In the Penal Colony - Franz Kafka 2017-04-19

In the Penal Colony is a short story by Franz Kafka written in German in October 1914, revised in November 1918, and first published in October 1919. The story is set in an unnamed penal colony. Internal clues and the setting on an island suggest Octave Mirbeau's *The Torture Garden* as an influence. As in some of Kafka's other writings, the narrator in this story seems detached from, or perhaps numbed by, events that one would normally expect to be registered with horror. "In the Penal Colony" describes the last use of an elaborate torture and execution device that carves the sentence of the condemned prisoner on his skin before letting

him die, all in the course of twelve hours. As the plot unfolds, the reader learns more and more about the machine, including its origin and original justification. The story focuses on the Explorer, who is encountering the brutal machine for the first time. Everything about the machine and its purpose is told to him by the Officer. The Soldier and the Condemned (who is unaware that he has been sentenced to die) placidly watch from nearby. The Officer tells of the religious epiphany the executed experience in their last six hours in the machine. Eventually, it becomes clear that the use of the machine and its associated process of justice - the accused is always instantly found guilty, and the law he has broken is inscribed on his body as he slowly dies over a period of 12 hours - has fallen out of favor with the current Commandant. The Officer is nostalgic regarding the torture machine and the values that were initially associated with it. As the last proponent of the machine, he strongly believes in its form of justice and the infallibility

of the previous Commandant, who designed and built the device. In fact, the Officer carries its blueprints with him and is the only person who can properly decipher them; no one else is allowed to handle these documents.

Franz Kafka - Stanley Corngold 2018-03-15

In Stanley Corngold's view, the themes and strategies of Kafka's fiction are generated by a tension between his concern for writing and his growing sense of its arbitrary character. Analyzing Kafka's work in light of "the necessity of form," which is also a merely formal necessity, Corngold uncovers the fundamental paradox of Kafka's art and life. The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature. In the central part of the book, Corngold reflects on the place of Kafka within the modern tradition, discussing such influential precursors of Cervantes, Flaubert, and Nietzsche, whose works display a comparable narrative disruption. Kafka's

distinctive narrative strategies, Corngold points out, demand interpretation at the same time they resist it. Critics of Kafka, he says, must be aware that their approaches are guided by the principles that Kafka's fiction identifies, dramatizes, and rejects.

Metamorphosis Illustrated - Franz Kafka

Metamorphosis is a biological process by which an animal physically develops after birth or hatching, involving a conspicuous and relatively abrupt change in the animal's body structure through cell growth and differentiation. Some insects, fish, amphibians, mollusks, crustaceans, cnidarians, echinoderms, and tunicates undergo metamorphosis, which is often accompanied by a change of nutrition source or behavior. Animals can be divided into species that undergo complete metamorphosis ("holometaboly"), incomplete metamorphosis ("hemimetaboly"), or no metamorphosis ("ametaboly").

The Burrow - Franz Kafka 2017-01-26

A superb new translation by Michael Hofmann of some of Kafka's most frightening, strange and visionary short fiction After Franz Kafka's death, in perhaps the most important of all acts of literary disobedience, his executor refused to agree to Kafka's wish that his great mass of

unpublished fiction be destroyed. This fiction included not only *The Castle* and *The Trial* but also the amazingly varied, chilling and ingenious short works collected in *The Burrow and Other Stories*. These tales, some little more than a page, others much more substantial, are among the greatest works of Central European literature. They vary from the tiny and horrifying 'Little Fable' to the elaborate waking nightmares of 'Building the Great Wall of China' and the title story 'The Burrow', where an unidentified creature describes its creation of an endlessly elaborate burrow to protect itself from unidentified enemies, but with every trap or tunnel only creating further terrors and uncertainty.

Metamorphosis - Frank Kafka 2020-12-02

The *Metamorphosis* is a novella written by Franz Kafka which was first published in 1915. One of Kafka's best-known works, *The Metamorphosis* tells the story of salesman Gregor Samsa who wakes one morning to find himself inexplicably transformed into a huge insect (German *ungeheures Ungeziefer*, literally "monstrous vermin"), subsequently struggling to adjust to this new condition. The novella has been widely discussed among literary critics, with differing interpretations being offered. Franz Kafka (3 July 1883 - 3 June 1924) a German-speaking Bohemian novelist and short-story writer, widely

regarded as one of the major figures of 20th-century literature. His work fuses elements of realism and the fantastic. It typically features isolated protagonists facing bizarre or surrealistic predicaments and incomprehensible socio-bureaucratic powers. It has been interpreted as exploring themes of alienation, existential anxiety, guilt, and absurdity. His best known works include "Die Verwandlung" ("The Metamorphosis"), *Der Process* (The Trial), and *Das Schloss* (The Castle). The term Kafkaesque has entered the English language to describe situations like those found in his writing. Kafka was born into a middle-class German-Jewish family in Prague, the capital of the Kingdom of Bohemia, then part of the Austro-Hungarian Empire, today the capital of the Czech Republic. He trained as a lawyer and after completing his legal education was employed full-time by an insurance company, forcing him to relegate writing to his spare time. Over the course of his life, Kafka wrote hundreds of letters to family

and close friends, including his father, with whom he had a strained and formal relationship. He became engaged to several women but never married. He died in 1924 at the age of 40 from tuberculosis. Few of Kafka's works were published during his lifetime: the story collections *Betrachtung* (Contemplation) and *Ein Landarzt* (A Country Doctor), and individual stories (such as "Die Verwandlung") were published in literary magazines but received little public attention. In his will, Kafka instructed his executor and friend Max Brod to destroy his unfinished works, including his novels *Der Prozess*, *Das Schloss* and *Der Verschollene* (translated as both *Amerika* and *The Man Who Disappeared*), but Brod ignored these instructions. His work has influenced a vast range of writers, critics, artists, and philosophers during the 20th and 21st centuries. Translated by Ian Johnston.

The Metamorphosis - Franz Kafka 2018-06-04
Gregor Samsa, a traveling salesman, wakes up

in his bed to find himself transformed into a large insect. He looks around his room, which appears normal, and decides to go back to sleep to forget about what has happened. He attempts to roll over, only to discover that he cannot due to his new body-he is stuck on his hard, convex back. He tries to scratch an itch on his stomach, but when he touches himself with one of his many new legs, he is disgusted. He reflects on how dreary life as a traveling salesman is and how he would quit if his parents and sister did not depend so much on his income. He turns to the clock and sees that he has overslept and missed his train to work.

The Freedom Writers Diary (20th Anniversary Edition) - The Freedom Writers 2007-04-24
#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story

of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories from the Heart* In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and

narrative text by Erin Gruwell, The Freedom Writers Diary is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture Freedom Writers. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. The Freedom Writers Diary remains a vital read for anyone who believes in second chances.

The book tells the story of a group of farm animals who rebel against their human farmer, hoping to create a society where the animals can be equal, free, and happy. Ultimately, the rebellion is betrayed, and the farm ends up in a state as bad as it was

before, under the dictatorship of a pig named Napoleon. The original title was *Animal Farm: A Fairy Story*, but U.S. publishers dropped the subtitle when it was published in 1946, and only one of the translations during Orwell's lifetime kept it. Other titular variations include subtitles like "A Satire" and "A Contemporary Satire". -----
The Art of War Sun Tzu Bestseller Book The Art of War The Art of War is traditionally attributed to an ancient Chinese military general known as Sun Tzu meaning "Master Sun". Sun Tzu was traditionally said to have lived in the 6th century BC, but The Art of War's earliest parts probably date to at least 100 years later. Sun Tzu was a Chinese general, military strategist, and philosopher whose books have universal resonance even in the contemporary time. The Art of War has inspired Mao Zedong's writings about Guerrilla warfare. Ho Chi Minh translated The Art of War for his generals to study. Sun Tzu's Art of War is a widely acclaimed book on military strategy that has influenced and shaped

the idea of Western and Eastern nations' military philosophy. It presents complete instructions on how to win battles and manage conflicts. The theories proposed in Art of War are extremely beneficial on the battleground and have been tried and tested by many successful military generals around the world. It is difficult to ascertain exactly when was this book written and many historians have ascribed it to different times. ----- The Lesser Key of Solomon "Samuel Liddell (8 or 11 January 1854 - 5 or 20 November 1918), born Samuel Liddell Mathers, was a British occultist. He is primarily known as one of the founders of the Hermetic Order of the Golden Dawn, a ceremonial magic order of which offshoots still exist. He became so synonymous with the order that Golden Dawn scholar Israel Regardie observed in retrospect that "the Golden Dawn was MacGregor Mathers." Mathers added the "MacGregor" surname as a claim to Highland Scottish heritage. He was a practicing vegetarian, or

(according to some accounts) vegan, an outspoken anti-vivisectionist, and a non-smoker. It is known that his main interests were magic and the theory of war, his first book being a translation of a French military manual, Practical Instruction in Infantry Campaigning Exercise (1884). Mathers became increasingly eccentric in his later years as was noted by W. B. Yeats. ----- Metamorphosis Often cited as one of the most influential works of short fiction of the 20th century, Metamorphosis is widely studied in colleges and universities across the western world. Nobel Peace Prize winner Elias Canetti described it as "one of the few great and perfect works of the poetic imagination written..." 'One morning, when Gregor Samsa woke from troubled dreams, he found himself transformed in his bed into a horrible vermin.'

Young Adult and Canonical Literature - Paula Greathouse 2021-03-10

In the last decade alone, the world has changed in seismic ways as marriage equality has been ruled on by the supreme court, social justice issues such as #metoo and BlackLivesMatter have arisen, and issues of immigration and deportation have come to the forefront of politics across the globe. Thus, there is a need for an updated text that shares strategies for combining canonical and young adult literature that reflects the changes society has - and continues to - experience. The purpose of our collection is to offer secondary (6-12) teachers

engaging ideas and approaches for pairing young adult and canonical novels to provide unique examinations of topics that teaching either text in isolation could not afford. Our collection does not center canonical texts and most chapters show how both texts complement each other rather than the young adult text being only an extension of the canonical. Within each volume, the chapters are organized chronologically according to the publication date of the canonical text. The pairings offered in this collection allow for comparisons in some cases, for extensions in others, and for critique in all.

The Metamorphosis (Translated by David Wyllie) - David Wyllie 2021-01-17

"I cannot make you understand. I cannot make anyone understand what is happening inside me. I cannot even explain it to myself." -Gregor Samsa, *The Metamorphosis*

The Metamorphosis is one of the most commonly referenced books when you talk about absurd literature. It is heralded as a masterpiece of the existential literature because of how it demands the reader

to accept the absurdity of the world just as it is. Although some of the events of the story are fantastical in nature, the ideas it conveys about existence, the meaning of life, and humanity are relatable to us in the real world, too.

The Trial / Der Proceß - Franz Kafka

2017-06-23

This edition contains the English translation and the original text in German. "The Trial" (original German title: "Der Process", later "Der Prozess", "Der Proceß" and "Der Prozeß") is a novel written by Franz Kafka in 1914 and 1915 but not published until 1925. One of Kafka's best-known

works, it tells the story of a man arrested and prosecuted by a remote, inaccessible authority, with the nature of his crime revealed neither to him nor the reader. Like Kafka's other novels, "The Trial" was never completed, although it does include a chapter which brings the story to an end. Because of this, there are some inconsistencies and discontinuities in narration within the novel, such as disparities in timing. After Kafka's death in 1924 his friend and literary executor Max Brod edited the text for publication by Verlag Die Schmiede. The original manuscript is held at the Museum of Modern Literature, Marbach am Neckar, Germany. In 1999, the book was listed in "Le Monde"'s 100 Books of the Century and as No. 2 of the Best German Novels of the Twentieth Century. "Der Process" (auch "Der Prozeß" oder "Der Proceß", Titel der Erstausgabe: "Der Prozess") ist neben "Der Verschollene" (auch unter dem Titel "Amerika" bekannt) und "Das Schloss" einer von drei unvollendeten und postum erschienenen

Romanen von Franz Kafka.

The Nose - Nikolai Gogol 2020-10-09

"A most extraordinary thing happened in St. Petersburg on the twenty-fifth of March." The opening lines of "The Nose", one of Gogol's best-known stories, and quite possibly the most absurd, are just as promising as any of his works. The simple yet extraordinary plot follows the story of the civil servant Major Kovalyov who wakes up one morning to discover his nose has left his face and is living a life of its own.

Strange as it may seem, the nose has even surpassed him by attaining a higher rank! The story is a brilliant portrayal of the preoccupation with social rank in Imperial Russia, a biting satire of the bureaucrats' pursuit of higher position within the Table of Ranks. A masterful combination of brilliant words, witty imagination, and unparalleled humor, it remains one of the most striking stories of all times. It is believed to have influenced masterpieces of world literature, including Dostoevsky's "The

Double," Stevenson's "Dr. Jekyll and Mr. Hyde", and Kafka's "Metamorphosis". Nikolai Gogol (1809-1852) was a Ukrainian-born Russian humorist, novelist, and dramatist whose work played a crucial role in the direction of Russian literature. He was considered to be one of the leading figures of Russian realism. His novel "Dead Souls", a satire of the political corruption in the Russian Empire, is viewed by many literary historians as the first great Russian novel. Among his contributions to Russian and world literature are the surrealistic and grotesque "The Nose" and "The Mantle", the satirical "The Government Inspector/The Inspector General", the historical novel "Taras Bulba", the comedy "Marriage", the humorous short stories "Diary of a Madman" and "The Tale of How Ivan Ivanovich Quarreled with Ivan Nikiforovich". His works have influenced generations of readers and still continue to impress with their subtle psychologism and matchless style.

Franz Kafka - Franz Kafka 2020-12-08

Franz Kafka: The Office Writings brings together, for the first time in English, Kafka's most interesting professional writings, composed during his years as a high-ranking lawyer with the largest Workmen's Accident Insurance Institute in the Czech Lands of the Austro-Hungarian Empire. Franz Kafka (1883-1924) is commonly recognized as the greatest German prose writer of the twentieth century. It is less well known that he had an established legal career. Kafka's briefs reveal him to be a canny bureaucrat, sharp litigator, and innovative thinker on the social, political, and legal issues of his time. His official preoccupations inspired many of the themes and strategies of the novels and stories he wrote at night. These documents include articles on workmen's compensation and workplace safety; appeals for the founding of a psychiatric hospital for shell-shocked veterans; and letters arguing relentlessly for a salary adequate to his merit. In adjudicating disputes,

promoting legislative programs, and investigating workplace sites, Kafka's writings teem with details about the bureaucracy and technology of his day, such as spa elevators in Marienbad, the challenge of the automobile, and the perils of excavating in quarries while drunk. Beautifully translated, with valuable commentary by two of the world's leading Kafka scholars and one of America's most eminent civil rights lawyers, the documents cast rich light on the man and the writer and offer new insights to lovers of Kafka's novels and stories.

Konundrum - Franz Kafka 2016-11-01

In this new selection and translation, Peter Wortsman mines Franz Kafka's entire opus of short prose--including works published in the author's brief lifetime, posthumously published stories, journals, and letters--for narratives that sound the imaginative depths of the great German-Jewish scribe from Prague. It is the first volume in English to consider his deeply strange, resonantly humane letters and journal entries

alongside his classic short fiction and lyrical vignettes "Transformed" is a vivid retranslation of one of Kafka's signature stories, "Die Verwandlung," commonly rendered in English as "The Metamorphosis." Composed of short, black comic parables, fables, fairy tales, and reflections, Konundrums also includes classic stories like "In the Penal Colony," Kafka's prescient foreshadowing of the nightmare of the Twentieth Century, refreshing the writer's mythic storytelling powers for a new generation of readers. The Metamorphosis: A New Translation by Susan Bernofsky - Franz Kafka 2014-01-20 "This fine version, with David Cronenberg's inspired introduction and the new translator's beguiling afterword, is, I suspect, the most disturbing though the most comforting of all so

far; others will follow, but don't hesitate: this is the transforming text for you."—Richard Howard

Franz Kafka's 1915 novella of unexplained horror and nightmarish transformation became a worldwide classic and remains a century later one of the most widely read works of fiction in the world. It is the story of traveling salesman Gregor Samsa, who wakes one morning to find himself transformed into a monstrous insect. This hugely influential work inspired George Orwell, Albert Camus, Jorge Louis Borges, and Ray Bradbury, while continuing to unsettle millions of readers. In her new translation of Kafka's masterpiece, Susan Bernofsky strives to capture both the humor and the humanity in this macabre tale, underscoring the ways in which Gregor Samsa's grotesque metamorphosis is just

the physical manifestation of his longstanding spiritual impoverishment.
