Low Country - J. Nicole Jones 2021-04-13

"From horse thieves to hurricanes, from shattered Southern myths to fractured family ties, from Nashville to Myrtle Beach to Miami, Low Country is a lyrical, devastating, fiercely original memoir" of one family's changing fortunes in the Low Country of South Carolina (Justin Taylor, author of *Riding with the Ghost*). J. Nicole Jones is the only daughter of a prominent South Carolina family, a family that grew rich building the hotels and seafood restaurants that draw tourists to Myrtle Beach. But at home, she is surrounded by violence and capriciousness: a grandfather who beats his wife, a barman father who dreams of being a country music star. At one time, Jones's parents can barely afford groceries; at another, her volatile grandfather presents her with a fur coat. After a girlhood of extreme wealth and deep debt, of ghosts and folklore, of cruel men and unwanted spectacle, Jones finds herself face to face with an explosive possibility concerning her long-abused grandmother that she can neither speak nor shake. And through the lens of her own family's catastrophes and triumphs, Jones pays homage to the landscapes and legends of her childhood home, a region haunted by its history: Eliza Pinckney cultivates indigo, Blackbeard ransacks the coast, and the Gray Man paces the beach, warning of Hurricane Hazel.

King Leopold's Ghost - Adam Hochschild 2019-05-14

With an introduction by award-winning novelist Barbara Kingsolver In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummelled its people and set up a ruthless regime that would reduce the population by half. . While he did all this, he carefully constructed an image of himself as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, King Leopold's Ghost is the true and haunting account of this man's brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

Joe, younger brother of Jack and Andy, father of Frank and Drake, has decided it's time to reveal his own terrible secret at the site of the tragedy, before it's too late.

Country Stories of Ghosts and Bad Men - Todd Narron 2015-09-08

"Country Stories of Ghosts and Bad Men" by Todd Curtis Narron is a compilation of ten stories that are gripping, haunting, sometimes disturbing, sometimes amusing—the whole gamut of emotions. This book ties in so well the theme of the vanishing family farm and rural way of life. Todd grew up on a tobacco farm in Johnston County; he has a way of telling stories that make the reader feel in the midst of the action. This is the first book authored by Todd. One by one Riley would easily dig at the shallow graves until the faces of the dead appeared in the light of the lantern, none of which were Wesley. The old man saw more than his share of death as he uncovered and covered the faces which were bloated and contorted with the pain they must have been feeling in the last throws of life. - The Ghost of Old Riley He said that his mama laid the baby down on the floor real careful like and went over to where the fireplace was which had a small fire going, and started to stoke the fire, putting big chunks of coal and wood into it until he could feel the heat drying his eyes through the opening in the lock. He said the fire lighted the room up so that he could see smudges of dirt on the walls and that meat grease and oil that had clung to the bricks from all the years of cooking were beginning to melt and each time a drop would fall into the fire there would be a hissing sound as if snakes were in the room. - The Chimney

Ghost Forest - Pik-Shuen Fung 2021-07-13

This "powerful" (BuzzFeed) award-winning debut about love, grief, and family welcomes you into its pages and invites you to linger, staying with you long after you've closed its covers. "Quietly moving . . . connected by a kind of dream logic . . . deeply felt . . . There is joy and tenderness in . . . Fung's elegant storytelling."—The New York Times Book Review How do you grieve, if your family doesn't talk about feelings? This is the question the unnamed protagonist of *Ghost Forest* considers after her father dies. One of the many Hong Kong "astronaut" fathers, he stays there to work, while the rest of the family immigrated to Canada before the 1997 Handover, when the British returned sovereignty over Hong Kong to China. As she revisits memories of her father through the years, she struggles with unresolved questions and misunderstandings. Turning to her mother and grandmother for answers, she discovers her own life refracted brightly in theirs. Buoyant and heartbreaking, *Ghost Forest* is a slim novel that envelops the reader in joy and sorrow. Fung writes with a poetic and haunting voice, layering detail and abstraction, weaving memory and oral history to paint a moving portrait of a Chinese-Canadian astronaut family. "Ghost Forest is the tender/funny book we can all appreciate after a hellish year."—Literary Hub

[In the Ghost Country](#) - Peter Hillary 2007-07-27

A memoir of extraordinary depth and searing honesty, *In the Ghost Country* is the story of Peter Hillary's physical and emotional journey across the icy wastes of Antarctica. A place where the thoughts and memories of a lifetime were called forth by the blank slate of the Antarctic snows -- so real that the ghosts of lost friends and loved ones walked with him in the white maelstrom. In the Antarctic summer of 1998-99, Peter Hillary and two companions skied to the South Pole -- each man pulling a 440-pound sled 900 miles across some of the most forbidding country on earth. The plan was to complete the tragic journey of Captain Robert Falcon Scott, to the Pole and back. But under the pressure of a relentless media spotlight, fatal team chemistry, and food and fuel stores, the expedition fragmented into hostile isolation. Instead

of completing Scott's journey, they found they were repeating it. For Peter Hillary, this was the loneliest trek of his life. Estranged from his companions, tortured by the sensory deprivation of "the great white everywhere," Hillary's journey became a hallucinogenic pilgrimage through a country where "he could see the dead and the places of the dead": the ghosts of too many friends who had perished at his side in the mountains; and most powerfully, the ghost of his beloved mother, who it seemed "had turned up on the ice to keep me company." In *Ghost Country* is the story of that trip, a chronicle of profound isolation, grief, and loneliness. It is a meditation on a lifetime spent on the edge. Told here are the tragedies: on Ama Dablam in Nepal, a near perfect climb until its shocking finish with an unexpected death; on Makalu where half the party was wiped out; on Everest where two more were lost, including a great friend; and later on K2, in 1995, where Hillary barely survived the storm that killed seven people. But here also are the "marvelous times": Growing up in New Zealand, where the family's holiday adventures were turned into documentaries; first seeing Everest at seven years of age; the near-fatal teenage adventures; working on the schools and hospitals that Sir Edmund built for the Nepalese people; traveling with his father and Neil Armstrong to the North Pole; summiting Everest twice. Informed by a strong literary sensibility, *In the Ghost Country* is compelling contemplation of adventure and a joyful tribute to "the rapture" of getting "out there" on the edge.

Lovecraft Country - Matt Ruff 2016-02-16

Now an HBO® Series from J.J. Abrams (Executive Producer of *Westworld*), Misha Green (Creator of *Underground*) and Jordan Peele (Director of *Get Out*) The critically acclaimed cult novelist makes visceral the terrors of life in Jim Crow America and its lingering effects in this brilliant and wondrous work of the imagination that melds historical fiction, pulp noir, and Lovecraftian horror and fantasy. Chicago, 1954. When his father Montrose goes missing, 22-year-old Army veteran Atticus Turner embarks on a road trip to New England to find him, accompanied by his Uncle George—publisher of *The Safe Negro Travel Guide*—and his childhood friend Letitia. On their journey to the manor of Mr. Braithwhite—heir to the estate that owned one of Atticus's ancestors—they encounter both mundane terrors of white America and malevolent spirits that seem straight out of the weird tales George devours. At the manor, Atticus discovers his father in chains, held prisoner by a secret cabal named the Order of the Ancient Dawn—led by Samuel Braithwhite and his son Caleb—which has gathered to orchestrate a ritual that shockingly centers on Atticus. And his one hope of salvation may be the seed of his—and the whole Turner clan's—destruction. A chimerical blend of magic, power, hope, and freedom that stretches across time, touching diverse members of two

black families, *Lovecraft Country* is a devastating kaleidoscopic portrait of racism—the terrifying specter that continues to haunt us today.

Stranger in My Own Country - Yascha Mounk 2014-01-07

A moving and unsettling exploration of a young man's formative years in a country still struggling with its past As a Jew in postwar Germany, Yascha Mounk felt like a foreigner in his own country. When he mentioned that he is Jewish, some made anti-Semitic jokes or talked about the superiority of the Aryan race. Others, sincerely hoping to atone for the country's past, fawned over him with a forced friendliness he found just as alienating. Vivid and fascinating, *Stranger in My Own Country* traces the contours of Jewish life in a country still struggling with the legacy of the Third Reich and portrays those who, inevitably, continue to live in its shadow. Marshaling an extraordinary range of material into a lively narrative, Mounk surveys his countrymen's responses to "the Jewish question." Examining history, the story of his family, and his own childhood, he shows that anti-Semitism and far-right extremism have long coexisted with self-conscious philo-Semitism in postwar Germany. But of late a new kind of resentment against Jews has

come out in the open. Unnoticed by much of the outside world, the desire for a "finish line" that would spell a definitive end to the country's obsession with the past is feeding an emphasis on German victimhood. Mounk shows how, from the government's pursuit of a less "apologetic" foreign policy to the way the country's idea of the Volk makes life difficult for its immigrant communities, a troubled nationalism is shaping Germany's future.

Ghost Wall - Sarah Moss 2019-01-08

A Southern Living Best New Book of Winter 2019; A Refinery29 Best Book of January 2019; A Most Anticipated Book of 2019 at The Week, Huffington Post, Nylon, and Lit Hub; An Indie Next Pick for January 2019 "Ghost Wall has subtlety, wit, and the force of a rock to the head: an instant classic." —Emma Donoghue, author of *Room* "A worthy match for 3 a.m. disquiet, a book that evoked existential dread, but contained it, beautifully, like a shipwreck in a bottle." —Margaret Talbot, *The New Yorker* A taut, gripping tale of a young woman and an Iron Age reenactment trip that unearths frightening behavior The light blinds you; there's a lot you miss by gathering at the fireside. In the north of England, far from the intrusions of cities but not far from civilization, Silvie and her family are living as if they are ancient Britons, surviving by the tools and knowledge of the Iron Age. For two weeks, the length of her father's vacation, they join an anthropology course set to reenact life in simpler times. They are surrounded by forests of birch and rowan; they make stew from foraged roots and hunted rabbit. The students are fulfilling their coursework; Silvie's father is fulfilling his lifelong obsession. He has raised her on stories of early man, taken her to witness rare artifacts, recounted time and again their rituals and beliefs—particularly their sacrifices to the bog. Mixing with the students, Silvie begins to see, hear, and imagine another kind of life, one that might include going to university, traveling beyond England, choosing her own clothes and food, speaking her mind. The ancient Britons built ghost walls to ward off enemy invaders, rude barricades of stakes topped with ancestral skulls. When the group builds one of their own, they find a spiritual connection to the past. What comes next but human sacrifice? A

story at once mythic and strikingly timely, Sarah Moss's *Ghost Wall* urges us to wonder how far we have come from the "primitive minds" of our ancestors.
