Legal engagement - Collectif 2021-07-30

The Roman empire set law at the center of its very identity. A complex and robust ideology of law and justice is evident not only in the dynamics of imperial administration, but a host of cultural arenas. Citizenship named the privilege of falling under Roman jurisdiction, legal expertise was cultural capital. A faith in the emperor's intimate concern for justice was a key component of the voluntary connection binding Romans and provincials to the state. Even as law was a central mechanism for control and the administration of state violence, it also exerted a magnetic effect on the peoples under its control. Adopting a range of approaches, the essays explore the impact of Roman law, both in the tribunal and in the culture. Unique to this anthology is attention to legal professionals and cultural intermediaries operating at the empire's periphery. The studies here allow one to see how law operated among a range of populations and provincials—from Gauls and Brittons to Egyptians and Jews—exploring the ways local peoples creatively navigated, and constructed, their legal realities between Roman and local mores. They draw our attention to the space between laws and legal ideas, between ethnic, especially Jewish, life and law and the structures of Roman might; cases in which shared concepts result in diverse ends; the pageantry of the legal tribunal, the imperatives and corruptions of power differentials; and the importance of reading the gaps between depiction of law and its actual workings. This volume is unusual in bringing Jewish, and especially rabbinic, sources and perspectives together with Roman, Greek or Christian ones. This is the result of its being part of the research program "Judaism and Rome" (ERC Grant Agreement no. 614 424), dedicated to the study of the impact of the Roman empire upon ancient Judaism.

That Greece Might Still be Free - William St. Clair 2008

When in 1821, the Greeks rose in violent revolution against the rule of the Ottoman Turks, waves of sympathy spread across Western Europe and the United States. More than a thousand volunteers set out to fight for the cause. The Philhellenes, whether they set out to recreate the Athens of Pericles, start a new crusade, or make money out of a war, all felt that Greece had unique claim on the sympathy of the world. As Byron wrote, 'I dreamed that Greece might Still be Free'; and he died at Missolonghi trying to translate that dream into reality. William St Clair's meticulously researched and highly readable account of their aspirations and experiences was hailed as definitive when it was first published. Long out of print, it remains the standard account of the Philhellenic movement and essential reading for any students of the Greek War of Independence, Byron, and European Romanticism. Its relevance to more modern ethnic and religious conflicts is becoming increasingly appreciated by scholars worldwide. This new and revised edition includes a new Introduction by Roderick Beaton, an updated Bibliography and many new illustrations.

The Eleven - Pierre Michon 2012-12-21

In *The Eleven*, Michon lets us into the world of Corentin, a painter shaped by—and who eventually shapes—history. Brought up among provincial aristocracy to become a favorite of Parisian society—his paintings are commissioned by Louis XV's mistress—Corentin's career rides the Tides of the French Revolution. His masterpiece, "The Eleven," is an enigmatic Last Supper, representing the eleven members of the Committee of Public Safety (including Robespierre and Saint Just) during the Reign of Terror. Corentin and company, his work of art, and the historical tableau of the French Revolution come to life in dazzling, even painterly, detail. A potent blend of fact and fiction, *The Eleven* is a

beautifully written, astute meditation on the nature of history itself and the artist's role in it. From the Trade Paperback edition.

The Mirror - Sabine Melchoir-Bonnet 2014-06-03

An Essay on the Origin of Human Knowledge - Etienne Bonnot de Condillac 1756

French Ecocriticism - Daniel Finch-Race 2017

This book expounds fruitful ways of analysing matters of ecology, environments, nature, and the non-human world in a broad spectrum of material in French. Scholars from Canada, France, Great Britain, Spain, and the United States examine the work of writers and thinkers including Michel de Montaigne, Victor Hugo, Émile Zola, Arthur Rimbaud, Marguerite Yourcenar, Gilbert Simondon, Michel Serres, Michel Houellebecq, and Éric Chevillard. The diverse approaches in the volume signal a common desire to bring together form and content, politics and aesthetics, theory and practice, under the aegis of the environmental humanities.

The Invention of Africa: Gnosis, Philosophy, and the Order of Knowledge - Vy Mudimbe 2020-01-21

"... groundbreaking... clear, straightforward, and economical.... seminal..." —American Anthropologist "This is a challenging book... a remarkable contribution to African intellectual history." —International Journal of African Historical Studies "Mudimbe's description of the struggles over Africa's self-invention are vivid and rewarding. From Blyden to Sartre, Temples to Senghor, Mudimbe provides a bold and versatile resume of Africa's literary inventors." —Village Voice Literary Supplement "... a landmark achievement in African studies." —Journal of Religion in Africa In this unique and provocative book, Zairean philosopher and writer V. Y. Mudimbe addresses the multiple scholarly discourses that exist—African and non-African—concerning the meaning of Africa and being African. *Livres de France* - 2009-05

Paratexts - Gerard Genette 1997-03-13

Paratexts are those liminal devices and conventions, both within and outside the book, that form part of the complex mediation between book, author, publisher and reader: titles, forewords, epigraphs and publishers' jacket copy are part of a book's private and public history. In this first English translation of *Paratexts*, Gérard Genette shows how the special pragmatic status of paratextual declaration requires a carefully calibrated analysis of their illocutionary force. With clarity, precision and an extraordinary range of reference, *Paratexts* constitutes an encyclopedic survey of the customs and institutions as revealed in the borderlands of the text. Genette presents a global view of these liminal mediations and the logic of their relation to the reading public by studying each element as a literary function. Richard Macksey's foreword describes how the poetics of paratexts interact with more general questions of literature as a cultural institution, and situates Genette's work in contemporary literary theory.

Paris Noir - Jacques Yonnet 2011-03-16

In *Paris Noir* Yonnet tells is about some of the darker quarters of Paris

on the left bank of the Seine, centred on the place Mauberge and the rue Mouffetard, as seen from his own experience. It is mainly written during the 1940s, under the Occupation and in the immediate post-war period; there is a certain amount dealing with the resistance, but the main thrust of the book is a Paris that existed between the wars - and is well known from the film noir -but has since disappeared. It concentrates on the people, rather than places, a mixture of ordinary workers, tradesmen, artists, con-men and criminals. It invests the area with a sense of mystery including occasional supernatural events; it is extremely well written, often using the language of the inhabitants of the area. Raymond Queneau considered it the greatest book ever written about Paris. For Dedalus it is the perfect counterfoil for J.K.Huysmans's Parisian Sketches which Dedalus published in 2004 which showed the darker side of Paris pre Haussmann's big boulevards. 'Among the books you must read before you die is Paris Noir by Jacques Yonnet.' Raphael Sorin Concentrating on the seedy area around Rue Mouffetard, which becomes "La Mouffe" in a typically Parisian abbreviation, Yonnet reveals the dark side of the City of Light in the 1940s in this "secret history of a city". The street life of the Left Bank ticks on much as normal during the Occupation, though L'opoldie the tart stops turning tricks because "the green German uniform does not suit her complexion". Keep-on-Dancin', the killer with a fondness for history, rules the roost. Though describing himself as "sceptical, disillusioned, cynical", Yonnet casually dispatches a traitor in the Resistance. This is film noir in book form." Christopher Hirst in The Independent

Milieux modernes et reflets japonais - Jacynthe Tremblay

2015-10-01T00:00:00-04:00

Par temps de crise environnementale, comment penser autrement notre relation à la nature et aux transformations techniques des milieux ?

Comment analyser la mutation des sociétés sous le choc de la modernité occidentale? Placé sous le signe du dialogue des cultures, cet ouvrage s'amorce avec une réflexion de philosophie politique sur les contacts multiples et complexes entre l'Occident moderne, l'Extrême-Orient et le Moyen-Orient. Comment comprendre les bouleversements sociaux, culturels, religieux et philosophiques induits par ces révolutions techniques et économiques dans leur passage accéléré à la modernité depuis le XIXe siècle ? La pensée et la philosophie japonaises contemporaines sont ici exemplaires de ce rapport ambivalent avec la modernité. Elles partagent avec les philosophies occidentales de l'environnement certains thèmes de réflexion : la nature, la culture, la technique, le milieu ou Fudô. Ces parcours philosophiques différents explorent ici ces milieux modernes à la recherche d'autres modes relationnels. Par des jeux de reflets, ils mobilisent des philosophies occidentales de traditions différentes d'Aristote à Heidegger, tout en dialoguant avec les représentants de l'École de Kyoto et ses ramifications, de Watsuji Tetsurô à Nishida Kitarô, en passant par Nishi Amane, Nishitani Keiji ou Imamichi Tomonobu.

Black Water - Joyce Carol Oates 1993-05-04

The Pulitzer Prize-nominated novel from the author of the New York Times bestselling novel *We Were the Mulvaney* "Its power of evocation is remarkable." —The New Yorker In the midst of a long summer on Grayling Island, Maine, twenty-six-year-old Kelly Kelleher longs for something interesting to happen to her—something that will make her finally feel some of what she imagines other people must feel when they watch the fireworks explode off the beach. So when Kelly meets The Senator at an exclusive party and he asks her to go back to a hotel room on the main island with him, she says yes. Even though the senator is old enough to be her father, even though he has perhaps been drinking too heavily to get behind the wheel, the danger of saying yes is an inevitable and even exciting part of the adventure Kelly is finally going to have. However, as The Senator's car whips around the island's roads and eventually crashes through a guardrail, it becomes clear to Kelly and the

reader that this man embodies a wholly different and more sinister type of danger, one much larger and harder to contain than the horrible events that unfold as Kelly is left in the sinking car. *Black Water* is a chilling meditation on power, trust, and violation and a timeless classic from one of America's foremost storytellers.

Sailing from Polis to Empire: Ships in the Eastern Mediterranean during the Hellenistic Period - Emmanuel Nantet 2020-07-22

What can the architecture of ancient ships tell us about their capacity to carry cargo or to navigate certain trade routes? How do such insights inform our knowledge of the ancient economies that depended on maritime trade across the Mediterranean? These and similar questions lie behind *Sailing from Polis to Empire*, a fascinating insight into the practicalities of trading by boat in the ancient world. Allying modern scientific knowledge with Hellenistic sources, this interdisciplinary collection brings together experts in various fields of ship archaeology to shed new light on the role played by ships and sailing in the exchange networks of the Mediterranean. Covering all parts of the Eastern Mediterranean, these outstanding contributions delve into a broad array of data - literary, epigraphical, papyrological, iconographic and archaeological - to understand the trade routes that connected the economies of individual cities and kingdoms. Unique in its interdisciplinary approach and focus on the Hellenistic period, this collection digs into the questions that others don't think to ask, and comes up with (sometimes surprising) answers. It will be of value to researchers in the fields of naval architecture, Classical and Hellenistic history, social history and ancient geography, and to all those with an interest in the ancient world or the seafaring life.

Engineering Economy - Leland T. Blank 2001-08-01

This student-friendly text on the current economic issues particular to engineering covers the topics needed to analyze engineering alternatives. Students use both hand-worked and spreadsheet solutions of examples, problems and case studies. In this edition the options have been increased with an expanded spreadsheet analysis component, twice the number of case studies, and virtually all new end-of-chapter problems. The chapters on factor derivation and usage, cost estimation, replacement studies, and after-tax evaluation have been heavily revised. New material is included on public sector projects and cost estimation. A reordering of chapters puts the fundamental topics up front in the text. Many chapters include a special set of problems that prepare the students for the Fundamentals of Engineering (FE) exam. This text provides students and practicing professionals with a solid preparation in the financial understanding of engineering problems and projects, as well as the techniques needed for evaluating and making sound economic decisions. Distinguishing characteristics include learning objectives for each chapter, an easy-to-read writing style, many solved examples, integrated spreadsheets, and case studies throughout the text. Graphical cross-referencing between topics and quick-solve spreadsheet solutions are indicated in the margin throughout the text. While the chapters are progressive, over three-quarters can stand alone, allowing instructors flexibility for meeting course needs. A complete online learning center (OLC) offers supplemental practice problems, spreadsheet exercises, and review questions for the the Fundamentals of Engineering (FE) exam.

Phantom of the Opera - Gaston Leroux 2021-02-23

The Phantom of the Opera (1910) is a novel by French writer Gaston Leroux. Originally serialized in *Le Galois*, the novel was inspired by legends revolving around the Paris Opera from the early nineteenth century. Originally a journalist, Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe. Despite its lack of success relative to Leroux's other novels, *The Phantom of the Opera* has become legendary through several adaptations for film, theater, and television, including Andrew Lloyd Webber's celebrated 1886 Broadway musical of the same name. In 1880s Paris, the legendary Palais Garnier Opera House is rumored to be haunted by a malignant entity. Known as the Phantom of the Opera, he has been linked to the hanging death of a stagehand in addition to several strange and mysterious occurrences. Just before a gala performance, a young Swedish soprano named Christine is called on to replace the opera's lead, who is suffering from a last-minute illness. From the audience, the Vicomte Raoul de Chagny recognizes Christine, his childhood sweetheart, and goes backstage after the opera has ended to reintroduce himself. While waiting by her dressing room, he hears her talking to an unknown man, but upon entering finds himself alone with Christine. Pressing her for information, she reveals that she has been receiving lessons from a figure she calls the Angel of Music, prompting suspicion and terror in Raoul, who is familiar with the legend of the Phantom. As Raoul makes his feelings for Christine known, the Phantom professes his love for his protégé, and a battle for her affection ensues. Caught in this love triangle, threatened on all sides by jealousy and pursuit, Christine struggles to hold on as her star in the Paris Opera rises. With a beautifully designed cover and professionally typeset manuscript, this edition of Gaston Leroux's *The Phantom of the Opera* is a classic of French literature reimagined for modern readers.

The Allegory of the Cave - Plato 2021-01-08

The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work *Republic* (514a-520a) to compare "the effect of education (παίδεῖα) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b-509c) and the analogy of the divided line (509d-511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d-534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

Éric Rohmer - Antoine de Baecque 2016-06-14

The director of twenty-five films, including *My Night at Maud's* (1969), which was nominated for a Best Picture Academy Award, and the editor in chief of *Cahiers du cinéma* from 1957 to 1963, Éric Rohmer set the terms by which people watched, made, and thought about cinema for decades. Such brilliance does not develop in a vacuum, and Rohmer cultivated a fascinating network of friends, colleagues, and industry contacts that kept his outlook sharp and propelled his work forward. Despite his privacy, he cared deeply about politics, religion, culture, and fostering a public appreciation of the medium he loved. This exhaustive biography uses personal archives and interviews to enrich our knowledge of Rohmer's public achievements and lesser known interests and relations. The filmmaker kept in close communication with his contemporaries and competitors: François Truffaut, Jean-Luc Godard, Claude Chabrol, and Jacques Rivette. He held a paradoxical fascination with royalist politics, the fate of the environment, Catholicism, classical music, and the French nightclub scene, and his films were regularly featured at New York and Los Angeles film festivals. Despite an austere approach to life, Rohmer had a voracious appetite for art, culture, and intellectual debate captured vividly in this definitive volume.
