Comprehending as without difficulty as deal even more than additional will have the funds for each success. neighboring to, the publication as skillfully as acuteness of this Major Problems In American History Volume 1 3rd Ed can be taken as skillfully as picked to act.

[A People and a Nation: To 1877](#) - Mary Beth Norton 1994

Covering US history to 1877, this first volume features a strong social and thematic narrative. The authors weave the rich fabric of social history - the experience of ordinary men, women and children - into the political, diplomatic and economic history. Ancillary package available upon adoption.

[From Slavery to Freedom](#) - John Hope Franklin 2018

[Major Problems in Asian American History](#) - Lon Kurashige 2015-07-06

Designed to be the primary anthology or textbook for courses in Asian American history, this collection covers the subject's entire chronological span. The volume presents a carefully selected group of readings that requires students to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[These Truths: A History of the United States](#) - Jill Lepore 2018-09-18

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," *These Truths* observes. "It can't be shirked. There's nothing for it but to get to know it."

[The American South](#) - William J. Cooper, Jr. 2009-01-16

In *The American South*, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Major Problems in American Foreign Relations, Volume I: To 1920 - Dennis Merrill 2009-09-10

Designed to encourage critical thinking about history, this reader uses a

carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and draw their own conclusions about the history of American foreign policy. This text serves as an effective educational tool for courses on U.S. foreign policy, recent U.S. history, or 20th Century U.S. history. The Seventh Edition introduces new studies on America's early foreign relations which seek to position the nation's post 9-11 attitudes and behaviors within historical context. Some of the new literature spotlights cultural relations, and the ways in which culturally constructed attitudes about class, gender, race, and national identity have shaped American's perceptions of the world and subsequently its overseas relationships. In this volume, almost one-half of the essays are new, including selections by Michael L. Krenn, Walter A. Hixson, Robert Kagan, John Lamberton Harper, Marie-Jeanne Rossignol, Joseph J. Ellis, John E. Lewis Jr., Piero Gleijeses, Stuart Banner, McCabe Keliher, Michael H. Hunt, Kristin L. Hoganson, Paul A. Kramer, Stanley Karnow, Robert W. Tucker, and Erez Manela. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Significance of the Frontier in American History - Frederick Jackson Turner 2008-08-07

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which - for better or worse - lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

[American Military History Volume 1](#) - Army Center of Military History 2016-06-05

American Military History provides the United States Army-in particular, its young officers, NCOs, and cadets-with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war-global war-was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.

Major Problems in the History of the American South - Sally G. McMillen 2012

Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in U.S. history. The collection of essays and documents in MAJOR PROBLEMS IN THE

HISTORY OF THE AMERICAN SOUTH provides a comprehensive view of the culture of the American South as well as its political, social, and economic history. The documents are grouped with important secondary sources, accompanied by chapter introductions, selection headnotes, and suggested readings.

The Federalist Papers - Alexander Hamilton 2018-08-20

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Major Problems in the History of the American South - Sally Gregory McMillen 2010-10-17

"[The] collection of essays and documents in these volumes provides a comprehensive view of the culture of the American South as well as its political, social, and economic history. The compelling documents are grouped with important secondary sources, accompanied by chapter introductions, selection headnotes, and suggested readings."--Provided by publisher.

Stamped from the Beginning - Ibram X. Kendi 2016-04-12

The National Book Award winning history of how racist ideas were created, spread, and deeply rooted in American society. Some Americans insist that we're living in a post-racial society. But racist thought is not just alive and well in America -- it is more sophisticated and more insidious than ever. And as award-winning historian Ibram X. Kendi argues, racist ideas have a long and lingering history, one in which nearly every great American thinker is complicit. In this deeply researched and fast-moving narrative, Kendi chronicles the entire story of anti-black racist ideas and their staggering power over the course of American history. He uses the life stories of five major American intellectuals to drive this history: Puritan minister Cotton Mather, Thomas Jefferson, abolitionist William Lloyd Garrison, W.E.B. Du Bois, and legendary activist Angela Davis. As Kendi shows, racist ideas did not arise from ignorance or hatred. They were created to justify and rationalize deeply entrenched discriminatory policies and the nation's racial inequities. In shedding light on this history, *Stamped from the Beginning* offers us the tools we need to expose racist thinking. In the process, he gives us reason to hope.

Major Problems in American Foreign Relations: To 1920 - Dennis Merrill 2005

Designed to encourage critical thinking about history, this reader uses a carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and draw their own conclusions about the history of American foreign policy. This text serves as an effective educational tool for courses on U.S. foreign policy, recent U.S. history, or 20th Century U.S. history. The Sixth Edition incorporates coverage of the post-Cold War era—including the attacks of September 11th and the War in Iraq—as well as new material that examines the role of gender, race, and national identity in American foreign policy.

The Daily Show (The Book) - Chris Smith 2016-11-22

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the

reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

U.S. History - P. Scott Corbett 2017-12-19

Published by OpenStax College, *U.S. History* covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. *U.S. History* is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

American Umpire - Elizabeth Cobbs Hoffman 2013-03-04

Commentators call the United States an empire: occasionally a benign empire, sometimes an empire in denial, often a destructive empire. In *American Umpire* Elizabeth Cobbs Hoffman asserts instead that America has performed the role of umpire since 1776, compelling adherence to rules that gradually earned broad approval, and violating them as well.

Major Problems in American History Since 1945 - Natasha Zaretsky 2013

Designed to encourage critical thinking about history, the *Major Problems in American History* series introduces students to both primary sources and analytical essays on important topics in U.S. history. Each volume presents a carefully selected group of readings in a format that asks students to evaluate primary sources, test the interpretations of distinguished historians and others, and draw their own conclusions.

Major Problems in American Environmental History - Carolyn Merchant 2011

Designed to encourage critical thinking about history, the *MAJOR PROBLEMS IN AMERICAN HISTORY* series introduces readers to both primary sources and analytical essays on important topics in U.S. history. *MAJOR PROBLEMS IN AMERICAN ENVIRONMENTAL HISTORY* presents major themes and controversial issues from native American times to the present, drawn from compelling, readable sources that draw readers into the process of developing their own perspectives on American environmental history. This text presents a carefully selected group of readings organized to allow readers to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. Each chapter includes introductions, source notes, and suggested readings.

The Influence of Sea Power Upon History, 1660-1783 - Alfred Thayer Mahan 1918

Today, war is more complicated than it has ever been. When considering military strategy, a commander must be aware of several theaters of war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however, the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy. Presently, Mahan's work is considered the most important work on naval strategy in history.

[The Art of Failure](#) - Jesper Juul 2013-02-22

An exploration of why we play video games despite the fact that we are almost certain to feel unhappy when we fail at them. We may think of video games as being "fun," but in *The Art of Failure*, Jesper Juul claims that this is almost entirely mistaken. When we play video games, our facial expressions are rarely those of happiness or bliss. Instead, we frown, grimace, and shout in frustration as we lose, or die, or fail to advance to the next level. Humans may have a fundamental desire to succeed and feel competent, but game players choose to engage in an activity in which they are nearly certain to fail and feel incompetent. So why do we play video games even though they make us unhappy? Juul examines this paradox. In video games, as in tragic works of art, literature, theater, and cinema, it seems that we want to experience unpleasantness even if we also dislike it. Reader or audience reaction to tragedy is often explained as catharsis, as a purging of negative emotions. But, Juul points out, this doesn't seem to be the case for video game players. Games do not purge us of unpleasant emotions; they produce them in the first place. What, then, does failure in video game playing do? Juul argues that failure in a game is unique in that when you fail in a game, you (not a character) are in some way inadequate. Yet games also motivate us to play more, in order to escape that inadequacy, and the feeling of escaping failure (often by improving skills) is a central enjoyment of games. Games, writes Juul, are the art of failure: the singular art form that sets us up for failure and allows us to experience it and experiment with it. *The Art of Failure* is essential reading for anyone interested in video games, whether as entertainment, art, or education.

Major Problems in American Foreign Policy: Since 1914 - Thomas G. Paterson 1984

[Major Problems in American Colonial History](#) - Karen Ordahl Kupperman 2013

Designed to encourage critical thinking about history, the MAJOR PROBLEMS IN AMERICAN HISTORY series introduces readers to both primary sources and analytical essays on important topics in American history. The collection of essays and documents in MAJOR PROBLEMS IN AMERICAN COLONIAL HISTORY introduces readers to American colonial history and, in this third edition, presents a radically new vision of the subject in accordance with developments in the way the subject is currently taught. Most importantly, this new edition takes a more continental and thematic approach. Each chapter contains an introduction, headnotes, and suggestions for further reading.

[21 Lessons for the 21st Century](#) - Yuval Noah Harari 2019-01-29

#1 NEW YORK TIMES BESTSELLER • In *Sapiens*, he explored our past. In *Homo Deus*, he looked to our future. Now, one of the most innovative thinkers on the planet turns to the present to make sense of today's most pressing issues. "Fascinating . . . a crucial global conversation about how to take on the problems of the twenty-first century."—Bill Gates, *The New York Times Book Review* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES AND PAMELA PAUL, KQED How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari's *21 Lessons for the 21st Century* is a probing and visionary investigation into today's most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, hacking becomes a tactic of war, and the world feels more polarized than ever, Harari addresses the challenge of navigating life in the face of constant and disorienting change and raises the important questions we need to ask ourselves in order to survive. In twenty-one accessible chapters that are both provocative and profound, Harari builds on the ideas explored in his previous books, untangling political, technological, social, and existential issues and offering advice on how to prepare for a very different future from the world we now live in: How can we retain freedom of choice when Big Data is watching us? What will the future workforce look like, and how should we ready ourselves for it? How should we deal with the threat of terrorism? Why is liberal democracy in crisis? Harari's unique ability to make sense of where we have come from and where we are going has captured the imaginations of millions of readers. Here he invites us to consider values, meaning, and personal engagement in a world full of noise and uncertainty. When we are deluged with irrelevant information, clarity is power. Presenting complex contemporary challenges clearly and accessibly, *21 Lessons for the 21st Century* is essential reading. "If there were such a thing as a required instruction manual for politicians and thought leaders, Israeli historian Yuval Noah Harari's *21 Lessons for the 21st Century* would deserve

serious consideration. In this collection of provocative essays, Harari . . . tackles a daunting array of issues, endeavoring to answer a persistent question: 'What is happening in the world today, and what is the deep meaning of these events?'"—BookPage (top pick)

[Major Problems in American History, Volume One And, Volume Two](#) - Cobbs 2002-01-30

[Major Problems in the History of American Technology](#) - Merritt Roe Smith 1998

This entry in the Major Problems in American History series examines the history of technology in America, from colonial times to the present. Each of the 14 chapters contains an introduction, secondary readings, documents, headnotes, and suggested readings.

[Major Problems in American Religious History](#) - Patrick Allitt 2013

"Designed to encourage critical thinking about history, the [book] introduces students to both primary sources and analytical essays on important topics in U.S. history. [The book] presents a . . . selected group of readings in a format that asks students to evaluate primary sources, test the interpretations of distinguished historians and others, and draw their own conclusions"--P. [4] of cover.

[Major Problems in the History of the American West](#) - Clyde A. Milner 1997-01-01

This unique collection of essays and documents brings to life the major topics in American western and frontier history from the sixteenth to the twentieth century.

[A People's History of the United States](#) - Howard Zinn 2016-02-01

A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up—from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant labourers. From Columbus to the Revolution to slavery and the Civil War—from World War II to the election of George W. Bush and the "War on Terror"—*A People's History of the United States* is an important and necessary contribution to a complete and balanced understanding of American history.

American History, Volume 2 - Thomas S. Kidd 2019-04-01

American History volume 2 gives a wide overview of America's history from the end of the Civil War era, to the political and cultural struggles of contemporary times. Thomas S. Kidd employs lessons learned from his own scholarly expertise and history classes to weave together a compelling narrative of the defeats and triumphs that have defined the American national experience. Unlike many textbooks of modern American history, religion and faith remain central aspects of the book's coverage, through present-day America. It gives detailed treatment of episodes such as America's military conflicts, the Civil Rights movement, and the culture wars of the past half-century. Professor Kidd also considers the development of America's obsession with entertainment, from the rise of the first movies, to the social media age. *American History* volume 2 will help students wrestle with the political and cultural changes that have dramatically transformed contemporary American life

[Major Problems in Texas History](#) - Sam W. Haynes 2016-01-12

Designed to encourage critical thinking about history, the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in US history. This collection, designed for courses on Texas history or the history of southwest, covers the subject's entire chronological span. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

[The American Yawp](#) - Joseph L. Locke 2019-01-22

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* *The American Yawp* is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung

something collectively amid the deafening roar of their many individual voices. The *Yawp* highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Major Problems in American Foreign Relations, Volume I: To 1920
- Dennis Merrill 2009-09-10

Designed to encourage critical thinking about history, this reader uses a carefully selected group of primary sources and analytical essays to allow students to test the interpretations of distinguished historians and draw their own conclusions about the history of American foreign policy. This text serves as an effective educational tool for courses on U.S. foreign policy, recent U.S. history, or 20th Century U.S. history. The Seventh Edition introduces new studies on America's early foreign relations which seek to position the nation's post 9-11 attitudes and behaviors within historical context. Some of the new literature spotlights cultural relations, and the ways in which culturally constructed attitudes about class, gender, race, and national identity have shaped American's perceptions of the world and subsequently its overseas relationships. In this volume, almost one-half of the essays are new, including selections by Michael L. Krenn, Walter A. Hixson, Robert Kagan, John Lamberton Harper, Marie-Jeanne Rossignol, Joseph J. Ellis, John E. Lewis Jr., Piero Gleijeses, Stuart Banner, McCabe Keliher, Michael H. Hunt, Kristin L. Hoganson, Paul A. Kramer, Stanley Karnow, Robert W. Tucker, and Erez Manela. The Minds of the West - Jon Gjerde 2000-11-09

In the century preceding World War I, the American Middle West drew thousands of migrants both from Europe and from the northeastern United States. In the American mind, the region represented a place where social differences could be muted and a distinctly American culture created. Many of the European groups, however, viewed the Midwest as an area of opportunity because it allowed them to retain cultural and religious traditions from their homelands. Jon Gjerde examines the cultural patterns, or "minds," that those settling the Middle West carried with them. He argues that such cultural transplantation could occur because patterns of migration tended to reunite people of similar pasts and because the rural Midwest was a vast region where cultural groups could sequester themselves in tight-knit settlements built around familial and community institutions. Gjerde compares patterns of development and acculturation across immigrant groups, exploring the frictions and fissures experienced within and between communities. Finally, he examines the means by which individual ethnic groups built themselves a representative voice, joining the political and social debate on both a regional and national level.

Major Problems in African American History - Barbara Krauthamer 2018-07-12

This text introduces you to both primary sources -- straight from the frontlines of history -- and analytical essays, and is designed to encourage critical thinking about the history and culture of African Americans. The carefully selected readings give you many opportunities

to evaluate primary sources, test the interpretations of distinguished historians, and draw your own conclusions.

Major Problems in American Women's History - Mary Beth Norton 2007

Designed to encourage critical thinking about history, the *Major Problems* series introduces students to both primary sources and analytical essays on important topics in U.S. history. *Major Problems in American Women's History* is the leading reader for courses on the history of American women, covering the subject's entire chronological span. While attentive to the roles of women and the details of women's lives, the authors are especially concerned with issues of historical interpretation and historiography. The Fourth Edition features greater coverage of the experiences of women in the Midwest and the West, immigrant women, and more voices of women of color. Key pedagogical elements of the *Major Problems* format have been retained: 14 to 15 chapters per volume, chapter introductions, headnotes, and suggested readings. New! In Chapter 1, an exclusive essay by Kate Haulman examines the evolution of the field of women's history and the state of women's history today. New! Chapter 2 now focuses on Native American women, while a new Chapter 3 covers witches and their accusers in New England and the Salem witch trials. New! Chapter 6 draws on recent scholarship on the roles of ordinary and elite women in the numerous reform movements of the Early Republic. Revised! Chapter 7 rethinks and refocuses the text's coverage of women's roles in slavery and the Civil War, and more directly addresses the lives of African American women during and after slavery. New! Post-1960 coverage (in Chapters 15-16) has been thoroughly revised to highlight the women's movement, women's health, recent immigration, and economic changes affecting women.

Major Problems in American History, Volume I - Elizabeth Cobbs 2011-01-01

Designed to encourage critical thinking about history, the *MAJOR PROBLEMS IN AMERICAN HISTORY* series introduces students to both primary sources and analytical essays on important topics in U.S. history. This collection serves as the primary anthology for the introductory survey course, covering the subject's entire chronological span. Comprehensive topical coverage includes politics, economics, labor, gender, culture, and social trends. The Third Edition features greater focus on visual and cultural sources throughout. Several chapters now include images, songs and poems to give students a better feel for the time period and events under discussion. Key pedagogical elements of the *Major Problems* format have been retained: 15 to 16 chapters per volume, chapter introductions, headnotes, and suggested readings. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Democracy in America - Alexis de Tocqueville 1875

Major Problems in the History of the Vietnam War - Robert J. McMahan 2003

Designed to encourage critical thinking about history, the *Major Problems in American History* series introduces students to both primary sources and analytical essays on important topics in U.S. history. *Major Problems in the History of the Vietnam War* incorporates a spate of new research and a number of recently declassified documents concerning the Vietnam War.

Major Problems in the Civil War and Reconstruction: Documents and Essays - Michael Perman 2010-06-01

Designed to encourage critical thinking about history, the *Major Problems* series introduces students to both primary sources and analytical essays on important topics in US history. This text, designed to be the primary anthology for the introductory survey course, covers the span of the Civil War. The Third Edition, with new co-author Amy Taylor, includes a new chapter on Lincoln and Davis as military leaders, reorganized home front chapters, and many new documents and essays reflecting the latest scholarship. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
