penetrate Coal Top's blanket of sorrow. So when Mallie is chosen for a dangerous competition in which daring (and ideally, orphaned) children train flying horses, she jumps at the chance. Maybe she'll change her story. Maybe she'll even find the magic she needs to dream again. But the situation proves even more dangerous when Mallie uncovers a sinister mystery at the heart of Coal Top's struggles -- a mystery some powerful people will do anything to protect.

2008-10-01

Involved for over thirty years in the politics of Iraq, Ali A. Allawi was a long-time opposition leader against the Baathist regime. In the post-Saddam years he has held important government positions and participated in crucial national decisions and events. In this book, the former Minister of Defense and Finance draws on his unique personal experience, extensive relationships with members of the main political groups and parties in Iraq, and deep understanding of the history and society of his country to answer the baffling questions that persist about its current crises. What really led the United States to invade Iraq, and why have events failed to unfold as planned? *The Occupation of Iraq* examines what the United States did and didn't know at the time of the invasion, the reasons for the confused and contradictory policies that were enacted, and the emergence of the Iraqi political class during the difficult transition process. The book tracks the growth of the insurgency and illuminates the complex relationships among Sunnis, Shias, and Kurds. Bringing the discussion forward to the reconfiguration of political forces in 2006, Allawi provides in these pages the clearest view to date of the modern history of Iraq and the invasion that changed its course in unpredictable ways.

Morse, Lewis, Endeavour and Oxford - Heidi Rickard 2021-10-22

This is a comprehensive guide to the Oxford of Morse, Lewis and Endeavour. Nobody else has attempted it and it marks thirty-five years since the first Morse on ITV in 1987. The 2021 series of three Endeavour episodes may well be the last iteration of the Morse franchise. Lips are sealed on that. At the centre piece of this guide is a walk by the doyenne of Oxford Walking Tours, Heidi Boon Rickard. In eight stops in central Oxford, she covers the filming of the three series very well. Use it as your bible. It is essential and full of surprises. Tucked on to that is a short guide to the Jericho - ten minutes' walk from the city centre - of Morse (and Lewis). It is after all the scene of the very first TV Morse, 'The Dead of Jericho' and a district interesting in its own right. I know - I live there. But this is much, much more than a dry tourist guide. It is also an informative guide to Morse's creator Colin Dexter: his writings, his leisure activities, his pub-goings, and their place in the city. There is much exciting and stimulating reading in these ten extra chapters. They range from a revealing interview with Dexter to an analysis of the first Morse novel *Last Bus to Woodstock* to the reflections of his editor at Macmillan on their partnership to the inspiration he provided for the writer Cara Hunter and her 'New Morse', Inspector Adam Fawley. We also examine the credentials of Morse, the policeman, with the

former Chief Constable of his force and a retired 'Morse' - and an Oxford DI. We compare the 'late Morse' with the 'early Endeavour' through the eyes of two academics. We enter the Morse Universe through the eyes of one of the biggest fans of the franchise and look at whether Oxford is missing many tricks in not developing Morse tourism. Imagine Stratford without Shakespeare, Bath without Jane Austen - then that would be Oxford without Endeavour Morse. And for the true believers we set out in two appendices the filmography of the Morse franchise and a fuller location guide to the settings for the three series. By the end, you should be thoroughly immersed in all the facets of 'Morseland'. Enjoy the journey. Start it with Heidi Boon Rickard in St Giles in the city centre just outside those great Oxford landmarks, the Randolph Hotel and the Ashmolean Museum.
