*Civic Integration and Modern Citizenship - Jeanine Klaver 2009*

"In this study the experience in the Netherlands with civic integration policies will be explained in a detailed and systematic way. As it stands, the Netherlands presently has one of the most encompassing and coercive civic integration policies, which is characterised by overseas civic integration testing, a general obligation to pass a civic integration exam for all foreign nationals and the existence of an elaborate sanctioning regime. Our main purpose is to understand the legitimacy of civic integration in this country, particularly through analysing its main implications and effects from a broader perspective. This perspective consists of an historical context, a framework of modern citizenship rights, and a cross border comparison of different national integration concepts. The principal issues to be addressed are the political and social arguments which lay behind the introduction of civic integration policies, and the extent to which these policies fit within academic notions of modern citizenship. In addition, the Dutch model of civic integration will be set against alternative national integration strategies as prevailing in some other immigrant receiving countries, particularly Belgium, Canada and the United States."--Publisher's description.

**Becoming a Citizen** - Irene Bloemraad 2006

"Becoming a Citizen is a terrific book. Important, innovative, well argued, theoretically significant, and empirically grounded. It will be the definitive work in the field for years to come."-- Frank D. Bean, Co-Director, Center for Research on Immigration, Population and Public Policy "This book is in three ways innovative. First, it avoids the domestic navel-gazing of U.S. immigration studies, through an obvious yet ingenious comparison with Canada. Second, it shows that official multiculturalism and common citizenship may very well go together, revealing Canada, and not the United States, as leader in successful immigrant integration. Thirdly, the book provides a compelling picture of how the state matters in making immigrants citizens. An outstanding contribution to the migration and citizenship literature!"--Christian Joppke, American University of Paris

### **A Worldwide Guide to Retirement**

**Destinations** - Louise Hudson 2019-10-01

This guide provides information on retiree destinations around the world, all based on research conducted by the authors and hands-on testimonies from each region. It consists of 10 chapters, starting with a general overview of retiree migration patterns, which examines the factors retirees consider when deciding on a destination. The following nine chapters each cover one particular region of the world that is attracting retirees. Mini-profiles of retiree migrants in each chapter include anecdotes and experiences from diverse destinations. The reader will hear, for example, from an American luxuriating on a Spanish island; a Brit building homes in the mountains and coast of BC, Canada; a New York filmmaker reinventing in Cuenca, Ecuador; and British skiers retiring to "encore careers" in the French Alps. Chapters also include "destination profiles"—short vignettes that analyze retirement from the destination perspective, again based on personal interviews with key stakeholders from a national, regional and local perspective.

*88 Tips on Immigration to Canada: Visa, Eta, Work Permit, Study Permit, Immigration, and Citizenship to Canada* - Al Parsai 2019-03-18  
If you intend to visit Canada, study or work in

Canada, immigrate to Canada, or become a Canadian citizen, you need to go through an application process. A typical application includes submitting some forms and documents to the immigration authorities. Some applications, however, mandate you to attend a phone or face to face interview with an immigration or border services officer. Most of the immigration applications are time-consuming and nerve-racking. Several laws, policies, and procedures govern immigration applications. Many of them, such as inadmissibility rules, are complex or ambiguous. Even when you submit a simple eTA application, you need to answer questions about these complex aspects of immigration. Al Parsai is a Regulated Canadian Immigration Consultant. He also teaches the immigration diploma courses at Ashton college and the Global School of Corporate Excellence. Al has eight years of work experience as an immigration consultant and more than 22 years of experience as an author and educator. He has dealt with hundreds of visa and immigration applications. His clients have been from more than 35 different countries so far. The combination of hands-on experience and the teaching abilities gives Al the edge to write and publish this book. This book is a unique text that explains many concepts of visa and immigration in simple and understandable terms. By reading this book, you will enter the world of immigration to Canada. The book offers you 88 different tips on immigration to Canada. If you read them carefully, you will learn about your options and obstacles. Since this book is a condensed version of what Al knows about the Canadian immigration system, it could save you hundreds of hours of wandering the internet for answers. The book is easy to read. It is full of valuable tips. Read this book and seize the opportunity of knowing how you could move to the most welcoming country in the world.

[Routledge Handbook of Global Citizenship Studies](#) - Engin F. Isin 2014-06-27

Citizenship studies is at a crucial moment of globalizing as a field. What used to be mainly a European, North American, and Australian field has now expanded to major contributions featuring scholarship from Latin America, Asia, Africa, and the Middle East. The Routledge Handbook of Global Citizenship Studies takes

into account this globalizing moment. At the same time, it considers how the global perspective exposes the strains and discords in the concept of 'citizenship' as it is understood today. With over fifty contributions from international, interdisciplinary experts, the Handbook features state-of-the-art analyses of the practices and enactments of citizenship across broad continental regions (Africas, Americas, Asias and Europes) as well as deterritorialized forms of citizenship (Diasporicity and Indigeneity). Through these analyses, the Handbook provides a deeper understanding of citizenship in both empirical and theoretical terms. This volume sets a new agenda for scholarly investigations of citizenship. Its wide-ranging contributions and clear, accessible style make it essential reading for students and scholars working on citizenship issues across the humanities and social sciences.

*Washington State Notary Public Guide* -

Washington State Department 2019-04-06

The Department of Licensing has worked to keep the notary public application process as simple as possible. A prospective notary need only

submit a complete application, proof of a \$10,000 surety bond, and appropriate fees to the Department of Licensing in order to begin the process. Once an applicant has completed all application requirements and proven that he or she is eligible, the Department will have a new certificate of commission mailed out promptly. New in 2018, notaries public can also apply for an electronic records notary public endorsement, which allows the notary to perform notarial acts on electronic documents as well as paper documents. The application process is similar to the application process for the commission, and can be done at the same time or separately.

**Disaster Citizenship** - Jacob A.C. Remes 2015-12-30

A century ago, governments buoyed by Progressive Era-beliefs began to assume greater responsibility for protecting and rescuing citizens. Yet the aftermath of two disasters in the United States-Canada borderlands--the Salem Fire of 1914 and the Halifax Explosion of 1917--saw working class survivors instead turn to friends, neighbors, coworkers, and family members for succor and aid. Both official and unofficial responses, meanwhile, showed how the United States and Canada were linked by experts, workers, and money. In *Disaster Citizenship*, Jacob A. C. Remes draws on histories of the Salem and Halifax events to explore the institutions--both formal and informal--that ordinary people relied upon in times of crisis. He explores patterns and traditions of self-help, informal order, and solidarity and details how people adapted these traditions when necessary. Yet, as he shows, these methods--though often quick and effective--remained illegible to reformers. Indeed, soldiers, social workers, and reformers wielding extraordinary emergency powers challenged these grassroots practices to impose progressive "solutions" on what they wrongly imagined to be a fractured social landscape. Innovative and engaging, *Disaster Citizenship* excavates the forgotten networks of solidarity and obligation in an earlier time while simultaneously suggesting new frameworks in the emerging field of critical disaster studies.

**Downwardly Global** - Lalaie Ameeriar  
2017-03-02

In *Downwardly Global* Lalaie Ameeriar examines the transnational labor migration of Pakistani women to Toronto. Despite being trained professionals in fields including engineering, law, medicine, and education, they experience high levels of unemployment and poverty. Rather than addressing this downward mobility as the result of bureaucratic failures, in practice their unemployment is treated as a problem of culture and racialized bodily difference. In Toronto, a city that prides itself on multicultural inclusion, women are subjected to two distinct cultural contexts revealing that integration in Canada represents not the erasure of all differences, but the celebration of some differences and the eradication of others. *Downwardly Global* juxtaposes the experiences of these women in state-funded unemployment workshops, where they are instructed not to smell like Indian food or wear ethnic clothing, with their experiences at cultural festivals in which they are encouraged to promote these same differences. This form of multiculturalism, Ameeriar reveals, privileges whiteness while using race, gender, and cultural difference as a scapegoat for the failures of Canadian neoliberal policies.

*Manual for Draft-Age Immigrants to Canada* - Mark Satin 2017-08-26

In print for the first time since 1971, *Manual for Draft-Age Immigrants to Canada* has once again become relevant in a time of major political upheaval in the United States of America. First published in 1968 by House of Anansi Press, the *Manual for Draft-Age Immigrants to Canada* was a handbook for Americans who refused to serve as draftees in the Vietnam War and were considering immigrating to Canada. Conceived

as a practical guide with information on the process, the Manual also features information on aspects of Canadian society, touching on topics like history, politics, culture, geography and climate, jobs, housing, and universities. The Manual went through several editions from 1968-71. Today, as Americans are taking up the

discussion of immigration to Canada once again, it is an invaluable record of a moment in our recent history.
