What Mattered Most - Jerry Speight 2014-12-12

Brandon is the only child of Shelly and Rick Seger, a prosperous couple, coping with an abundance of material possessions, a troubled marriage, conflicting career goals, and contrasting parenting philosophies. Lee Kyle lives with his older sister and single-parent mother Louise Kyle, who struggles to provide life's basics for her family. The two boys meet when Louise moves her family into Brandon's Owensboro, Kentucky, neighborhood. Although coming from vastly different backgrounds, the two boys are instantly drawn together, finding balance, comfort, and support in a friendship that sustains them in the present and the future. *What Mattered Most* is an adult fiction novel inviting the reader to experience and hopefully identify with the unique and rare relationship of

these two young men and their interactions with family, friends, and lovers. The story presents a parallel evolution of their lives as they adapt to parental influences, high school experiences, owning high-performance cars, acquiring girlfriends, discovering sexuality, and learning the effects of their choices on their future. The poetry and music of each era is carefully woven into the story to support and enhance the unfolding events and life experiences of the characters.

The National Almanac and Annual Record for ... - William Vincent McKean 1863

Legion - Brandon Sanderson 2012-09-10

A novella from #1 New York Times bestselling author Brandon Sanderson, Legion is a fast-paced, witty, and supremely fun thriller with a psychological bent. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems...for a price. His brain is getting a little crowded, however, and the aspects have a tendency of taking on lives of their own. When a company hires him to recover stolen property—a camera that can allegedly take pictures of the past—Stephen finds himself in an adventure crossing oceans and fighting terrorists. What he discovers may upend the foundation of three major world religions—and, perhaps, give him a vital clue into the true nature of his aspects. ----- A note from the publisher: Brandon will send a free copy of this ebook to anyone who purchased the Subterranean Press hardcover. See the title page in the ebook preview for details.

A Different Day, a Different Destiny - Annette Laing 2009

When you wake up in the year 1851 on a hillside, or down a mine, or in a field, you know you're in for a rough day. From the cotton plantations of

the Old South, to the slums of Victorian Scotland, to London's glittering Crystal Palace, reluctant time-travelers Hannah, Alex and Brandon chase a 21st-century gadget through the mid-19th century. But finding it won't be enough to save two beloved places from destruction.

The national almanac and annual record - 1863

The English Wife - Doreen Roberts 2012-05-15

He left her a cottage in England...and a photograph with the words "I'm sorry" written on it... Marjorie Maitland was used to a certain routine—she'd built her life around the safety of predictability. Then the unexpected happened—her husband died. But grief was not the only emotion that overwhelmed her. The mystery her husband left behind puzzled her—a deed to a cottage in England. Where had that come from? And who was the woman in the photograph? Margie knew trouble when it knocked on her door. The old Margie, safe in her suburban home, would have avoided this potentially humiliating situation. But things were changing. The new Margie had to unravel this tangled web and get to the truth. And that meant a trip to England to find out if her entire life had been a lie...or to discover the best parts of the rest of her life.

Strengthening Forensic Science in the United States - National Research Council

2009-07-29

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Harlequin Kimani Romance May 2017 Box Set - A.C. Arthur 2017-05-01

Legion: Lies of the Beholder - Brandon Sanderson 2020-03-10

The shocking conclusion to Brandon Sanderson's Legion novella series, on its own for the first time. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems . . . for a price. When Stephen gets an unexpected cry for help from the woman who taught him how to control his aspects—right when one of his aspects suddenly and violently disappears—it will send him on a case the likes of which he could never have imagined. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Presidential Also-rans and Running Mates, 1788 Through 1996 - Leslie H. Southwick 1998

This is a greatly expanded and now illustrated second edition of a "Best Reference Book of the Year" (1984) acclaimed by the American Library Association. It provides detailed biographies of the 95 United States major party and significant third-party nominees who were never elected president or vice president in the 53 quadrennial elections from 1788/89 through 1996. New to this fully updated edition are biographies of nominees since 1984 as well as 41 historic third-tier candidates who received at least 2 percent of the popular vote or 5 percent of the electoral votes - and portraits or photographs of every single nominee.

Legion: The Many Lives of Stephen Leeds - Brandon Sanderson 2018-09-18

Legion: The Many Lives of Stephen Leeds, is #1 New York Times bestselling author Brandon Sanderson's novella collection of science fiction thrillers that will make you question reality--including a never-before-published story. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems . . . for a price. His brain is getting a little crowded and the aspects have a tendency of taking on lives of their own. When a company hires him to recover stolen property—a camera that can allegedly take pictures of the past—Stephen finds himself in an adventure crossing oceans and fighting terrorists. What he discovers may upend the foundation of three major world religions—and, perhaps, give him a vital clue into the true nature of his aspects. Legion: The Many Lives of Stephen Leeds includes Legion, Legion: Skin Deep and the brand new, shocking finale to Leeds' story, Lies of the Beholder.
