**The Way of the Linguist** - Steve Kaufmann

2005-11

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is

obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).

**English Grammar Made Easy** - Helen Richardson 2017-07-03

Understanding how English grammar works can be quite daunting; even more so if English is not your native tongue. However, in today's competitive world you need to get the grammar right, especially in written English. Whether you write simple business emails or complicated academic papers and whether you are a professional or a student, using the correct grammar will give you a competitive edge because it helps you get your message across more clearly and shows that you pay attention to detail. This book offers you a basic introduction to the grammar rules of English. This book focuses on the different parts of speech and shows you how to use English correctly. It is structured in the form of lessons, each ending with at least one short exercise to help you check your understanding of what you've learned in that lesson. At the end of the book you'll find longer exercises mixing everything together. You can use this book not only to learn English grammar but also as a basic reference guide when you are unsure of how to structure a sentence and which words to use. If you want to understand the basics of English grammar and improve your language skills, This book will guide you every step of the way.

English Grammar For Dummies - Geraldine Woods 2011-03-16

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start

saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in order to speak and write correct English. So rest assured - English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs - oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

**Learn English Grammar Through Tests and Exercises** - Hasan Çakır 2011-03-21

Bu kitap, İngilizce Dilbilgisi konularını öğretmek amacıyla hazırlanmıştır. Kitap, Dilbilgisi konularını öğretecek, pekiştirecek ve değerlendirecek test ve alıştırmalar içermektedir. İçerisinde, (1000) çoktan seçmeli test sorusu ve (1000) de boşluk doldurmadan oluşan alıştırma sorusu olmak üzere, toplam iki binden fazla öğretici ve geliştirici sorular bulunmaktadır. Cevap anahtarında ise, en doğru seçenekler belirtilmiştir. Test ve alıştırmalar içinde verilen cümleler, bağlamlarını tam olarak yansıtacak, okurun dilbilgisi kavramını geliştirecek, okuma düzeyini yükseltecek niteliktedir. Böylece, okurun otantik dil kullanımına emin adımlarla ilerlemesini sağlayacak şekilde, çeşitli alanlarda yazılmış olan kaynak eserlerden özenle seçilmiştir. Test içindeki seçeneklerin, tamamlayıcı, tutarlı ve tek cevabının olmasına dikkat edilmiştir. Alıştırmalar bölümünde ise, boşluklarda, başlıklarda belirtilmiş bilinmesi gereken unsurların öğrenilmesi gözetilmiştir. Testlerde cevaplar, seçenekler arasında bulunur. Dolayısıyla, konuları çalıştıktan sonra, okurların doğru

cevap sayısı doğal olarak yüksek oranda olacaktır. Alıştırmalarda ise, hedef dil içerisinde yaratıcı düşünmeyi gerektirdiği için, doğru cevap sayısı düşük olabilir. Bu beklenen doğal bir sonuçtur. Ayrıca, yanlış gibi görünen cevapların, ayrı bir öğrenme fırsatı olduğu unutulmamalıdır. Alıştırmalar bölümünde, yarıdan fazla doğruya ulaşılmışsa, yeterli yarar sağlanmış demektir. Kitapta sunulan konular, birbirinden bağımsız olarak çalışılabilir. Bu yolu seçmezseniz, verilen sıra içerisinde çalışmak da mümkündür. Ayrıca, kitaptan en yüksek verimi almak için, daha önce yayınlamış olduğum İngilizce Dilbilgisi kitabına başvurmanızı samimiyetle tavsiye ederim. Adı ve düzeyi ne olursa olsun, gerek yurtiçi, gerekse yurtdışı kurumlarınca hazırlanan İngilizce yeterlilik, seçme, giriş ve muafiyet sınavlarında, başarılarınıza basamak oluşturacak şekilde hazırlandığını, bireysel çalışma ve sınıf ortamına uygun yarlı bir yayın olduğunu temin eder, yararlanmanız kaydıyla, aşama aşama hedeflediğiniz sonuca ulaştıracak nitelikte olduğunu belirtirim.

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different

empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

*The Grammar of the English Tense System* -  
2006-01-01

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

*From Texting to Teaching* - Jeremy Hyler

2017-05-08

Don't blame technology for poor student grammar; instead, use technology intentionally to reach students and actually improve their writing! In this practical book, bestselling authors Jeremy Hyler and Troy Hicks reveal how digital tools and social media - a natural part of students' lives - can make grammar instruction more authentic, relevant, and effective in today's world. Topics Covered: Teaching students to code switch and differentiate between formal and informal sentence styles Using flipped lessons to teach the parts of speech and help students build their own grammar guides Enlivening vocabulary instruction with student-produced video Helping students master capitalization and punctuation in different digital contexts Each chapter contains examples, screenshots, and instructions to help you implement the ideas. With the strategies in this book, you can empower students to become better writers with the tools they already love and use daily. Additional resources and links are available on the book's companion wiki site: [textingtoteaching.wikispaces.com](http://textingtoteaching.wikispaces.com)

**Basic English Grammar** - Betty S. Azar

2017-01-19

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are: Information in the grammar charts highlighting important differences between spoken and written English; Step-by-step writing activities with models for students to follow; Innovative warm-up exercises that precede the grammar charts and introduce points to be taught; Newly created exercises to give students more incremental grammar practice; Structure-based listening exercises that introduce students to relaxed, reduced speech"--Page 4 of cover.
