The House by the Canal - Georges Simenon 1952

The Memoirs of Sir Ronald Storrs - Sir Ronald Storrs 2008-11

SIR RONALD STORRS - PREFACE THIS has not been been an easy book to write. My books and papers were destroyed by fire with the rest of my property in 1931, so that of material, consciously prepared or preserved as such, I have none. I had, however, the habit ever since leaving England in 1904 of writing weekly to my mother, and of enclosing briefly minuted items I thought might entertain her. All these documents she kept with my letters, including a few diaries of special missions or journeys during the Wan In the longest of these, describing Baghdad in 1917, she inked over my pencil version with the result, as in a palimpsest, that some of the words she could not read then I cannot decipher now. These surviving records I have wherever possible quoted in original with, I hope, a gain in immediacy and actuality by recording not only historic facts, sometimes already known, but also my feelings at the time with stories and details, trifling in themselves yet constituting atmosphere the hardest of all things to recapture after many years. There are no corrections but many omissions, especially of personal remarks intended only for home consumption. The retention of many faults of youthful slang and flippancy proceeds not so much from any illusion as to their intrinsic demerits as from a preference for the varied patina of the past over the shiny smoothness of a Vernis Martin surface. The loss of a slowly collected library bearing on the chief interests of a mans life is a handicap, less only than the loss of serious documents. Not total replacement, not even the Socialist ideal of the British Museum Library access to everything, possession of nothing can recall the annotations and cross-references of many years. In a book full of Oriental names it is impossible to avoid the vexed question of transliteration. That is a subject upon which, as indicated, I have strong ideas and even stronger feelings. In 1920 Sir Herbert Samuel made me Chairman of a small Committee appointed for the purpose of transliterating Palestinian Arabic. We worked long and hard, and in due course submitted to His Excellency the neat little viii . Preface brochure which at this moment meets my resentful gaze. By the time it had reached London the Colonial Office had decided to adopt the system of the Royal Geographical Society. Lawrence was pleasant about his spelling members of our Committee cannot be. My object now is to present the strange sounds and symbols of the East with a minimum of fatigue to the reader. The system is that of English consonants with Italian vowels, and I add accents and quantities. There are one or two irregularities. The name of the founder of Islam is accurately rendered to convey the pronunciation of Muhammad even for personages such as Prince Mahomed All, in whose reigning house is a tradition of pronunciation alia Turca. By the time the name has reached Cyprus it has become Mehmet. Nevertheless, with a positive advantage of differentiation, I write the Sharif and King Husain ibn All of Arabia correctly according to system but the Prince and Sultan Hussein of Egypt, with the French spelling that comes close to his own Turkish utterance. By holding, though illogically, to accepted spellings of some famous words, I have at least avoided the exasperation of Quran and Makkah and of that in tolerable clenching of the glottis, the letter, ain...

The Monkey Wrench Gang - Edward Abbey 2011-08-19

A motley crew of saboteurs wreak outrageous havoc on the corporations

destroying America's Western wilderness in this classic, comic extravaganza. When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable. By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most popular novel, *The Monkey Wrench Gang* is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (Lonesome Dove) once dubbed "The Thoreau of the American West" has written a true comedic classic with brains, heart, and soul that more than justifies the call from the Los Angeles Times Book Review that we should all "praise the earth for Edward Abbey!"

Bodyscapes - Allan I. Teger 2012

Can there be more than one reality at a time, and can we experience them both? These were the questions that led photographer and former psychology professor Allan I. Teger to create this collection of black and white Bodyscapes(R). At first glance, Bodyscapes appear to be landscapes; a second look shows that they are in fact nude bodies with small toys and miniatures set on them. Spanning a 35-year period, this collection shows more than 110 black and white images photographed in a single exposure without any post processing or manipulation. The body becomes the setting for golfing, skiing, mountain climbing, surfing, and other sports. Other images feature landscapes ranging from rolling farmlands to beaches and outer space. They are fun, beautiful, and sensual, but always in good taste. This elegant portfolio of Teger's images is an ideal, reality-bending addition to any art photography library.

Pourquoi les Français n'aiment pas les Anglais... - Pierre-Olivier Lombarteix 2008

Les oppositions, les paradoxes et les raisons expliquant les conflits et la méfiance existant entre le peuple français et le peuple anglais font l'objet, à partir de l'histoire, la vie courante, la langue, la géographie, les institutions, l'agriculture, le sport, l'économie, l'éducation et le droit, d'une analyse qui permet de comprendre les modes de fonctionnement de ces deux cultures.

Champ Fleury - Geoffroy Tory 1967

Dickens and Prince - Nick Hornby 2022-10-27

In Nick Hornby's completely joyous and original new book two great figures share the stage. Charles Dickens and Prince. Two wildly different artists who caught fire and lit up the world in ways no others could. Where did their magic come from? How did they work so hard and produce so much? How did they manage or give in to the restlessness and intensity of their creativity? How did they use it, and did it kill them? With wit, curiosity and deep admiration Nick Hornby traces their extraordinary lives - from their difficult beginnings to the women they fell for to their limitless energy for work, to their money and the movies - and brilliantly illuminates their very particular kind of genius. 'I love this. It's smart and funny and elegantly persuasive' Robert Douglas-Fairhurst, author of *Becoming Dickens*

Enciclopedia Internacional de Pseudónimos - Michael Peschke 2006

This Encyclopedia is the first to compile pseudonyms from all over the world, from all ages and occupations in a single work: some 500,000 pseudonyms of roughly 270,000 people are deciphered here. Besides pseudonyms in the narrower sense, initials, nick names, order names, birth and married names etc. are included. The volumes 1 to 9 list persons by their real names in alphabetical order. To make the unequivocal identification of a person easier, year and place of birth and death are provided where available, as are profession, nationality, the pseudonym under which the person was known, and finally, the sources used. The names of professions given in the source material have been translated into English especially for this encyclopaedia. In the second part, covering the volumes 10 to 16, the pseudonyms are listed alphabetically and the real names provided. Approx. 500,000 pseudonyms of about 270,000 persons First encyclopedia including pseudonyms from all over the world, all times and all occupations Essential research tool for anyone wishing to identify persons and names for his research within one single work

Yellow Woman and a Beauty of the Spirit - Leslie Marmon Silko 2013-04-30

Bold and impassioned, sharp and defiant, Leslie Marmon Silko's essays evoke the spirit and voice of Native Americans. Whether she is exploring the vital importance literature and language play in Native American heritage, illuminating the inseparability of the land and the Native American people, enlivening the ways and wisdom of the old-time people, or exploding in outrage over the government's long-standing, racist treatment of Native Americans, Silko does so with eloquence and power, born from her profound devotion to all that is Native American. *Yellow Woman and a Beauty of the Spirit* is written with the fire of necessity. Silko's call to be heard is unmistakable; there are stories to remember, injustices to redress, ways of life to preserve. It is a work of major importance, filled with indispensable truths--a work by an author with an original voice and a unique access to both worlds.

Aphrodisiacs and Love Stimulants - John Davenport 1966

La Vie en entreprises - Francis Lamperti 2015-12-11

Au travers d'un parcours professionnel intense et riche de plus de trente ans dans le monde de l'industrie privée, l'auteur évoque le métier d'ingénieur tel qu'il l'exerça. De sa sortie d'école où il plongea dans le plein essor économique ou plus récemment pendant des phases de crise, il décrit sa profession de cadre et exprime ses convictions qu'il étaye de sa propre expérience. Il y révèle les notions de valeur sociale, respect et rigueur indispensables à la culture de la pérennité d'une entreprise, telles qu'il a tenté de les vivre. L'auteur, considérant que son CV est une pâle copie de sa carrière professionnelle, le réécrit: il détaille la vie au cœur même des sociétés qui l'employaient. On y découvre alors la vraie vie, les pots d'anniversaire, les techniques de recrutement, l'apprentissage sur le terrain, la solitude des chefs d'entreprise, les voyages d'affaires et le luxe des hôtels... L'humain et le professionnel se confondent. Si les thèmes du licenciement abusif et des délocalisations sont également traités, l'ouvrage reste optimiste, en transformant la

majorité des contraintes en opportunités. Ce témoignage s'adresse ainsi aussi bien aux jeunes lycéens en phase d'orientation et aux jeunes adultes démarrant dans le monde du travail, qu'aux enseignants soucieux d'informer leurs élèves, comme à tous les acteurs du monde du travail. Une excellente manière de faire découvrir le monde contemporain de l'entreprise.

AIDS and Development in Africa - Kempe R. Hope 1999

AIDS and Development in Africa demonstrates the human consequences of AIDS and the efforts being made by governments, individuals, families, villages, communities, and non-governmental organizations to respond to the pandemic. You will read beyond the usual analysis of demographics and receive much more substantial assessments and analyses of the burden on people, economies, and health care systems of the African countries.

Radically Elementary Probability Theory - Edward Nelson 1987

Using only the very elementary framework of finite probability spaces, this book treats a number of topics in the modern theory of stochastic processes. This is made possible by using a small amount of Abraham Robinson's nonstandard analysis and not attempting to convert the results into conventional form.

Lost Libraries - J. Raven 2004-01-31

This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Marcel Tabuteau - Laila Storch 2018-05-01

Laila Storch is a world-renowned oboist in her own right, but her book honors Marcel Tabuteau, one of the greatest figures in twentieth-century music. Tabuteau studied the oboe from an early age at the Paris Conservatoire and was brought to the United States in 1905, by Walter Damrosch, to play with the New York Symphony Orchestra. Although this posed a problem for the national musicians' union, he was ultimately allowed to stay, and the rest, as they say, is history. Eventually moving to Philadelphia, Tabuteau played in the Philadelphia Orchestra and taught at the Curtis Institute of Music, ultimately revamping the oboe world with his performance, pedagogical, and reed-making techniques. In 1941, Storch auditioned for Tabuteau at the Curtis Institute, but was rejected because of her gender. After much persistence and several cross-country bus trips, she was eventually accepted and began a life of study with Tabuteau. Blending archival research with personal anecdotes, and including access to rare recordings of Tabuteau and Waldemar Wolsing, Storch tells a remarkable story in an engaging style.
