Holding Back The Tears - Annie Mitchell 2013-09-16

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Why Parties? - John H. Aldrich 2012-07-24

Since its first appearance fifteen years ago, *Why Parties?* has become essential reading for anyone wishing to understand the nature of American political parties. In the interim, the party system has undergone some radical changes. In this landmark book, now rewritten for the new millennium, John H. Aldrich goes beyond the clamor of arguments over whether American political parties are in resurgence or decline and undertakes a wholesale reexamination of the foundations of the American party system. Surveying critical episodes in the development of American political parties—from their formation in the 1790s to the Civil War—Aldrich shows how they serve to combat three fundamental problems of democracy: how to regulate the number of people seeking public office, how to mobilize voters, and how to achieve and maintain the majorities needed to accomplish goals once in office. Aldrich brings this innovative account up to the present by looking at the profound changes in the character of political parties since World War II, especially in light of ongoing contemporary transformations, including the rise of the Republican Party in the South, and what those changes accomplish, such as the Obama Health Care plan. Finally, *Why Parties?*

A Second Look offers a fuller consideration of party systems in general, especially the two-party system in the United States, and explains why this system is necessary for effective democracy.

Campaign Strategies for Political Success - Godson Azu 2013-08-20

For those who would never contest, it is still important to read this book so as to know what to look for in a political candidate. Voting should be based on plausible and possible manifestoes with which the contestant would be held accountable if elected. Therefore everyone needs to know how to assess a candidate for the purpose of a developed and prosperous nation rather than self-aggrandisement. A good campaign plan are written months and even years prior to elections so that the party-building and good governance work required to be elected or to be re-elected into office are put in place with a clear, strategic goal in mind. This book would only give answers to some of the problems that every campaign will face. It would help to define what your campaign message should be. It would help to know your "Core" and "Non-Core" supporters. It would help you know how to put together the most effective methods of contacting voters in your constituency /region. By being able to understand and the principles of the these key Six steps by step campaign plan and structure. 1. Doing the research necessary to prepare for the campaign. 2. Setting a strategic campaign goal of how many votes are needed to win. 3. Analysing and targeting voters. 4. Developing a campaign message. 5. Developing a voter contact plan. 6. Implementing that plan. By applying this following step any political party, aspirants, party candidates and even independent candidates can be rest assured of a victorious election result at any election in Nigeria and anywhere in the world. The book is very handy for both students, aspiring politicians, political parties, and political campaign organisations for best practices. I recommend this book to all for the political development of Nigeria in particular and Africa in general.

The Tree That Ate Everything - Robert Feiner 2017-09-19

Jake and Austin are twins. Jake has Down syndrome while Austin is typical. On their birthday, they play with their toys but a whimsical tree wants to play too. It also happens to be her birthday.

Embracing Survival - Dydine Umunyana 2016-08-10

Embracing Survival, a memoir by Dydine Umunyana, tells the story of the Rwandan Genocide against the Tutsis at the hands of the Hutu perpetrators in Rwanda (1994) through the eyes of the four-year-old-child that she was when the horrific massacre occurred. Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. She writes that "I have learned that we cannot do for others what we cannot do for ourselves. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach."

Comeback Coach - Fred Goldsmith 2012-10-25

After 30 years in college football coaching, including five years as Rice's head coach and five years as Duke's head coach, Fred Goldsmith has terrific stories to tell. They're all in this delightfully homespun book dedicated to the extraordinary career of an extraordinary coach and family man. Fred didn't have to win the

ACC Coach of the Year award and the Bobby Dodd National Coach of the Year award after guiding the perennial underdog Duke Blue Devils to an 8-4 record in 1994 to know that he was put on this earth to guide young men on and off the gridiron. He knew that in 1974 when his college coaching career started at Florida A&M. He knew that while coaching at the Air Force Academy and at Arkansas. And he knew that when he retired from Lenoir Rhyne in 2011. Well done, Coach Goldsmith. Well done. Mike Burrows Denver sports writer Heisman Trophy voter

Gale Force--Gale Cincotta - Michael Westgate 2011-03

Gale Cincotta was a community organizer and activist. She fought against redlining and unethical lending. Many feel that her work led to the creation of the Home Mortgage Disclosure Act (HMDA) and the Community Reinvestment Act (CRA).

Don't go there. It's not safe. You'll die. And other more >> rational advice for overlanding Mexico & Central America - 2012

Your complete guide for overlanding in Mexico and Central America. This book provides detailed and up-to-date information by country. It also includes 11 chapters of information for planning and preparing your trip and 9 chapters on what to expect while driving through Mexico and Central America. Completed by the authors of LifeRemotely.com this is the most comprehensive guide for driving the Pan American yet!

Dearly Beloved - Aimee Mackovic 2016-08-17

Dearly Beloved is a short book of poems dedicated to, for, and about Prince.

Good Time Girls of the Alaska-Yukon Gold Rush - Lael Morgan 1999

Morgan offers an authentic and deliciously humorous account of the prostitutes and other "disreputable" women who were the earliest female pioneers of the Far North.

Memoirs of a Security Contractor - Paul Yurkin 2015-09-09

Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps-serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two weeks of training in Virginia, he earned the nickname that would stick with him for years to come-and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid detail-in an eye-opening tale of determination, friendship, and never giving up.

Seven Myths of Selling to Government - Lorin Bristow 2010-12-30

Government is the new growth market. B-to-B sales techniques just don't work. Learn the new rules for selling to all levels of government. This year, local, state, and federal governments will spend trillions of dollars on all sorts of goods and services. Don't miss out on your share of the pie. This practical how-to book will reveal secrets of star sales performers, showing you what really drives success in selling to local, state, and federal governments. Not a traditional "heavy" book on how to write proposals or access contract vehicles, *Seven Myths* is a lively, engaging, and sometimes irreverent resource geared directly to salespeople. It is derived from the authors' many years of experience selling millions of dollars in products and services to government agencies. Whether you are new to government sales, or a seasoned pro, you'll benefit from applying the lessons learned from this one-of-a-kind book, *Seven Myths of Selling to Government*.

Disguised Blessings - Chara Davis 2016-11-15

Golden Rules of Economic Growth - Edmund S. Phelps 1966-06

This volume of twelve interlocked essays in mathematical economics deals with a central problem of modern economic theory: the search for a path to an optimum level of economic growth. The meaning of the Golden Rule concept is thoroughly expounded, and certain analogues are presented to show that the fundamental notion of a "commanding" growth path is encountered even in models in which no pure and

simple Golden Rule path exists. The Golden Rule concept is tested and applied to a number of theoretical formulations and then extended to several kinds of investment other than capital formation, as the author postulates a Golden Rule of Research, a Golden Rule of Education, and even a concept dealing with population control-a Golden Rule of Procreation. This thorough and original work is important reading for students of macroeconomic theory, growth, development, and capital theory.

Cardiac Vascular Nursing - Linda S. Baas 2010-01

Rev. ed. of: *Cardiac/vascular nursing review and resource manual*. 2nd ed. c2006.

Inclined to Liberty - Louis E. Carabini 2008

The Ten Golden Rules - M. A. Soupios 2009-03-31

A Stoic Guide to the Art of Living a Richer, More Meaningful Life Plato, Aristotle, Socrates, Epictetus, Epicurus, Pythagoras, Aesop—such wisdom, now at your fingertips. Timeless wisdom from these ancient Greek philosophers plus others has been condensed by the authors into ten memorable and easy-to-understand rules that, if lived by, can enable modern readers to have rich, meaningful lives. The ten rules . . . represent enduring features of the Greek wisdom. In a very real sense, they defy time and place and represent insights that remain profoundly relevant for contemporary culture. They can serve as anti-dotes for an age in which much that is true and valuable has been obscured by falsity and misconception. Accordingly, these ancient aphorisms are offered to all those interested in rubbing the dust from their eyes. With each chapter examining a rule, all chapters begin with a quote from one of the great Greek philosophers who inspired the rule, followed by a story or explanation of the rule and its importance in life, and end with teaching points on which to meditate and reflect. From this simple starting point, each rule allows the reader to unfurl and explore the richness and depth that can be found in life by embracing the lesson offered. Any reader searching for meaning will return to this simple, slim volume again and again to find tried-and-true wisdom that spans the ages to speak to us today.

Red Wine and Words - Emma Ennis 2011-11-30

Red Wine and Words is a collection of 16 short stories that will take you on an intoxicating journey through the darkness in life and up those elusive little streams of light. The unforeseen, the unpredictable, love, loss, horror and fantasy all await within. Though rich and varied in theme, throughout the stories is the underlying principal that sometimes the line between reality and the mysterious can blur, creating a place where what-if's reign supreme. A worldwide conspiracy revealed, a biblical apocalypse wrought; a vengeful imaginary friend, and one not so vengeful but with just as harrowing consequences; an unlikely hero, and an unwilling one; an ancient Egyptian curse, a malevolent Indian spirit - these are just some of the characters and themes you will rub shoulders with in this eclectic collection. With her debut collection, Emma Ennis invites you to raise a glass in a toast to the unknown, and see if *Red Wine and Words* doesn't make you question the threads in your carefully woven blanket of beliefs.

Global Trends 2030 - Office of the Director of National Intelligence Council 2017-03-11

This publication covers global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. NIC 2012-001. Several innovations are included in *Global Trends 2030*, including: a review of the four previous *Global Trends* reports, input from academic and other experts around the world, coverage of disruptive technologies, and a chapter on the potential trajectories for the US role in the international system and the possible the impact on future international relations. Table of Contents: Introduction 1 Megatrends 6 Individual Empowerment 8 Poverty Reduction 8 An Expanding Global Middle Class 8 Education and the Gender Gap 10 Role of Communications Technologies 11 Improving Health 11 A MORE CONFLICTED IDEOLOGICAL LANDSCAPE 12 Diffusion of Power 15 THE RISE AND FALL OF COUNTRIES: NOT THE SAME OLD STORY 17 THE LIMITS OF HARD POWER IN THE WORLD OF 2030 18 Demographic Patterns 20 Widespread Aging 20

Change the Workgame - Serilda Summers-McGee 2016-08-27

Research shows that diverse workgroups are more productive, creative and innovative than homogeneous groups. In a global marketplace, and with the rapidly changing racial makeup of America, having a high function, diverse workforce is imperative for your organization's success. Change the WorkGame has been designed to show you how establish a diverse workforce throughout all strata of your organization and how to sustain your progress. As a human resources executive, diversity and inclusion consultant, and a member of historically marginalized communities, I have experienced wildly unsuccessful diversity and inclusion strategies; and advised, coached, and led wildly successful diversity and inclusion initiatives. Business leaders and department heads have used the steps outlined in this how-to guide to successfully recruit and retain diverse talent. Chris, a small business owner, says, "the diversity recruitment steps listed in the book, matched with real life scenarios really helps bring to life not only how to go about recruiting and retaining a diverse workforce, but why it is important." I promise that if you follow the 7 steps outlined in Change the WorkGame, you will increase the diversity of your workforce within 6 months following the activation of the last step and you will increase employee satisfaction by enhancing your managers and the inclusivity of your workplace. Don't wait to activate your diversity initiative. Don't wait to make your workforce stronger, nimbler, more creative, and more dynamic. Don't wait to establish an inclusive work environment where everyone feels respected, appreciated and heard. Be the person to take the lead towards Change. If not you, then who!? The workforce diversity and inclusion strategies and scenarios you are about to read have been proven to create positive and long lasting results for leaders. These strategies will help ALL employees inside your organization, but will specifically help you recruit and retain underrepresented employees. Each chapter will give you new insights towards enhancing your workforce and your workplace. Let me show you how to be the Change for your company.

Free Roll - Brandt Tobler 2017-05-22

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced

along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Golden Rule - Thomas Ferguson 1995-06-15

"To discover who rules, follow the gold." This is the argument of Golden Rule, a provocative, pungent history of modern American politics. Although the role big money plays in defining political outcomes has long been obvious to ordinary Americans, most pundits and scholars have virtually dismissed this assumption. Even in light of skyrocketing campaign costs, the belief that major financial interests primarily determine who parties nominate and where they stand on the issues—that, in effect, Democrats and Republicans are merely the left and right wings of the "Property Party"—has been ignored by most political scientists. Offering evidence ranging from the nineteenth century to the 1994 mid-term elections, Golden Rule shows that voters are "right on the money." Thomas Ferguson breaks completely with traditional voter centered accounts of party politics. In its place he outlines an "investment approach," in which powerful investors, not unorganized voters, dominate campaigns and elections. Because businesses "invest" in political parties and their candidates, changes in industrial structures—between large firms and sectors—can alter the agenda of party politics and the shape of public policy. Golden Rule presents revised versions of widely read essays in which Ferguson advanced and tested his theory, including his seminal study of the role played by capital intensive multinationals and international financiers in the New Deal. The chapter "Studies in Money Driven Politics" brings this aspect of American politics into better focus, along with other studies of Federal Reserve policy making and campaign finance in the 1936 election. Ferguson analyzes how a changing world economy and other social developments broke up the New Deal system in our own time, through careful studies of the 1988 and 1992 elections. The essay on 1992 contains an extended analysis of the emergence of the Clinton coalition and Ross Perot's dramatic independent insurgency. A postscript on the 1994 elections demonstrates the controlling impact of money on several key campaigns. This controversial work by a theorist of money and politics in the U.S. relates to issues in campaign finance reform, PACs, policymaking, public financing, and how today's elections work.

Lead Generation - Ksenia Andreeva 2016-04-29

Presently, marketing has undergone serious change. Marketers have faced increasing demand to provide quantitative data representative of their work, particularly focusing on sales growth in correlation with a narrow target audience. As marketers strive to cultivate new customers directly, they have turned to a growing area of interest: lead generation - a marketing activity aimed at acquiring direct contacts of prospective customers that have demonstrated some interest in the seller's goods and services. This book has a purely practical purpose, serving as an introductory resource to principles and methods that will enable marketing professionals to raise the number of potential customers and multiply the number of sales typically received. The book describes: - lead generation theory, its basic concepts, and methods of evaluating a return on marketing investments; - customer detection techniques (cold calls, pay-per-click, mailings, events, etc.); - peculiarities and challenges of lead generation campaigns and methods to overcome obstacles; - real stories about the way companies do lead generation and calculate its results. Outstanding Features of the Book - 14 real life case studies. - New trends of lead generation: cadence, market places, content management. - Up-to-date statistics for 2015 and plans for 2016. - Based on multi-industry experience (IT, automotive, education and even public organizations). - The style of the book is simple, charismatic and with humor (contains caricatures, jokes, wise quotes of great businessmen). - Applicable to both B2B and B2C. - The author explains all the lead generation concepts but also gives reasons why they should not be treated rigorously, as every company has its own business features and, thus, ROI and lead criteria. - A special section is dedicated to the challenge of lead generation outsourcing. - As lead generation is based on constant testing and statistics, the author also speaks about software tools helping to run your campaigns and calculate ROI efficiently. The book presents the results of a global benchmark report: "Lead Generation: Strategies and tactics for 2016". This survey covered 259 respondents from information and telecommunication technologies, consulting, banking, wholesale, insurance, auto-dealers, etc.

Every Woman Should Know Her Options - Laurie Itkin 2014-02

"Filled with easy-to-understand examples and women's stories of wealth-building challenges and successes, Itkins's advice shows you how to take your hard-earned money and grow it in the stock market using options to reduce risk. Whether you hire a financial advisor to manage your money or manage it yourself, this book will put you on the path of financial empowerment."--Back cover.

Super Investing - Bill Bodri 2012-11-01

Yes, you can beat the market — by a wide margin. The proof is in these five investing strategies that have already produced multi-million fortunes for real life investors who have used them. You won't hear about these strategies from Wall Street because these methods put money in your pocket, not theirs. As the old saying goes, "Wall Street needs dummies so it can make monies." Simply knowing these strategies elevates you out of the unsuspecting crowd that Wall Street feeds on. If you're an active thinking investor – the kind who prefers real-world truths over "too good to be true" financial fantasies, then this book is for you because it's the first to compile these five proven super investing strategies in one place. Super investing strategies like... Benjamin Graham's little-known "OTHER" investing method. You won't find this in his classic works Security Analysis or The Intelligent Investor because he discovered it AFTER writing those books. Graham concluded that the method shared in this book BEAT everything he did before. PLUS, he said individual investors don't need Wall Street to implement it and get rich. The Interest Rate Market Climate Model that continually beats the market all the way BACK TO 1929! No simple timing model works longer, and you can easily duplicate it using FREE information on the internet. The Ultimate Momentum Method returning 20% per year that gets you into -- and keeps you in -- the SAFEST assets MOVING THE MOST right now. Hand your money over to one of the investment managers using this relative strength investing technique to buy and sell WORLDWIDE asset opportunities, and then forget about it. The Monthly Income Solution using options that beats dividend checks hands down, and which every stock investor desiring an extra 10-15% per year must know about in this age of zero interest rates. If you want your stocks to "work for you" generating income, you must learn this technique. The Modified Method for Seasonal Timing that puts most Wall Street fund managers to shame. It absolutely blows "Sell in May and go away" out of the water, too. It's simple. It's easy. And it BEATS THE MARKET with far less risk. This book gives you the history, the analysis, and the exact rules to follow if you want to use each of these five Super Investing strategies that humiliate passive buy and hold strategies with their returns. Plus, you get a bonus method on crisis investing during various End Games scenarios telling you exacting what to do during a sovereign debt default, bond bust, currency collapse, banking crisis, period of political unrest and upheaval, and even during deflations or hyperinflations and the destruction of fiat currencies. Most investment books never tell you how to protect your wealth during these extreme situations, but during your lifetime you are sure to live through one or more of these situations. Forget "Buy and Hold" for the next few decades if you want to protect and grow your wealth through investing. These five Super Investing techniques are the basis of the poor man's way to retire wealthy without a lot of complicated work, and they protect your wealth through all sorts of difficult economic environments. These are the historically proven ways to beat Wall Street's buy and hold performance as well as the returns of most mutual funds. Using these proven investing systems over enough time, you can see an hyper-compounding in the growth of your wealth to help achieve the goal of retiring without financial concerns. Here are the exact investing methods regular people can use to grow a "Legacy IRA" and accumulate enough funds to produce generational wealth that can be passed onto the next generation in your family or used to do great good deeds in the world.

Once Again - Gina Scott 2016-04-07

Savannah is a young woman set out to make a difference in the world. But she plans to do it alone. With no family to connect with and no man in her life, she is ready, willing and able to face the challenges life has to offer. She is fearless, or so she thinks. She has planned her life out carefully never realizing that the best plans are sometimes altered. This story is about her journey as her life's plan changes its course.

Reducing Global Road Traffic Tragedies - Gerald Balcar 2016

Road traffic crashes in low- and middle-income countries have claimed over a million lives, and caused upwards of 20 million injuries, every year for over a decade. The UN and the WHO have been unsuccessful in reducing this tragedy. This book provides practical and prioritized recommendations of what to do now

in low- and middle-income countries.

The Circular Theory - Ilexa Yardley 2010-10

Conservation of the circle is the basis for reality.

The Art of Being Naked - Shane R. Avila 2015-07-15

The Art of Being Naked (about) Remember that naughty excitement that comes with an adrenaline rush? The exciting thought of being caught in a sexual act, but fearing to be caught? Maybe a public adventure or a night out in the car's back seat under the stars at night. We all take these risky adventures to remind ourselves that we are alive. The risk can be rewarding by The thrill- the thrill of the wild side to spice things up! The thrill of the unknown to come. Unknowing if you will be noticed. The sheer pleasure of being naughty, daring, and brave. You- being a leader, and doing an adventure with your partner can make for a night of forbidding and fulfilling enjoyment that can spark a wild fire of excitement and rush. In this picture book for adults, you will enjoy original nude art, two true, funny stories of sexual adventures gone wrong, and the inspiration to find that naughtiness inside yourself. This book approaches the excitement of sexual adventures that most people are too petrified to talk about with their partner.

The Green Book - Great Britain. Treasury 2003

This new edition incorporates revised guidance from H.M Treasury which is designed to promote efficient policy development and resource allocation across government through the use of a thorough, long-term and analytically robust approach to the appraisal and evaluation of public service projects before significant funds are committed. It is the first edition to have been aided by a consultation process in order to ensure the guidance is clearer and more closely tailored to suit the needs of users.

The Red City - Silas Weir Mitchell 1908

Nine Year Pregnancy - Delana Stewart 2012-01-09

In her narrative, Nine-Year Pregnancy, Delana H. Stewart reveals a journey of having a dream, experiencing the death of that vision, and seeing God fulfill it in His time. If you are waiting on God to answer a prayer or feel like God will never answer your prayer-for a child, for a mate, for some other need or desire or dream-then this book will show you how one family trusted God to walk with them through the dark, scary, unknown valleys as they waited on Him. If you are anywhere in the adoption process-from thinking about it to preparing to go pick up your child to dealing with attachment disorder-then this book will offer you insights, faith, and peace for the journey. If you are trying to get pregnant or have experienced a miscarriage, then this book may give you hope and encourage you to hang on. "For the vision is yet for the appointed time; It hastens toward the goal and it will not fail. Though it tarries, wait for it; For it will certainly come, it will not delay" (Habakkuk 2:3 NASB).

The Inevitable Party - Seth E. Masket 2016

Seth Masket's The Inevitable Party is a study of anti-party reforms and why they fail. Numerous reform movements over the past century have designated parties as the enemy of democracy, and they have found a willing ally in the American people in their efforts to rein in and occasionally root out parties. Masket investigates several of these anti-party reform efforts - from open primaries to campaign finance restrictions to nonpartisan legislatures - using legislative roll call votes, campaign donations patterns, and extensive interviews with local political elites. These cases each demonstrate parties adapting to, and sometimes thriving amidst, reforms designed to weaken or destroy them. The reason for these reforms' failures, the book argues, is that they proceed from an incorrect conception of just what a party is. Parties are not rigid structures that can be wished or legislated away; they are networks of creative and adaptive policy demanders who use their influence to determine just what sorts of people get nominated for office. Even while these reforms tend to fail, however, they impose considerable costs on society, usually reducing transparency and accountability in politics and government.

Right Turn - Thomas Ferguson 1987-08

Exploring Feelings - Susan B. Neuman 1983-10

Lean, Agile and Six Sigma Information Technology Management - Peter K. Ghavami 2008

In the face of growing customer expectations, turbulent economic conditions and increasing IT complexity, ideal execution of IT strategies have never been more important and challenging. This book is about methods of delivering the most value at the lowest cost. It offers a collection of business and technical problem solving techniques to solve many of the recurring IT problems in your firm. If you are looking to transform your IT organization into a lean, high velocity, high quality and high precision machine that can deliver amazing results with less, this book is for you. Simply apply the Lean, Agile and Six Sigma methods outlined in this book and see the remarkable improvements in customer satisfaction and return on your IT investments. The lessons in this book are for the entire management team, for those who want to achieve perfection with IT, for the senior executive, the IT strategist and the practitioners alike.

Why American History Is Not What They Say -

Choochie- Maloochie - Patti Marrs Magill 2013-10-04

Matthew's mom tells him every day "I love you, Choochie Maloochie." He always replies, "Me too you." When he becomes a famous rock star, how will it change his relationship with his mom? She has always been there for him, but when she gets sick, will he be there for her? Another book in the "Kids From Marrs" series of children's books, with the colorful illustrations the author has created especially for these stories.

The Second Media Age - Mark Poster 2018-03-08

This book examines the implications of new communication technologies in the light of the most recent work in social and cultural theory and argues that new developments in electronic media, such as the Internet and Virtual Reality, justify the designation of a "second media age".

Halloween Guestbook - Dracoola Art Books 2017-10-19

The spooky Halloween pumpkin themed guestbook ideal for costume parties or any scary themed events. It comes with 150 wide ruled pages for guests signing in, the book industry standard binding with spine (the same binding as most paperbacks in the library), and matte laminated finish that helps repel liquid and toughens the cover. Not just another themed guestbook, this uniquely designed guest book goes well with your parties and make your gathering extraordinary special, unlike any others! This "Halloween Themed Guestbook" series has 20 different themed cover designs that you can choose from; Annabelle (1978279949) Bloody Spatter (1978280009) Chainsaw Massacre (1978280033) Creepy Clown (1978280068) Death (1978280114) Ghoul & Goblin (1978280181) Graveyard (197828022X) Haunted House (1978280289) Hospital of Horror (1978280335) Matrix Halloween (1978280378) Mummy (1978280416) Office Halloween (1978280475) Sadako the Japanese Ghost (1978280505) Scary Nun (1978280548) Spooky Halloween Pumpkin (1978280580), which is this book. Superheroes (1978280629) Vampire (1978280645) Wicked Woods (1978280726) Witch (1978280785) Zombie (1978280823) [Simply copy & paste one whole line in the search box to buy the one you need.]
