The Complete Married With Children Book: TV's Dysfunctional Family Phenomenon -

Denise Noe 2017-08-13

Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe's first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O'Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydner. You'll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Order your copy of the collectible First Edition today. Illustrated. Bibliography. Appendix featuring episode synopses.

Gangsta Rap Coloring Book - Aye Jay Morano
2004-01-11

The title says it all. Break out the crayons, 'cause it gangsta rap coloring time! 48 pages of line drawings of "Gangsta" rappers, done with the thick black line we all remember from the coloring books of our youth. The juxtaposition of the outlaw image of the rappers with the childlike innocence of a coloring book makes for an instant laugh.

Gone Astray - Michelle Davies 2016-03-24

When a Lesley Kinnock buys a lottery ticket on a whim, it changes her life more than she could have imagined . . . Lesley and her husband Mack are the sudden winners of a £15 million EuroMillions jackpot. They move with their 15-year-old daughter Rosie to an exclusive gated estate in Buckinghamshire, leaving behind their ordinary lives - and friends - as they are catapulted into wealth beyond their wildest dreams. But it soon turns into their darkest nightmare when, one beautiful spring afternoon, Lesley returns to their house to find it empty: their daughter Rosie is gone. DC Maggie Neville is assigned to be Family Liaison Officer to Lesley and Mack, supporting them while quietly trying to investigate the family. And she has a crisis threatening her own life - a secret from the past that could shatter everything she's worked so hard to build. As Lesley and Maggie desperately try to find Rosie, their fates hurtle together on a collision course that threatens to end in tragedy . . . Money can't buy you happiness. The truth could hurt more than a lie. One moment really

can change your life forever.

It Was All a Dream - Tre' Taylor 2017-10-31

Eli just wants to be a normal kid and stay out of trouble, until he has a dream that changes his life.

Song of the Wings Coloring Book -

Gangsters to Governors - David Clary

2017-10-30

Winner of the 2018 Current Events/Social Change Book Award from the Next Generation Indie Book Awards Winner of the 2018 Bronze Current Events Book Award from the Independent Publisher Book Awards Generations ago, gambling in America was an illicit activity, dominated by gangsters like Benny Binion and Bugsy Siegel. Today, forty-eight out of fifty states permit some form of legal gambling, and America's governors sit at the head of the gaming table. But have states become addicted to the revenue gambling can bring? And does the potential of increased revenue lead them to place risky bets on new casinos, lotteries, and online games? In *Gangsters to Governors*, journalist David Clary investigates the pros and cons of the shift toward state-run gambling. Unearthing the sordid history of America's gaming underground, he demonstrates the problems with prohibiting gambling while revealing how today's governors, all competing for a piece of the action, promise their citizens payouts that are rarely delivered. Clary introduces us to a rogue's gallery of colorful characters, from John "Old Smoke" Morrissey, the Irish-born gangster who built Saratoga into a gambling haven in the nineteenth century, to Sheldon Adelson, the billionaire casino magnate who has furiously lobbied against online betting. By exploring the controversial histories of legal and illegal gambling in America, he offers a fresh perspective on current controversies, including bans on sports and online betting. Entertaining and thought-provoking, *Gangsters to Governors* considers the past, present, and future of our gambling nation. Author's website (<http://www.davidclaryauthor.com>)

The Circular Theory - Ilexa Yardley 2010-10

Conservation of the circle is the basis for reality.

Economic Psychology - Rob Ranyard 2017-08-14

A comprehensive overview of contemporary economic psychology Economic Psychology

presents an accessible overview of contemporary economic psychology. The science of economic mental life and behavior is increasingly relevant as people are expected to take more responsibility for their household and personal economic decisions. The text will, in addition to reviewing current knowledge on each topic presented, consider the practical and policy implications for supporting economic decision making. Economic Psychology examines the central aspects of adult decision making in everyday life and includes the theories of economic decision making based on risk, value and affect, and theories of intertemporal choice. The text reviews the nature and behavioral consequences of economic mental representations about such things as material possessions, money and the economy. The editor Robert Ranyard—a noted expert on economic psychology—presents a life-span developmental approach, from childhood to old age. He also reviews the important societal issues such as charitable giving and economic sustainability. This vital resource: Reviews the economic psychology in everyday life including financial behaviour such as saving and tax-paying and matters such as entrepreneurial activity Offers an introduction to the field and traces the emergence of the discipline, from Adam Smith to George Katona and Herbert Simon Includes information on societal issues such as charitable giving and pro-environmental behaviour Considers broader perspectives on economic psychology: life-span psychological development from childhood to old age Written for students of psychology, Economic Psychology reviews the most important information on contemporary economic psychology with a focus on individual and household economic decision making, ranging widely across financial matters such as borrowing and saving, and economic activities such as buying, trading, and working.

The Cogs of Alusura - Sidney Lotto 2015-12-15
The Cogs of Alusura is a steam punk adventure following the exploits Eleanor and Simon Braider. As they travel the land of Alusura hunting down their rogue teammates who have killed the King and Queen, they uncover a dark secret that will shake their country to the core and push their very marriage to the brink. Along the way they must fend off hordes of ferocious,

elemental fungus monsters that prowl the night and feed on those who leave the safety of Alusura's walled cities.

Nomadland: Surviving America in the Twenty-First Century - Jessica Bruder 2017-09-19

The inspiration for Chloé Zhao's 2020 Golden Lion award-winning film starring Frances McDormand. "People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book." —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. Nomadland tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

Disguised Blessings - Chara Davis 2016-11-15

All Our Children - Lallie B. Lloyd 2017-04
- Creates a moral imperative for faith-based social justice groups to make dismantling racism an explicit part of their mission through childhood education - Answers General Convention's call for conversation on Children, Poverty & Public Education

The Psychology of Financial Consumer Behavior

- Dominika Maison 2019-02-28
This book stresses the psychological perspective in explaining financial behavior. Traditionally, financial behaviors such as saving, spending, and investing have been explained using demographic and economic factors such as income and product pricing. The consequence of this way of thinking is that financial institutions view their clients mostly from the perspective of their income. By taking a psychological approach, this book stresses the perspective of consumers confronted with a quickly changing financial world: the changing of financial offers and products (savings, investments, loans), the changing of payment methods (from cash to cheques, cards and mobile payments), the accessibility and temptation of goods, and the changing of insurance and pension systems. The Psychology of Financial Consumer Behavior provides insight into the thought processes of consumers in a variety of financial topics. Coverage includes perceptions of wealth, the pleasure or pain of spending, cashless transactions, saving and investing, loans, planning for the future, taxes, and financial education. The book holds appeal for researchers, professionals, and students in economics, psychology, economic psychology, marketing and consumer science, or anyone interested in financial behaviors.

Actionable Gamification - Yu-kai Chou
2019-12-03

Learn all about implementing a good gamification design into your products, workplace, and lifestyle Key Features Explore what makes a game fun and engaging Gain insight into the Octalysis Framework and its applications Discover the potential of the Core Drives of gamification through real-world scenarios Book Description Effective gamification is a combination of game design, game dynamics, user experience, and ROI-driving business implementations. This book

explores the interplay between these disciplines and captures the core principles that contribute to a good gamification design. The book starts with an overview of the Octalysis Framework and the 8 Core Drives that can be used to build strategies around the various systems that make games engaging. As the book progresses, each chapter delves deep into a Core Drive, explaining its design and how it should be used. Finally, to apply all the concepts and techniques that you learn throughout, the book contains a brief showcase of using the Octalysis Framework to design a project experience from scratch. After reading this book, you'll have the knowledge and skills to enable the widespread adoption of good gamification and human-focused design in all types of industries. What you will learn Discover ways to use gamification techniques in real-world situations Design fun, engaging, and rewarding experiences with Octalysis Understand what gamification means and how to categorize it Leverage the power of different Core Drives in your applications Explore how Left Brain and Right Brain Core Drives differ in motivation and design methodologies Examine the fascinating intricacies of White Hat and Black Hat Core Drives Who this book is for Anyone who wants to implement gamification principles and techniques into their products, workplace, and lifestyle will find this book useful.

Ikigai - Héctor García 2017-08-29

INTERNATIONAL BESTSELLER • 1.5 MILLION+ COPIES SOLD WORLDWIDE

"Workers looking for more fulfilling positions should start by identifying their ikigai."
—Business Insider "One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life." —Forbes Find your ikigai (pronounced ee-key-guy) to live longer and bring more meaning and joy to all your days. "Only staying active will make you want to live a hundred years." —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world's longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what

you're good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. *Ikigai* reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the *ikigai* that brings satisfaction to their lives. And it provides practical tools to help you discover your own *ikigai*. Because who doesn't want to find happiness in every day?

Rent - Jonathan Larson 2008

(Applause Libretto Library). Finally, an authorized libretto to this modern day classic! *Rent* won the 1996 Pulitzer Prize for Drama, as well as four Tony Awards, including Best Musical, Best Book, and Best Score for Jonathan Larson. The story of Mark, Roger, Maureen, Tom Collins, Angel, Mimi, JoAnne, and their friends on the Lower East Side of New York City will live on, along with the affirmation that there is "no day but today." Includes 16 color photographs of productions of *Rent* from around the world, plus an introduction ("*Rent Is Real*") by Victoria Leacock Hoffman.

Memoirs of a Security Contractor - Paul Yurkin 2015-09-09

Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps—serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two

weeks of training in Virginia, he earned the nickname that would stick with him for years to come—and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid detail—in an eye-opening tale of determination, friendship, and never giving up.

Mr Lazarus - Patrice Chaplin 2016-08-03

'... a surging intensity that keeps the reader glued to the page.' - New York Times
London. 1970. Vicky Graham, an unsuccessful film producer at the BBC, crosses the path of Luciano Raffi, a famous violinist, as he performs at the Proms. For Vicky he represented something she could not have, but something she longingly craved for. A chance to lift her out of the unloving greyness of everyday life. Through her job at the BBC, she is able to organise an interview with him, but their meeting triggers a renewed obsession with him. The reason? Luciano has something in common with Vicky - they both know about the portal. A secret history, nearly untraced, connects these distant souls. But will it last? Raffi is about to disappear from her life... To get him back, she must travel to where and when she had never expected. She must uncover the secret history of the portal...
Mr Lazarus is the latest book in Patrice Chaplin's series following *The City of God* and *The Portal*. Chaplin is a renown international bestselling author. Praise for Patrice Chaplin: 'Powerful romantic fiction in the tradition of Emily Bronte.' - Guardian '... a surging intensity that keeps the reader glued to the page.' - New York Times 'Genuinely witty horrors' - The Observer
Patrice Chaplin is an author, journalist and playwright. She first visited the city of Gerona, in Spain, when she was 15 and it was then that she learnt about the Grail mystery. Throughout her life she has maintained an active interest in the history of the Grail and has lived in Spain and France. She has published more than 36 books, plays and short stories.

This book will break down your Medicare options into an easy to understand explanation taking away any guesswork you may have.

Blockchain - Jared Norton 2016-09-07

Don't look any further if you want to learn about Blockchain Today! Nobody likes banks and, for a lot of people, it's for good reason. You go to the teller window five minutes before closing time and she won't acknowledge you because she just wants to close up and go home. Your Paypal account is tied to the banking system and they may yank your account access simply because you got an unusually large payment for something you sold on eBay. You wonder if the homeless aren't caught in some kind of Catch-22 where they can't get access to a decent apartment without a bank account and can't get a bank account without a photo ID that includes their home address. All of these are good points that could be solved with a new digital currency called Bitcoin. Bitcoin is always open for business and won't ignore you even when you want to use it to have a pizza delivered at two in the morning. It won't shut you out simply because you received a transaction worth thousands of dollars from someone buying your car. If you want to use it, literally all you need to do is download the wallet on a laptop or tablet. This is made possible by technology that doesn't care about much of anything except whether you have a device that can link to the Internet even if it means soaking up the free Wi-Fi at the coffee

shop and the ability to copy-and-paste a string of letters and numbers or scan a QR code. It's called the Blockchain, a decentralized ledger that keeps track of debits and credits for all Bitcoin users. There are many ways that the Blockchain can benefit entrepreneurs beyond the fact that it's associated with a currency that makes fraudulent chargebacks impossible. It can be used for many applications that require a reliable and tamper-resistant means of record-keeping. It can be used to give you a competitive edge in a world where the economy is becoming increasingly global and customers increasingly care about how their goods are produced and can hop from one "next big thing" to the next pretty fast. If you're looking at the Blockchain, you probably have a few questions that this book will answer for you. Here Is A Sneak Peek Of What You Will Learn What is The Blockchain? What Can The Blockchain Be Used For? The Blockchain As Part Of Future Economics Cryptocurrencies Does The Blockchain Have Any Weaknesses? And Much Much More... Do Not Wait Any Longer And Get This Book For Only \$7.99!

Big-Stamp Two-Toes the Barefoot Giant -

Reg Down 2006-12-01

The magical, humorous, earnest and droll adventures of Tiptoes Lightly and her friends as spring arrives at Farmer John's.

Breaking Normal - Daniel Eisenman 2017-05-30

Over the past decade of creating epic personal development retreats, Daniel Eisenman has traveled around the world experiencing beautiful, exotic settings and amazing people. His one big observation is that so many people keep the lid on their growth and opportunities to thrive. This is a self-imposed limitation ... nobody tells us to do this! Daniel blows the lid off and gives you a retreat experience in a book. What's inside *Breaking Normal: ReWild Your Inner Child and Set the Truth Free?**You'll get to feel what it means to be raw and vulnerable, excited and glowing with a sacred knowledge about your future. *You'll learn to communicate with others in a way that cuts through the limitations we used to let entangle us. *You'll have tools and insight for building your own tribe, be it your family or community or the world at large.

In the Heights - Lin-Manuel Miranda 2008

(Vocal Selections). The 2008 Broadway musical

In the Heights explores three days in the characters' lives in the New York City Latino neighborhood of Washington Heights, with an infectious score featuring hip-hop, salsa, merengue and soul music. Our piano/vocal selections songbook features 14 tunes from the production, which won the Tony for Best Musical and Best Original Score, plus awards from the Drama Desk, Outer Critics Circle, Theatre World and more! Songs: Breathe * Enough * Everything I Know * Hundreds of Stories * In the Heights * Inutil * It Won't Be Long Now * 96,000 * No Me Diga * Paciencia Y Fe * Piragua * Sunrise * When the Sun Goes Down * When You're Home. Includes a bio of composer Lin-Manuel Miranda, and his Tony acceptance speech. 2008 Tony Winner 4 Awards, Including Best Musical and Best Original Score!

The Tree That Ate Everything - Robert Feiner
2017-09-19

Jake and Austin are twins. Jake has Down syndrome while Austin is typical. On their birthday, they play with their toys but a whimsical tree wants to play too. It also happens to be her birthday.

The Hacking of the American Mind - Robert H. Lustig 2017-09-12

"Explores how industry has manipulated our most deep-seated survival instincts."—David Perlmutter, MD, Author, #1 New York Times bestseller, Grain Brain and Brain Maker The New York Times–bestselling author of Fat Chance reveals the corporate scheme to sell pleasure, driving the international epidemic of addiction, depression, and chronic disease. While researching the toxic and addictive properties of sugar for his New York Times bestseller Fat Chance, Robert Lustig made an alarming discovery—our pursuit of happiness is being subverted by a culture of addiction and depression from which we may never recover. Dopamine is the “reward” neurotransmitter that tells our brains we want more; yet every substance or behavior that releases dopamine in the extreme leads to addiction. Serotonin is the “contentment” neurotransmitter that tells our brains we don’t need any more; yet its deficiency leads to depression. Ideally, both are in optimal supply. Yet dopamine evolved to overwhelm serotonin—because our ancestors were more likely to survive if they were constantly

motivated—with the result that constant desire can chemically destroy our ability to feel happiness, while sending us down the slippery slope to addiction. In the last forty years, government legislation and subsidies have promoted ever-available temptation (sugar, drugs, social media, porn) combined with constant stress (work, home, money, Internet), with the end result of an unprecedented epidemic of addiction, anxiety, depression, and chronic disease. And with the advent of neuromarketing, corporate America has successfully imprisoned us in an endless loop of desire and consumption from which there is no obvious escape. With his customary wit and incisiveness, Lustig not only reveals the science that drives these states of mind, he points his finger directly at the corporations that helped create this mess, and the government actors who facilitated it, and he offers solutions we can all use in the pursuit of happiness, even in the face of overwhelming opposition. Always fearless and provocative, Lustig marshals a call to action, with seminal implications for our health, our well-being, and our culture.

Reducing Global Road Traffic Tragedies - Gerald Balcar 2016

Road traffic crashes in low- and middle-income countries have claimed over a million lives, and caused upwards of 20 million injuries, every year for over a decade. The UN and the WHO have been unsuccessful in reducing this tragedy. This book provides practical and prioritized recommendations of what to do now in low- and middle-income countries.

[Learn How to Increase Your Chances of Winning the Lottery](#) - Richard Lustig 2010

In his book, Richard discusses the ins and outs and dos and don'ts of buying lottery tickets to increase your chances of winning. He has created a method that he and members of his family use that has enabled them to WIN several lottery game GRAND prizes. This is a very easy to use method and will work with any type lottery games (scratch tickets or number games) in any state or country. Here are some quotes from people who have used his method: "My husband and I used Richard Lustig's lotto method and within months of starting the method we hit a Mega Money jackpot for 2 million dollars! It was really easy to follow. You

only play what you can and you can still win! Shaun and I will only play lotto from now on using these strategies." -Jennifer and Shaun, Florida "Since we've been using your method, we have definitely been winning more than we used to. It's easy to follow" -Dale, Florida "I just wanted to let you know that my husband and I read through your lottery method last night. It seems great. It seems to be just simple logic and makes sense." -Kate, Illinois

Empowerment Series: Introduction to Social Work & Social Welfare: Critical Thinking Perspectives - Karen K. Kirst-Ashman
2016-01-01

Karen K. Kirst-Ashman's introductory book enhances readers' ability to grasp the essence and spirit of generalist social work and the issues in social welfare that social workers address every day. Giving those who are contemplating a career in social work a solid introduction to the profession, Kirst-Ashman presents a balanced introductory look within a unifying theme of critical thinking that trains readers to be more evaluative of key concepts. This fifth edition is completely updated in every chapter, and includes practice concepts, social welfare policy concepts, history and current state of the profession, the contexts of practice and populations served, and professional development. Written in a clear and straightforward manner, the book provides numerous case examples to illustrate social work practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

I, Athlete - Josh Mathe 2017-02-26

Are you an athlete? Yes - you are! You may not know it yet, or have ever experienced the intoxicating rush of pure movement, but your inner athlete is lying dormant inside you just waiting to be unleashed! Even if you've played sports or undertaken athletic endeavors, have you really opened yourself to the physical and mental power that simmers just under the surface of your consciousness? You are capable of so much more than you think you are - and the best part is you already know that's true! This book was written for you if you have a burning desire to: - Get healthier - Look better - Feel stronger and more accomplished - Do something

physical that you've never done before (from walking a 5K to qualifying for an Ironman!) I, Athlete is an inspirational and practical guidebook for how to find and harness your inner athlete. If you want to do more and be more with your body; if you feel like your limits are still out there waiting to be found; if you hear the chanting echoes of your primal ancestors urging you forward - you are in the right place. It is going to be an exhilarating, often uncomfortable, sometimes terrifying, life-altering journey - and I promise you the rewards are bountiful and sweet. Will you join me?

Finding the Fountain of Youth: The Science and Controversy behind Extending Life and Cheating Death - Aharon W. Zorea Ph.D.
2017-04-26

Separating truth from hype, this book introduces readers to the topic of life extension in a holistic manner that provides scientific, historical, and cultural perspectives. • Examines the topic of extending human life in a holistic, unbiased manner, exploring the subject from a variety of perspectives and contexts • Provides readers with additional insights into current controversies and debates related to the subject • Includes sidebars that offer additional high-interest, ready-reference content as well as a list of resources, a bibliography, and an index
Turning This Thing Around - Keith Maginn
2012-12-22

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles—a debilitating arthritic disease, narcolepsy, anxiety and depression—the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, Turning This Thing Around has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so—and how others can, too. Unlike many popular memoirs on the market, this is a story

that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in *The Glass Castle*, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in *Eat, Pray, Love*. Rather, *Turning This Thing Around* is a story of a normal young man's resiliency when battling extraordinary circumstances.

Andrew Jackson - William Garrott Brown 1900

[Growing from the Roots](#) - Barbara S Olinger
Msw 2016-05-07

The roots of healthy development are nurtured when children's needs are met and they are allowed to experience life for themselves with guidance, not control. This is the foundation of the non-judgmental, emotionally connected style of parenting presented in "*Growing From the Roots: A Practical Guide to the Art of Parenting*". This book provides many down-to-earth parenting tools to help promote connections between parents and children as well as valuable examples that model how to communicate with children to support their growth into confident and compassionate adults. This is a comprehensive look at parenting; from helping our children gain self-esteem to how we can get through the day without feeling we are going to

explode! The author's own experiences as a mother, a child and family therapist and a preschool teacher contribute to a rich understanding of what parents and children experience, providing relevant and invaluable tools and support for parents of young children.

Crazy - H. R. Stokes, III 2012-07-26

CRAZY A MEMOIR is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years. He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up attending college in Cholula where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause.
