[The Little Rock Crisis](#) - R. Perry 2015-05-06

The Little Rock Crisis frames the story of the Little Rock 1957 desegregation crisis through the lens of memory. Over time, those memories - individual and collective - have motivated Little Rockians for social and political action and engagement.

Arkansas/Arkansaw - Brooks Blevins 2010-06-01

What do Scott Joplin, John Grisham, Gen. Douglas MacArthur, Maya Angelou, Brooks Robinson, Helen Gurley Brown, Johnny Cash, Alan Ladd, and Sonny Boy Williamson have in common? They're all Arkansans.

What do hillbillies, rednecks, slow trains, bare feet, moonshine, and double-wides have in common? For many in America these represent Arkansas more than any Arkansas success stories do. In 1931 H. L. Mencken described AR (not AK, folks) as the "apex of moronia." While, in 1942 a Time magazine article said Arkansas had "developed a mass inferiority complex unique in American history." Arkansas/Arkansaw is the first book to explain how Arkansas's image began and how the popular culture stereotypes have been perpetuated and altered through succeeding generations. Brooks Blevins argues that the image has not always been a bad one. He discusses travel accounts, literature, radio programs, movies, and television shows that give a very positive image of the Natural State. From territorial accounts of the Creole inhabitants of the Mississippi River Valley to national derision of the state's triple-wide governor's mansion to Li'l Abner, the Beverly Hillbillies, and Slingblade, Blevins leads readers on an entertaining and insightful tour through more than two centuries of the idea of Arkansas. One discovers along the way how one state becomes simultaneously a punch line and a source of admiration for progressives and social critics alike.

Elizabeth and Hazel - David Margolick 2011-10-04

The names Elizabeth Eckford and Hazel Bryan Massery may not be well known, but the image of them from September 1957 surely is: a black high school girl, dressed in white, walking stoically in front of Little Rock Central High School, and a white girl standing directly behind her, face twisted in hate, screaming racial epithets. This famous photograph captures the full anguish of desegregation--in Little Rock and throughout the South--and an epic moment in the civil rights movement. In this gripping book, David Margolick tells the remarkable story of two separate lives unexpectedly braided together. He explores how the haunting picture of Elizabeth and Hazel came to be taken, its significance in the wider world, and why, for the next half-century, neither woman has ever escaped from its long shadow. He recounts Elizabeth's struggle to overcome the trauma of her hate-filled school experience, and Hazel's long efforts to atone for a fateful, horrible mistake. The book follows the painful journey of the two as they progress from apology to forgiveness to reconciliation and, amazingly, to friendship. This friendship foundered, then collapsed--perhaps inevitably--over the same fissures and misunderstandings that continue to permeate American race relations more than half a century after the unforgettable photograph at Little Rock. And yet, as Margolick explains, a bond between Elizabeth and Hazel, silent but complex, endures.

I Will Not Fear - Melba Pattillo Beals 2018-01-16

In 1957, Melba Beals was one of the nine African American students chosen to integrate Central High School in Little Rock, Arkansas. But her story of overcoming didn't start--or end--there. While her white schoolmates were planning their senior prom, Melba was facing the business end of a double-barreled shotgun, being threatened with lynching by rope-carrying tormentors, and learning how to outrun white supremacists who were ready to kill her rather than sit beside her in a classroom. Only her faith in God sustained her during her darkest days and helped her become a civil rights warrior, an NBC television news reporter, a magazine writer, a professor, a wife, and a mother. In *I Will Not Fear*, Beals takes readers on an unforgettable journey through terror, oppression, and persecution, highlighting the kind of faith needed to survive in a world full of heartbreak and anger. She shows how the deep faith we develop during our most difficult moments is the kind of faith that can change our families, our communities, and even the world. Encouraging and inspiring, Beals's story offers readers hope that faith is the solution to the pervasive hopelessness of our current culture.

Today the World Is Watching You - Kekla Magoon 2011-04-01

On September 4, 1957, nine African American teenagers made their way toward Central High School in Little Rock, Arkansas. They didn't make it very far. Armed soldiers of the Arkansas National Guard blocked most of them at the edge of campus. The three students who did make it onto campus faced an angry mob. White citizens spit at them and shouted ugly racial slurs. No black students entered Central that day. And if the angry mob had its way, black children would never attend school with white children. But the U.S. Supreme Court had ruled in 1955 that school segregation that is, separate schools for black children and white children was unconstitutional. The Court ordered the nation's schools to be integrated. Nowhere was that process more hateful and more horrific than in Little Rock. Eventually, the nine students did make it into Central High under the protection of army soldiers. Once inside Central, they faced a never-ending torrent of abuse from white students. But the nine students persevered. Their courage inspired the growing movement for African American civil rights.

The Book of Gutsy Women - Hillary Rodham Clinton 2019-10-01

Now an eight-part docuseries on Apple TV+ Hillary Rodham Clinton and her daughter, Chelsea, share the stories of the gutsy women who have inspired them—women with the courage to stand up to the status quo, ask hard questions, and get the job done. She couldn't have been more than seven or eight years old. "Go ahead, ask your question," her father urged, nudging her forward. She smiled shyly and said, "You're my hero. Who's yours?" Many people—especially girls—have asked us that same question over the years. It's one of our favorite topics. HILLARY: Growing up, I knew hardly any women who worked outside the home. So I looked to my mother, my teachers, and the pages of Life magazine for inspiration. After learning that Amelia Earhart kept a scrapbook with newspaper articles about successful women in male-dominated jobs, I started a scrapbook of my own. Long after I stopped clipping articles, I continued to seek out stories of women who seemed to be redefining what was possible. CHELSEA: This book is the continuation of a conversation the two of us have been having since I was little. For me, too, my mom was a hero; so were my grandmothers. My early teachers were also women. But I grew up in a world very different from theirs. My pediatrician was a woman, and so was the first mayor of Little Rock who I remember from my childhood. Most of my close friends' moms worked outside the home as nurses, doctors, teachers, professors, and in business. And women were going into space and breaking records here on Earth. Ensuring the rights and

opportunities of women and girls remains a big piece of the unfinished business of the twenty-first century. While there's a lot of work to do, we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that have made progress possible for all of us. That is the achievement of each of the women in this book. So how did they do it? The answers are as unique as the women themselves. Civil rights activist Dorothy Height, LGBTQ trailblazer Edie Windsor, and swimmer Diana Nyad kept pushing forward, no matter what. Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before. Historian Mary Beard used wit to open doors that were once closed, and Wangari Maathai, who sparked a movement to plant trees, understood the power of role modeling. Harriet Tubman and Malala Yousafzai looked fear in the face and persevered. Nearly every single one of these women was fiercely optimistic—they had faith that their actions could make a difference. And they were right. To us, they are all gutsy women—leaders with the courage to stand up to the status quo, ask hard questions, and get the job done. So in the moments when the long haul seems awfully long, we hope you will draw strength from these stories. We do. Because if history shows one thing, it's that the world needs gutsy women.

The Overachievers - Alexandra Robbins 2006-08-08

The bestselling author of *Pledged* returns with a groundbreaking look at the pressure to achieve faced by America's teens. In *Pledged*, Alexandra Robbins followed four college girls to produce a riveting narrative that read like fiction. Now, in *The Overachievers*, Robbins uses the same captivating style to explore how our high-stakes educational culture has spiraled out of control. During the year of her ten-year reunion,

Robbins goes back to her high school, where she follows heart-tuggingly likeable students including "AP" Frank, who grapples with horrifying parental pressure to succeed; Audrey, whose panicked perfectionism overshadows her life; Sam, who worries his years of overachieving will be wasted if he doesn't attend a name-brand college; Taylor, whose ambition threatens her popular girl status; and The Stealth Overachiever, a mystery junior who flies under the radar. Robbins tackles teen issues such as intense stress, the student and teacher cheating epidemic, sports rage, parental guilt, the black market for study drugs, and a college admissions process so cutthroat that students are driven to suicide and depression because of a B. With a compelling mix of fast-paced narrative and fascinating investigative journalism, *The Overachievers* aims both to calm the admissions frenzy and to expose its escalating dangers.
