**Intruders** - Budd Hopkins 2021-04-20

First published in 1987, when it spent four weeks on the New York Times Best Seller list, *Intruders* remains one of the most powerful and influential books ever written on the controversial subject of alien abduction. Building on the evidence presented in his seminal 1981 work, *Missing Time*, Budd Hopkins here focuses on the remarkable case of "Kathie Davis," a young woman from rural Indianapolis whose life was changed forever after a shattering, face-to-face encounter one summer night with non-human entities. Little did Kathie know it, but her encounter that night was not by chance; she had not been in the wrong place at the wrong time. Like so many others before and since, Kathie had been selected by an intelligence that operates beyond the veil of our accepted reality. Its technology challenges our comprehension, its motives are murky. But its interactions with Kathie and others like her have provided consistent clues-even physical evidence-pointing to an agenda relating to evolution and survival ... but of whose species ... theirs, or ours? Such was the popularity of *Intruders* that it was later adapted for television as a CBS miniseries of the same name, starring Richard Crenna and co-written by Tracy Tormé, (*Fire in the Sky*, *Star Trek: The Next Generation*). *Intruders* is a classic in the literature that remains just as relevant today as ever-and just as terrifying.

**Inside The Black Vault** - Greenewald Jr. 2019-04-08

The evidence in this book may not ultimately give you the "smoking gun" you are looking for on your journey, but I guarantee it will give you a box of bullets when you find it. In 1996, John Greenewald, Jr. began researching the secret inner workings of the U.S. Government at the age of fifteen. He targeted such agencies as the CIA, FBI, Pentagon, Air Force, Army, Navy, NSA, DIA, and countless others. Greenewald utilized the Freedom of Information Act (FOIA) to gain access to more than two million pages of documents. This archive includes information relating to UFOs, the JFK Assassination, chemical, biological, and nuclear weapons, and top secret aircraft. He took the millions of pages, and over the course of more than two decades, has built an archive known around the world, as *The Black Vault*. *Inside The Black Vault: The Government's UFO Secrets Revealed* takes you on a journey within the secret world of unidentified aerial phenomenon that has plagued the military since at least the 1940s. Declassified records prove that the UFO topic is one of the most highly classified and most elusive subjects the U.S. Government has ever dealt with. Each chapter explores various agencies and their documents, and Greenewald breaks down the meaning of why some of the most important documents are relevant to proving a massive cover-up. Along with declassified documents, Greenewald outlines the struggle it took him to get them. No other topic has proven so difficult, in more than 8,000 FOIA requests that he has filed. He explores why that might be and meets skeptics and debunkers head on, outlining why some of their more prominent rebuttals for it all

cannot be true.

*The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839* - Pius Onyemechi Adiele 2017-09-01

Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

*The UFO Files* - David Clarke 2013-03-30

'What does all this stuff about flying saucers amount to? What can it mean? What is the truth?' Winston Churchill, prime minister's personal minute, 28th July 1952 *The UFO Files* tells the story of over 100 years of UFO sightings, drawing on formerly secret government documents at the National Archives in London. Alongside extraordinary reports by ordinary people, it reveals details of official interest and investigations stretching back more than 80 years. In this remarkable book, fully updated for this second edition, David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign, the secret British Intelligence UFO study completed in 2000. As well as covering Roswell and Britain's own Rendlesham Forest mystery, Clarke raids the records for dramatic stories of abductions and close encounters, ghost aircraft and crop circles, and UFO reports by both civilian aircrew and military personnel. *The Shock Doctrine* - Naomi Klein 2010-04-01

The bestselling author of *No Logo* shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq. In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate takeovers. *The Shock Doctrine* retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.

**A.D. After Disclosure** - Richard Dolan 2012-05-22

"What if the UFO cover-up is real and what if it ended? *After Disclosure* poses this fascinating question and looks at the societal consequences of such a revelation. Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life." —Nick Pope, Former Chief of UK Ministry of Defence UFO Desk What if UFO secrecy ended tomorrow? The transition from B.C. (Before Confirmation) to A.D. (After Disclosure) is the ultimate "what if?" scenario in which the calendar is reset and history begins again. This work of speculative non-fiction combines meticulous fact-finding from historian/researcher Richard M. Dolan and forward-leaning scenarios from journalist/screenwriter Bryce Zabel on the world's most mind-bending subject. The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth. A.D. *After Disclosure* isn't afraid to make mind-blowing, specific predictions, such as: Congress will hold Watergate-style hearings and ask secret-keepers, "What did you know and when did you know it?" The first decade A.D. (After Disclosure) will be like a high-tech 1960s, spawning massive cultural and societal change. Abductees will file a class-action suit against the government for withholding critical information. All the textbooks on planet Earth—from history to science—will need an immediate review. Whether disclosure leads to social panic or ushers in a new era of unity and peace, it will undoubtedly be a game-changing event.

*The Biological Universe* - Steven J. Dick 1996-06-13

Throughout the twentieth century, from the furor over Percival Lowell's claim of canals on Mars to the sophisticated Search for Extraterrestrial Intelligence, otherworldly life has often intrigued and occasionally consumed science and the public. *The Biological Universe* provides a rich and colorful history of the attempts during the twentieth century to answer questions such as whether "biological law" reigns throughout the universe and whether there are other histories, religions, and philosophies outside those on Earth. Covering a broad range of topics, including the search for life in the solar system, the origins of life, UFOs, and aliens in science fiction, Steven J. Dick shows how the concept of extraterrestrial intelligence is a world view of its own, a "biophysical cosmology" that seeks confirmation no less than physical views of the universe. This book will fascinate astronomers, historians of science, biochemists, and science fiction readers.

*The Uninvited* - Nick Pope 1997

While at the MoD, the author often found himself caught between helping abductees make sense of their experience and the MoD's official line which is basically to ignore them.

*The Central Intelligence Agency and Overhead Reconnaissance* - Gregory Pedlow 2016-03-15

This volume presents the complete CIA document revealing newly declassified information on the U-2 and Oxcart programs—plus new photos and supporting text. The Central Intelligence Agency and Overhead Reconnaissance 1954-1974 is a fascinating and important historical document. It contains a significant amount of newly declassified material with respect to the U-2 and Oxcart programs, including names of pilots; codenames and cryptonyms; locations, funding, and cover arrangements; electronic countermeasures equipment; cooperation with foreign governments; and overflights of the Soviet Union, Cuba, China, and other countries. Originally published with a Secret/No Foreign Dissemination classification, this detailed study describes not only the program's technological and bureaucratic aspects, but also its political and international context, including the difficult choices faced by President Eisenhower in authorizing overflights of the Soviet Union and the controversy surrounding the shoot down of U-2 pilot Francis Gary Powers in 1960. The authors discuss the origins of the U-2, its top-secret testing, its specially designed high-altitude cameras and complex life-support systems, and even the possible use of poison capsules by its pilots, if captured. Finally, they discuss the CIA's development of a successor to the U-2, the Oxcart, which became the world's most technologically advanced aircraft. For the first time, the more complete 2013 release of this historical text is available in a professionally typeset format, supplemented with higher quality photographs, a new preface by author Gregory W. Pedlow, and a foreword by Chris Pocock.

**Slavery and the British Country House** - Andrew Hann 2013

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

**Secret Journey to Planet Serpo** - Len Kasten 2013-05-05

Documents how 12 people, as part of a top-secret U.S. government program, traveled to the planet Serpo and lived there for 13 years • Based on the debriefing of the Serpo team and the diary of the expedition's commander • Explains how the aliens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems • Reveals how our government has an ongoing relationship with the Serpo aliens On July 16, 1965, a massive alien spacecraft from the Zeta Reticuli star system landed at the Nevada test site north of Las Vegas. Following a plan set in motion by President Kennedy in 1962, the alien visitors known as the Ebens welcomed 12 astronaut-trained military personnel aboard their craft for the 10-month journey to their home planet, Serpo, 39 light-years away. In November 2005, former and current members of the Defense Intelligence Agency--directed by Kennedy to organize the Serpo exchange program--came forward to reveal the operation, including details from the 3,000-page debriefing of the 7 members of the Serpo team who returned after 13 years on the planet. Working with the DIA originators of the Serpo project and the diary kept by the expedition's commanding officer, Len Kasten chronicles the complete journey of these cosmic pioneers, including their remarkable stories of life on an alien planet, superluminal space travel, and advanced knowledge of alien technologies. He reveals how the

Ebens presented the U.S. with "The Yellow Book"--a complete history of the universe recorded holographically, allowing the reader to view actual scenes from pre-history to the present. He explains how the Ebens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems--knowledge still classified. Exposing the truth of human-alien interaction and interplanetary travel, Kasten reveals not only that the Ebens have returned to Earth eight times but also that our government continues to have an ongoing relationship with them--a relationship with the potential to advance the human race into the future.

**UFOs** - John B. Alexander, Ph.D. 2011-02-15

Foreword by Jacques F. Vallee Introduction by Burt Rutan Commentary by Tom Clancy A never-before-heard firsthand account of a government insider's experience on the cutting edge of UFO exploration While still on active duty in the U.S. Army during the 1980s, Colonel John B. Alexander, Ph.D., created an interagency group to explore the controversial topic of UFOs. Participants came from the Army, Navy, Air Force, CIA, NSA, DIA, and the aerospace industry. All members held Top Secret clearance. What they discovered was not at all what was expected. UFOs covers the numerous cases they saw, and answers questions like: • What was really in Hanger 18? • Did a UFO land at Holloman Air Force Base? • What happened at Roswell? • What is Majestic 12? • What is the Aviary? • What does the government know about UFOs? • What has happened with disclosure in other countries? • Has the U.S. reverse engineered a UFO? • Why don't presidents get access to UFO info? UFOs is at once a complete account of Alexander's findings, and a call to action. There are no conspiracy theories here—only hard facts—but they are merely the beginning. Serious research is needed in order to understand and anticipate the workings of UFOs, and John Alexander is leading the charge.

**UFOs** - Leslie Kean 2011-08-02

NEW YORK TIMES BESTSELLER • Impeccably researched, this riveting journalistic investigation separates fact from fiction, and documents the existence of—and government reactions to—actual UFOs. "A treasure trove of insightful and eye-opening information."—Michio Kaku, PH.D., bestselling author of *Physics of the Future* Leslie Kean, a veteran investigative reporter who has spent the past ten years studying the still-unexplained UFO phenomenon, reviewed hundreds of government documents, aviation reports, radar data, and case studies with corroborating physical evidence. She interviewed dozens of high-level officials and aviation witnesses from around the world. Among them, five Air Force generals and a host of high-level sources—including Fife Symington III, former governor of Arizona, and Nick Pope, former head of the British Defence Ministry's UFO Investigative Unit—have written their own breathtaking, firsthand accounts about UFO encounters and investigations exclusively for this book. With the support of former White House chief of staff John Podesta, Kean lifts the veil on decades of U.S. government misinformation about this mysterious phenomenon and presents irrefutable evidence that unknown flying objects—metallic, luminous, and seemingly able to maneuver in ways that defy the laws of physics—actually exist. With a Foreword by John Podesta "The most important book on the phenomenon in a generation."—*Journal of Scientific Exploration* "Written with penetrating depth and insight, the revelations in this book constitute a watershed event in lifting the taboo against rational discourse about this controversial subject."—Harold E. Puthoff, PH.D., Director of the Institute for Advanced Studies at Austin "Kean presents the most accurate, most credible reports on UFOs you will ever find. She may not have the final smoking gun, but I smell the gunpowder."—Miles O'Brien, science correspondent for PBS's *NewsHour*

*Operation Thunder Child* - Nick Pope 2015-08-07

"A fast-paced action thriller, incorporating genuine UFO incidents." Focus, Ministry of Defence in-house magazine "An unsettling and plausible novel." *Arcade* In this science fiction techno-thriller, former Ministry of Defence employee Nick Pope blends what he knows about political decision-making and war-fighting with knowledge and experience gained on the British Government's UFO project. The result is an alien invasion novel packed with insights into real-world strategy, tactics and hardware, making for a terrifyingly real account. The tagline for this controversial book was "The truth can only be told as fiction," and this led to much speculation in the UFO and conspiracy theory community, especially when it emerged that the manuscript of *Operation Thunder Child* had needed to go through the government's security clearance procedure.
