The Methuen Drama Dictionary of the Theatre - Jonathan Law 2013-12-16

The Methuen Drama Dictionary of the Theatre is an essential reference tool and companion for anyone interested in the theatre and theatre-going. Containing over 2500 entries it covers the international spectrum of theatre with particular emphasis on the UK and USA. With biographical information on playwrights, actors and directors, entries on theatres and theatre companies, explanation of technical terms and theatrical genres, and synopses of major plays, this is an authoritative, trustworthy and comprehensive compendium. Included are: synopses of 500 major plays biographical entries on hundreds of playwrights, actors, directors and producers definitions of nearly 200 genres and movements entries on over 100 key characters from plays information about more than 250 theatres and companies Unlike similar products, The Methuen Drama Dictionary of the Theatre avoids a dry, technical approach with its sprinkling of anecdotal asides and fascinating trivia, such as how Michael Gambon gave his name to a corner of a racing track following an incident on BBC's Top Gear programme, and under 'advice to actors' the sage words of Alec Guinness: 'First wipe your nose and check your flies', and the equally wise guidance from the master of his art, Noël Coward: 'Just know your lines and don't bump into the furniture.' As a companion to everything from the main stage to the fringes of theatrical fact and folklore, this will prove an irresistible book to all fans of the theatre.

Our Lady of the Flowers - Jean Genet 1994-01-12

The shattering novel of underground life the New York Times called "a cry of rapture and horror . . . the purest lyrical genius." Jean Genet's debut novel *Our Lady of the Flowers*, which is often considered to be his masterpiece, was written entirely in the solitude of a prison cell. A semi-autobiographical account of one man's journey through the Paris demi-monde, dubbed "the epic of masturbation" by no less a figure than Jean-Paul Sartre, the novel's exceptional value lies in its exquisite ambiguity.

Bisexual Characters in Film - Wayne M Bryant 2013-10-23

How far have we progressed from the days when showing a film such as Jack Smith's *Flaming Creatures* landed the cinema's programmer, projectionist, and ticket taker in jail? What are some of the hidden clues modern audiences are overlooking in older films that suggest a character's bisexuality? Which famous actors, actresses, directors, and screenwriters were attracted to people of both sexes? In *Bisexual Characters in Film*, the first book to focus on the role of bisexual characters in film, you'll find answers to these questions and many more as you explore, analyze, and celebrate 80 years of bisexual movie characters (and the people who have created them) from around the world. A lively, entertaining, and informative commentary, this book examines the treatment of bisexual film characters and shows you how that treatment has been affected by societal forces such as censorship, politics, religious prejudices, homophobia, and sexual stereotypes. *Bisexual Characters in Film* looks at the contribution of bisexual people

(and others who have had lovers of varying sexes) to the body of work available on film today. These include the directors, writers, actors, composers, and designers whose sexual orientation has informed their work. An analysis of the Motion Picture Production Code and its devastating effect on bisexual and homosexual screen images forms an important part of the book. You learn how, specifically, it eradicated gay, lesbian, and bisexual characters from Hollywood films as well as the role of bisexual, lesbian, and gay filmmakers in finally defeating it. Other questions you'll find answers to include: Who, or what, is a bisexual? How were bisexual characters represented in silent film, before the forces of censorship banned them from the screen? What bisexual myths and stereotypes are portrayed on film? What is the role of "camp" in bisexual film? *Bisexual Characters in Film* is a unique resource for researchers; librarians; film festival planners; the queer media; professors and students of lesbian, gay, and bisexual studies; bisexual activists; and general bisexual, gay, lesbian, and transgendered readers. It provides a much-needed view of bisexual representations in a major segment of our popular culture.

Discusses the plays of Albee, Beckett, Genet, Grass, Ionesco and Pinter.

The New York Times Theater Reviews, 1920-1970 - 1971

The Jewish Wife and Other Short Plays - Bertolt Brecht 1978

The Maids and Deathwatch - Jean Genet 1994-02-16

The two plays collected in this volume represent Genet's first attempts to analyze the mores of a bourgeois society he had previously been content simply to vilify. In *The Maids*, two domestic workers, deeply resentful of their inferior social position, try to revenge themselves against society by destroying their employer. When their attempt to betray their mistress's lover to the police fails and they are in danger of being found out, they dream of murdering Madame, little aware of the true power behind their darkest fantasy. In *Deathwatch*, two convicts try to impress a third, who is on the verge of achieving legendary status in criminal circles. But neither realizes the lengths to which they will go to gain respect or that, in the end, nothing they can do—including murder—will get them what they are searching for.

Mapping Global Theatre Histories - Mark Pizzato 2019-05-02

This textbook provides a global, chronological mapping of significant areas of theatre, sketched from its deepest history in the evolution of our brain's 'inner theatre' to ancient, medieval, modern, and postmodern developments. It considers prehistoric cave art and built temples, African trance dances, ancient Egyptian and Middle-Eastern ritual dramas, Greek and Roman theatres, Asian dance-dramas and puppetry, medieval European performances, global indigenous rituals, early modern to postmodern Euro-American developments, worldwide postcolonial theatres, and the hyper-theatricality of today's mass and social media. Timelines and numbered paragraphs form an overall outline with distilled details of what students can learn, encouraging further explorations online and in the library. Questions suggest how students might reflect on present parallels, making their own maps of global theatre histories, regarding geo-political theatrics in the media, our performances in everyday life, and the theatres inside our brains.

Reassessing the Theatre of the Absurd - Michael Y. Bennett 2013-12-18
Fifty years after the publication of Martin Esslin's *The Theatre of the Absurd*, which suggests that "absurd" plays purport the meaninglessness

of life, Michael Y. Bennett's *Reassessing the Theatre of the Absurd* is a timely reassessment of one of the most important theatre "movements" of the twentieth century. Bennett argues that these "absurd" plays are, instead, ethical texts that suggest how life can be made meaningful. Analyzing the works of five major playwrights/writers of the 1950s (including three winners of the Nobel Prize in Literature), Bennett's work challenges fifty years of scholarship though his upbeat and hopeful readings.

Private Readings/public Texts - Kenneth Krauss 1993

In this volume, Kenneth Krauss maintains that if readers are to comprehend playscripts as plays, they must imagine the theatre audience - so vital to the staging of any script, but conspicuously absent from the text itself. Krauss examines what has been written about reading playscripts (or "playreading") and proposes four possible ways, founded on a reception-oriented approach to theatre communication and spectator response, that playreaders may construct a sense of theatre audiences. The study begins with a review of a varied collection of books and dissertations, written over the last forty-five years, all of which explicitly discuss playreading and exhibit only minor interest in the relationship between reader and theatre audience. The study next attempts to explain why writers more sympathetic to a reader-centered view of reading, notably reader-response critics, have avoided dramatic texts almost entirely. The study finds that both theoretical and institutional limitations have kept recent so-called audience-centered critics from the crucial issues related to reading playscripts. Drawing on play reading literature and on theatre reception theory, the study presents four spectator constructs which readers may deploy during the reading of playscripts. The first is what some, notably David Scanlan and Karen Laughlin, see as the "inscribed" audience (the rhetorical "house" implied by the playscript itself), which is in fact usually a projection of readers themselves. The second construct, originally proposed by Roger Gross, is the hypothetical audience which is significantly distinct from text and reader. The third and fourth, suggested by Kirsten Nigro, are the more specific actual or historical audience - which is based on hard data about real spectators - and the speculated audience, which focuses on either those who never come to see the play in question or those who actually did come but who must be imagined seeing the performance under different circumstances. These constructs are illustrated through four separate but related explorations of Jean Genet's *Les Bonnes*. The study offers a credible but highly subjective rhetorical reading and then develops a hypothetical approach which is (deliberately) flawed in part. The study then turns to the play's original staging and attempts to explain the negative responses of the actual spectators who attended the play's premiere run. Finally, in an attempt to speculate upon who might have comprised a better audience for Genet's play, the study concludes by inventing a restaging of the play in a different theatre, by different actors, under a different director, and by constructing a highly select and very appreciative house.

[Keep Watching the Skies!](#) - Bill Warren 2009-11-16

Bill Warren's *Keep Watching the Skies!* was originally published in two volumes, in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition, with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs (many rare, 35 in color), has seven useful appendices, and concludes with an enormous index. This book is also available in softcover format (ISBN 978-1-4766-6618-1).

The Maids - 1956

[Robert Altman](#) - Patrick McGilligan 1989-07-15

The most prodigal, prolific, and visionary director to emerge from post-sixties Hollywood, Robert Altman is a man whose mystique sometimes threatens to overshadow his many critically acclaimed films (including *MASH*).

Three Plays - Federico García Lorca 1993-09

Newly repackaged, three plays by Federico García Lorca. In these three plays, Federico García Lorca's acknowledged masterpieces, he searched for a contemporary mode of tragedy and reminded his audience that dramatic poetry—or poetic drama—depends less on formal convention than on an elemental, radical outlook on human life. His images are

beautiful and exact, but until now no translator had ever been able to make his characters speak unaffectedly on the American stage. Michael Dewell of the National Repertory Theatre and Carmen Zapata of the Bilingual Foundation of the Arts have created these versions expressly for the stage. The results, both performable and readable, have been thoroughly revised for this edition, which has an introduction by Christopher Maurer, the general editor of the Complete Poetical Works of García Lorca.

Deathwatch - Jean Genet 2009

Deathwatch, Jean Genet's earliest play, was first performed in Paris in 1949. Short and intensely powerful, it is an excellent introduction to his later dramatic work - *The Maids*, *The Balcony* and *The Blacks*. The French text, published by Gallimard, was extensively altered by Genet in the course of rehearsal; and Bernard Frechtman's translation is of the final acting version, which supersedes the original published text.

May Day Speech - Jean Genet 1970-12

Transcript, in English, of Genet's *May Day Speech*, delivered at Yale on the occasion of the 1970 May Day Rally in support of Bobby Seale (recently imprisoned) and the Black Panthers. A 25-page stapled booklet. Introduction by Allen Ginsberg. In very good condition.

The Year's Work in the Punk Bookshelf, Or, Lusty Scripts - Brian James Schill 2017-09-25

This is the story of the books punks read and why they read them. *The Year's Work in the Punk Bookshelf* challenges the stereotype that punk rock is a bastion of violent, drug-addicted, uneducated drop outs. Brian James Schill explores how, for decades, punk and postpunk subculture has absorbed, debated, and reintroduced into popular culture, philosophy, classic literature, poetry, and avant-garde theatre. Connecting punk to not only Hegel, Nietzsche, and Freud, but Dostoevsky, Rimbaud, Henry Miller, Kafka, and Philip K. Dick, this work documents and interprets the subculture's literary history. In detailing the punk bookshelf, Schill contends that punk's literary and intellectual interests can be traced to the sense of shame (whether physical, socioeconomic, cultural, or sexual) its advocates feel in the face of a shameless market economy that not only preoccupied many of punks' favorite writers but generated the entire punk polemic.

[Ludwig Wittgenstein](#) - Miles Hollingworth 2018-09-04

After his intellectual biography, *Saint Augustine of Hippo*, Miles Hollingworth now turns his attention to one of Augustine's greatest modern admirers: The Austrian philosopher Ludwig Wittgenstein. Wittgenstein's influence on post-war philosophical investigation has been pervasive, while his eccentric life has entered folklore. Yet his religious mysticism has remained elusive and undisturbed. In *Ludwig Wittgenstein*, Hollingworth continues to pioneer a new kind of biographical writing. It stands at the intersection of philosophy, theology and literary criticism, and is as much concerned with the secret agendas of life writing as it is with its Subjects. Here, Wittgenstein is allowed to become the ultimate test case. From first to last, his philosophy sought to demonstrate that intellectual certainty is a function of the method it employs, rather than a knowledge of the existence or non-existence of its objects--a devastating insight that appears to make the natural and the supernatural into equally useless examples of each other. This biography proceeds in the same way. Scattered in every direction by this challenge to meaning, it attempts to retrieve itself around the spirit of the man who could say such things. This act of recovery thus performs what could not otherwise be explained, which is something like Wittgenstein's private conversation with God.

Tropical Environments - Martin Kellman 2003-09-02

Tropical Environments presents a comprehensive introduction to the complex systems of the tropics. Covering a broad, cross-regional range of humid through to semi-arid tropical climate zones, the book features a wealth of case studies drawn from throughout the tropical world. The authors tackle the major problems within the tropics, from complex biological interactions and soil nutrient deficiencies, offering a balanced integration of biophysical and human management issues.

After Uniqueness - Erika Balsom 2017-03-21

Images have never been as freely circulated as they are today. They have also never been so tightly controlled. As with the birth of photography, digital reproduction has created new possibilities for the duplication and consumption of images, offering greater dissemination and access. But digital reproduction has also stoked new anxieties concerning authenticity and ownership. From this contemporary vantage point, *After Uniqueness* traces the ambivalence of reproducibility through the intersecting histories of experimental cinema and the moving image in art, examining how artists, filmmakers, and theorists have found in the copy a utopian promise or a dangerous inauthenticity—or both at once. From the sale of film in limited editions on the art market to the downloading of bootlegs, from the singularity of live cinema to video art broadcast on television, Erika Balsom investigates how the reproducibility of the moving image has been embraced, rejected, and negotiated by major figures including Stan Brakhage, Leo Castelli, and Gregory Markopoulos. Through a comparative analysis of selected distribution models and key case studies, she demonstrates how the question of image circulation is central to the history of film and video art. *After Uniqueness* shows that distribution channels are more than neutral pathways; they determine how we encounter, interpret, and write the history of the moving image as an art form.

The Best American Short Plays 1990 - Howard Stein 2000-02-01

A collection of one-act plays from American playwrights, which cover such themes as love, fantasy, politics, grief, marriage, crime, and deceit.

Screened Out - Richard Barrios 2005-02-16

Rapacious dykes, self-loathing closet cases, hustlers, ambiguous sophisticates, and sadomasochistic rich kids: most of what America thought it knew about gay people it learned at the movies. A fresh and revelatory look at sexuality in the Great Age of movie making, *Screened Out* shows how much gay and lesbian lives have shaped the Big Screen. Spanning popular American cinema from the 1900s until today, distinguished film historian Richard Barrios presents a rich, compulsively readable analysis of how Hollywood has used and depicted gays and the

mixed signals it has given us: Marlene in a top hat, Cary Grant in a negligee, a pansy cowboy in *The Dude Wrangler*. Such iconoclastic images, Barrios argues, send powerful messages about tragedy and obsession, but also about freedom and compassion, even empowerment. Mining studio records, scripts, drafts (including cut scenes), censor notes, reviews, and recollections of viewers, Barrios paints our fullest picture yet of how gays and lesbians were portrayed by the dream factory, warning that we shouldn't congratulate ourselves quite so much on the progress movies - and the real world -- have made since Stonewall. Captivating, myth-breaking, and funny, *Screened Out* is for all film aficionados and for anyone who has sat in a dark movie theater and drawn strength and a sense of identity from what they saw on screen, no matter how fleeting or coded.

The Apocalypse in Film - Karen A. Ritzenhoff 2015-12-30

We live in a world at risk. Dire predictions about our future or the demise of planet earth persist. Even fictional representations depict narratives of decay and the end of a commonly shared social reality. Along with recurring Hollywood blockbusters that imagine the end of the world, there has been a new wave of zombie features as well as independent films that offer various visions of the future. *The Apocalypse in Film: Dystopias, Disasters, and Other Visions about the End of the World* offers an overview of Armageddon in film from the silent era to the present. This collection of essays discusses how such films reflect social anxieties—ones that are linked to economic, ecological, and cultural factors. Featuring a broad spectrum of international scholars specializing in different historical genres and methodologies, these essays look at a number of films, including the silent classic *The Four Horsemen of the Apocalypse*, the black comedy *Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb*, the Mayan calendar disaster epic, *2012*, and in particular, Lars Von Trier's *Melancholia*, the focus of several essays. As some filmmakers translate the anxiety about a changing global climate and geo-political relations into visions of the apocalypse, others articulate worries about the planet's future by depicting chemical warfare, environmental disasters, or human made destruction. This book analyzes the emergence of apocalyptic and dystopic narratives and explores the political and social situations on which these films are based. Contributing to the dialogue on dystopic culture in war and peace, *The Apocalypse in Film* will be of interest to scholars in film and media studies, border studies, gender studies, sociology, and political science.

Twentieth-century French Dramatists - Mary Anne O'Neil 2006

Essays on twentieth-century French playwrights who were largely influenced by non-French traditions, during the greatest age of French theater since the mid 1700s. French drama of the twentieth-century was cosmopolitan, experimental and eclectic and attempted to appeal to a wider audience than in the past. Dramatists came not only from Paris but from the provinces and the French states of the Caribbean as well as from Francophone countries such as Belgium.
