Freckled Identical Twin Sisters - Lynn Morgan 2022-11-14

They either both confessed they were guilty, or both confessed to being innocent. Their bond and loyalty were unbreakable, which the average person does not understand. When in trouble, they became one person with a united front. It was never discussed, just understood.

The Identity Issues and Political Role of Bhojpuri Diaspora in Mauritius - Aditya Anshu

‘In the universal phrase, the study of the dissemination of populations and cultures across many geographic regions and spheres has increased and so the Diaspora studies have come out as a vivacious area of research within rapidly increasing globalization. Researchers found migration to be a foremost influence on the

social-authenticity they were scrutinizing. Therefore, migration is measured to be one constructive step in that direction. To put it, in a contrary way, the nuclear statement in migration is that the human beings has all the capabilities and potentialities of leading a high quality life, but, it is the atmosphere, the social-system around him, that made opportunities and his efforts to reach the high goals of life through migration. In recent years there has been a developing body of work dealing with issues of Diaspora and hybridists, both within cultural geography and international Studies'.

The Art of War for Dating - Eric Rogell
2010-12-18

For centuries, man has studied the ancient art of war before heading into battle--obsessively planning, strategically theorizing, and meticulously executing. If only he did that before trying to pick up women. Just as they turn to Sun Tzu's honored text for military guidance, they can sharpen their dating skills by adapting the good general's advice. But since every guy hitting the bar on Saturday night isn't a seasoned warrior, this book has done the heavy lifting. By dissecting Sun Tzu's original text, extracting his core wisdom, and applying it to picking up women, this book teaches you how to win the battle of the sexes. A woman might not be an enemy to conquer--but she is a prize to win over.

Adventures in the Orgasmatron - Christopher Turner 2011-06-07

One of The Economist's 2011 Books of the Year
A Boston Globe Best Nonfiction Book of 2011
Well before the 1960s, a sexual revolution was under way in America, led by expatriated European thinkers who saw a vast country ripe for liberation. In *Adventures in the Orgasmatron*, Christopher Turner tells the revolution's story—an illuminating, thrilling, often bizarre story of sex and science, ecstasy and repression. Central to the narrative is the orgone box—a tall, slender construction of wood, metal, and steel wool. A person who sat in the box, it was thought, could elevate his or her "orgastic potential." The box was the invention of Wilhelm Reich, an outrider psychoanalyst who faced a federal ban on the orgone box, an FBI investigation, a fraught encounter with Einstein, and bouts of paranoia. In Turner's vivid account, Reich's efforts anticipated those of Alfred Kinsey, Herbert Marcuse, and other prominent thinkers—efforts that brought about a transformation of Western views of sexuality in ways even the thinkers themselves could not have imagined.

Up from Invisibility - Larry Gross 2001-12-26
A half century ago gay men and lesbians were all but invisible in the media and, in turn, popular culture. With the lesbian and gay liberation movement came a profoundly new sense of homosexual community and empowerment and the emergence of gay people onto the media's stage. And yet even as the mass media have been shifting the terms of our public conversation toward a greater acknowledgment of diversity, does the emerging "visibility" of gay men and women do justice to the complexity and variety of their experience? Or is gay identity manipulated and contrived by media that are unwilling—and perhaps unable—to fully comprehend and honor it? While positive representations of gays and lesbians are a cautious step in the right direction, media expert Larry Gross argues that the entertainment and news media betray a lingering inability to break free from proscribed limitations in order to

embrace the complex reality of gay identity. While noting major advances, like the opening of the Oscar Wilde Memorial Bookstore—the first gay bookstore in the country—or the rise of The Advocate from small newsletter to influential national paper, Gross takes the measure of somewhat more ambiguous milestones, like the first lesbian kiss on television or the first gay character in a newspaper comic strip.

Note to Self - Andrea Buchanan 2009-01-06
Thirty inspiring women share the enduring lessons they have learned from the defining moments of their lives. Life rarely works out exactly as we plan. Rejection by a cherished friend, the onset of an unexpected illness, struggle with body image and self-perception -- these experiences may challenge us, but our triumphs come to define us. We find comfort, joy, tears, and laughter in the wisdom, insight, and empathy we gain. In Note to Self, thirty dynamic women share their inspirational stories with writer, director, and television and film producer Andrea Buchanan. Celebrities such as Grammy Award-winning rock star Sheryl Crow and Emmy Award-winning actress Camryn Manheim join stuntwoman Stacy Courtney, football player Katie Hnida, seventy-year-old HIV-positive grandmother Beverly London, and alcoholic-turned-interventionist Candy Finnigan to reflect on their unforgettable stories of redemption. Punctuated by tears and laughter, these poignant tales are full of incredible strength, invaluable knowledge, insurmountable odds, helpful survival instincts, amazing willpower, humiliation -- sometimes on a national level -- and a hefty dose of humor. These unstoppable women emerged stronger, wiser, and more successful from the often painful and humbling turning points in their lives. While none of their unique stories will fit neatly on a sticky note you can tape to your wall, each of them carries an indelible message that can.

VisuaLeadership - Todd Cherches 2020-05-12
VisuaLeadership [noun]: The art and science of applying visual thinking and visual communication tools, tips, and techniques, in order to turn your vision into reality. If a picture is worth a thousand words, and finding the right words takes time, and time is money, then wouldn't it follow that business leaders could make more money—in less time—if they simply took a more “visual” approach to how they manage and lead? Okay, it's not quite that simple...but VisuaLeadership will forever change the way you think and communicate by showing how you can quickly and easily leverage the power of visual imagery, mental models, metaphor, analogy, storytelling, and humor to help you take your game to a whole new level. The French novelist Marcel Proust famously wrote that, “The real voyage of discovery consists not in seeking new lands, but in seeing with new eyes.” So, if your vision is to become a better communicator and presenter, a more innovative thinker, a more productive performer, a more efficient manager, a more effective coach, or a more visionary and inspirational leader, then this exciting new book will open your “mind's eye” to a whole new world: The world of VisuaLeadership. “Have you added visual communication to your leadership toolbox? According to Todd Cherches, if you haven't, you're missing out on a powerful tool to capture attention, aid comprehension, and enable your team members to retain the information you need them to use. Packed with examples, VisuaLeadership will help you develop this skill so that you can become a better communicator, innovator, and leader.” —Daniel H. Pink, author of *When and Drive* “The most effective communicators and leaders use the power of story to influence and inspire action. In

VisuaLeadership, Cherches demonstrates how every role can express their ideas through the use of visual imagery and visual language. This book will help anyone discover how to become a visual leader.” —Nancy Duarte, CEO and bestselling author “I always say that ‘what got you here...won't get you there.’ To help you ‘get there,’ executive coach Todd Cherches, in his wonderful new book, *VisuaLeadership*, demonstrates how we can all leverage the power of visual thinking to envision—and to achieve—a more successful future.” —Marshall Goldsmith, the world's #1 Leadership Thinker and Executive Coach

Its pages echo with the crash of rubble, of the old regimes of the Soviet Union and Eastern Europe, of the illusions of the post-Cold War West, of physical landscapes in upheaval. Cockburn's own reflections, both personal and political, are interspersed with letters from Claud Cockburn, Graham Greene, friends and irate readers. There are discussions with Noam Chomsky, dippings into criticism, Colette, transvestism, sexual manners, hate mail.
