Each unit has a brief introduction followed by a business-in-context section and questions designed to help students understand the implications of the topic. Each unit contains definitions of key terms and ends with a summary of the topic covered.

English Alive! Book 1 Nelson Thornes Caribbean English - Alan Etherton
2014-11

"English Alive! is a series designed specifically to meet the needs of English students in Caribbean secondary schools. The book covers the key areas of reading comprehension, listening and speaking, writing grammar and language usage and vocabulary development. Particular attention is given to the often challenging area of poetry. The book also covers common errors made by students. A reference section contains verb tables, including a section on tenses (notoriously difficult for

learners), irregular verbs and a glossary of language words and literary terms,"--page [4] of cover.

New Chemistry for You - Lawrie Ryan 2007-02-26

Printed file not sold separately.

Beginning Science: Biology - B. S. Beckett 1983-01-27

Beginning Science: Biology is for use during the first three years of secondary education. It provides a foundation for GCSE and includes topics of social significance to give a more balanced view of the subject.

Additional assessment to enrich, extend and tailor the context of the Key Science textbooks for international schools A 'Mother Tongue' glossary to help students access the textbooks Additional multiple choice questions Alternative practical exercises (with sample mark schemes)

IGCSE Chemistry - Bryan Earl 2009-04-01

This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This new edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum topics specified in the IGCSE Chemistry syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

A-level Chemistry - E. N. Ramsden 2000

Each topic is treated from the beginning, without assuming prior knowledge. Each chapter starts with an opening section covering an

application. These help students to understand the relevance of the topic: they are motivational and they make the text more accessible to the majority of students. Concept Maps have been added, which together with Summaries throughout, aid understanding of main ideas and connections between topics. Margin points highlight key points, making the text more accessible for learning and revision. Checkpoints in each chapter test students' understanding and support their private study. A selection of questions are included at the end of each chapter, many from past examination papers. Suggested answers are provided in the Answers Key.

Edexcel GCSE (9-1) Chemistry Student Book - Mark Levesley
2016-06-01

Series Editor: Mark Levesley Pearson's resources are designed to be simple, inclusive and inspiring and to support students in studying for Edexcel GCSE (9-1) Chemistry.
